## DISASTER AND EARTHQUAKE PREPAREDNESS PROGRAM

(To Be Sponsored By The Emergency Services Committee)

By Elmer F. Eymann

The Leisure Village Emergency Services Organization will conduct an evening program at 7:30 p.m. Thursday, Jan. 23 in the A.R. to update L.V. residents on preparedness and planning for survival in the event of a major earthquake or disaster. The City of Camarillo through their consultants in disaster planning and the Southern California Earthquake Preparedness Project will participate in the program.

Films and slides depicting the earthquake threat to this area will be shown along with graphic examples of earthquake destruction and what you can do to increase your ability to survive such an event. There will be demonstrations as to how to improve the safety in your home, to decrease injuries and to survive in the aftermath of a major disaster.

All residents are invited to attend this informative meeting. All volunteer emergency service workers of the LVESO and especially the Village Coordinators are requested to attend.

## IMPORTANT NOTICE TO ALL VILLAGERS

A new manual covering Disaster Survival and Earthquake Preparedness designed for Leisure Village residents will be delivered to your home during the month of February. Your Village Coordinator or an Alternate will deliver the manual to your door. This is the time to become acquainted with the person who has volunteered to be of service to your Village in the event of a disaster or similar emergency.

You will be supplied with a new Emergency Notification form which every resident should complete and return to the Association office. The new information that you supply will permit Security to update the emergency notification files. If you are unable to complete the form, request your Village Coordinator to assist you. If the status of disabled persons or persons needing special handling in the event of an emergency changes in your household, advise your Village Coordinator.

## Over 5000 Pairs Of Eyeglasses Donated First Week Of January

By Jack Whalen

L.V. residents have responded to the eyeglass drive with a generous outpouring of glasses, frames and cases, with some people giving as many as 7 and 8 pairs.

Perhaps the most active club supporting the drive thus far has been Vision Limited, under the leadership of Betty Brodus. One member, Harry Castaline, has single-handedly collected over 100 pairs.

"It's been easy," says modest Harry, "I simply go to different club meetings, tell them how their ready-to-be discarded glasses can be fitted to the eyes of less fortunate people in remote areas of

## The Numbers Grow

During the recent L.V. Assn. meeting, Tom O'Brien, Chairman of the Security and Safety Comm. provided some interesting holiday statistics. On Thanksgiving Day alone, there were 897 one-day passes issued.

At the Main Gate 2, 321 automobiles entered, 545 more at the West Gate, and 146 at the East Gate.

In case you may think that Security didn't have enough to do, during the twelve-hour period there were 296 telephone calls TO the gate and 1877 FROM the gate, resulting in an average of 40 calls per hour. Whew!

And this was just the beginning of the holiday season.

## Nottingham Leaves Superintendents Post

By Bill Himstreet

Gary Nottingham, Superintendent of Maintenance for Leisure Village for the past two- and one-half years, leaves his post on January 24. He accepted a position as Maintenance Supervisor for the Santa Barbara School District.

When Nottingham was hired, he assumed responsibility for maintenance of all Leisure Village, a job that previously was filled by two supervisors. During his two years, he reduced expenses by reducing staff in selected areas, improving efficiency, and initiating competitive bidding on contracts and purchases. Recently, Nottingham established a street slurry schedule through the year 2000.

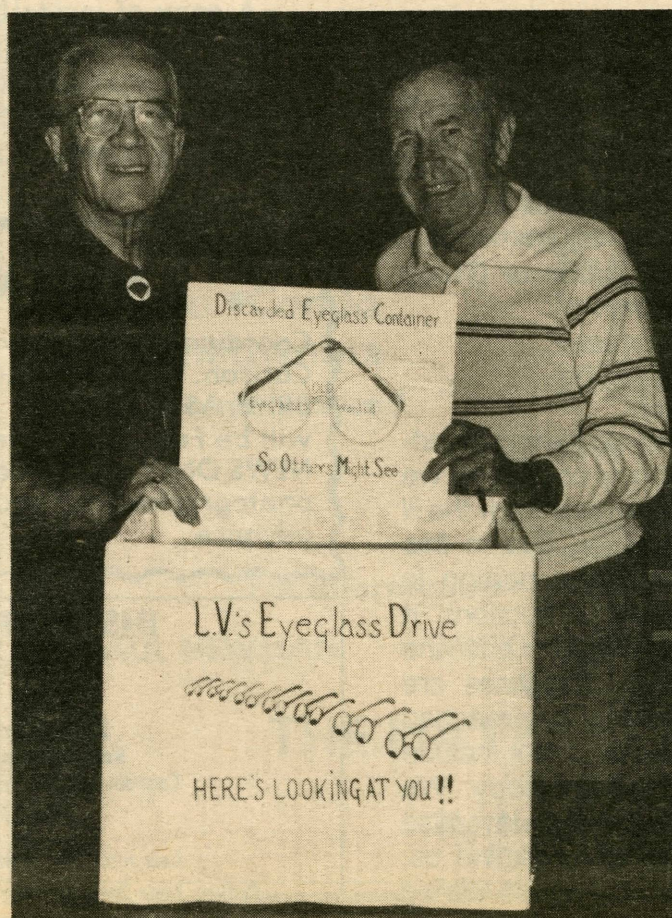

A resident of Moorpark, Gary, his wife, and daughter plan a move to Santa Barbara. He will be missed by all those who worked with him in the Village.

## HAPPY NEW YEAR

By Lillian Wallace

A toast to bid farewell To '85 and all it meant - Days of joy, of sadness, The emotions that were spent.

Now, let's start another year, And hope that '86 will be - A year to be remembered, With much joy for you and me

## • OPINION •

### SURPRISE! SURPRISE!

It was just as much a surprise to ILV staff as it no doubt was to many Villagers, especially club members, that the **Voice Of The Village** (our Homeowners Associations' official publication,) would no longer be accepting Club announcements.

Inasmuch as ILV has always welcomed Club news and has, for several years covered activities for some thirty clubs and groups, this action should not present any hardship for us. We would like, however, to clarify the difference between the **Voice** which is prepared on the premises under the direction of the Board and paid employees, and ILV which is prepared strictly by volunteers in their homes and printed with no expense to you or the Village by **The Camarillo Daily News** and delivered free to your home each month.

#### It Bears Repeating...

We have published guidelines many times, but many of you who write for us repeatedly do not follow **ALL** of the requirements which makes it much harder on the staff and the Camarillo Daily News' typist to avoid errors.

#### Newspaper Requirements...

The Camarillo Daily News, as does every professional publisher, requires that your copy be typewritten on standard 8½ x 11" white paper, double spaced **indented for paragraphs**, use of upper and lower case as is appropriate. **(Please: Clean your typewriter keys. Get a new ribbon!)** Please: no typewriter script and **no carbon copies**.

#### Additional requirements for ILV

In addition to the above, include your telephone number and preferably your Village number with your name. Drop two inches for title and observe 1½" side and lower margins. (This helps us to make a quick estimate as to the space requirement.) **Include the Name of your Organization or Group in the first sentence of your story.**

#### We are Lenient.

We have always been lenient in accepting handwritten, hand-printed and even sloppy copy, and we will continue to accept handwritten letters from the ill or the bereaved. We believe, however, that in this community there must be at least one person in each group who can type and follow instructions. It is the responsibility of the group leader and the publicity person to see that these guidelines are followed. One of our editors can always be reached for help if needed. Be concise. Please do not include instructions or other notations on your copy. We love logos (we initiated them), and we always use them where space permits. No need to remind us. Bear with us when we have to "cut". Please realize

that your editors will not know how much space will be available until after the final deadline. The number of pages varies from month to month depending upon the advertising sold.

#### We reserve the right...

We reserve the right to edit your copy, to refuse any material that is not presentable, not received by deadline, or not appropriate for ILV. We do not accept anonymous material.

#### We appreciate...

Your editors fully appreciate all who submit material and who cooperate so beautifully with us. We enjoy and appreciate the employees of the Camarillo Daily News who cooperate so pleasantly with us. So while we are not sure of the reason for the Board's not printing Club news in the **Voice**, we are sure that if it were not for the Camarillo Daily News and the dedication of volunteers **Inside Leisure Village** would not exist. If you are not a subscriber to our fine community newspaper, isn't it time to show your appreciation?

### OUT OF ORDER

It seems to happen in the best of families, we know, but we just don't expect it to happen to us....

As part of our Inside Leisure family, many of you know one of our Editors, Frances Gold. This year Frances decided to spend Christmas with her daughter and family--after all those remarkable twins are two years old now--in Connecticut. She left December 17 and on the 19th she broke her hip.

We wish to report that she is out of her eight-day stay in the hospital, has had surgery and is recuperating in a convalescent hospital where she is receiving therapy and rehabilitation. Her daughter tells us, "She is having a great time." It is expected that she will be in the east for about six weeks.

Our ILV staff, as well as her many friends, wish her a speedy recovery and safe return to the Village.

### WHO PAYS?

At the January meeting of the LVA Board, I asked the question: Who pays for the various insurance deductibles, the Villagers affected by insured losses or the Association?

The deductibles are \$1,000 per occurrence for fire and extended coverage, 10% of replacement cost per structure for earthquake, and from \$250 to \$500 per unit for flood insurance.

On January 20, 1980 the Association issued an "Insurance Information Sheet" describing the fire insurance then in effect, which provided coverage against "All Risks of Direct Physical Loss" subject to certain exclusions and policy conditions.

At that time a \$1,000 deductible applied to each occurrence, and "each homeowner" shared "equally in making up the \$1,000 deductible ..."

Since 1980 LVA insurance bulletins have been completely silent on the subject of responsibility for payment of the deductible.

I was told at the Board meeting and in private conversation with a former Board member that this question is resolved each time on the basis of liability, that is, if the homeowner was responsible for the loss, he/she pays the deductible, while the insurance company takes care of the amount that exceeds the deductible.

This seems like a fair way of handling the situation, since it would tend to encourage each homeowner to be careful (for example, in shutting off the water flow to the clothes washer at the completion of the wash cycle). On the other hand, determination of liability by Village employees or even by LVA Board mem-

bers could be very subjective and inconsistent.

This is a tough question, and the insurance Committee and the board are wrestling with it. The issue should be resolved either by a definitive Rule or by amendment to the C.C. & R.'s, whichever is appropriate.

The point I am stressing is that *Village residents should know in advance their responsibilities* — not after a loss has occurred.

In case you missed the article in the Voice, or misplaced it, regarding Handicap Placards, here's a bit more information.

One phone number of the DMV is 986-3701. Ask for Application for Disabled Person Parking Card to be mailed to you.

This application covers not only bodily handicap but also certain lung diseases; specific cardiovascular diseases; and visual acuity.

A check or money order for \$6.00 is required for a 2-year placard. Be sure the application is signed by your Physician, Chiropractor, Ophthalmologist, or Optometrist before submitting it to DMV with your money. The application must also specify Temporary Disability or Permanently Disabled.

Remember residents, and visitors, these placards MUST be used in our Village parking spaces as well as all other handicap parking areas.

As members of the Pleasant Valley Hospital Auxiliary, we have been asked to supply lap robes for the new Extended Care Facility to be used by patients in wheel chairs. If anyone has any yarn (any amount) you do not need, and would like to donate, or if you would

like to crochet or knit a lap robe — please contact me.

We really need your help.

A group of Villagers would like to know if we can have a program with mechanical exercise equipment in Leisure Village.

At present they are circulating a questionnaire which seeks to identify: a) those interested; b) Those who would do committee work and/or temporarily assigned tasks; c) Those who would donate machines; d) Those who have training in this field.

When this and other information is available it will be presented to appropriate committees.

Considered at this time are exercycles, rowing machines, etc. Several have been promised.

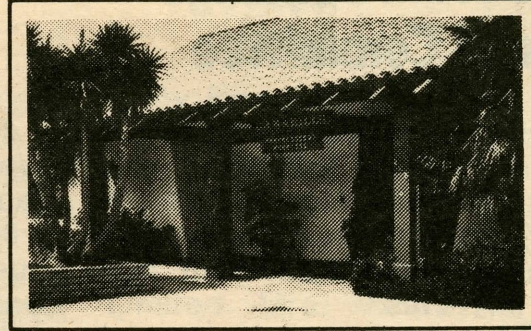

Interested readers are encouraged to contact Beverly Alderson, Mitch Kirshner, Zo Simmons, Len Koenig, or Ken Wilson. They have further information to share.

For anyone who wonders if such exercise would be helpful in his own case, the main thrust is in the use of these machines as therapy under controlled conditions, with instruction.

## Reminders From Buildings And Ground Committee

By Margrate Gowder

The Buildings and Grounds Committee would like to remind homeowners who have red-staked areas that it is your responsibility to prune any vines, shrubs, or trees which touch the roof of your unit. Lemon trees grow rapidly and do have thorns which are very bad. Anyhow, if the landscape crew has pruned your Village, if you prune your red-staked area, the whole Village will look nice.

One of the biggest complaints from homeowners is the number of ugly plant containers and unkept planter boxes. We urge you to take a few steps back across the greenbelt and see if your containers are really attractive. If not, perhaps you need to eliminate some of them or invest in

a few other containers; or maybe you have grown tired of growing in pots and want to eliminate that chore from your busy lives.

Have you a problem which the Bldg. & Grds. Comm. might help you with? We invite you to attend our monthly meetings, which are held the first Thursday of the month in the MPR at 9:00 a.m. If no problems, come to observe our meetings. We welcome you.

## Leisure Village Woodworkers

By Art Kaufman

The Leisure Village Woodworkers Club met January 2, in the MPR, at 2:00 p.m. After a short business meeting there was a demonstration of "Miniature Model Making", given by James Hardman, of Camarillo.

The demonstration not only included a dollhouse made to scale, with lamps and chandeliers that had tiny light bulbs burning, but also the tools that were used to make the models. Also included were a miniature lathe, complete with duplicator, a drill press and a table saw. The miniature power tools can do exactly what their larger counterparts can do, but on a smaller scale.

The demonstration is only one of many interesting programs that the Woodworkers will be presenting in the coming

## Village Painters

By Sally Becker

On Wednesday, Feb. 5, the Village Painters will make floral and scenic pictures out of crushed tissue paper. The meeting is at 1:00 p.m. in the MPR.

Bring a white background of heavy cardboard or canvas, scissors, pencil, Elmer's glue (or other white paste), a small glass or paper cup, and a small dish for mixing.

Whether you are a novice or experienced in this artcraft, it will be lots of fun. Do come.

The Spiritual Growth Group will meet in February on Tuesday mornings at 9:30 a.m. at the home of Mrs. Mayz Gregory, 31320 Village 31, continuing the study of the Bible; its insights into our daily living and the historic background of events. Outside leadership continues to be inspirational.

The new officers for the year are: Chairman, Bernice Jenkins; Vice-Chairman, Violet Shirk; Treas., Betty Wilson; Hospitality, June Case; Publicity, Mildred Oberg. For information, please call B. Jenkins, 484-3542.

## WEDDING BELLS

Lillian Anderson of Village 3 has recently become the bride of Charles Roberts. The couple were married on December 21 at St. Mary Magdalen Chapel by Msgr. John C. Hughes. They enjoyed a brief trip to Las Vegas and then a cruise through the Panama Canal.

Lillian received an award some time ago from Pleasant Valley Hospital recognizing her many hours of volunteer work over many years at the hospital. She also is an active member of the Chorale here in the Village and the Rhythmettes.

## ROSARY GROUP

Rosary Group still meets on Fridays at 11:00 a.m. at the home of Theresa Ianaro, 4209 V. 4. All women welcome to join this congenial hour.

## VISION LIMITED

By Florence Block

Orlene Murphy, Director of Disabled Student Center, Ventura College, was guest speaker at the Jan. 6 meeting of Vision Limited. Mrs. Murphy gave an insight into her past experience with the hard-of-hearing in Los Angeles. She outlined the wonderful programs available at Ventura College for the disabled students including the transportation for them and also senior citizens who desire to take the courses. Her talk was both stimulating and informative.

Next meeting will be Monday, Feb. 3, in the Lannai Room at 1:00 p.m. Another guest speaker will be featured. A tour to Los Angeles Braille is being planned. For further information, call 484-5838 or 482-0492.

BOOK REVIEW GROUP

Book Review started off Jan. 13 with a review of Charles Kuralt's "On The Road". Kuralt is a CBS feature reporter who contributes to "Sunday Morning". He travels America every week and interviews all kinds of people. His vignettes are charming and the whole is a celebration of America. Reviewer was Jeanne Carlson.

For February Bernice Knebel will review Shirley MacLaine's, "Dancing In The Light."

Don't mis Feb. 10, 10:00 am in the Garden Room. Everyone welcome. We have neither dues nor officers--just readers.

## SENIOR CONCERNS

**By Joe Gaynes**

A recent three-hour film, "Growing Old in America" with Hugh Downs on ABC, provided a very sharp projection of problems to be faced by aging America and the total population. The California Senior Legislature has been addressing these problems for four years very effectively. The Senior Legislature is recognized by less than half the States of America.

California is one of the outstanding leaders getting 80% of proposed legislation passed by the regular legislature and signed into law by the governor. Your elected California Senior Legislature in Ventura County, namely, Senator Tony Lamb, Assemblymen Joe Gaynes and Lee Strohehn, work around the clock moving bills through the California State Legislature.

All this can be done if our services and actions get the support of the Seniors; and all those voting citizens in every age category who will be seniors in the future.

Now is the time to make sure that when your State Income Tax is about completed the number 89 becomes very important. We must contribute one dollar or more to protect all we have worked for. Senior problems are already here for thousands of retired or disabled citizens. We must start now or !!!! Remember, line 89, check off! Remind every taxpayer — we are already an endangered specie.

## LOOKING AT CHANNEL 12

**By Jack Whalen**

An informal pool by Channel 12 members revealed that almost 50% of L.V. residents questioned, responded that they did watch the monthly Village Board meetings either on the live program the first Monday of the month, or at 10:00 a.m. on the following Saturday morning. This is welcome and encouraging news to Chairman Dick Van Horn and his dedicated Board members.

Monday, Feb. 3 will be the next scheduled monthly meeting and while it's more enjoyable to attend, and perhaps take an active part, if not, keep watching Channel 12!

## SCHOOL SPEAKERS NEEDED

**By Rube Davis**

We wonder how many L.V. residents have had career experiences that would relate to today's young students. There must be hundreds, and yet the very popular L.V. Senior Guest Speaker Committee currently has about 30 enthusiastic and dedicated Villagers who are sharing their time and knowledge with students from the Elementary Schools through the Senior High Schools.

Currently our speakers are covering a wide range of subjects including salesmanship, economics, history, fabrics, accounting, pharmacy, communications, poetry, drama, astronomy, the Holocaust, American heritage, creative writing, engineering and many other subjects of interest.

The committee meets on the first Monday of every month at 3:00 p.m. in the Lanai Room. For information phone Rube Davis, chairman, 482-6707.

### PLEASE...

Friends, if you know of a Villager who has passed away, please call someone on the ILV staff. We do not always hear about a death, and would like to remember everyone who has gone from among us.

The many cards, telephone calls and loving help received during my husband's last illness and his death were of great solace to me and his children. Thank you to all of you for being such caring "neighbors".

(Mrs. Hillard)

I am overwhelmed by the expression of love and friendship I encountered after my husband Robert so tragically passed away. I cannot begin to thank my many loving friends and neighbors who are standing by my side. It is so difficult to adjust to life without my partner. And I am grateful to be living in Leisure Village surrounded by loving and caring friends. My son Frank and daughter Virginia thank all of you. God bless you.

Phyllis Sweet, V. 20

I wish to thank my many friends in Leisure Village for their kind words of condolence, sympathy cards and contributions made in memory of my mother who passed away in December.

George Goldfarb, V.18

We wish to thank our friends in Leisure Village for your many expressions of sympathy on the death of our mother, Esther Zalkind. Your sincere concern gave us great comfort and support.

### IN MEMORIAM

## Sonnet For Daisy Bien

— Billie Pachter

"When we consider everything that grows  
Holds in perfection but a little moment"  
Then we perceive our *DAISY*, reaching Death's repose,  
Unfolding to us marks of pure bestowment:  
Her outstretched arms with loving kiss in greeting,  
Her boundless charm in song and dance and acting,  
Her prompt response to every call helpmeeting,  
Her skillful care for records, at a glance exacting;  
And we bemoan her growth held in perfection  
For but a moment; vow to never sever  
Dear *DAISY*'s dancing, singing, "*STAR*" projection  
From mindful hearts, embracing her's forever.  
Thus her bright unused talent, now turned ember,  
Will keep on dancing long as we remember.

## VILLAGE CELEBRATES HOLIDAYS

Among the many parties in the Village, one which brought particular delight was the Women's Club presentation of children from Bobbie's Dance Studio. The small boy with Santa gleefully threw his arms around him when he received his gift. Santa, of course, was Jack Fosdick.

### Chanuka-Christmas Program

By Ruth Mary Crowell

The Chanuka - Christmas program, "A Special Gift" was held on December 20th, in the AR. The opening remarks by O.C. Marler readied the audience for the program to follow.

The Chanuka portion moved quickly through the story of Chanuka, the kindling of lights, and the blessing of the lights. Following the significance of Chanuka the musicians took over, singing with spirit and obvious pleasure. Shirley Fishkin had the audience under her spell and they responded warmly to her vocal treat.

"You Are There", the Christmas portion of the program, was a monumental undertaking. Those who took part faced the difficulties posed by a small stage and modest props with enthusiasm and courage. They recreated the story of the journey of Mary and Joseph to Bethlehem and the birth of Christ in the stable that starlit night. Marguerite Abdelnour edited the script and directed the play.

The program ended as the audience joined in singing "Let There Be Peace On Earth." We all hope that this fervent wish of us all will come true.

THE LEISURE  
VILLAGE  
WOMENS CLUB

### Ruth Mary Crowell

Women's Club installed its officers for 1986 at the annual luncheon Jan. 9 at Ottavio's new banquet hall. Elva Ward followed the rainbow theme as she gave appropriate colors to the new officers: Ruth O'Neill, Parliamentarian, violet; Gladys Erikson, Rec. Secty., red; Kay Varley, Treas., blue (for serenity); Kay La Prell, Second V.P. (bazaar), yellow (for energy); Helen Nash, First V.P. (program), orange; and Jeanne Carlson, Pres. green (for growth and strength).

Eleanor Evans presented a gift to Jeanne Carlson in appreciation of her previous year of service as president. As Jeanne accepted the gift she reminded the club in her usual humorous way that she will be around for another year. She thanked the retiring officers Eleanor Evans, Dorothy Fencil, Henrietta Joehneck, Maxine Himstreet, and Hildi Lustig for their help during the past year.

Helen Nash reminded members that the new bazaar begins "next Monday." The next regular meeting will be February 6. Members were asked to bring their collections to display.

### Chinese Brush Painting Exhibition

Frances E. Davis, a resident of Leisure Village, will display her Chinese Brush Paintings at the Gibraltar Savings and Loan Association, 5800 Santa Rosa Rd., Plaza. The exhibit will continue through January.

The exhibit will include her latest Arabian Horses, besides other colorful subjects.

### New Organ Fund Passes \$8600

By  
William B. Marvel

Spirits are high as Organ Club members start the new year with less than \$1400 left to raise for the New Yamaha FX-10 Organ. While Organ Club Fund Raisers have been extremely successful, the fund has been swelled by the many generous gifts of L.V. residents and clubs.

Since donors were last mentioned in "Inside Leisure Village", another \$500 donation has been received from the Women's Club, and a second

gift was given by the Village Painters. Individual donors were Daniel and Mae Wagner, John and Virginia Hawes, Evelyn and Ben Drasin, Charlie Klein, Norma Durfos, Mary and Frank Mainwaring (a third gift), Marge and Arron Bonderman, Evelyn and Harry Simonini and Marcel Lerner. A full list of donors to the New Organ Fund can be seen on the colorful poster at the Recreation Center.

January's Fund Raising Event was "Cabaret Night", Friday, Jan. 9. Milton Tobias, organizer of the event, was especially pleased with the enthusiastic reception

### By Kay Avery

After a short general meeting, of the Variety Guild in February, Pepper Heimowitz and Dorothy Karlin conducted auditions for the upcoming production set for June 19, 20, 21, and 22. The program will include segments from "Pajama Game", "Kiss Me Kate", "Fiddler on the Roof", "Damn Yankees", "Funny Girl", and "La Cage Aux Folies". The auditions are open to any member of Variety Guild.

Please bring your own material for tryouts and arrange for your own accompaniment, either piano or tapes. There will be singing, dancing and speaking parts. Further auditions will be held on March 13.

Refreshments after the meeting were provided by Mimi Kaufman and Sophie

### RHYTHMETTES

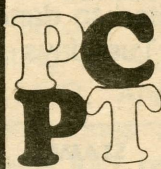

By Margaret Hines

The Rhythmettes are happy to be together again after the busy holiday season and dinner-dance Dec. 28. We have been practicing numbers to play for the patients at the Camarillo Convalescent Hospital Jan. 28.

The next planned special day will be a Valentine luncheon at the County Savings Bank, Feb. 18. (at a previous luncheon hosted by them, everything was lovely and the food delicious.) Earle Cunningham has some special ideas for having fun and games while we are there.

We hope that all of our members are in good health and ready for anything such a happy group might want to do next.

## Dance Workshop

By

Marguerite Abdelnour

Dance Workshop is looking forward to the Annual Dance Jamboree Jan. 24 at 7:00 p.m. in the AR.

The program schedule will be as follows: 7:00 p.m. - Pre-program music by Ed Abdelnour. At 7:30 p.m. a welcome to all clubs coming to the Dance Roundup. Dancing will be on a rotation system as follows:

Dance Workshop, Round Dance, Latin Dance, Village Swingers, Village Folkdancers, Waltz Time, Mixer and unsponsored Folk Dancers. Dancing will continue in this order for the evening.

Some of the clubs have offered to bring goodies to make this a real *feastive* evening. The Workshop will supply the beverages and popcorn.

All Villagers are welcomed to this gala affair.

Swing Disco Jazz Dance of December 21 was filled with good fellowship and Christmas joy. Emil Sitka, Emcee and acting Santa Claus was very generous, tossing candies all about as he made his rounds through the AR in a jovial, dancing manner; Emil welcomed new villagers Jim and Blanch Miller of V.15.

The Anniversary Waltz was led by Jimmy and Sophie Robinson celebrating 44 years and John and LaVerne Sartori celebrating 10 years. We wish both couples many more years of wedded happiness in good health.

Traditional Christmas songs were sung by duet couple, Bob Barrus and Kay Avery.

SATURDAY  
NIGHT  
BALLROOM  
DANCE

By Anne Janoff

Glide into February on Saturday the first, to the sound of music for dancing at our Saturday Night Ballroom Dance. Foxtrots, waltzes, swing, latin, polkas and other rhythms by top dance bands recorded on tape, make up the musical agenda. Ben and Rhoda Smithkin and Al and Rose Metzger will host the evening.

Saturday, Feb. 15, will be our "Valentine's Dance" — an evening for sweethearts and all the romantics, to trip the light fantastic to the tunes "dear to our hearts". You won't want to miss this one. Hosting will be Ben and Evelyn Drasin and Ben and Dorothy Feinstein.

All are welcome. Dancing from 8:00 to 11:00 p.m. in the AR. Only 50¢ per person admission. Coffee, tea, punch & ice are provided. BYOB.

New Villagers, our dances are a fun way to spend a Saturday evening and get acquainted with others in our community. Come join us.

well. Netti Armstrong, Ed. & Rec. Director, provided our decorating crew all the trimmings and balloons to create a fantasy, fun evening.

O. C. Marler, Emcee, started the countdown by way of V.44 and arrived on time at *zero hour*. Guy Lombardo's Auld Lang Syne, balloons floating and happy people embracing, calling Happy New Year, ended the celebration.

Upcoming dances: Jan. 25 - Country-Barn, Emcee Dave and Ruby Teasdale. Feb. 8, Mardi Gras, Emcee Henry Carfagna. Dance 8:00 - 11:00 p.m. BYOB. Fifty cents admission. Refreshments provided.

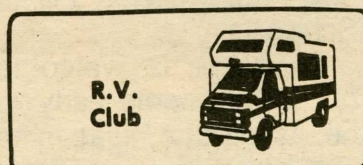

VILLAGE FOLK DANCERS

By Sonya Prager

With our teacher away on a December vacation, we were still able to enjoy our regular classes by using only the most familiar tapes. However, after three weeks we welcome Harry back with open arms. Now, we are looking forward to participating in the Dance Jamboree. This event will take place Jan. 24, at 7:30 p.m. All dance groups will be represented.

Admission is free, and there will be lots of goodies for the audience and participants.

Come and enjoy this evening with us.

R.V.  
Club

By Eva Sugg

At our Dec. 17th R.V. Club meeting, outgoing president, Ed Lyman, turned over his gavel to Warren Sugg, who, with the able assistance of vice-president Art Kaufman, will endeavor to guide our restless, wandering footsteps through the intricacies of the 1986 meetings. They will be assisted by secretary, Virginia Moon; treasurer, Charlie Bley; and 1st and 2nd vice-presidents, Haig Ayanian and Ken Barrett, respectively. The inducement of attendance sign-up tickets for a year-end raffle will be continued as will the coffee and cookie social hour after meetings. If you own a R.V. do come and join us. It's surprising the stories you will hear!

Suggestions for diversification of entertainment will be appreciated plus ideas on how to better the security and management of our R.V. storage lot. Help us make 1986 a year of pleasure and progress.

Your Neighbors Care Group's next free lecture will be on Monday, Feb. 17 at 7:30 p.m. in the AR. There is a concern among many residents in Leisure Village where to go or what to do, when the time comes when keeping house and cooking becomes too much of a burden. We should know what alternatives there are before that crucial time arrives. We urge you therefore, to come and listen to Sheila Ilten, the administrator of La Serena; a good speaker and well informed about the various facilities that are available in Ventura County. The theme of her lecture is "Choices for the Best of Your Life". There will be a slide show and also a question and answer period.

## Helping Patients to Remain At Home

The need to control medical care costs is causing hospitals to release many patients sooner — and sicker — than previously. The growing

numbers of patients needing follow-up care has put a new spotlight on a proud traditional service: home health care.

Residents of Leisure Village and the rest of Ventura County have had nursing care in the home for many years. But today, due to the increasing demand, home health agencies are providing a wider range of services to greater numbers of people than ever before.

Pioneering in this humanitarian field of care is the Livingston Memorial Visiting Nurse Association.

The non-profit LMVNA (originally the visiting Nurse Association of Ventura County) has been meeting the county's home health needs since 1947. Its mission is to help recuperating patients of all ages to remain in their own homes whenever possible. By avoiding unnecessary hospital or nursing home stays,

LMVNA patients can be treated at far lower costs and in greater physical and psychological comfort.

Recent years have seen a dramatic expansion of LMVNA services. To meet community demands, the agency has added physical and occupational therapy, speech therapy, medical social work and other specialties to its traditional nursing care. Last year, the LMVNA staff made about 68,000 patient visits — more than double the number of just three years ago.

Virtually all skilled services in a home health program are covered under Medicare, Medi-Cal or private insurance. But many other home care needs of the elderly, ill and disabled have been sorely neglected. The LMVNA has moved rapidly in the development of programs that meet the needs of all who require help, regardless of their ability to pay.

Homemaking assistance is often needed in a home care program, yet it is not covered by any source. Through Livingston Foundation, United Way and community support, the LMVNA is able to provide homemaker service on a sliding scale, in accordance with the patient's resources. The agency also offers companion care and private duty nursing for chronically ill persons.

Another important need for many home care patients who have no one at home to care for them is nutritious food. To answer that need, the LMVNA has contracted to have hot meals delivered daily to the patient's home.

Transportation to and from medical appointments presents a major problem for large numbers of homebound patients. Through grants from CalTrans and The James Irvine Foundation, the LMVNA conducts a Patient Transportation Program to serve the homebound throughout the county.

An especially poignant and sensitive form of care is the LMVNA's Home Hospice Program for terminally ill persons who choose to spend their remaining days at home, in peace and comfort. The agency also strives to keep the general community informed of good health practices and medical developments through its Community Health Education services (several presentations have been made at Leisure Village in recent months).

This year, more than ever, home health care is an important aspect of medical cost saving efforts. The LMVNA expects to continue to grow in services and caseloads as it meets the burgeoning demand for comprehensive home care as an economical alternative to institutional care.

For further information, call the LMVNA at (805) 642-0239.

## CURRENT ISSUES FORUM

By Herbert Swartz

Leisure Villager George Goldstein, a former deputy controller in the office of the Secretary of Defense and a 33-year U.S. Government veteran, was critical of the Administration and Congressional tax reform plans and offered his own plan in a talk delivered to the Current Issues Forum on Dec. 27.

Goldstein's tax reform plan would be more progressive and remove many tax loopholes that are retained under the Treasury Dept. plan and the House bill just passed.

Under Goldstein's plan the tax rates would be 20-30-40-50% (the 50% rate would be for incomes of \$200,000 and up). It would take more lower income people off the tax roles. Single individuals would start paying taxes on income over \$6,500 and couples at income of over \$10,000. A family of four would be taxed on income over \$15,000. His plan would put limits on deductions for charitable contributions and mortgage interest payments. Sales taxes would not be deductible. Tax exempt bonds would be eliminated (the federal government would reimburse state and local governments for higher interest costs). He would eliminate as many real estate shelters as possible.

As for the corporate federal income tax system, Goldstein would retain the present 46% rate. He would also retain the investment tax credit, but would eliminate accelerated depreciation. However, he would provide that investment tax credits be used for purchases of needed equipment rather than for corporate takeovers. He enlarged upon the tax reform situation in response to numerous questions.

## L.V. Bikers Head For The Hills

By Lois Atz

Some residents travel around the Village by bike, enjoying the mild exercise and fresh air, but there's a group of ardent riders who take their two-wheelers outside the Village. Astride their 15-speed bikes, they take several trips together each week, traveling to the Channel Island National Park, or Carpinteria, or Thousand Oaks.

The seven presently in the group are Gil Striegel, V. 25; Ethan Sahl, V. 17; Norman Duncan, Jules and Mildred Wadler, and Doug and Kit Ross, the last five all of V. 17.

They plan a 3-day trip to San Diego in late January, to Yosemite next summer, and from San Francisco back to Camarillo in the Fall. (For the Yosemite trip, they will drive to Modesto by car, bike to the national park,

then utilize the many bike trails to explore remote areas. Ethan Sahl once pumped his bike over the Tioga Pass, but a repeat of that feat is not planned this trip.)

The Wadlers toured Europe by bike several years ago. Gil Striegel has travelled 2200 miles on his bike since he purchased it last August.

The group uses the Cal Trans Pacific Coast Bicentennial Bike Route book, which covers trails from Oregon to Tijuana, as their guide in trip planning. It has maps of bike trails plus information on campgrounds, parks, etc. Bikes are banned on freeways, which sometimes makes routing a challenge.

The LV group is not into speed racing; they like to enjoy the scenery as they travel. They invite new riders to join their group.

## In Praise Of The Pear Trees

British poet, A. E. Housman, once wrote: "Lovliest of trees, the cherry now  
Is hung with snow along the bough."

Obviously the poet had never seen the beautiful Ornamental Pear Trees of Leisure Village. They are early this year because of some very warm days earlier this month. They began to blossom even before the leaves fell. Then the scorching Santanas attacked and already there is a snow of petals on the ground.

The walk from the Center to the picnic tables, is as always, the most spectacular with its double line of white ruffles.

Go for a walk today and praise the pear trees. The flowers are leaving fast.

# All Hart

By Ruth Hart

By Ruth Hart

Hope you all had a wonderful Hannukah and Christmas and were able to spend the holidays with your families. May I wish you a Happy Healthy New Year in 1986.

We had a wonderful Christmas in San Francisco, but I haven't been that cold since we left Rhode Island 32 years ago.

On our way home on Highway 101 between San Francisco and San Luis Obispo we were rerouted 50 miles out of our way because of a sniper in the fog above the freeway. We didn't know about that 'till we got home, thank goodness, but I must say it's good to be home.

Don't want to repeat myself but I think this is newsworthy, our kids were robbed again! They shipped their new car home to San Francisco and when they went to pick it up, discovered many things they had packed in the car were gone. The shipping company will only insure the car and advises you not to pack anything in it, but since they were in Europe over 6 months, they had too much to take on the plane, so they took a chance. They are young so they have their lives back together but I wanted you all to know because it happened five times. To us from the Village it would be a disaster — right?

Marion Tavano, V. 9, spent Christmas with her family in San Mateo and Mary Lee, V. 5, spent Christmas with her family in San Jose.

Lots of parties going on for the holidays. The Variety and Drama Clubs combined and held a deli and live band party for dancing. (Don't know why we can't have a live band for N.Y.'s Eve). The Rhythmettes also had a

dinner party (catered) then invited the Village in for the Saturday Night Dance, lots of fun for all. We all ended up on N.Y.'s with friends and neighbors to ring in '86'.

Edith and Jack Stern, V. 40, celebrated their 50th Anniversary (Jan. 5) with a party for friends and relatives at Ottavio's on Jan. 16.

Sue and Harry Gold, V. 20, also celebrating their 50th, Jan. 22. They will be off on a cruise later on when they can get away.

Rose and Sam Woronow, V. 25, 5 years, Dec. 14. Happy, happy and many, many!

Mardy and Ladd Fanta V. 41, are home from 3 weeks in the Orient which involved 8 plane flights and many other modes of transportation including buses, cabs, ferry boats, bullet train, motor launches, and even a nice barge. Seems rickshaws are now used for photographing only. They visited Japan, Taiwan, Hong

Kong, Singapore, and Thailand. Again time to say, it's a small world as Ladd met a former fellow employee at the Tokyo airport. Mardy says, "We are ready to go again."

Didn't receive much news this month, I guess people were too busy with the holidays etc. Come on share with us — drop a note in mail slot in the garage door, 4201, or phone me at 482-7390.

Try to phone or visit less fortunate friends and neighbors who might need a little help or just a bit of cheering up. 'Till next time, "Treat her like a Thoroughbred and you'll never have a Nag."

BATHTUB & TILE RESURFACE

**CERMAGLAZE**  
IN WHITE OR COLORS

Contractor's Lic. 356993

WE FEATURE EXPERT REPAIR AND REFINISHING ON FIBERGLASS, PORCELAIN, CERAMIC, CHINA, CULTURED MARBLE AND ONYX

Add new excitement to your bathroom by having us resurface your old tub with our dynamic, low cost CERMAGLAZE process.

Eliminates the cost of having to remove the tub, removing and replacing the walls and tile. No need to remove or replace faucets and piping - or tear up the tile on your floor. Just have the existing tub professionally resurfaced right in your own home.

CERMAGLAZE is a non-porous, smooth surface that cleans in seconds. It restores your original tub to an elegant lustre. It will look like new, be stain and dirt resistant easy to care for and maintain.

CERMAGLAZE can also be applied to fiberglass

bathtubs and showers. And to metal and ceramic wall tiles, giving them a luxurious gleam.

CERMAGLAZE is specially formulated material that has excellent wear resisting properties.

CERMAGLAZE is more acid and chemical resistant than the original finish, therefore diminishes the deteriorating effects of water soluble minerals.

No need to use abrasive cleaners - its smooth non-porous surface wipes clean quickly with any household detergent or prepared spray-on bathroom cleaner.

For that sparkling new bathroom you will enjoy for years -don't remove your old tub - CERMAGLAZE it!

**Profile:**

**Rankin and Gilda McIntyre**

By Jack Whalen

Due to space limitations last month, we were only able to print the first half of the Rankin & Gilda McIntyre profile.

We told how Rankin traced his interest in animal pathology to his dad's profession as a pharmacist in the early 1900's. Stricken with polio while in college, Rankin was treated at Warm Springs, GA., met and played chess with F.D.R., completed his education and in 1947 came west as lab supervisor in the L.A. County Livestock Department.

Gilda, although born with severe limited vision of just 4%, worked her way through schools and colleges in the L.A. area, earned her Masters Degree through a scholarship from the American Foundation for the Blind and in the early 1970's was working on rehabilitation programs for geriatric patients at L.A. County's Olive View Hospital in the San Fernando Valley.

**Earthquake of 1971**

"At 6:01 a.m. on February 9, 1971, a giant earthquake hit our area," recalls Gilda. "I was in a wooden building nearby,

was thrown several feet, but did not suffer any injury. However, our beautiful hospital, which took 9 years to build and was not yet fully completed, was reduced to rubble in less than a minute. Had it happened a few hours later, the loss of life would have been very high."

On that same day, staff members, patients and records were transferred to L.A. County's Rancho Los Amigos Hospital in Downey.

While Rankin and Gilda had not yet met, the day of the earthquake also found him directly involved. The loss of electricity that day created a crisis at the Sheriff's Honor Farm, also a location close to the epicenter. He was instructed to get to the farm as soon as possible. Not only were a number of animals injured, but with no electricity, the milking machines were inoperative!

"A good number of the inmates were drunks and

winos," said a laughing Rankin," and it was my task to instruct them in the fine art of manually milking a cow. It was quite a scene, but a good number were 'country boys' and they responded very well."

"The milk was urgently needed at a number of Los Angeles County facilities," he continued, "and this humorous sidelight missed the papers due to the magnitude of the earthquake."

It was at Rancho Los Amigos Rankin and Gilda met and they were married in 1972. She continued to work for a short period of time, getting involved with tuberculosis assistance to new patients and their families.

During the moon landing space projects of the early 1960's, Rankin was a special consultant to Aerojet-General, one of the prime contractors. His project of simulating conditions for the distillation of liquids with-

out heat was utilized in space.

As Chief of Laboratory and Diseases Investigation Services for the L.A. County of Health Services, he established classes for the care of marine mammals such as sea lions, walrus and dolphins at Marineland and gave invaluable service and counsel to Sea World.

On occasion, he served as acting Director of the Los Angeles Zoo and was available to officials at the San Diego Zoo. Both attractions today employ people trained by Dr. McIntyre.

"I'm especially interested in the treatment and preservation of exotic animals," he says. "So many hundreds of types have become extinct and we must make every effort to preserve those endangered species."

He recalls being asked to go to the Navajo Indian Reservation late in 1945 when a mysterious disease killed some 4,000

sheep and seemed out of control. Not only were the Indians being deprived of food, but their primary livelihood, rug-making, was seriously threatened. He determined that a then little-known bacteria, anthrax, was causing the deaths and soon after a vaccine was supplied, saving the remaining sheep.

While on the subject of vaccine and drugs, he stated factually, "Did you know that every single new drug on the market today has been tested on animals before being approved?"

As one who was skilled in the treatment of animals, it was only natural that "show-biz" would occasionally look to Rankin. He enjoyed providing advice and care, on occasion, to Roy Rogers' "Trigger," and also spent time on the "Lassie" TV set.

He's the author of dozens of highly technical and highly respected papers covering diseases of many, many animals.

Both Gilda and Rankin are members of the Camera Club, the RV Club, and she, a member of Limited Vision, is noted and loved for her baking skill at meetings and party times.

We, the L.V. residents can be mighty proud to have in our midst this couple, who, despite many handicaps, have contributed to the health and welfare of many.

GEM AND  
MINERAL  
CLUB

By Don Holmes

The Gem and Mineral Club had Ben again with his "Slides Through Europe," at last meeting. One advantage of having Ben Smithkin on the program — besides his excellent slides and commentary — is that he is somehow able to convince the Club President to have a short meeting and let Ben do the talking. We looked forward after we saw the first slides last October, to seeing more of the topless beach at Blankenburg, *strictly for geological reasons of course*, but that group of slides appeared to have been censored. We also remembered that on his tour three years ago, he brought back numerous pictures of breakfasts, lunches and dinners, in nearly every one of which there were at least two wine bottles on the table. We missed that homey little touch on this tour, but we didn't have the nerve to ask why. Perhaps we should have asked Rhoda. Even with the shortage of wine bottles, it was an excellent evening's entertainment, and we are always glad to have Ben on the Program, even if he did draw people away from the Town Hall Meeting the same evening.

A few of the club members went, by special invitation, to a meeting of the Conejo Gem and Mineral Club in Moorpark, to hear their guest speaker, Dave Wilbur, mineral expert from Colorado.

The next meeting will be on Wednesday, Feb. 26, at 6:00 p.m. in the Club Room. Note the earlier time: it is because Garnette Holmes has planned a Pot Luck Supper. Call her at 482-4979 to tell her what you will bring. This will be a social evening with no formal program or meeting. Dues are due, \$3.00.

Dr. Harry Brown (right) Founder and Chairman of the board of S.E.E. looks on as his colleague prepares to examine a young girl with crossed eyes. (Santa Barbara, CA). Successful surgery was subsequently performed at Santa Barbara.

The collection box is in the high traffic area of the recreation building, on a table, opposite the library entrance.

The drive will run through the month of February and the glasses will then be turned over to Surgical Eye Expeditions, a Santa Barbara based, non-profit, volunteer

group of ophthalmologists and support people who make gifts of them to deserving 3rd World people living in remote areas where eye care is limited.

Since the founding of SEE International in 1972, SEE eye surgeons have performed over 2,500 sight-saving surgeries and treated approximately 17,000 underprivileged patients with eye problems.

### GIGANTIC TRIVIA

They say that long ago before us  
Roamed the mighty diplodocus  
Ninety feet from nose to toe  
As dinosaur dimensions go

**The difference  
between hearing  
sounds  
and  
listening  
to them.**

There's a big difference between hearing sounds and being able to really listen to them.

Take the sounds of music, for example. Unfortunately, most of the great classics and many of today's favorites were written for persons with perfect hearing - people who can hear and appreciate the difference between a violin and a cello.

So, if you've you need to turn up the stereo a bit more than you used to, and your favorite stanza isn't as loud and clear as it used to be, now's the time to have your hearing tested professionally.

With the technology available today there's probably no reason for you to miss a single sound.

THE  
CERAMIC PLUS  
CLUB

By Don Holmes

The Ceramic Plus Club is having a luncheon meeting this noon at the County Savings Bank. If you have tickets, get there by 12:00; if not, Sylvia Feldman may have a cancellation or two, at \$1.00 each. The main door prize will be a ceramic piece from Ruth Johnson's Ojai Studio.

The Club is now called the Ceramic Plus Club because we now include metal enameling under the guidance of Joe Poliak. The first class meeting will be Friday, Jan. 24 at 9:30 a.m. in the Ceramic Room. Thursday, Jan. 30, will be a special demonstration of the use of the Potter's Wheel. Because of space limitations, early sign-ups for both events are suggested. See the Bulletin Board in the Ceramic Room.

### COURTESY ALSO SAYS:

Walkers should not gather or socialize in the bike lanes. Not all cyclists are adept enough to maneuver around groups. Accidents to pedestrians and cyclists alike can result. With a little effort, plus two-way courtesy, you can prevent accidents and enjoy walking and cycling in safety.

### LADIES WHO ENJOY HANDWORK

Come visit Needlers, an informal group of women who meet each Friday, 9:30 to 12 noon in the W.C.R. Come for help, instruction, or inspiration. Please join us.

Annual Dues are due: \$2.50 for the year. Those using lockers have an additional \$5.00 due, for the year. Bring it to the next meeting, Thursday, Feb. 27, at 10:00 a.m. in the Lanai Room.

## Easy Assembly Required

By Tennyson Maybee,  
V. 51

"Easy assembly required"  
Makes you want to go out and buy.  
But what does it actually mean?  
It's really a big fat lie.

You read the instructions, if any.  
They may be in Chinese or Thai  
Or maybe there's only a picture  
With labels and points "F" through "Y".

A package of screws is included  
But the number is never just right,  
Or one screw falls behind something,  
And you search for the rest of the night!

You're making a boat or a hat-rack,  
But the poles and the holes are too tight.  
You'll find there is one piece left over  
Or one piece is shorter in height.

There's really no easy solution —  
It's not like the picture at all!  
So bundle it back in the package —  
And let the Goodwill make a call!

## LETTERS . . . . . From Pg 7

"The world is my country, all mankind are my brethren, and to do good is my religion."

The man was a pharmacist. He loved to play baseball as a youth. He writes poetry. He likes to cook. He loves people. He is very giving of himself and quite charitable.

The man I am describing has seen much of life. Now his eyesight has dimmed somewhat but that does not deter him from finding someone who needs help - and help them he does.

One can see him in the market place buying food to prepare for someone who is too sick to do it for himself. No one finds it necessary to ask for his assistance, he is there!

Jack Back is slight of build, about five-foot-seven inches tall, but don't let his size fool you. If, as Henry Ward Beecher wrote, "Every charitable act is a stepping stone toward heaven", is true, then for sure this Jack will surely find his way to heaven.

Jack Back, we who live in Leisure Village appreciate you and we wish you and yours the very best for the New Year!

Oscar Shepard, V. 19

We love them,  
but... !

We love your letters. In the beginning of ILV one of the reasons the editors believed that Villagers needed a newspaper, was to have a place where they could communicate with each other. This has been realized in that you are contributing ideas, appreciations and criticisms. But lately, some of these have become embarrassingly long, so long, that due to our space limitations we may have to begin cutting them. We do not wish to do this, so will you please help by editing and reducing your own letter to the absolute minimum **before** you submit it? — The Editors

## MISSION OAKS CHIROPRACTIC WHAT IS OSTEOPOROSIS??

Of the many metabolic causes of low back pain, the most common is Osteoporosis.

This condition can best be defined as a decrease in bone mass per unit volume of bone. Simply put, the bone becomes thinner and less dense. Since the Vertebral bodies in the spine are made up mostly of Cancellous bone and have a rich blood supply, they often are the first bones to reflect Osteoporotic changes.

The primary metabolic disorders that cause Osteoporosis can be divided into three major categories.

1. Inadequate intake of proteins (eg. poor eating habits, starvation, or fad diets.)
2. Hormonal changes (eg. Menopause)
3. Vascular abnormalities (eg. resulting from disease of a body part, or inflammation.)

The effects of Osteoporosis can be lessened in several different ways.

1. Eating properly; good balanced diet.
2. Supplementing the diet with Calcium and Vitamin D.
3. Regular exercise is vital to good healthy bones. Walking is one of the best.

We here at Mission Oaks Chiropractic, counsel patients with many different muscle and bone disorders.

## Decisions, Decisions, Decisions!

"Money Market  
Mutual Funds or  
Bank CDs?" \

/ "No ... interest rates  
too low ... MMMFs  
not insured."

"Five or 10 year  
Treasury Notes or  
Municipal  
Bonds?" \

/ "No ... not enough  
liquidity; need  
too much cash."

"Stocks ... or maybe  
Real Estate Investment  
Groups?" \

/ "No ... too iffy; not  
enough control."

"NewAmerica Savings?" "Yes! Great interest ... a wide  
choice of terms ... FSLIC insured ... lots of free  
services ... everything!"

**NewAmerica Savings. A very wise investment choice.**
