

C. Elective courses (any of the following courses required—or the course not completed in group B)	6
Anth 180T Medical Anthropology (3)	
CD 100 Principles of Communicative Disorders (3)	
Nurs 180T Death and Bereavement (3)	
P T 50 Introduction to Medical Terminology (1)	
Rec 165 Foundations of Therapeutic Recreation Service (3)	
Rec 166 Methods in Therapeutic Recreation (3)	
S Wel 122T Social Work and the Aging (3)	
Soc 105 Orientation to Gerontology (1)	
W S 10 Introduction to Changing Woman (3)	

In addition classes on aging which are offered through Continuing Education, Summer Session, the Experimental College, and the Saturday School may be accepted for meeting elective credit requirements.

D. Intern or research course. Required field work or a research project relating to the aging, in the student's major field and supervised by an instructor in the student's major. The number of units required determined by the department concerned. Consideration will be given to previous work experience with the aging

3-6

21-24

The basic and core courses in the minor can be beneficial to any student in understanding the aging process and in correcting misconceptions about characteristics of aged individuals.

For further information, please call or write W. Donald Albright, Coordinator of Services to Older Adults.

GRADUATE STUDIES

It is the policy of the School of Graduate Studies that a graduate student who makes use of university resources while completing course work under an SP grade must be enrolled at the university. Two special courses, Graduate Studies 295 and 299, have been created to make this enrollment possible when the student is not registered in any regular course. GS 295 is to be used when the student is continuing work in any course besides a thesis (299) or is preparing for comprehensive examinations. GS 299 is to be used for thesis continuation only. The courses carry zero units and are to be used only to maintain enrollment at the university. If a student must suspend work for more than one semester on the thesis or other courses in which the SP grade was given, application for an academic leave of absence should be filed.

GRADUATE STUDIES (GS)

295. Graduate Work Continuation (0)

Prerequisite: prior registration in a departmental graduate course with an assigned grade of SP or certification by the major department that the student will be using university facilities to prepare for departmental comprehensive examinations for the completion of master's degree requirements.

299. Thesis or Project Continuation (0)

Prerequisite: Prior registration in a departmental thesis 299 course with an assigned grade of SP. Registration is required in any semester in which the student expects to use the facilities and resources of the university after receiving the grade of SP in Course 299.

HONORS PROGRAM

The Honors Program is designed to serve superior undergraduate students by encouraging intensive scholarship and creative abilities. Particular stress is given to developing the student's capacity for independent pursuit of knowledge and dedicated commitment to scholarship.

Participation in the program is based on outstanding academic performance as indicated by faculty recommendations, scholastic record, and entrance test scores. However, grade-point average is not the only criterion for selection: indications of motivation,
