County of Ventura
Commission for Women
Ms. Diana Goodrow

Dear Commissioners,

I am writing this letter to you on behalf of the women who use the Department of Child Support Services to collect their child support.

My wish is for there to be an oversight committee formed where women can log or voice concerns and complaints about the Child Support Services without fear of a file being closed. This oversight committee would be for the purpose of gathering information only that could later be evaluated and presented to the Board of Supervisors with recommendations for change.

My reason for such a request is enclosed. I received this letter from the Department of Child Support Services and found there is nowhere to turn for help. I understand there is not a quick fix for the system nor am I looking for this to effect my situation. Rather I am hoping for a place where women can voice their frustrations and possibly make some changes to the system in the long run.

Thank you for taking the time to read this letter. Please feel free to contact me should you have any questions regarding this matter and I hope the commission will consider forming an oversight committee for women to have a safe place to voice their concerns.

Sincerely,

Aurora William
