Hello folks. Thanks for picking up the TFR INDUSTRIES PORTFOLIO 2002. I've included several different examples of my illustration work from the past few years:

★ pgs 2-3. These are flyers I did for the now-defunct Connecticut rock group Sgt. Scagnetti. I drew several more flyers for them, plus designed t-shirts, stickers, and 1" diameter pins. ★ pg 4. T-shirt design for Connecticut punk band Grover Dill. I also made a flyer for them (2000). ★ p 5. Frank Zappa illustration used for the cover of READ MAGAZINE, Vol 4 No 14, 1999. An excellent zine edited by Adam Liebling. I've also done a couple comics for them. P.O. BOX 3437, LONG ISLAND CITY, NY 11103 or www.readmag.com ★ pg 6. J-card for Connecticut techno DJ B-Blair (1998). I've done another j-card also. ★ pg 7. T-shirt design for radio station 91.7 FM WXCJ, Danbury, Conn. (1999) WXCJ was a great college station, at least when I lived there. Don't know about it now, but check it out if you're in the area. ★ pgs 8-9. Flyers for the Indepent Publishing Resource Center of Portland, Oregon (2001). The IPRC is a non-profit organization dedicated to promoting and facilitating the small press. 917 SW Oak #218, Portland OR 97205 or www.iprc.org ★ pg 10. Cover to INDY UNLEASHED #9, 2000. Edited by Owen Thomas. P.O. BOX 9651, COLUMBUS OH 43209 or vlorbike@aol.com. ★ Cover to MR. PEEBODY's 'zine, #12, 2001. Written by Jay Koivu. P.O. BOX 93133, L.A. CA 90093. ★ p 12. Cover to THE WORLD IS BROKEN 'zine, #5, 2001. Written by Bri. 6020 Landry NW, Albuquerque, NM 87120 or pukezine@hotmail.com ★ p 13. Spot illustration for upcoming project. (2002) ★ p 14. My holiday postcard for 2000.

If you are interested in "hiring" me for your illustration work, you can contact me at shawntfr@hotmail.com, write me at SHAWN GRANTON, TFR INDUSTRIES, 3719 SE HAWTHORNE BLVD #243, PORTLAND, OR 97214, USA, or call me (Shawn) at 503.236.6068. I also write and draw a comic book (TEN FOOT RULE), which you can purchase by sending \$2.00 to the address above. Thank you! — Shawn Granton

★ I should note that I do not use computers for my work, so everything you see has been hand-drawn and hand-lettered. Viva Microns!
