ELECT

PAUL B.

CLINTON

JUDGE

MUNICIPAL COURT OFFICE NO. 2

If you desire a judge of your court to be an experienced jurist and trial lawyer himself; if you think that he should understand people and recognize the worth of human dignity; if you wish the law to be applied with courage but impartially to all; if you believe that justice is ill served when the rights of an individual are sacrificed to expediency; if you want to be treated as a person, not a statistic; if you demand an effective improvement of justice in Ventura County, **vote for Paul B. Clinton, Judge Municipal Court, Office No. 2.**

Dear

- An experienced jurist and excellent trial lawyer, **Paul B. Clinton**, is a candidate for Municipal Court Judge Office No. 2.
- The rapid growth of the county and increasing court congestion demand an end to provincialism in our courts. We are truly in need of a professional approach by judges who are not afraid to institute changes where needed. We are people — not statistics. We need more judges who recognize that fact.
- Paul's education gained at night while supporting his family by day, coupled with his experience as a construction electrician, office manager, businessman, public school teacher and lawyer in public and private practice lends him the broad base by which he is uniquely qualified as your best candidate.
- **I strongly urge that you make your vote count on June 4th, 1968, and vote for Paul B. Clinton.**
