

Dear Abbeville Press:

10. March. 92

I have a question of your Julia Morgan Architect
author's ² Para Holmes Beutelle, and would like
you to forward this inquiry to her:

The Rev. Robert Donaldson House you reference (p. 56)
appears to be located at 67 San Leandro, not 65 as you have it.
Is this so? And, did Miss Morgan design any other
homes in St. Francis Wood? ~~or any in~~ Forest Hill.

Also, on p. 64 (par. 2) - Principia College is not a women's
college, but has been co-ed since it opened in the 1930s.

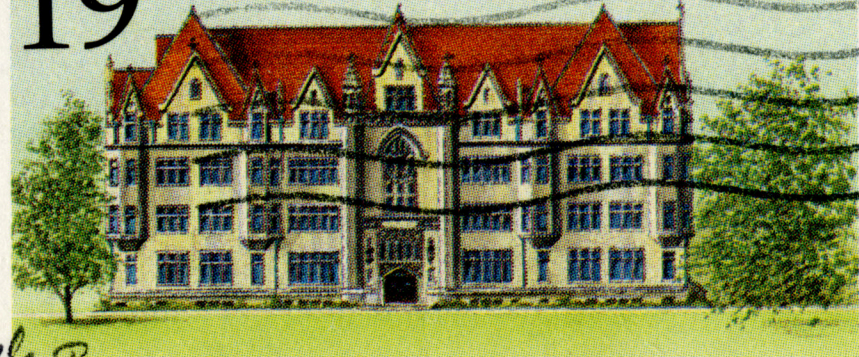

Any help
