

SAVE THE MADONNA INN FROM DIABLO CANYON

The Nuclear Regulatory Commission has given paper approval to Diablo Canyon, but this does not address the real-life danger of a nuclear accident. The Madonna Inn is an apt symbol of human diversity. The Inn's waiting list is now months long, but it could disappear completely if the county is polluted for thousands of years; no one today would be alive to keep their reservations. It is frightening and shameful to think of San Luis Obispo County as an unpopulated wasteland.

Dear NRC Commissioners:

I urge you to reconsider your decision to grant a full-power operating license to the Diablo Canyon nuclear power plant -- before it's too late! A nuclear accident at this facility will not discriminate in its victims.

The Madonna Inn is a nationally-known San Luis Obispo landmark, famous for its fantastic decor.

OH, MADONNA

(to the tune of "Oh, Freedom," "No Diablo", and other favorites...)

Oh, Madonna
Oh, Madonna
Oh, Madonna, dear to me
As an Inn you are the best
With your pink and all the rest
We're so sorry that Diablo's near
to thee

Oh, Madonna
Oh, Madonna
Oh, Madonna pink decor
If Diablo goes on line
Electric bills are sure to climb
You will have to raise your rates
up even more

Oh, Madonna
Oh, Madonna
Oh, Madonna, we can see
With your sturdy rock construction
You will cause no mass destruction
Like those domes full of errors by
the sea

Oh, Madonna
Oh, Madonna
Oh, Madonna, loved by some
If the earthquake happens soon
There won't be a single room
Where the deadly radiation will
not come

Oh, Madonna
Oh, Madonna
Oh, Madonna, loved by all
If Diablo should melt down
There will be no Inn in town
Where the men's room has a
built-in waterfall

Oh, Madonna
Oh, Madonna
Oh, Madonna, evermore
With your half-year waiting list
Then some people will be pissed
When they have to wait two
hundred thousand more

Oh, Madonna
Oh, Madonna
Oh, Madonna, you can see
It's Diablo's secret chore
To make bombs for nuclear war
In the name of electric energy

NO, MADONNA
NO, MADONNA
NO, MADONNA SHELTERS ME
BECAUSE DIABLO WENT FULL POWER
AND WE ONLY HAD ONE HOUR
AND THE EVACUATION PLAN DID NOT
EXIST
