

3:40 P.M. Jan. 19, 1966

Dearest Patricia:

I'm glad you phoned
you Mom at 5:00 yesterday to learn
how Connie made out. I had tried a
couple of times to reach you when I thought
there was a bare chance of your being home
but had no luck. When you phoned around
5:00 I was on my way home from your
Mom's but if you phoned from your apt.,
you had left again by the time I got
back. Anyway you know and your
mind is at rest. Connie is all rapidly
getting better, & destined to be out of the
woods in another 5-6 hours. I can give
you a few more details when we have
dinner tomorrow, if you want them.

Please call me when you get in today
or call me before you leave tomorrow so
we can agree on meeting time. Other-
wise I'll plan on 6:00 P.M. which has
been our time mostly the last few weeks.

Strangely my life has been pretty
busy since the symposium in S.F.
ended. Today Pat McGinnis (former

student who is active in "The Society
for Humane Abortion" and one of their
co-workers, Robert Bick, called on
me and we talked for two hours.

This morning I had the X-rays of my
colon at the Medical Clinic. Fortunately
as I had expected, they showed nothing
to be alarmed about. Actually my colon
is smaller & in better shape than when
I was last X-rayed a year and a
half (2) ago. John R. said - "It looks good -"
I hope you live to be 65" (I ^{had} told him about
Mr. Theobald's comment at Palo Alto).
I haven't eaten much these past two
days - preparing for the X-rays, so tonight
I anticipate eating a good meal.
I trust all continues to go well with
you and your studying. My best wishes
are with you always. Be sure & take a
little rest before each of your days of
exams. You'll do better for it.

I'll be here for the next hour and a half
before I go out seeking food. (Except that I'll
"run" to the supply house to inquire about
the type of vibrator you want. Until I hear
from you then, or see you, love, as always - Carl.
