Dear Dr. and Mrs. Tolmach,

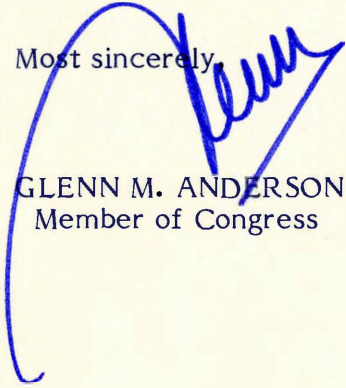

Lee and I want to thank you for sending along your kind thoughts and greetings to us this Holiday Season. We have thoroughly enjoyed reading, and re-reading, the many beautiful messages that have come into our home!

Exchanging Holiday greetings with our friends has always been one of our special pleasures. However, you may not know that for us ... this is the Year of the Boy's Club of Wilmington. All of our spare time and energy has been directed toward a plan to raise funds to pay off the loan on their new building, which is due on June 30, 1980.

Because of this involvement, and in the true spirit of the Holidays, we have contributed the money usually spent for cards and postage to the Boy's Club of Wilmington.

Lee and I hope that the love that goes with that gift warms your Holidays, and that the new decade is a bright and shining one for you!

Most sincerely,
