## **STUDENT HEALTH SERVICE**

The objective of the Student Health Service is to keep the student in a state of optimum health, both physically and mentally, so that he may realize to the fullest the opportunities afforded by the university. The health services are sponsored jointly by the university and the student body, the latter participating by means of a \$2 health fee each semester.

The Student Health Service is housed in its own building, with four well-equipped doctors' suites, laboratory and X-ray facilities, nurses' treatment rooms, secretarial office, and waiting room. It is open each school day during hours posted at the entrance to the building. At these times registered nurses are on duty and physicians are available for consultation. Many medical specialties are represented among the part-time and full-time physicians, affording a high standard of medical care.

During hours when the offices are closed, a qualified student may secure the services of his own physician, in which case the Student Health Service will allow \$5 toward the cost of one office visit or \$10 toward the cost of one residence visit for any one illness. In addition, an excellent student sickness and accident insurance policy is offered through the Health Service.
