Mrs. Daniel M. Tolmach  
Oxnard, California

Dear Jane:

Thank you for your letter of July 21, 1959. I have discussed the matter of my membership on the County Central Committee with Irwin. Though my voting residence of, course, will continue to remain in Ojai, he and I believe that by taking a seat on the County Central Committee, I would be preventing someone who could regularly attend meetings from attaining membership on the committee. I shall, of course, remain active, whether or not I am on the committee.

Therefore, I believe it to be more desirable to appoint someone to the committee from the third supervisorial district who, but for membership on it, might not be so active in the work.

I saw Pat and Joe Goss a week or two ago when they were here looking for an apartment. While Oxnard will miss them, they will be a very welcome addition up here. When are you coming to pay us all a visit?

Thank you again for your kind note.

Sincerely,
