Board Names New Officers, Plans For Town Hall Meeting

By Lois Atz

After the election in late June, the three new Board members and the two continuing members met to organize. Their main business was to elect officers for the year, using secret ballots.

Chosen were Max Heller, Board president; Marilyn Holthouse, v.p.; Ethel Ann Pemberton, sec.; Mike Shapiro, treas.; and Caroline Pratt second v.p., with duties to include health and welfare.

One of Pratt's first jobs will be to research all issues in preparation for a Town Hall meeting. At issue is whether or not the Village should become self-insured for earthquake damage. If homeowners want this option, the CC&Rs must be amended to permit it. The Village currently has paid for earthquake coverage until next June.

Watch Channel 8 for the date of the coming Town Hall meeting. Association announcements should appear between pages 14-24 on the Max run on Channel 8.

55 Alive Classes

By Naomi Balfour

A representative of the AARP will be in the Village to present a 2-day class in the MPR on August 19 and 20 for the benefit of residents who are licensed drivers.

The instruction is to help villagers to continue safe driving and to qualify for a deduction in

auto insurance, according to California law. The cost for the class is \$8.00 a person.

Since the number in each class is limited to 30, drivers must pre-register and prepay. For information and registration call Zo Simmons 484-5205 or Naomi Balfour 987-9851.

Attention Village Drivers

An old Texas farmer climbed into his pick-up truck and went to town to buy groceries.

There was a stop sign at the main highway, but he just slowed down, looked both ways, then took off like a shot. Unfortunately for him, one day the sher-

iff saw him and pulled him over.

"Sir," said the sheriff, "that is a full-stop sign."

"Son," said the farmer, "I've been doing this for 20 years and have yet to have an accident. There's not a bit of difference between 'stop' and 'slow down.'"

"Well, sir," said the sheriff, "I'm going to show you the difference."

He pulled out his night stick and began beating the poor farmer on both shoulders.

"Now, sir," said the sheriff, "do you want me to **Stop or Slow Down?**"

• OPINION •

Three Women On The New Board!

Well, the Board election is over, and the new Board officers are at work on Village business. Are you satisfied with the this new board? Ecstatic? Or unhappy? Whatever your reactions, this is how most democratic elections turn out. There were subjective opinions about the candidates; some good, some not so good, which evens out as moderate. That, of course, is democracy in action.

The three vacancies on the Board of five were duly filled, and selected their own officers using a secret ballot this year. There are three women and two men on the Board now. That is unusual, for the Village never has had this many women on the Board at one time before.

Some homeowners wanted the women to have a majority on the Board. This would put them "in control" of the voting decisions. They complained about the "old boys group" they felt had control last year. Well they have three women on the Board now, but often these three do not chose to vote as a bloc. Some new Board members ran as independents, and may choose to vote that way — independently. There are no majority blocs on **this** Board, male or female!

Who decided that gender should be a political party?

To get anything done, this Board will have to learn give and take, cooperate, and to be flexible. Win some, lose some. Hurrah for independence and democracy!

To Club Reporters

For this issue, the Directory of all the clubs and groups of the Village are grouped in the center pages. Did you realize you are offered this much variety of activities? You may pick and choose to join in as you wish.

Some dance, music, and hobby groups meet each week routinely — no news. Some bring in outside speakers that's news. Others are electing new officers — that's news. Some are dark for the summer — no news.

Much work went into setting up an ILV Club Directory. Please check the listing of your group and let us know about changes. Put the change **in writing** and mark it **Attn: Madelyn McKean**, and place in the ILV mailbox in the Rec Center east hall, just outside the Sewing Room. Thank you.

ILV's content is also independent of the Camarillo Star, Ventura County Star, Scripps Howard and The E. W. Scripps Company. Letters

ILV has obligated itself to publish letters to the editors that are not profane, inflammatory, or libelous. Views or statements expressed are the beliefs of the writer and are not necessarily supported by the staff of ILV. Letters must include signature, address, and telephone number. Please limit letters to 250 words. We reserve the right to edit and/or condense. Place in ILV box or give to Coordinator of the month, as listed on page 2.

Election Reform

Most people in the village will agree we need rules for elections in the future. Here are some suggestions:

1. All candidates nominated and petitioned should be put in Inside Leisure Village and Channel 8 at the same time with equal wording.

2. The B of D should not appoint nominating committee. **NO** B of D member should be involved with the nominating committee they should be totally independent of B of D.

3. B of D will not use Village Voice for political comments or opinions.

4. There should be **NO** signs permitted in windows.

5. Microphones and PA systems be checked BEFORE candidate night. A spokesman and an alternate should be chosen. Manager and lawyer should not be included in any phase of the elections. Election committee should

RESIDENTS' OPINIONS

run candidates night-no B of D should be involved.

6. **NO** political comments concerning election by B of D from the podium.

7. All candidates should be told, if they are elected they are to "serve the people's will" **NOT** their own.

8. B of D seeking re-election should abstain from voting on any items concerning election.

This is only a few suggestions. We will welcome any suggestions concerning election reform. We realize it will probably take a special election to install these rules. Possibly we could use the same election, as we will have for the earthquake insurance. We believe that new election rules would bring about a fair election.

Secrets

Should there be secrets in Leisure Village? **NO!** Business of the Village should be open to **ALL** residents, not just a small group of insiders. A Board of Directors can not run our Village with an agenda and a small group of their friends. Also a lawyer that is paid by the residents and is overused. This type of bureaucracy should not be tolerated. B of D should be serving the will of the people that elected them and not their own. All jobs should be listed with job qualifications and salary

grades. Companies have been doing this for many years.

In executive meetings it is understood that certain issues have to be private but only a few. Most issues discussed in executive meetings should be discussed in a resident attended meeting. A qualified committee should be formed to make a list of private subjects to be discussed in executive meetings. Again, if there are laws to prevent this, we should use the village lawyer to get a ruling. Let's start having the lawyer's work for the residents that are paying them.

If secrecy were removed maybe we would not have as many law suits. As long as there are secrets, residents will think something is being hidden, and rightly so! This is only a small list, other residents are welcome to add any suggestions they have concerning secrecy. Maybe we should get a petition and get the opinion from the residents.

Matter Of Fact

For sometime now I've heard references to Leisure Village homeowners as shareholders. I've always taken these remarks in jest as LV is a planned development incorporated as a California Non-Profit Mutual Benefit Corporation. However, it appears that over time some people have taken these remarks seriously. In reality we are not shareholders. There are no shares as there are in a stock cooperative common interest development.

Contrary to information I've read in material distributed in the Village, we do not

LIBRARY COMMITTEE

By Marilyn Holthouse
LIBRARY FACTS YOU MAY NOT KNOW -

Do you know that the minutes for Open and Working Leisure Village Board Meetings are available for reading in the Library?

The immediate past meeting minutes are in a glass locked cabinet on the east wall of the reading room. Why are they in a locked cabinet? Because they disappeared when they were not put behind glass. Previous Board min-

have undivided fractional interests in any of the common area as we would have if this was a condominium project, or if the CC&R's had provided otherwise. All of the common area was deeded to the homeowners association and we are by virtue of the Articles of Incorporation and the CC&R's members of the Association. To confirm this fact, take a look at your grant deed and your title report. It will show that

utes and other governing manuals are also available on top of the cabinet.

It is the current LV Board's plan to also make available agendas for the next Open or Working Meeting before the day of the meeting. Study the agendas and be ready to address the items of interest

you were deeded a lot in one of the recorded subdivision maps of the Village and nothing else. That is your legal vested interest.

The CC&R's does confer other rights to each homeowner by way of definitions and an exclusive use easement appurtenant to each lot. However, that should be the subject of another "Matter of Fact".

Profile: Jerry and Doris Hoffman

By Jack Whalen

Can you believe, as you read this, they have been here barely two months? And they do have a story to tell since they formerly lived in both Leisure Worlds south of here.

Let's start at the beginning as we introduce Jerry and Doris Hoffman of Village 15.

Jerry came to California while quite young. He lost his dad at an early age and his mother, with 3 other boys and 3 girls, came West and made the very best of it, no small feat.

Doris was born in Pasadena, a native Californian. Following schooling, with World War II on hand, she found employment at Merced Army Air Base in Northern California.

Jerry, a military man at the Base, worked in the control tower.

They met on base and later were married.

At war's end, he secured employment with Pacific Telephone at their headquarters in San Francisco. His skill and aptitude in engineering prompted Pac Tel to sponsor his taking extension courses at UCLA and later post graduate work at Iowa State in Ames, Iowa. His career in engineering took him to many locations in Southern California and he was project engineer installing TV both at Dodger Stadium and the Dorothy Chandler Pavillion. He retired as a staff manager of engineering.

Doris' mother was a resident of Leisure World in Seal Beach, and to be near her they moved there. They report that this complex was similar to Army barracks. It was also a co-op, with very strict and enforced rules. Jerry played a role in the financial running of the development but when Doris' mother moved to a rest home, they moved to Leisure World, Laguna Hills.

Here Jerry could play golf on a regulation course

but this was not paradise. The terrain was hilly, they were 5 miles from the ocean, weather was quite warm and the crowning blow was when residents

voted to make it a city.

"I don't know what the residents were thinking," he reports. "Some thought all their troubles would be over, but 75-year-old seniors cannot run a city."

They had only heard of Leisure Village a year ago, visited here and made the decision. Says Doris, "We should have moved here 10 years ago."

The Hoffman's have three children, a son in Encino, a daughter in Santa Clarita and another daughter in Lodi. They also

Village Celebrates July 4 With Picnic

By Maxine Chapman

America's Independence Day was celebrated on July 4th by villagers enjoying an "indoor picnic" of hot dogs, beans and birthday cake in the A.R. Recreation Manager Susan Rockwell, the Recreation Center staff and Village volunteers combined to produce a meaningful and pleasant event.

Milt Mankoff as MC introduced the Rhythmettes in the Opening Ceremonies, as being part of the July 4th event for 24 years, in the Village. Other entertainment groups included the Village Swingers, Recreation Center Staff, Happy Hoofers, Sing-A-Longers, Village Cloggers and Line Dancers.

Volunteers serving to make this event possible were Gudi Amerikaner, Phil and Sylvia Belsky, Marge Bonderman, Nick and Lucy Fiore, Sylvia Gentsil, Leon and Lucille Goldin, Shirley Heller, Don and Garnette Holmes, Andre and Linda Jasik, Art Kaufman, Lori Kaye, Lillian Mankoff, George and Jerrie Nolte, Norm and Gloria Page,

boast of four grandchildren. What are their plans here? You can say they are ready and willing. Doris will work for our paper, *Inside Leisure Village*, will be a library volunteer soon, is a quilter and has already joined several bridge groups.

Jerry has his sights on working with both the Purchase Research and Finance as well as "hitting the ball" on the Village course.

Welcome, Jerry and Doris, you are certain to be valuable assets in the Village!

Leisure Village Memory Project Coming

By Lillian Hawthorne

There is still time and room to take part in a research project being conducted here in Leisure Village by the Andrus Gerontology Center of USC during the month of August. This is a special study of the possible effects of mood on memory in older people, and will help contribute to greater understanding of the aging process.

Participants will meet in small groups led by university faculty members and graduate students. They will view selected visual material and read selected written material, and will fill out questionnaires about

their mood and memory reactions. The group meetings will take approximately 90 minutes, and the only requirements for participation are to have corrected vision and hearing by wearing glasses and hearing aids. A minimum of 60 participants is necessary to provide sufficient information for valid conclusions.

Ten group meetings have been scheduled on Tuesday and Thursday mornings and afternoons during the month of August. Participants may enroll in whichever session is most convenient. All of them will be conducted by university personnel and will follow the same procedures.

The following is the schedule: Tuesday, August 3 at 10:00 a.m., and 1:00 p.m.; Thursday, August 5 at 10:00 a.m. and 1:00 p.m.; Tuesday, August 10 at 10:00 a.m. and 1:00 p.m.; Thursday, August 12 at 10:00 a.m. and 1:00 p.m.; and Tuesday, August 17 at 10:00 a.m. and 1:00 p.m.. The first two sessions will be held in the Lanai Room, and all the others will be held in the Village Room in the Annex.

Those who are interested in participating in one of these sessions, or would like more information, please call Lillian Hawthorne, representative of the Education/Recreation Committee, at 987-6790.

Committee Named To Recruit Candidates

By Lois Atz

The new LVA Nominating Committee was appointed by the retiring Board of Directors and announced at the June Annual Meeting.

Max Heller will be Board liaison and chairman, with

the members being selected from the pool of committee chairmen. They are Bill Himstreet, Mannie Abbate, Ernie Ohmstedt, Don Hamilton, Gloria Page, and Vern Kiep.

The Nomination Committee probably will organize and start its work of recruiting in December or January.

Notes From The July Open Board Meeting

During Homeowners' Comments, several residents Comments about the abundance of squirrels and rabbits in the Village this year. They objected to "those rodents running around all over." They wanted the animals exterminated from the Village. Several others got into the discussion in favor of the furry animals. Pres. Max Heller ruled that the Board's decision to allow the wild creatures to coexist in the Village would stand. These animals are a natural asset and the board does not wish to disturb them.

General Manager Randy Watkins reported that 65 trees have been planted and the Village is planning

for another 80 to complete phase 1. The schedules for lawn mowing and watering were changed to be more efficient.

He reported that recently there has been a rash of rude and threatening

phone calls with the use of obscene language, by residents to the staff in the Administration office. He requested that these irate residents ask for him rather than abusing the employees.

And eye can put the error rite
Its rarely, rarely grate

I've run this poem threw it
I'm shore your pleased two no
Is letter perfect in it's weigh
My chequer tolled me sew.

The Rhythmette Club members were very happy to entertain at the 4th of July Celebration. The medley of patriotic songs, "A Salute to the Armed Forces" and the song "Grand Old Flag" were performed by the group under the direction of Piff DeSimone and accompanist Lily Baker, pianist.

The members are now on a summer hiatus until September 14.

A special meeting is set for August 10 when definite plans will be made for the annual summer picnic to be held on August 20. Food and entertainment with music, songs, and dancing will be provided. Members and guests are invited.

The Village Painters

By Ruth W. Miller

The July meeting of the Village Painters was held in the picnic area. Jo Blakeley and Maureen Stem planned and facilitated the event which included good food, liquid refreshments and fun and games.

The meeting, on Wednesday, August 4, at 1 p.m. in the MPR will feature the annual sale of Art Materials. This sale will benefit the Village Painter's philanthropies. Many items, both new and barely used, have been donated. Anyone who hopes to do, or continues to do art work will find a large supply of art materials from which to choose, and the prices are right! There will be really excellent buys in books, brushes, paints, drawing papers, etc. Everyone is welcome to come and browse and BUY!

Sally Brod will give a demonstration of decoupage work that she does. Don't forget the Art Class on Mondays at 1 p.m. in the Lanai room - it can open up a new world!

Welcome all Villagers to the world of ART!

SINGLE ACTIVE SENIORS

By Zelda Greentree

The Single Active Seniors have been overwhelmed by the response to their recent programs. It is wonderful to see so many of the single men and women spend Tuesday evenings playing games, listening to interesting talks, and participating in the "news and views." More wonderful programs are being planned for the rest of the summer.

One evening during the first week of August the

group will enjoy dinner and a play at the Marque Theatre. Additional trips and dinners out are on the agenda. For those and other activities, please phone Zelda, 389-9694.

Thanks to Al and Cindy Fox for their generous contribution to the new Social Room. Besides the regular Tuesday meetings, the group has been gathering there on Sunday evenings at 7 p.m. to just socialize and have fun. Everyone is invited to join the group each Sunday to meet new friends and have a laugh or two!

The Facts Concerning Showtyme

Let's set the record straight. The function of the talent committee has always been to present high quality professional entertainers, at an affordable price, to benefit all Villagers. Over the past year, Jerry Banchik and his talent crew have worked tirelessly, bringing in hit after hit. Each and every previous show has been a success and has paid for itself. Residents were highly appreciative at having the entertainment brought to them at reasonable prices, without having to travel outside the Village.

The shows have operated on a completely non-profit basis. **Nobody** in the club has benefited financially from the Showtyme project.

Typically, famous entertainers have contracts with cancellation privileges — a standard in the industry. The cancellation of Lainie Kazan created a problem for us. The talent committee was left scrambling for

a last minute replacement at a price we could afford.

The well-known comedian, Jack Carter, was available. In addition, we were lucky enough, on equally short notice, to get the "Sounds of Swing", a delightful group that had received a standing ovation at a previous Village function.

We had hoped the Villagers would understand our predicament and support the club's efforts on their behalf. A number of ticket holders objected to the replacement and angrily demanded the return of their money. The majority of ticket holders wanted the show to go on.

Although the Carter Show was to Cost 20% more, the club was willing to pay. Between the 100 to 150 people who wanted their money refunded plus the extra cost of the show, a severe loss would have been suffered. In addition, the person whose signature appears on the contract would be held personally liable for the loss incurred.

We had counted on the loyalty of the members. Surprisingly, in a number of cases, our pleas for, understanding fell on deaf ears.

For Showtyme to succeed, the support and co-operation of every member is needed, in good situations or bad.

Club reporters, please see Guide Lines to ILV Contributors, page 12 this issue. Topping the list of mistakes made are No. 15, then No. 13

Elderhostel Classes Available Locally

By Marcia Rhodes, Elderhostel

Elderhostel programs open a whole new world of learning and adventure by providing high-quality, affordable, educational programs for adults age 55 and older. Many Leisure Village residents have already attended a domestic or international Elderhostel program, but it is good to know that Elderhostel programs are offered in the local area.

Center for Studies of the Future, a non-profit organization based in Ventura, sponsors Elderhostel pro-

grams at 7 different sites in Southern California, with week long programs in Santa Barbara, Ojai, Ventura, Woodland Hills, Pasadena, Beverly Hills, Westwood and Costa Mesa. As a resident participant, tuition covers six nights accommodations in a hotel, all meals from Sunday dinner to Saturday breakfast, course instruction and field trips.

Local sites also allow commuters to attend programs. For a reduced rate, commuters can attend all the classes, join most of the field trips, enjoy two dinners and five lunches with the group and sleep at home at night

A sampling of the course offerings include basic computer training, internet training, the art and architecture of the Getty Center, museums of Los Angeles, Channel Islands, Native Americans, music, film studies, politics, local history and many more exciting topics.

Those with inquisitive minds, adventurous spirit and a belief that learning and discovery are life-long activities, are invited to join an Elderhostel program close by and enjoy the learning experience and the lively, social atmosphere that hostellers create.

For more information on program offerings and enrollment availability, please call Center for Studies of the Future 805-648-6342. To place one's name on the Elderhostel catalog mailing list, call toll-free 1-800-895-0727.

Attitude

By Larry Sawyer, V 16

The shadows lengthen as the years go by,
And buds of May will ripen and grow sere.
The darkling clouds may gray the blue-toned sky,
The seas turn turbulent and deep austere.

The winters stretch in length and chill the bone,
While spring may pour the cold unending rain,
And summer's heat may come to us full blown,
And fall foretell a drearier domain.

The step may slow and often falter now,
The eye may not perceive as once before.
The aging lines may deeply etch the brow,
And tremors may our fingertips explore.

But let that smile irradiate your face,
And all the world's a far, far better place.

WOMEN, HEART DISEASE & STROKE ... THE SILENT EPIDEMIC

Heart disease is not just a man's disease! The American Heart Association reports that coronary heart disease is the No. 1 killer of American women. "Heart disease among women is called the Silent Epidemic because it's not whether women are likely to get it, but when," Dr. Martha Gonzalez said. "It usually takes almost a decade longer to show up in women."

The West Ventura County Women, Heart Disease & Stroke Committee of the American Heart Association would like to invite women and men to attend the 3rd annual

Women, Heart Disease & Stroke Forum to be held on Thursday, September 23, from 11:30 a.m. to 2:00 p.m. at the beautiful Marriott River Ridge. This event opens the doors to educating women and providing them with accurate and current information about the potential heart health and stroke risks for them. Dr. Debra Judelson, past-president of the American Medical Women's Association, is the main presenter. Dr. Judelson is a cardiologist and is a dynamic speaker and educator. Also featured will be a panel of local physicians and medical profes-

sionals to answer questions from the audience.

For more information, please contact (805) 445-7050. The American Heart Association is the nation's largest voluntary agency dedicated to the reduction of disability and death from cardiovascular diseases and stroke.

A Word To The "Wives"

By Esther Robbins Maltun, V 1

If your guy won't listen to reason
And you cannot make a dent,
Don't waste your time in trying,
You will never change the gent!

If you're losing all your patience
And your skin is wearing thin,
Heed these words of wisdom,
"It's a fight you'll never win."

You can lead a horse to water
But you cannot make him drink ...
So do up all your dishes
While you wait there at the sink.

Don't ever try to change him
Or you'll wind up the fool.
Remember, Dear, he's not a horse ...
He's just a stubborn mule!!!

ILV GUIDELINES FOR CONTRIBUTORS (abridged see especially #15,8 & 13)

Reporters and publicity people submitting material to be used in Inside Leisure Village will help out the staff (and may enhance the reception of their material) if they will follow basic guidelines. These include:

1. Type all material, or we must take time to type it, a delay. If handwritten copy is absolutely necessary, submit it early.

2. Use full size 8" x 11" sheets of paper. Odd size sheets can get lost.

3. DO NOT TYPE IN ALL CAPS: stories in all caps must be retyped.

4. Put writer's name and phone number in upper left corner.

5. Leave 2" of space at top of page for our notations.

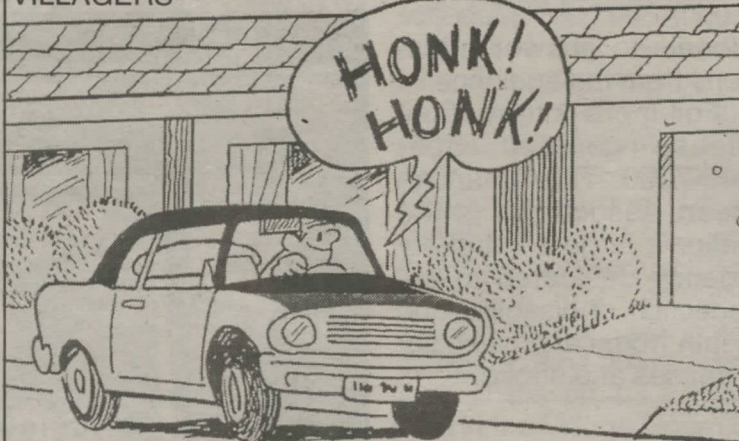

6. Type group's name and writer's byline.

7. Double space each line and indent each paragraph.

8. Put the name of your group into the FIRST sentence of your story. This makes it easier to match with the right logo, if you have one.

10. Submit your story on time. Deadline is Monday at 5:00 p.m., usually the first Monday of the month. Deadlines for the next paper are listed on page 2 of each issue. Please check the exact deadline and meet it. All material should be placed in the ILV mailbox in the east hall of the Rec Center.

VILLAGERS

LADIES AND GENTLEMEN DO NOT "HONK" FOR LADIES AND GENTLEMEN.

13. A news story is not minutes of your meeting. Reading about events two months old is dull. What is coming up for your group? Feature future events.

15. Write material in the third person, NOT the first person. Do not use we, our, I. Instead write The club or group did...or The club, not our club.

Inside Leisure Village From Start To Finish

Pictured is an double case in the Atrium from another year depicting the process of creating one issue of Inside Leisure Village each month. The steps start with collecting all the stories turned in by the announced deadline, plus coverage of other Village activities and events going on: election, new committees, new club officers, features relating to senior life, perhaps a touch of humor.

Two editors read each piece for completeness, grammar, spelling, plus noting ILV style guideline — what to capitalize, abbrevia-

tions, use of third person to avoid all the first and second person pronouns, and not using "the group celebrates their anniversary vs. its anniversary."

The coordinator keeps track of all this, estimates the length each story will be when it is set in type, and writes some of the headlines. All this material is sent out to be "type set," although it is done by computer now.

When the material is typed up in columns, again two people read everything for typesetting errors, "typos" and the corrections are made. Then the "dummies,"

arrive from the newspaper's ad department, showing what space is occupied by ads and what space is open for the editorial copy. These dummies are in scale at this point, not full size newspaper. Inside Leisure Village is printed in what is called tabloid size.

This is the first time the staff finds out how much space they are responsible for filling. Everything has been estimates up to this point.

Several people design the pages, fitting the copy into the space available, hopefully in an attractive arrange-

time, when the full size galleys are put onto the full-size tabloid pages. Then a group meets for another proofing session, checking especially the headlines, captions, to see that logos are put on the right stories, etc.

Then the marked full-sized pages are taken to the ad department of the County Star and the ads are put into place. Finally the

dummies are ready for the camera and printed. The final edition appears in the Friday edition, home delivered to Star subscribers, and a generous supply of the papers are delivered to the LV Recreation Center, put out on the rack for free distribution to villagers.

And that's why it takes three weeks to prepare one edition.
