**DEMOCRATIC
STATE CENTRAL
COMMITTEE
of
CALIFORNIA**

January 27, 1969

Dear Fellow Delegate:

Recently you received a letter from our National Committeeman, Stephen Reinhardt, telling you of the possibility of our 1968 California delegation to the National Convention meeting together at the time of the statewide issues conference to be held on February 7th and 8th in Los Angeles.

I am delighted to be able to announce that we have now completed arrangements for a social and political event which will give us all a chance to see each other and discuss our common interests and future plans.

The delegation will meet for a no-host breakfast at 8 am on February 8th at the Rodger Young Auditorium, 936 West Washington Boulevard, Los Angeles, just prior to the second session of the issues conference. We will receive an off the record briefing from Daniel Walker, author of the now famous Walker report on the Chicago confrontation. We will also have the opportunity to talk about California politics with our delegation Chairman, Jess M. Unruh.

I hope you will be able to attend the breakfast. Personally, I feel strongly that the members of our delegation have a special bond, and that we should not lose touch with each other. I would like to see us get together from time to time at events such as the issues conference. I am enclosing a brochure describing that conference and hope that you will be able to participate in the entire two day program, as well as attend the delegation breakfast.

I look forward to seeing you again on February 7th and 8th.

Sincerely,

Adele Leopold

Adele Leopold
Secretary to the Delegation

P.S. Please let us know whether or not you will attend the breakfast by February 4th. Call Carol Breshears at (213) 386 6013 or write her at 3440 West 8th Street, Los Angeles, California 90005.
