IronPort Spam Filter in place

The Information Technology Department reports that the IronPort Spam Filter has been implemented. Once every 24 hours, IronPort delivers an automatic email to each user's mailbox containing a link to a web page with a list of the email IronPort believes to be spam. The IronPort web page allows users full control over how email is handled. If you want to "opt out" of the spam filter, contact the Help Desk at ext. 8552, and the IronPort administrator will put your account on the "do not filter" list.

For more information about this new service, contact the Help Desk, ext. 8552 or helpdesk@csuci.edu.
