I ain't here to be your servants' entrance."

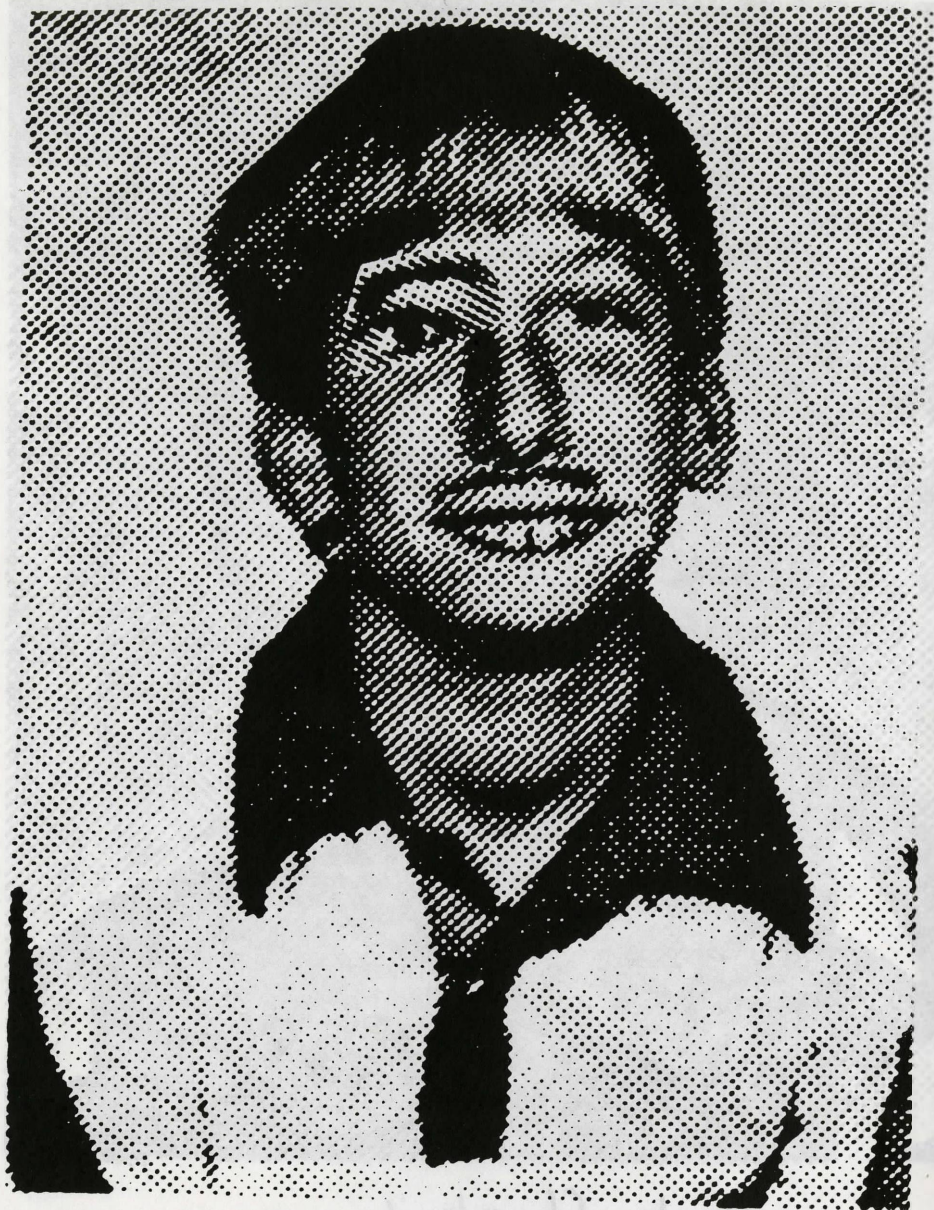

Chub Fister

"Ain't nobody yet carved a likeness of my face in marble, but then, ain't nobody carved the likeness of the trajectory of a .45 projectile through my brain with a bullet on my brain. Something to be said for that."

Buck Shonkel

"I can eat spaghetti, nurses, two halves,
a duck, a crab, a fifty-gallon drug, a
sprouty fater, a Peterson, short stack, willy,
a standing rib roast, and a nub."

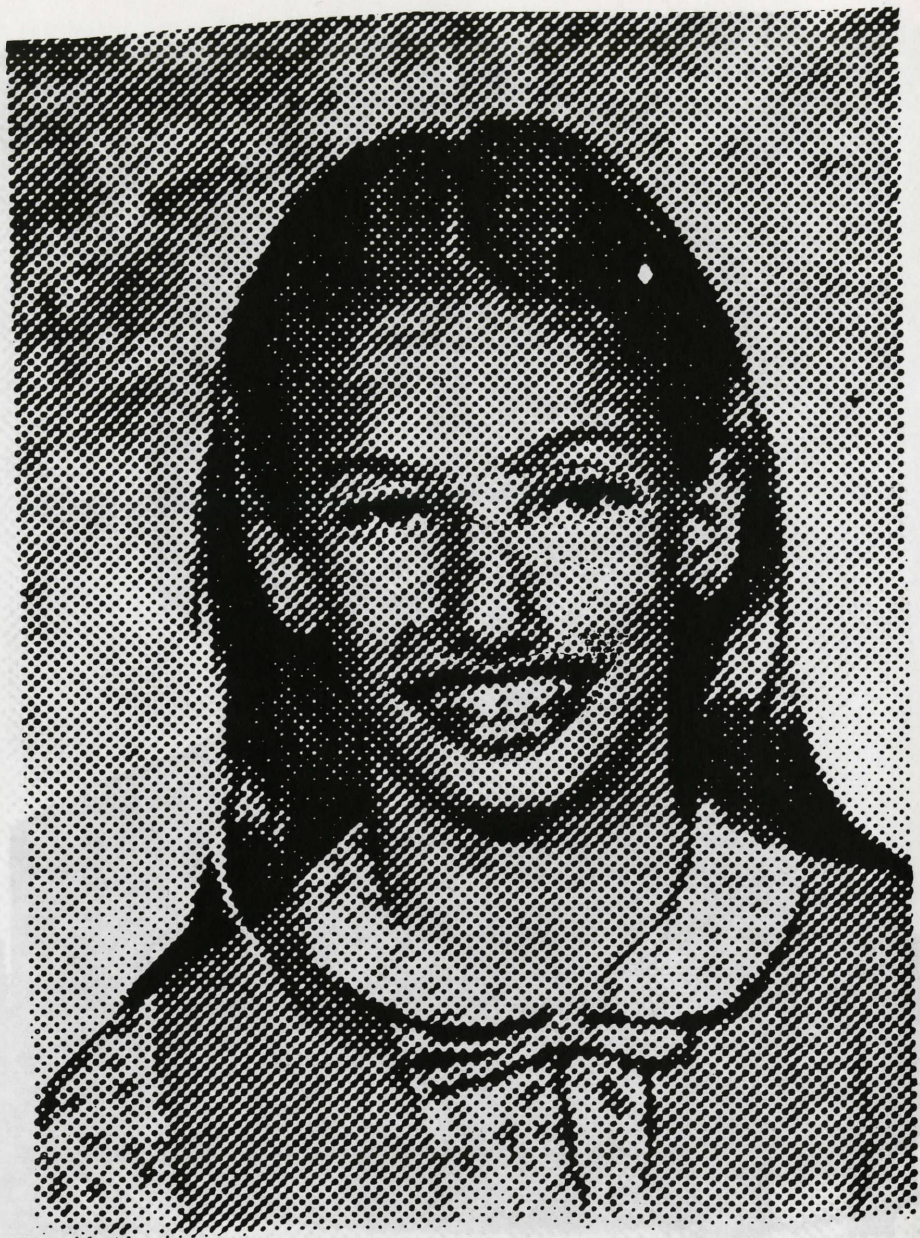

Mortimer ~~Khan~~ Khan

"Country Teasers. Think they're from Edinburgh. They sing about singing their songs. They say they're the Hitler of comedy and everybody else is a Jew."

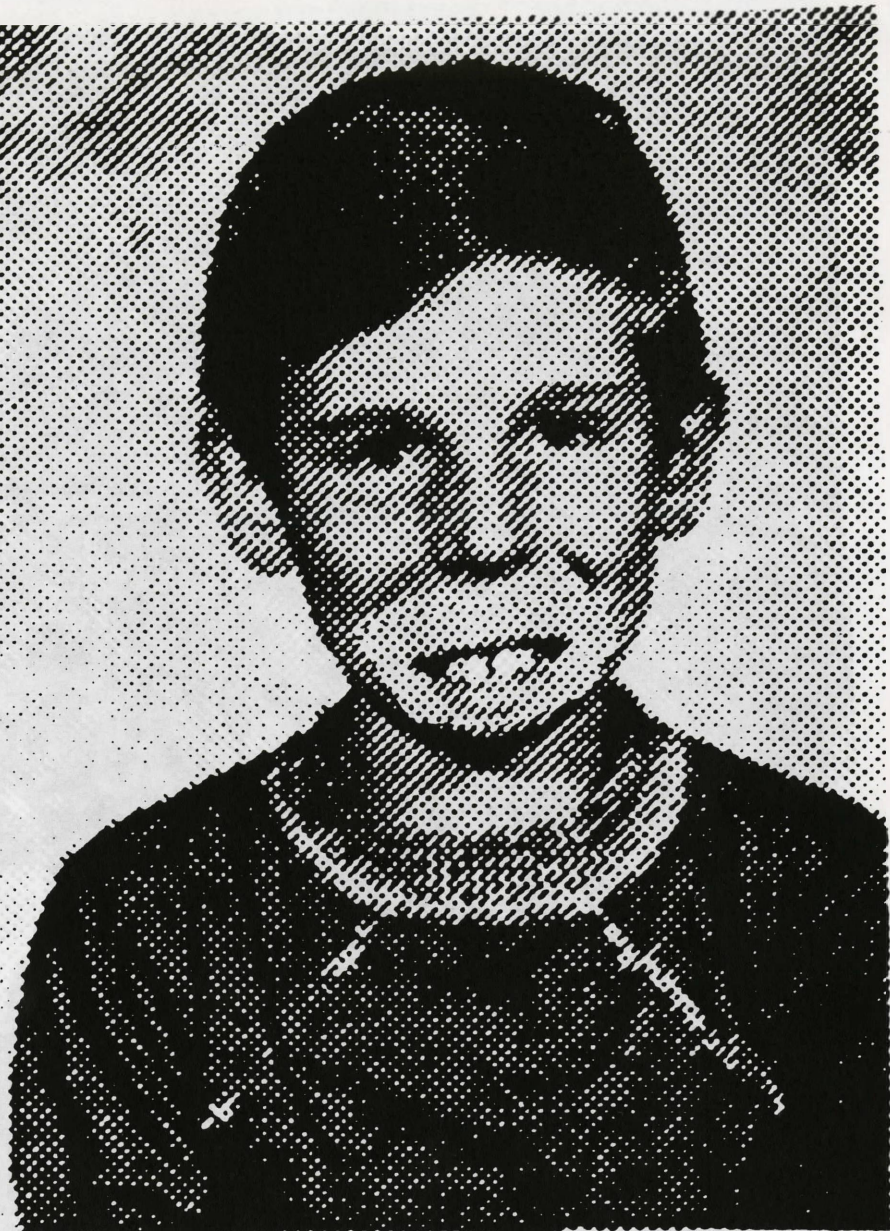

Ablo Magaster
Potential jizz friend. No shit, though.

Chan Seebully

"You can't always see what's behind you. A dog bit my rump one time and they had to suck the poison out. I'm scared of dogs now. Cats aren't poison. My cat smells like pee."

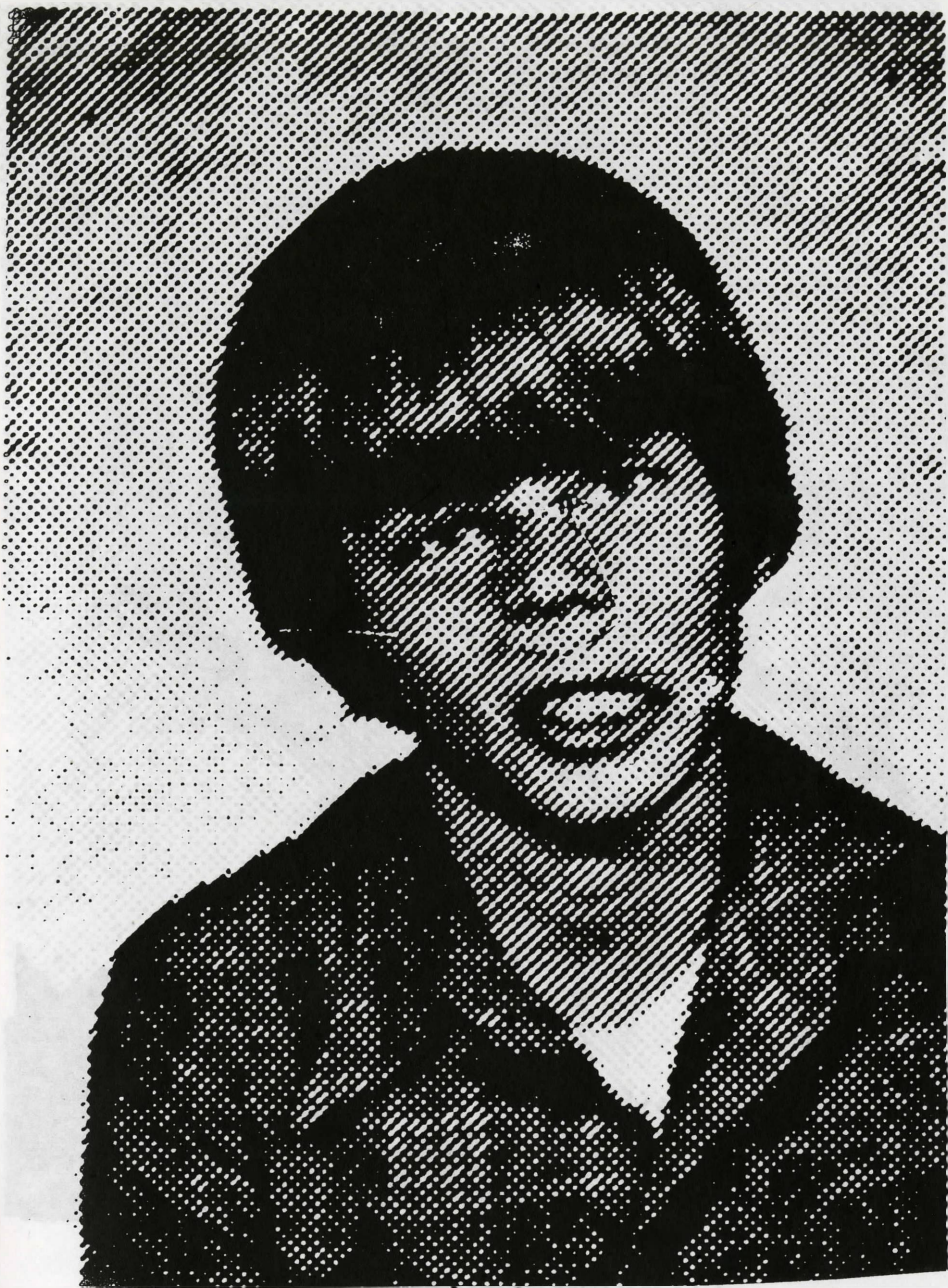

Stuff O'Plowdy

"That Motherfucker Shonkel beat the
piss out of me in the locker room. When
I get out the army, that bitchgonna die
in more ways than one, I tell you."
(set on fire.-ed.)

Fred "Peg Leg" Legg

"When Dupey shot my leg, I thought I's a goner. At the hospital they give me a TV set so I watch General Hospital. For some reason - they have to irrigate my colon a lot."

Mike Felp

"They caught me tryin to drive my car through the concession stand. In the old days, corn dogs used to be called "mumblers." "

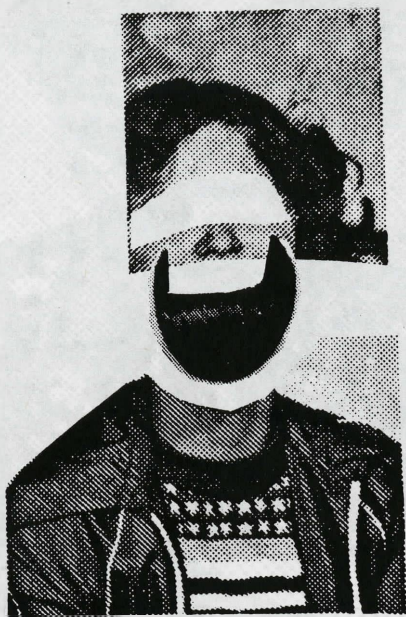

Strit Dambler

"My moto: Skate & destroy. I already destroyed four decks this year and two trucks. I cut my hand, too."

Cuss Baxter

"Wilwaukee's Best has a contest game now where you supposed to get a game piece in the 12 pack. I didn't get one. It's illegal in some states - you have to write to them. Virginia ain't one of the illegals, so I think my 12-pack came from West Virginia. The cans are widemouthed."

The killers were gone.
