Bill Himstreet, Chairman of the Nominating Committee, announced the names of four candidates for Board of Directors.

Nominees for the two offices becoming vacant are James Nichols, V.28; Henry "Bill" Obenchain,

V.20; Jack Rogers, V.20; and Joe Selber, V.31, nominated by petition.

ILV plans to feature the candidates' views in its May issue. Meet the Candidates Night will be June 13 at 7:00 p.m.; the Annual Meeting and Election is June 26.

MAY 9, ORGAN CELEBRATION CONCERT

By William Marvel

The award-winning East Coast organist Karen De Salvo will appear in the A.R. on May 9, celebrating the "pay-off" of the new Yamaha X10 Console organ. Tickets are available at the Rec. Center at \$2.00 each.

Organ Club president, Piff DeSimone presented the final check at the L.V. Board of Directors meeting on April 7. The Board had advanced the \$10,000 purchase price of the organ, last June — confident that the Organ Club could raise the funds within a year.

STUDENTS TO QUIZ VILLAGERS

By Lois Atz

On May 1, approximately 65 students from the Newbury Park High School Social Science Department will visit L.V. These young people are participating in a class

project studying life in the United States during World War II.

They will interview Villagers asking about such things as their reactions to rationing, evaluations of national leaders and significant events in their lives during that period.

These will be one-to-one conversations, to last about an hour. They will be held Thursday, May 1, in the Picnic Area between 10:00 a.m. and noon. To participate in this project, call Bob Atz, acting Chairman, Community Relations Committee, at 388-1208.

NEW AUTO DECALS

Auto decals for the next year will be issued the week of May 12 to 17. On Monday, Tuesday, Wednesday, and Friday, hours will be from 9:00 to 5:00 in front of the Rec. Center. On Thursday, hours will be 11:00 to 7:00 for the convenience of people who are out of the Village during the daytime. Recreational vehicles will be tagged on Saturday from 9:00 to 1:00 in the R.V. lot, and also on Friday afternoon at the Rec. Center.

Volunteers from the Security and Safety Committee, coordinated by Art Kaufman, plus Security Staff, will complete the registration. Please call Art Kaufman, (482-3131) if you would be willing to help for a two-hour shift anytime during the week.

Drivers will need the auto registration slip to receive the decal.

L.V. BOARD ESTABLISHES OMBUDSMAN PANEL

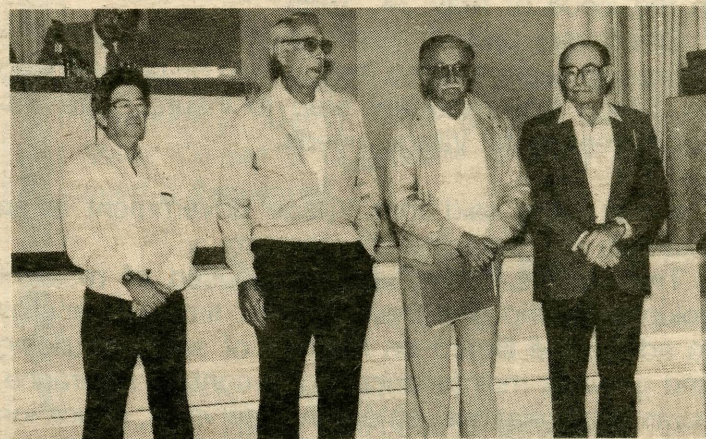

Photo by Stabler

L. to r., Bob Karlin and Bill Huffman, members, Lou Okun and Karl Cannon, alternates. Gerri Kikendall, chairman, was not present.

By Karl Cannon

Geraldine Kikendall, former Association president, will head the panel of three regular members and two alternates of the new Ombudsman Panel. Robert Karlin, a former Director and William Huffman well-known leader of many Association committees, are the other two regular members. Lou Okun, past President, and former director, Karl Cannon are the alternates.

A blue ribbon committee consisting of two ex-presidents, Tom O'Brien and Gerri Kikendall, and Bill Huffman had been appointed by the Board to research the advisability of instituting an Ombudsman program. The need to provide a means of resolving disputes had long been recognized. Many Villagers had suggested an ombudsman type approach.

We quote from the Ombudsman Panel formation declaration and manual: "Introduction — There is a large grey area between Association problems and personal problems among unit owners. Many poten-

tial rules enforcement areas can be solved by the affected owners communicating with one another. Likewise, many personal feuds between owners spill over and unnecessarily become Association business. The guidelines below recognize the value of encouraging residents to arrive at their own solutions to community living problems rather than always looking to the Board to settle matters."

1. Purpose of an Ombudsman Panel: A) to provide counsel and advice to residents of Leisure village. B) To mediate residents' complaints about employees, any committee, or any other resident. The panel will not accept any dispute or complaints that have not first been submitted to one of the standing committees if applicable.

2. Establishing an Ombudsman Panel — The Board is to establish an Ombudsman Panel, its duties, responsibilities and procedures.

The Board will appoint

• OPINION •

VOX POPULI

By Harry Becker

Congratulations to the LVA Board for finally coming around to appointing an Ombudsmen Committee — almost two years after ILV broached the subject in the issue of May 24, 1986.

Of course, present Board members were not in office two years ago; so they should be commended for taking this important step to insure better responsiveness to Village needs.

It has been said that Village government is an example of "participatory democracy."

The various committees, composed of resident volunteers who give freely of their time and energy to advise the Board on matters of safety, building and grounds maintenance, flood control, insurance, community relations, emergency services, education and recreation, finance, and those who operate our very important Channel 12 facility — these and others constitute the Leisure village cadre.

Sometimes our Board takes an unpopular action — such as changing the hours of operation of the East and West Gates, so as to save about \$13,000 annually. A commendable objective, but this caused great inconvenience (not to mention additional driving expense) to many residents.

As a consequence, a protest was lodged with the Security & Safety Committee, which voted unanimously to recommend that the Board rescind its action. This was accompanied by the presentation to the Board of petitions bearing almost one thousand signatures.

Although it had first voted to table the matter for further study, the Board reconsidered and agreed to re-open the gates. Conclusion: When villagers speak out, the Board listens.

Some time ago we asked on this page, "Who pays?" That is, who pays the deductibles on our insurance policies, each homeowner - or the Association?

We still don't have an answer. The insurance committee is supposed to be wrestling with the problem, but the committee has not yet reported its findings at the monthly open Board meeting.

Again we ask: Why must homeowners sustain an insured loss before learning what the Association insurance policy provides?

If neither the Insurance Committee nor the Board comes up with an answer, maybe we should ask our Ombudsmen to tackle this question.

Thus, for example, Villagers who have sustained property losses through water damage arising from breaks in the plumbing — and who have been forced to pay the \$1,000 deductible — should not hesitate to file a grievance with the committee of Ombudsmen.

Maybe — just maybe — somebody will pay attention and clarify the insurance provisions.

LETTERS

FM RECEPTION

In a recent letter, Harry Becker wrote about FM reception on our cable system. My letter concerns the specific problem of the (only) classical musical station, KFAC. In the past few months the signal from this station has deteriorated to the point that it is now quite untenable

I have written two previous letters on this subject to the Manager and Board; the Engineer at KFAC assures me that their signal has not varied over the years, and that the problem must be in the local antenna or cable; Community Cable does not seem to have the answer. Does anyone have any suggestions?

THANKS

Al and I want to thank our dear friends and neighbors for the many condolence cards, tributes, and donations sent on the loss of Al's mother, Gussie Davis, and my sister Louise Altman.

Both loved ones died within four days of each other. The understanding and sympathy we received helped us to cope with our double loss.

We greatly appreciated your warmth and help in our hour of need and it will never be forgotten. Our sincerest thanks to you all, and always.

Shirley and Al Law, V.15

My family and I would like to thank you, our friends and neighbors, for all the support and comfort you have given us during this difficult time. George loved living in Leisure Village and getting to know so many of you.

I feel very fortunate being in a community where I am surrounded by such loving and caring people.

Bert Abbot and Family, V.35

This is to express our heartfelt appreciation to our many friends and neighbors for your overwhelming concern and help during my recent surgery and convalescence.

It is indeed good to live in a caring community. May we all go on caring for the other for many a year to come. Affectionately,

Shirley and Ben Kossack, V.17

EYEGASSES FOR POOR

SENIOR CONCERNS

By Joe Gaynes

One of the most important facts I have learned about the legislative process is that laws, whether to protect people or apprehend violators, are subject to change by amendments that may strengthen the process or dilute its effectiveness, depending to a large measure on the direction that the majority of our legislators take.

Two years ago, after ten years of preparation and bipartisan support, major laws went into effect correcting abuses, including wrongful death of long-term care patients. Lieutenant Governor Leo McCarthy shepherded these bills year after year until passage. Governor George Deukmejian signed them into law and appointed a highly qualified staff to enforce them. Action moved swiftly and very effectively against the violators with heavy penalties for serious violations.

Over the last few weeks, a bill has been moving through the legislative committees of the Assembly that will water down the penalties and change the complaint and charge procedures. All this will dilute the actions taken against the violators in whose care we pay heavily to place our frail parents and grandparents, for the final period of their lives.

You can be sure that we are actively looking into this matter and gaining the support of Senior organizations and Service Groups to oppose this action.

This, being an election year, will also place upon us the responsibility of making it widely known to our voters how we are being represented on issues such as this.

Whenever possible, tell our advertisers that you saw their ad in I.L.V.

CURRENT ISSUES FORUM

By Lou Sirotnik

The Current Issues Forum, Friday, April 4, presented a very exciting and informative discussion on the Sanctuary Movement by Gloria Kinsler who spent 13 years in Guatemala.

Ms. Kinsler brought Arturo, a refugee from Guatemala, with her, and served as his interpreter. Arturo is in the U.S. with his wife and youngest of six children since January of this year. His other five children are in hiding in Guatemala.

According to Arturo, if workers dare ask for even a minimum increase in their meager wages, or beg for the barest of decent working conditions (2% control 70% of the land), or recognition of a few basic civil rights, they are set upon, persecuted, harassed, and many are tortured and murdered.

Gloria Kinsler briefly described the early forma-

tion of the Sanctuary Movement. In the Geneva Convention of 1951, the U.S. played a formative role in declaring that people fleeing countries where life is endangered because of war, uncontrolled violence, loss of judicial process, and other human rights are ipso facto political refugees and should be given refugee status.

The U.S. is the only signer of the protocol that has refused to grant refugee status to Guatemalans and Salvadorans.

In Kinsler's opinion, it is the INS (Immigration and Naturalization Service), directed by the highest authorities in the Justice and State departments, that is violating U.S. and international law. It is the purpose of the sanctuary workers formed by a coalition of many churches and congregations (Catholic, Protestant, Synagogues and others), to uphold the law.

Ms. Kinsler said that

CALENDAR

The Current Issues Forum on Friday, April 25, 1986, at 7:30 p.m. in the AR will present Prof. James Esmay of California Lutheran College, speaking on the history of South Africa and what caused the system of racial discrimination to develop. L.V. residents and their guests are invited.

there are about 300 ministries of sanctuaries throughout the U.S., and about 30 are in California. They operate with a very small budget and have four full time lawyers to work for the refugees.

An important trial in Arizona is soon to be deliberated by jury. Eleven sanctuary workers are on trial for transporting or harboring illegal aliens. Gloria stated that the INS had four informants who infiltrated the churches. Gross examination proved that these paid informants were persons with criminal records.

BUILDINGS AND GROUNDS COMMITTEE

By Margrate Gowder

As members of the Buildings and Grounds Committee make their monthly walk-throughs, we note changes made by residents to make, and to keep, our Village the beautiful place we want it to be. However, we would like to remind residents living inside the Villages, and not along L.V. Drive or Mountain View, that they need to clean up areas within the fenced yards for ivy, bougainvillea, geraniums, which poke their heads through the fences, causing an unpleasant look on the outside.

Since we have noted a good deal of dry rot in the fences, we remind residents that dry rot is caused by moisture, and plantings along the outside of fences, which are not approved, may cause dry rot in your fence. Some residents set their planter boxes or contain-

The next Blood Pressure Clinic will be on Monday, May 5, from 7:00 to 8:00 p.m., in the AR.

The lecture on Monday, May 19 at 7:30 in the AR will provide important information on Health Care in Camarillo. Watch Channel 12 and the Bulletin Board for detailed information.

Please return loaned emergency equipment such as wheelchairs, commodes, etc., in good, sanitary, clean condition - as you would want them when they are checked out to you. This has occasionally been neglected, so please be considerate!

Numbers to call in case help or information are needed: Estelle Corwin, 484-7564; Verdie Nelson, 987-5201; Dorothy Skuro, 484-0324; Donaldine Weed, 484-2610.

In the very near future, about ten percent of all residents in L.V. will be asked questions concerning Channel 12's programming. We want to know what you like that's being shown these days; what is of no interest to you; and more important, what you'd like to see over your very own closed-circuit television station.

The Tuesday night feature movies are proving very popular and as this issue goes to press we should be featuring some of the great films directed by L.V.'s own Henry Koster.

The May Board of Director's meeting, scheduled for 10 a.m. on Monday, May 5, will be telecast live and we'll repeat that program on Saturday, May 10 also at 10:00 a.m.

VILLAGERS HONORED BY Y.N.C.G.

By Romaine Lambert
Occasionally Y.N.C.G. takes time to show its appreciation for those Villagers (often behind the lines), who make themselves available time after time when help is needed. A call to one of our telephone people, and they are there.

Then there are those, too, who serve month after month, and year after year, always faithful, perhaps sometimes taken for granted.

Y.N.C.G. brought all of these volunteers, some forty of them, together for a catered dinner in the A.R. and for an evening of sociability.

Highlight of the evening was the presentation of two special awards. Taken completely by surprise (and showing it), were Dorothy Andersen, (V.37), and Maxine King (V.28).

**The difference
between hearing
sounds
and

to them.**

There's a big difference between hearing sounds and being able to really listen to them.

Take the sounds of music, for example. Unfortunately, most of the great classics and many of today's favorites were written for persons with perfect hearing - people who can hear and appreciate the difference between a violin and a cello.

So, if you've you need to turn up the stereo a bit more than you used to, and your favorite stanza isn't as loud and clear as it used to be, now's the time to have your hearing tested professionally.

With the technology available today there's probably no reason for you to miss a single sound.

Better hearing is a sound investment

RESIDENTS OWN TWO ANTIQUE AUTOMOBILES

By Jack Whalen

In our continuing series to commemorate the 100th anniversary of the first automobile, we focus this month on a man who not only has twin antiques but also played an active part in several Indianapolis Memorial Day races in the '30s.

There are two sporty 1951 MG TD roadsters in Village 20; one red, one green; both owned by Harry Simonini, whose love affair with cars goes back to the 1920's. Harry, who was born in Chicago, worked at a Chevrolet dealer's shop while attending high school. Later he started building both engines and racing cars.

1932 Indy Winner

The winner of the 1932 Indianapolis race was Fred Frame and Harry was in the pit as mechanic. That front-wheel drive racer exceeded 100mph that day, an all-time speed record.

Photo by Stabler

Harry and Evelyn Simonini display their twin antique 1951 MG roadsters.

In 1934 Harry built an Elgin Pin Special racing car with a 6-cylinder aluminium engine. It had bright orange and blue colors, boasted a catfish design and almost qualified for the big race.

In 1937, at the Vanderbilt Cup races, Harry raced against the very best Germany and Italy offered.

"The Italians had Fiats and Maserati while the

Germans sent Mercedes and Auto Unions," says Harry. "Hitler had a passion about wanting to win and dominate the racing circuit. I hate to think about what might have happened if they didn't win."

"Anyway," he continued, "they ran away from us. So much for government sponsored racing."

produced "To Please A Lady" with Clark Gable, the car racing scenes were filmed at the Indy track. Harry was used as a consultant and soon after was asked to come to Hollywood to work for the studio.

He and Evelyn made the move west and Harry spent the next 35 years with the studio as a lighting specialist.

MG stopped auto production several years ago and that makes Harry's two low-production models all the more popular in the antique class. He often displays the cars at shows and rallies, especially the Santa Barbara meets.

Each year Harry and Evelyn ride in the Camarillo Parade and recently won the "Most Unique His and Hers Award," with each of them driving one of their snappy roadsters.

THE LEISURE VILLAGE WOMENS CLUB

By Ruth Mary Crowell

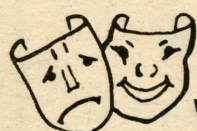

Members of Women's Club and their guests dined heartily from the magnificent buffet table of salads at the meeting April 3. Cookies, candies, and beverages were supplied by the refreshment committee headed by Minnie Gorelnik.

The present membership is 428, just 72 short of our goal of 500. Jeanne Carlson, president, presented the proposed budget for 1986 which was accepted unanimously.

The final chances for the quilt raffle and the mini-affle were sold while Jeanne Carlson read a clever story written especially for "obsolete children" by Dr. Seuss. Trudy Orsan won the min-affle, a blouse fashioned by Eloise Wilson. Selma Simon won the beautiful quilt made by Dorothy Barrus.

Helen Nash, program chairman, introduced the guest speaker, Mr. G. S. Poiry, manager of customer relations from the General Telephone Co., of California. He presented a slide show explaining the new equipment and programs available to customers.

At the next meeting, May 1, we will celebrate the birthday of Women's Club. Elizabeth Gonzales, a solo hand bellringer, will present the program.

L.V. ORCHESTRA

By Don Horodas

The Leisure Village Orchestra continues to explore new music under the direction of Woolf Phillips. He is encouraging us to stretch our musical abilities further than we had thought possible. However, our ranks have recently been decimated due to members moving away, and to a rash of illness among the rest of us.

We urgently need an influx of new talent. Those of you who play an instrument, please come and join us. We especially need woodwind and horn players. We also need string bass, bass drum, and someone to play the tympani. All musicians are welcome to join us, all instruments are needed. Without a full orchestra we will not be able to present a concert this spring.

We do not print unsigned letters.

By Eva Sugg

In March R.V. Club's president, Warren Sugg, sent a letter to all those presently using a space in the R.V. lot, explaining the club's functions in upgrading, supplying, and maintaining the facility and inviting their participation by joining us. The response was overwhelming with nearly 80% of those contacted electing to throw in with us, thereby almost doubling our membership. Any R.V. Member may become a Roamer by signing the waiting list, and by being willing to take a turn as Wagon-master once every two years. A thirty member limit is necessary due to extreme difficulty in finding an R.V. park which can handle large groups. As openings come, the top name is asked to become a Roamer.

Anyone interested in ceramics, whether you practice it or not, is welcome to come.

Dues are now payable, so this is the time to join the Club.

CLUB**

By Dora Cronyn

Indoor-Outdoor Garden Club's meeting on May 8 will be on Plant Identification. President Mary Hale will talk about our Village plants — how to identify and care for them. Do you know the names of all the plants growing around your house? Bring cuttings of your strangers. Come and learn.

Please save May 15 for the Garden Club's annual Floral Tea. We will feature many exhibits, including oriental and floral arrangements, table settings, paintings and light refreshments. This has always been a popular event for Leisure Villagers and their friends. If you would like to submit an entry, contact Mary Hale at 484-2688. Tickets are on sale from members for \$2.50.

SALUTE TO THE MAGIC LADIES

Some of the hardest working volunteers in L.V. are the Trading Post ladies who handle the monthly rummage table sales for Women's Club. This is plain hard labor since each item to be offered must be brought out of storage and then, if not sold, be dragged back again. Some of the bargains are quite large and heavy. Small furniture, vacuum cleaners, typewriters, gardening equipment, etc., all add up in weight (and sales).

The ladies are expert salespeople as well as merchandise movers. The magicians are Gertie Dorward, (backed up by husband Fred); Betty Keeler (Harold helps); Helen Thomsen, (Chris, too); Doris LaPrell, (with husband Roger); and Irene Helmstead, (with Henry's help).

Women's Club wouldn't leave home without 'em!

COMMUNITY RELATIONS COMMITTEE

How can lottery money improve our schools? How can we raise our educational standards and reduce the drop-out rate? These questions will be discussed by Don Bathgate, newly appointed principal of Camarillo High School on Friday, May 2 at 7:30 p.m. in the AR.

In addition, the Song and Dance Troupe, a group of Camarillo High School girls, will perform.

Those attending the April meeting of the Woodworkers Club, were treated to a demonstration by George Mustaparta on how to make a complete drawer using only a table saw and one blade.

Carl Sparks showed his recipe and cookbook holders. His use of jigs and templates was especially interesting.

If any of you would like to learn more about woodworking, or would like to work on our club projects, join us. We welcome all, male and female.

We would like all clubs to know that if any woodworking is necessary for their projects, they are free to consult with us.

Our next meeting, will be Thursday, May 1, in the MPR at 2:00 p.m.

By Ethel Goldfarb

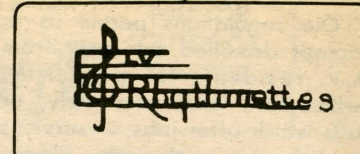

The Choral will present a Spring Musical Festival on Saturday, May 31, in the A.R.

Already the halls resound to the power of Haydn's "Kyrie Eleison," the spirit of the Spirituals; such lilting melodies as "Tum Balalaika," "Strauss's "To Vienna," "Come to the Fair," "Waltz of the Flowers;" excerpts from "Man of La Mancha," "Sound of Music;" exciting Mexican song and dance sequences, and more.

Tickets at \$2.50 go on sale at the Rec. Office in early May.

Check our Atrium display case during the month of May.

Music lifts the spirit. The Choral, Belles and Soloists perform under the capable direction of Lois Bello.

The Rhythmettes are busy preparing for a special event on May 23. They will perform in the A.R. for Village residents and friends; an evening of fun, rhythm, and "sing along if you want to."

Election of officers will be May 13. The nominating committee selected the following candidates: Rhoda Smithkin, president; Ruth Hart, V.P.; Margaret Hines, secretary; and Bess Davis, treasurer.

By Don Holmes

At April's Gem and Mineral Club meeting, our resident garnet authority, Garnette Holmes, of course, gave another of her talks on garnets. Her collection is always growing, and includes some new items from outside the U.S.

If you want to see fire, tell Garnette that "Garnets only come in red". Two jewelers in Brazil made that mistake in December. Garnette admits that they were correct if they were referring only to Brazilian garnets, but in the whole world, garnets come in nearly all colors.

At the meeting on May 28 in the Club Room, the program will feature Meg Easing. Meg is a professional Gemologist, jewelry designer and fabricator in Ojai.

Officers nominated for next year include Garnette Holmes for president; Don Holmes, 1st. V.P.; Dorothy Levy, 2nd. V.P.; Ed Donahue, Secretary; and Ben Smithkin, Treasurer. Elections will be held at the May meeting. It is again time to pay dues.
