

COPY FOR MISS MORGAN

May 23, 1937.

MEMORANDUM FOR ALBERT --

Mr. Hearst has instructed Mr. Apperson to have all beef government inspected and scientifically tested hereafter before being sent up to Hilltop.

That will obviate the danger of any bad meat being sent up.

THE NEXT THING IS TO BE SURE THAT IT IS PROPERLY TAKEN CARE OF WHEN IT GETS HERE.

To that end, Chief wishes you to take up with Miss Morgan the proposition of putting in a newer up-to-date refrigerating plant.

"THERE SHOULD BE FIRST-CLASS REFRIGERATING EQUIPMENT HERE," he says, "LET US SEE THAT WE GET IT, AND ANY DANGER OF TAINTED FOOD FROM THAT SOURCE WILL BE ELIMINATED."

Please take up this matter without delay with Miss Morgan, to whom I am sending copy of this letter.

Sincerely,

J. WILLICOMBE
