

VOCATIONAL PLACEMENT

Membership in the Office of Placement is open to all graduates who desire full-time positions in agriculture, business, industry, governmental agencies, and other related fields. Seniors are urged to complete and file a personal data sheet with the Office of Placement early during the year in which they expect to graduate. Close cooperation is maintained with the various divisions and departments in the placement of candidates in these fields. Information is also available to student and former students desiring help in securing full-time employment.

PART-TIME EMPLOYMENT

Many students earn part of their college expenses. Entering freshmen, however, should be prepared to finance their first semester of college attendance without working; and all students should keep their outside employment to a minimum so that the total program does not endanger either health or academic achievement. Active immunization against tetanus (available through the Student Health Service) is required for any student employed on the College Farm.

Various types of employment are available. There are a number of hourly jobs in various work areas on campus for which candidates with specific abilities are sought. Other positions of a temporary nature are also available on campus. Off-campus positions consist of a variety of jobs ranging from short-term positions to those with scheduled hours for the full year. Students desiring work on or off campus should consult the Office of Student Placement. Employed students are expected in their work to reflect credit on the college.

FINANCIAL ASSISTANCE

UNDERGRADUATE SCHOLARSHIPS

About 240 scholarships totaling approximately \$32,000 will be available for the 1961-62 academic year. About half of these scholarships, ranging from \$50 to \$750, are open to new students. The average scholarship is for \$100 for the year and covers the cost of material and service fees, student body fees, and a partial cost of books. Generally, upper division and specialized scholarships are in larger amounts.

Scholarships are awarded on a competitive basis, consideration being given to scholastic attainment, financial need, character, and promise. Several scholarships are available on the basis of outstanding accomplishment in specialized fields. The purpose of the scholarship program is to provide deserving students with educational opportunities that might not otherwise be possible.

Scholarship awards are announced late in May each year. Interested students should file applications with the Chairman of the Committee on Scholarships and Loans prior to April 1st. Each applicant should present two letters of recommendation from people of recognized standing in his community who are in a position to give information about the applicant's character, ability, and financial need. The applications of new students must be accompanied by transcripts of high school and all college work completed to date.

Scholarship applicants should become familiar with the yearly *Scholarship Bulletin* which lists the various scholarships and their requirements in detail. Requests for this bulletin, for application blanks, and for other information on scholarship should be addressed to the Chairman, Committee on Scholarships and Loans. Students from San Joaquin Valley high schools and junior colleges may obtain information from their principals and counselors.
