At Santa Barbara yesterday, ^{by chance put head in a door &} saw companion frieze ~~to~~ ^{to} to
you in house A lobby. Same ~~height~~ ^{height} color and ^{by same} painter.
The arabesque has centaurs and figure fantasy
instead of animals. Has three circles two with shields
and one with interesting head. Only seventy five ft of
it, but examined carefully & think an old Italian
here could copy. Mrs Graham says ^{it is} only one half
original frieze. Other half ^{was} bought by City of Venice for
^{its} museum. It is well mounted flat & would
require no ~~expense~~ ^{expense} for mounting & repairs ~~like as House A~~
~~as at Toledo~~ one did. She asks eighteen hundred
for it. Would you consider for library - Julia Morgan
