Future of Camarillo topic of Feb. 28 talk

By Jack Whalen

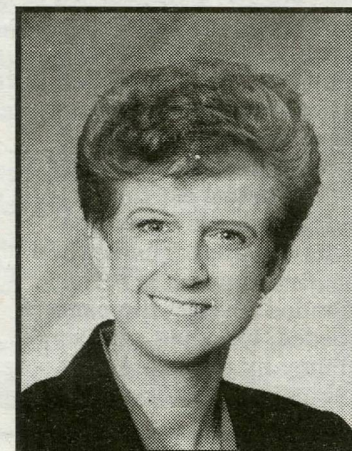

LV's Current Issues Forum is starting off the year with a program that should be of great interest to many Villagers.

Camarillo Mayor Charlotte Craven, Vice Mayor Don Wauch, and two other city officials will be here in the Assembly Room on Friday, Feb. 28, discussing the direction the city of Camarillo will take in the year 2003.

City Manager Jerry Bankston and Bob Burrow, Director of Community Development, complete the group, which will have much to say as Villagers are certain to ask many questions following our guests' presentations.

The city may well lose nearly \$1 million in state funds if a proposal made recently by Gov. Gray Davis is enacted. Davis proposes to eliminate payments that have been made to cities to compensate for past reductions in vehicle license fees, one of the city's main funding sources. Camarillo receives around \$4 million, nearly 10 percent of the city's general fund.

According to City Manager Bankston, the proposed 2003 cuts will not

present a crisis for city projects or services. Because of careful planning since the recession of the early 1990s, Bankston said, the city has allocated its funds so as not to start projects, or hire staff, until the money is received.

The city is pushing plans for a library that will quadruple the size of the current one, with dozens of outstanding attractions.

With the knowledge that traffic accidents increased by 18 percent last year, stricter enforcement and

As I recall, Homeowners were told by the Board that new insurance coverages would be negotiated as soon as the CC&R Insurance

Amendment passed and that our premiums would be reduced immediately. Many Homeowners relied on that promise and therefore voted yes to the amendment.

Now a Board member tells us that even with the increase in our insurance rates, our cost has only been increased a total of 15 percent. The Social Security Cost of Living was increased by 1.4 percent, which leaves us 13.6 percent short, and we don't yet know how much our association dues will increase for this year?

Yet in our approved budget, a new patrol car with all the trimmings (siren, red light bar, radios, scanner, etc., etc.) is included. We now have four patrol cars already in service. In fact, they can't get out of each other's way when they are patrolling now (about 1.5 square miles in area).

The patrol car that is being replaced is nearing 100,000 miles. That's when the first tune-up is recommended. Even if the car was needed, we could save some money by removing the equipment and placing it on

the new car (it fits, and we used to do it all the time). Why not save the Homeowners some money rather than burden them further?

Somebody seems to have forgotten that Leisure Village is not a for-profit corporation and that Homeowners on fixed incomes pay the bills.

— William "Don" White, V. 1

Golfers of Leisure Village: Unite and bring back the yellow checkered flags Carl Waite provided for our golf course. Our 8:30 Saturday, Sunday and Wednesday foursomes know it is easier to see yellow than the limp white flags.

Please do not listen to negative criticisms. Be positive! Yellow checkered flags on all 18 holes!

— Fran Mead, V. 41

The Players Guild (nee Variety Guild) was established in Leisure Village in 1979. With about 50 members at the start, I started the first Workshop. I have continued to do this over the years, from time to time. I presented my last one on Jan. 16. I enjoy working with people who never acted, sung, etc., in their lives. It's a joy to

watch them, as they have fun, getting a taste of theatre.

The term "Workshop" is what the word implies. It is not a production like the musicals and plays done here over the years, thanks to Joan Johnson and Jackie Solway. The "Workshops" are the force of future participants for the productions we've done. For the monthly meetings, I usually rehearse these newcomers in their home or mine, and then we have one big rehearsal on stage with sound and lights, and sometimes with costumes and makeup.

The point I am coming to is this: Why is it so necessary for people to become critics after our one performance? I get phone calls that are very hurtful to the performers. Don't they know that it is hard work for a newcomer? What about the person who directs the "Workshop"? It is hard work, although very enjoyable for us, and then we are called with, "You should have...", "You made a bad judgment...", "She doesn't do well..."

Last year, after much work by our wonderful Bob Vanderhaven in creating a "Workshop" on the video screen using some scenes from our past shows, with my help, I was told by one member, "That's the mistake you made. You should have done what I saw on television, blah, blah, blah..." The audience was

thrilled to see clips and scenes from our past musicals. No one left, and the applause told me that they were pleased.

This last week, one caller told me, "Well, it's only a workshop after all — a good job." It's not a job. It's my way of giving pleasure to the audience and helping newcomers and others to do their thing.

Don't forget: We have many new people this year who have offered to direct a "Workshop." Are they in for some of your embellishment? To the critics: Do not elevate yourselves by tearing us down. These comments are as welcome as a little black critter with a white stripe down its back. The Players Guild is a very successful organization, and I am proud to be a contributing member along with the rest of us happy campers. So, on stage everybody!

— Miriam Hasen, V. 15

Shortly after our Leisure Village original construction began, the U.S. Health Department prohibited the use of asbestos in building materials. Because our original construction was spread over the early 1970s and the middle 1980s, we have asbestos in some of our buildings and probably little or none in other buildings.

We know that we had a lot of asbestos in the ceilings of our Recreation Center, but we have had it removed. I hope we removed all of it, because when asbestos gets into a person's lungs, it causes lesions which lead to asbestosis. I don't need to remind you where asbestosis leads to.

I know of only one Homeowner who attended to the removal of asbestos in his dwelling unit. He had all his ductwork replaced with asbestos-free ductwork. It is time for me and for you to have a qualified person check our ductwork and, if asbestos is present, it needs to be removed.

I recently located a contractor who does asbestos abatement work. I know he

is trustworthy, and I will use him to check my dwelling unit ductwork.

Think of it this way: If there is asbestos within the walls of the ductwork, then each time we use the heater or the cooler, asbestos fibers are blown into our living quarters and we inhale those fibers into our lungs. There is something we can do about that, and we should for our health's sake.

— Dan Davis, V. 33

Many of us have fallen victim to the unwanted telephone calls at odd hours from telemarketers, as well as myriad requests for contributions of money to organizations, many of which we have never heard of. Some time ago, when I realized what was going on, I began listing them as they came in. At present, I am on the mailing lists of 82 such organizations, trying desperately to get off them.

Recently, I learned of the Fair Credit Reporting Act that has given rise to the Credit Reporting Industry Prescreening Opt Out. Their toll-free number is 1-888-567-8688. By following a simple menu on their response, they will get you out of the clutches of the four credit reporting companies — Experian, Equifax, Enova and Trans Union — for two years. For a longer period you will need to contact each of the companies directly. This, at least, is a beginning.

— Ed Olson, V. 33

To Sandy Okum: Rest assured that you have loads of friends in the Village who are aware of your selfless contributions to the Village that have extended over many years. The people who try to discredit you and your "Letters" section of Inside Leisure Village would do well to follow ILV's policy of publishing comments verbatim rather than censoring or altering them as they do for the Village Voice. Thank you for your integrity and for taking the time to pub-

CAMARILLO: It's a forum topic

Continued from 1

awareness programs are moving forward.

With a new upcoming round of base realignments and closures, our city will become involved in helping our Naval bases and their 60-plus tenant activities from being negatively impacted.

The City Council must address the need for additional low-income housing, as well as finding a larger site for the Pleasant Valley Historical Society Museum.

Certainly, there are other subjects that will be covered, among them, the university. How are housing and traffic being solved?

Mayor Craven, a frequent

visitor to Leisure Village, has been a Camarillo City Council member for 17 years. This is the fourth time she is mayor.

Don Waunch was first elected to the City Council in November 2000 and is currently vice mayor.

Jerry Bankston has been city manager since 1989. He returned to the city after a 13-year break, having previously worked as assistant to the city manager.

Bob Burrow has worked for the city for 25 years and assumed his current title a year and a half ago.

Current Issues Forum member Marilyn Holthouse will moderate this program, which starts at 7:30 p.m.

CLASSES

By Naomi Balfour

55 Alive: Registration is open now for the March class on safe driving, to be held on March 20 and 21 from 1 to 5 p.m. in the MPR. All licensed drivers in Leisure Village are eligible, but you must be pre-registered and pre-paid. The cost is \$10 per person.

Taking the class entitles you to a discount on auto insurance for three years, or you may want to take it over if three years has elapsed since you last took it. The course is also helpful if you need to take the test for driver's license renewal.

To register and pay, call Naomi Balfour at 987-9851.

lish a newspaper that reflects Homeowners' views accurately.

You have distinguished yourself as a most useful and desirable Villager, and other than a few who cannot take the heat, you are loved and respected by most.

— Donna Duke, V. 7

Leisure Village is my home now, and being a second-generation Leisure Villager, I am proud of the choice that my parents made of where to live. Wanting to see how things work, I have become active in the volunteer committees. To further educate myself, I read the "Letters" in Inside Leisure Village, except now something is wrong: The same people appear each month with fundamentally the same thing to say. What they say is not constructive. It's boring, repetitive and not in the least informative, and it's old news. Their letters appear so fast that they must start writing new letters as soon as the old ones are mailed. Maybe the "Letters" should be titled, "Local Gripe Section."

One of the main targets for these writers is Carol Sweeney Zimmet, who became President of the

Board of Directors of Leisure Village in a majority vote. I doubt many of us would like that honor. Yet she manages to treat everyone with respect — something that is not always shown her. As you see, I admire her and the way she keeps her cool and demonstrates professionalism — something which the "Local Gripe Section" writers lack.

To the Coordinator, Sandy Okum: Give us a break from the repetitive gripes of the same minor

bunch of unhappy writers. Show us your impartiality — it's just not coming through right now. And please, Sandy, no more quips about letters appreciating this Village. Your sarcasm doesn't become you, as there is much good to be said about living here. Let's remember this is a wonderful place and not a refuge for unhappy people.

My two new knees and I want to thank all the darling people of Leisure Village for the outpouring of concern. I must especially thank all of my friends from the morning exercise class, the Water Aerobics class, the Racquet Club and the Players Guild. Your cards and goodies have done so much for my well-being and my waistline. I hope to be well enough soon and able to get in touch with all of you. How lucky we are to be living in this community of delightful and caring people. Si joins in thanking you all.

Curtis "Skiz" Montgomery, Jr., a fifth-generation Californian, died Jan. 16 at home in Leisure Village.

He was born Nov. 27, 1921, to Doris Peoples

Montgomery and Curtis Hall Montgomery, Sr., of Pasadena. he grew up in Bakersfield, attending Midland School. During World War II, he was a 1st Lieutenant in the Air Force. He traveled to Colorado, Florida, New Mexico and Bari, Italy, before his discharge from the Reserve in 1955. He received his Bachelor's degree from Loyola University (now Loyola-Marymount) in Westchester, then his LLB from USC Law School. He married Isabel Darbyshire in 1947.

While living in Westchester and Playa del Rey, he completed 36 years with Ohio Casualty Insurance Company before retiring. He and his wife then lived in Vista for 10 years and in Murphys for 10 more, enjoying tennis, golf and bridge. The couple moved to Leisure Village just over a year ago.

Skiz is survived by his wife, Isabel Montgomery of

Leisure Village, his four children, Michael Montgomery of Culver City, Craig Montgomery of Westlake Village, Kristen Montgomery of Santa Rosa, and Jon Montgomery of Minneapolis, Minn.; and eight grandchildren and two great-grandchildren.

He requested no services. The family has arranged for a private cremation and disposal of ashes.

Thank you for your supporting words and contributions in the name of our son, David Alan. David was the noblest of God's creatures, but because of his long battle against the virulent cancer, and God's loneliness for the so few pure spirits remaining on this earth, David left us on January 2. His battle was over, and ours has just begun. Thank you once again.

We want to thank all of our many wonderful friends, neighbors, and charitable organizations for their many cards, calls, gifts, good wishes, and donations made during my wife, Edith's, continued recovery from her heart attack and illness. We appreciate your kindness so very much.

We are so lucky to have Security Officer David Jurado on our staff. I fell off my bed after midnight last month, and I called Security. Officer Jurado responded immediately. He came to my house and alone lifted me off the floor and sat me down in a chair. He was so kind and compassionate that he made me feel better. Thank you, Officer Jurado, for a job well done, and thank you, Leisure Village, for having someone like Officer Jurado on our staff.

Why we love living in LV

More "Why I Love Living in Leisure Village" letters will run next month:

As the year comes to a close, I think about all the things for which I am grateful. Living here at Leisure Village is at the top of my list! Although I have only been here a year and a half, I must say that every day, whether I am walking my dog at 11 at night (unafraid) or doing my laps in the pool, I am so thankful to be living here. I feel like I'm living in a country club! When I look out of my windows and see the beautiful landscape (without block walls), I again appreciate being here. I have found the Villagers friendly and helpful. "It takes a Village" can apply to we seniors, as well as to the children Hilary Clinton wrote about. I thank God every day for guiding me here, as I am sure many other seniors do as well.

BEST KEPT SECRET
IN VENTURA COUNTY

Dr. Henri Boshoff was a civil engineer for 20 years overseas. Due to a chiropractor helping him there with back problems, he became convinced that chiropractic health care was the answer for health problems in the future. He also took his wife, Noeline, to this chiropractor for sport injuries, migraines and dizziness, as well as his children when they had ear infections, colds, flu, cystitis or digestive upsets, all with excellent results.

He decided to attend Los Angeles College of Chiropractic in Glendale from 1976 where he graduated magna cum laude with a Doctor of Chiropractic degree. He worked in Ventura and Camarillo before he started his practice at its present location at Dos Caminos Plaza in 1981 with the help of his wife, Noeline.

Noeline was a former college counselor and research officer for educational and psychological research and is part of the office staff.

Dr. Henri Boshoff is also the Charter President of the Noontime Optimist Club of Camarillo.

In 1992, Dr. Henri was joined in the practice by his son, Dr. Nick Boshoff, a summa cum laude graduate and class valedictorian from Cleveland Chiropractic College. Dr. Nick attended Camarillo High School where he was a member of the Varsity Swimming and Tennis teams and also received several awards for outstanding academic achievements.

Dr. Nick soon realized that chiropractic treatments helped him perform better all around in sports, academics and daily life and that chiropractic can benefit everyone. Therefore, he made chiropractic treatments available to everyone by starting an old-fashioned, no-nonsense cash practice to help many in the community who have no health insurance. Dr. Nick also does sport physicals for students at reduced fees. He sees patients from

the cradle to 90 years old.

Just recently, Dr. Najore Boshoff joined the practice established by her father close to the Pleasant Valley Hospital. Some may remember her as a scholarship athlete and captain of both ACHS and the University of Hawaii women's varsity swim teams. She was a CIF and Junior Olympic swimming title holder in her specialties. She was also a spokes person for the university athletes in Anti-drug campaigns. She double majored with honors in Biology and Psychology at the University of Hawaii. After graduation she continued her studies at Los Angeles College of Chiropractic where she graduated with honors. She also served as President of the National Chiropractic Sports Injury Council for students.

Drs. Henri, Nick and Najore Boshoff love treating patients and athletes of ALL ages and working with children. As athletes themselves, they know how important it is to treat injuries as soon as they happen and how chiropractic can help keep you in top form.

They also treat a number of expecting mothers and say it is very important to check both mother and baby after the birthing process for prevention of future problems. The birthing process is a traumatic experience for both.

Common problems are chronic ear infections and colic for the baby and low back pain for the mother. These conditions have been proven to respond successfully to chiropractic treatment. Many mothers do not realize that when their babies cry a lot it can be due to misalignment of the spine. All three doctors use *gentle, non-force, and effective chiropractic techniques including the Activator* which makes the adjustment comfortable for all age groups. They also use the Cox Flexion-

Distraction technique.

They keep up to date with the most recent research and developments for treatment. They use the latest technology which facilitates the treating of injuries by accelerating the healing of all types of injuries. This results in a rapid relief of pain.

Homeopathic remedies and nutritional supplements are also an integral part of the practice stressing the importance of a healthy body without using drugs that may cause side effects.

The doctors also do nutritional counseling, their recommendations based on objective clinical tests to determine a person's unique requirements, including possible food allergies.

Fenella Boshoff (also known as Fiki) is the youngest daughter. She received her B.S. degree (pre-medicine) with honors at U.C. Santa Barbara. Some may recall that she won several scholarship pageants, Miss Ventura County Fair and was first runner up for Miss California. Fenella helps on a part time basis. She also works as a forensic scientist at the Ventura County Sheriff Dept.

Accepting most insurance plans or special cash plans, the Boshoff Camarillo Family Practice is well known in the community. They believe in the ethical principles of hard work, honesty and dedication.

The Boshoff Camarillo Clinic is where people go for friendly and effective service since 1981. They count many well known people from Santa Barbara and Camarillo among their patients. They offer personalized care where the doctors listen, are sympathetic and interested in each individual and get to the cause of your pain or discomfort, treating it without drugs or surgery.

Women's Club

By Ethel Beyer

The Leisure Village Womens Club meets the first Thursday of each month in the Assembly Room at 1:30 p.m. After a short business meeting, there is always a variety of programs.

On March 6, there will be a presentation by The Melodears, a novelty group of seniors, who will sing and offer diverse instrumental and vocal numbers. Kae Herron is the director and arranger and was formerly with "a big band" as a vocalist. The Melodears have been performing in Ventura County for more than 20 years. The program will be followed with refreshments, which are always a special treat.

On Feb. 6, our first meeting of 2003, there was a presentation by Vivian Florian, who is a renowned piano virtuosa.

Dues are \$5 per year, \$4 for men. What a bargain!

By Miriam Hasen

The Leisure Village Chorale, under the direction of Marcine Jardine, and accompaniment by Dorothy Weiss, was an instant hit, as always. After a short recess, we will start rehearsal for our Spring Concert, with the music you love to hear.

If you just can't stand being a bystander, then join us. Watch Channel 8 for dates of our first rehearsals.

L.V. Mens Golf Association

By Mannie Abbate

We will be playing regulation golf at Mountain View on Feb. 20 and at Cam Springs on March 12. The information about time, place and price can be seen on Channel 8 and on the Bulletin Board at the LV Golf Course.

There will be a mixed tournament hosted by the Men's Club on Sunday, Feb. 23. This is a good opportunity to socialize with the ladies in the Women's Club and to play in a tournament with your significant other. In January we had the Chili Bowl.

The Nominating Committee will submit their recommendations for the next board at the March 11 monthly meeting. If you are interested in serving on the board or want to suggest a candidate, contact Ernie

Ohmstedt, Ted Rose or Mannie Abbate. Before you make a recommendation make sure the nominee agrees to serve if elected.

President Don Hamilton has promised to make the March meeting something special. It has become traditional in our Village that something "extra," (meaning "free"), gets the folks out to the meeting, so let's follow "tradition."

April 8 will be Election Day. This is the day we will select the leadership of our club for the 2003-2004 year. We hope the new board will continue the effort to convince the golfing Villagers who do not belong to the club to join. Try to bring a potential member to our monthly meetings.

About ILV's classified ads

ILV will accept ads from LV residents for properties which they own personally, or ads of a non-commercial nature which offer jobs or services to Villagers. Use a full-sized sheet of paper and place in the ILV box, which is next to the Sewing Room door. Include \$4.00 for up to 4 lines. Add \$1.00 for each additional line. An average line is 24 spaces. There is no charge for items or services offered free of charge. Full name and a valid current address and telephone number of the advertiser must be included with each ad, but need not appear in the ad. Deadline is Monday, March 3, for the March issue. ILV does not investigate the ads and makes no endorsement of them.
