Dear Michelle Geros,

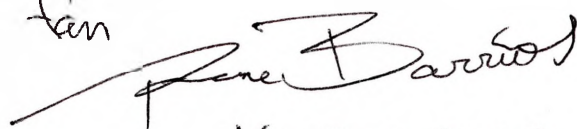

you came to our school on Monday June 16, 1997.
you talked to us about Lolla Falooza. How you
became a poet and what kind of poet
you are. You inspire me, you never gave up
and the way you express your poems,
you say it really good.

I also like reading some of your
stuff. And your poems ~~are~~ are about your
life, you write it so anyone can read it,
it's great?

Since you had your goals and you told
us yours I think I should express my goals.
I wanna fly a F-18 in the U.S.A.F. After
I'll become an engineer for NASA.

well its been nice seeing you

your fan
