Kindly come when  
convenient. Am anxious  
to discuss animal cages  
and pits, chicken and  
pheasant houses, bunk  
houses, servant houses,  
teach swimming pool and house,  
dams and dairies in  
above order.

Think animal man  
from San Diego should  
plan zoo before winter  
Also chicken and pheasant  
houses soon because  
birds now on way. Bunk

house  
for lower ranch ~~might~~ <sup>better</sup>  
be redesigned ~~partly~~  
largely one story around  
patio. Servants quarters  
on hill redesigned something  
according to sketch  
submitted <sup>previous</sup>, unless you  
have other better ideas

We should consider  
distant architectural  
effect as ~~immediate~~  
~~in hill composition~~  
~~attractiveness~~  
~~usefulness~~. ~~Perhaps~~  
~~lower is needed~~.

Please see site for  
beach house. I advise  
old castle effect like
