Speaker 2

What is a current event that interested you? Why and how would you participate in the event?

00:16:19:05 - 00:16:42:18

Speaker 2

The current events that interest me right now is the national convention that the American GI forum is holding. I am currently considering starting a youth group in Albuquerque, getting together a sponsor, and I feel that the youth group that came out from Texas impressed me very much. I'm impressed with the Hispanic youth. It's trying to be their followers at this point, but at some point in their life they would like to be leaders.

00:16:42:21 - 00:16:57:16

Speaker 2

And I feel that our convention right now is the most important event that's good, that's going on in my life. Thank you. Thank you.

00:16:57:18 - 00:17:17:16

Speaker 2

And now let me present Miss Washington State Edison Silver. Will no longer select your question.

00:17:22:26 - 00:17:48:17

Speaker 2

In other words, are you more like the earth or fire or whatever? I think I'm more like fire because, yeah, well, yeah, yeah.

00:17:48:20 - 00:17:53:20

00:18:29:08 - 00:18:43:07

Speaker 2

Pick another one, please.

00:18:43:10 - 00:18:49:21

Speaker 2

What adjective would you say your friends most use when describing you?

00:18:49:23 - 00:19:16:03

Speaker 2

Well, I would say. Part of an adjective. I would say energetic. Again. They prefer. They can't keep up with me. I'm off doing something else. Call me. I don't usually not around. And then they have to chase me sometimes. So let's keep up the things. Thank you very much.

00:19:16:05 - 00:19:27:03

Speaker 2

And last but not least, we have. This is Michigan. The next one is pretty much.

00:19:27:06 - 00:19:33:28

Speaker 2

Has it from the umbrella, please?

00:19:34:01 - 00:20:00:16

Speaker 2

Okay. This is a question. If you are chosen, you will be a role model for the Spartans. How did you influence them? How can you influence them? I feel they already influenced, Hispanics with my background. And I would go around letting them know how wonderful it is. The Americans. Yes. What? I'm trying to get them to join a form, to be members, to stay close to their background.

00:20:00:18 - 00:20:29:21

Speaker 2

Yeah, very close to their background and let them know that not to give up because we have a Hispanic family or they're running for the title one or a title and there's men. It's not just because you're one nationality between Hispanic does not make you different. Secondly, anyway, being against narrative, you can do it. Thank you.

00:20:29:23 - 00:20:35:13

Speaker 2

Let's also give a round of applause to my date of the evening. My assistant. We met again.

00:20:35:16 - 00:20:44:05

In Southern California.

00:20:44:07 - 00:20:57:23

Speaker 2

Let's now take a look at the Queen contestants and find out a little bit more about them at this time. Then we're going to take a little stroll around the room for a.

00:20:57:26 - 00:21:03:01

Speaker 2

Let's begin with Miss Oklahoma.

00:21:03:03 - 00:21:30:23

Speaker 2

I think your Aunt Vega is 18 years old. She has maintained a 3.7 grade point average throughout high school, was on the honor roll throughout high school. I received five academic awards from the new one student academy. She participated in district scholastic meets in Spanish 11. It was literature and shorthand, and she received a blue ribbon for Oklahoma City College and third place, Emory University for her science fair projects.

00:21:30:26 - 00:21:57:14

Speaker 2

Her hobbies include reading, listening to music, being with children, and traveling. She's especially enjoyed being a Sunday school teacher for the kindergarten students, and also became Bible school work for her Catholic parish. She says her ambition is to make plans to continue her education at Our Lady of the Lake University. It's time going to where she will major in mathematics and computer science.

00:21:57:17 - 00:22:07:24

Speaker 2

She thoroughly enjoyed working with children and eventually hopes to teach math events on the elementary level. Ladies and gentlemen.

00:22:07:26 - 00:22:24:04

Unknown

Patricia Antigua is also husband.

00:22:24:07 - 00:22:56:25

Speaker 2

If you're tired before your huddled masses yearning to breathe free, the wretched refuse to shore. Send these the homeless tempest tossed to I lift my man beside the golden door. This is a portion of the inscription found on the base of the Statue of Liberty, and may become a motto for America. Americans are people of different backgrounds, races, and beliefs.

00:22:56:28 - 00:23:28:24

Speaker 2

Originally, our forefathers came from other countries to serve as one under one government and one mom. They wanted to improve their way of life for themselves and for future generations. They liked America enough to make it the wonderful country it is today. By giving up itself and the importance of their cultures are still visible in our society today, because our past and present America is a land of freedom, opportunity, endurance.

00:23:28:26 - 00:23:49:04

Speaker 2

Each of us has the freedom to make our own choices and decisions, whether right or wrong, and to grow as a person by voting for them. The opportunities are available so that we may go from the very bottom to the very top. Everyone who's read about R knows of a person who has done this very thing. There's no limit to what can be accomplished.

00:23:49:07 - 00:24:15:08

Speaker 2

Just as our ancestors envisioned America as a land to make their dreams come true today, our childhood dreams of being doctors, lawyers, even astronauts are possibilities. We always like Martin Luther King Jr who had a dream. I also have a dream to be the best person I can be, to set a goal and to achieve it. My goal is set high.

00:24:15:11 - 00:24:39:03

Speaker 2

College is one of my top priorities for the next four years. Eventually, I plan to teach grade school mathematics. I want to share a part of myself, my knowledge with children, and to give to them. Just as several of my elementary school teachers did. I feel that in this age of computer technology, the understanding of basic skills is necessary for all children, but especially for the bilingual child.

00:24:39:06 - 00:25:00:24

Speaker 2

Yes, my goal can be a reality. As an American, I have the freedom and the opportunity to reach as high as the torch on the Statue of Liberty. Thank you.

00:25:00:26 - 00:25:03:20

Unknown

Thank you very much.

00:25:03:23 - 00:25:14:26

Speaker 2

Next, let me introduce to you, Miss Davis. Laura Bennett.

00:25:14:28 - 00:25:18:02

00:26:17:20 - 00:26:27:23

Speaker 2

Ladies and gentlemen, this day has.

00:26:27:26 - 00:26:57:21

Speaker 2

Good evening, members and friends in the back. And for the revolution of 1910 was a period of great violence and confusion. And that's in history. An estimated 1 million Mexicans lost their lives in the decade of fighting. Thousands of people fled from the countryside to the largest city to Mexico, while at the same time other thousands fled. But the central portion of Mexico north border to the U.S..

00:26:57:24 - 00:27:37:12

Speaker 2

No one knows precisely how many Mexicans were involved in this great exodus. One estimate holds that more than 1 million Mexicans crossed over into the U.S. between 1910 and 1920, and settled here. This increased substantially the size of the Spanish speaking middle class along the border. By 1920, accommodation to life in the U.S. was and became relatively easy for many Mexican refugees, since they trace only their geographical location and not their way of living or to use.

00:27:37:12 - 00:28:03:18

Speaker 2

Speaker 2

Opportunities. Where does not this analysis simulate reality? To my DNA, y'all represent the elephant of a Kansas. Good evening, ladies and gentlemen. American GI for members and honored guests. My name is Tina Medina. I represent the state of Kansas seeking opportunities through education, business and politics. Ways, advancement for the Hispanic if and only if we choose to get involved.

00:31:58:18 - 00:32:25:19

Speaker 2

As Americans, we have the right to assemble with any organization we like to participate with. As Hispanic Americans, we must use this opportunity of involvement to increase our knowledge of community affairs and the educational system. The long awaited Hispanic movement that will enable our people to progress educationally, economically and politically will not start to occur until and unless we get class today.

00:32:25:21 - 00:32:56:27

Speaker 2

In order to effectively involve ourselves with any community or political organization, we first must break the negative barrier we create. But we discipline ourselves and our talents. We must realize that our unique background and talents can add strength to any of the organizations. If only we give

ourselves the chance. Once we do get involved, we can allow ourselves to listen to the political issues, to get to know our community needs, and then participate in finding a solution.

00:32:57:00 - 00:33:36:01

Speaker 2

We move from being part of a problem to being part of the solution. One cultural advantage that the Hispanic enjoys over the other groups is the closeness of a family in our lives. Despite the problems of transition that the Hispanic has faced in American society, we have managed to maintain the closeness of the family. I personally believe that if Hispanic parents share with their children the knowledge of opportunities in the fields of education, business and politics, our youth will believe that they can benefit and profit from their participation.

00:33:36:04 - 00:34:00:25

Speaker 2

An example of a lady who gave her children the opportunity to expand their knowledge and potential is Mrs. Elvira Cisneros that she's a man. Excuse me? She's mother. As Mayor Henry Cisneros, Mrs. Cisneros would take her children to the library every Monday to check out this everyday event. From 1 to 4 p.m. was designated as Reading and Constructive Damage time.

00:34:00:27 - 00:34:27:05

Speaker 2

Mrs. Cisneros gave her children the opportunity to expand their knowledge and their potential. They in turn took advantage of this opportunity and are now professionals in the fields of medicine, politics, business, journalism and architecture. I too have been motivated and influenced by my mother. My mother once stressed that you want to get something done correctly and you better do it yourself.

00:34:27:08 - 00:34:52:29

Speaker 2

She also stressed that involvement was very important, that it was better to get involved and try to change something, rather than to complain about the issue and do nothing about it. The lessons taught to me by my mother ignited my ambition. First, I knew that I am important and I can achieve the goals. I said. I understand from her teachings that I cannot and should not underestimate my potential.

00:34:53:01 - 00:35:27:05

Speaker 2

My advice is don't say no to yourself before you ever try. All of us here this evening, let's resolve to encourage our youth to be involved in the community to get together political leaders and speak their steady opinion freely and wisely. If we can break the negative barrier of self rejection and low self esteem, we can open the doors of communication between Hispanics of all ages and allowing ourselves to work together and continue the Hispanic movement towards success.

00:35:27:08 - 00:35:41:03

Speaker 2

Remember? And not only that, as the last year of CCF Esquina. Thank you.

Ladies and gentlemen, Miss California.

00:36:59:01 - 00:37:27:24

Speaker 2

When it's not just. I said my husband these things, he dismisses them. I speak out like. Yes, yes, I must expand on California. We know that he has in a similar way. When I was in high school. It's the Mountain Meadows Stadium that means so much value for funds in education. Through the years, the Mexican-American people have always been one to whom much criticism has been placed on.

00:37:27:27 - 00:37:53:03

Speaker 2

In the eyes of others, our nationality is one of wildness and violence. We are also classified as lazy, shiftless and without ambition. There are different means of action. We have put a dark impression on society. This dark impression has led to different kinds of discrimination. It's not because of how we look or dress, and it's because of this image we portray.

00:37:53:05 - 00:38:15:19

Speaker 2

It becomes very difficult to advance ourselves in society this way time and time again, we have taken much more than our share of criticism. It is up to our generation to let others know how intelligent we really are, and ask them to live this dark image. Education is the best way to prove ourselves. Let's look a scientist I look yes.

00:38:15:19 - 00:38:41:16

Speaker 2

Why do I look at them and think it's that where they stand? Then? Excesses? Yes. Sentiment that's much of my self-concept is considered considerado. One of the most important. This is in class. Since I said earlier in a third dimension problem, then that I say, you know, 90% superior, which is present in the costume and superhero behind my back is quite a common.

00:38:41:19 - 00:39:03:20

Speaker 2

You know, I said, I have a strong case to free, then that means nothing to me. That is good. That will happen to me. Then get them here. You know nothing assisting nuestras pasos con this opportunity that ideas to get. Well, there was a suggestion from you that do educacion podemos hacer una diferencia. Una de forensic is a necessity for advancement.

Speaker 2

There been in most of a company that Como la Segunda Blanca Alvarado. I don't want to differentiate or circle any that is Spanish, but a pseudo question. I never said that I was the only one in LA mingled with my la la la look. As soon as I mention, you know, my face is fighting in with the opportunity that is equal you that the organization is going to die for them.

00:39:48:10 - 00:39:50:25

And I was 20 for.

00:39:50:27 - 00:39:59:11

You order is the same simple. Miss you Mexico go.

00:40:00:26 - 00:40:28:09

So you see the list? You might be who is 19 years old? She graduated from Carlsbad Senior High School and is presently a junior at the University of New Mexico in Albuquerque. Her high school achievements include Optimist Club Sportsmanship Award, captain of the Varsity Cheerleading Squad, National Honor Society, Pro High School, and Distinguished Scholars Dinner include homecoming Queen involved in Latin Club and on and on.

Speaker 2

She was on the honor roll throughout junior high and high school. She's been very active in the Catholic Church, in the youth group, and recognized as a National Care Leader and National Merit Academic Achiever. During her two years of college, she has been an honor student with a 3.8 grade point average at the University of New Mexico and was asked to become a member because last Companions honor society for hobbies and interests include swimming, tennis, dancing, ballet, and tap dancing.

00:40:58:09 - 00:41:23:02

Speaker 2

Transition. She plans to attend law school upon completion of a bachelor's degree in speech communications. Ladies and gentlemen, Miss New Mexico.

00:41:23:05 - 00:42:00:21

Speaker 2

Good evening, judges. Ladies and gentlemen, members of the GI forum. And honored guest. My name is during the summer season for my parents, for Mr. and Mrs. Reyes on Cedar. And I am representing Carlsbad, New Mexico. What? Being a Hispanic American means to me, the word American stands for

freedom. The freedom our forefathers fought so hard to gain for us, opportunities have often been repressed.

00:42:00:24 - 00:42:43:20

Speaker 2

Nevertheless, we must act positively in our search for equality. We must first work with ourselves to better ourselves and in turn, our community. By being respectable citizens, we must also work with our present day political system. We must be opportunistic about the path that has been laid out before us, such as the opportunity to receive an education and set goals for ourselves, as well as become a vital part of our society by having a concerned voice in what actually happens in our state and possibly our nation.

00:42:43:22 - 00:43:15:00

Speaker 2

A college education may not be the path we may choose to follow because different job opportunities are available, but we must remember nothing comes easily. Well, is not required to take advantage of the educational system. Only the knowledge of the availability of scholarships, grants and loans. Yes, I could, but I thought that one city last night, it was as as interesting.

00:43:15:00 - 00:43:42:02

Speaker 2

This small forum was rather special. I see a vast difference in West Side similarities that this paragraph. Boy, I know so far in this scene I've seen about a man from North. I see me from what I see. You have to go to Dallas. You know that. La maderia. You can go to school. I see it from a somewhat common well.

00:43:42:05 - 00:44:08:25

Speaker 2

When I see the American flag, I am proud to know that that flag represents my freedom as a Hispanic, but also as an individual as well as every other individual. Just as there are three R's reading, writing, rhythmic text, there are also three A's in life which are ability, ambition and attitude. Ability establishes what a person can do.

00:44:08:27 - 00:44:42:02

Speaker 2

Ambition determines how much a person actually does, and the attitude guarantees how well the person doesn't. I would be proud to further represent the American G.I. forum by being ambitious and having a good attitude. I hope to the best of my ability that I can be a deserving representative of the American G.I. forum. Thank you.

00:44:42:05 - 00:44:52:10

Speaker 2

Thank you, ladies and gentlemen, let's Washington State.

00:44:52:12 - 00:45:27:28

Speaker 2

I'm not embarrassed.

00:46:06:25 - 00:46:28:15

Unknown

And I'm not embarrassed to ask for help because I do need it. I'm sure a lot of people do. But you have this come out and ask for it. I can do it now. The word that comes to my mind is democracy. Everyone has equal rights, and democracy allows.

00:46:28:15 - 00:46:33:02

Speaker 2

One individual to participate more fully.

00:46:33:02 - 00:46:37:24

I remember I was in a field with my parents, and I felt the pinch of poverty, but.

00:47:07:03 - 00:47:28:00

We came up and I don't feel that anymore. But I've been there and I know what is inside and I feel that everybody is people. No one is better than anybody else, and no one should think that way. Yet what happens to people like that? They get nowhere.

00:47:28:02 - 00:47:34:03

Until they get nowhere. Being a Mexican, to me, I am.

Very proud to be one. And where I come from, there is a very many. And, like I was a minority there, but I do not feel that way. I feel I felt like I had something to yes, I, I could share with everybody. And I have a quote from Whitney Houston who is not.

I believe the children in.

00:48:13:27 - 00:48:40:29

Speaker 2

Our future teach them well, and that's the reason we are your children. The future is ours. You have taught us well and now we are to see way. You have given us security, will and knowledge. And with that, I think dreams and goals can be said. If you have a dream, only you can dream in, and if you achieve it, only you can achieve it.

00:48:41:01 - 00:48:48:02

Speaker 2

So why? Why wait? I think that when you finish school and go on further, that the best thing.

00:48:48:02 - 00:48:58:13

Domestic violence. Miss Nebraska.

00:50:08:00 - 00:50:13:21

Speaker 2

Good evening.

00:50:13:23 - 00:50:40:23

Speaker 2

Ladies and gentlemen, the Soviet Union has just declared war on the United States. And at this very moment, we are launching our own nuclear war and counter attack. Our time is limited. How many of you are truly aware of the very real threat of a nuclear war? Researchers say destroy our country with 7 or 10 times over. It would be a miracle if we survived.

00:50:40:25 - 00:51:09:16

Speaker 2

If this were the actual situation tomorrow, could you look back upon your lives and feel some degree of satisfaction? You have accomplishments you can feel proud of, goals you have achieved. Most importantly, do your loved ones know just how much you really loved this? I know there's a big difference between the experiences and the accomplishments. You could have anything and those you could have at 40 or 60 years old.

00:51:09:18 - 00:51:34:09

Speaker 2

But no matter how old you are, it is important to have something you can feel proud of. A person can spend an awful lot of valuable time just sitting around wishing or feeling sorry for themselves, when instead they could be doing, accomplishing, taking actions. I feel parents play a major role in our society, for they are the one who molded from the minds of our children.

00:51:34:12 - 00:52:09:07

Speaker 2

It is from my own parents that I get my son to drive, his determination to achieve the certain goals I set for myself. As I have observed my peers in high school, I have found idleness and procrastination be one of the biggest problems for some, and I realize that others just simply lack any motivation to achieve. I feel this fact will be evident in our country in the upcoming years unless more parents, teachers and other adults encourage children to go that extra mile, they give their best every time.

00:52:09:09 - 00:52:34:25

Speaker 2

And if the child should fall, be there. Help them up, dust them, listen to their hopes and their fears, and encourage them to try again. Our young people are the future of this country. It is vital that we motivate and challenge them now, so that they may learn to build stronger futures and find happiness for themselves and their own accomplishments.

00:52:34:27 - 00:53:09:21

Speaker 2

In this way, they can be sure they have lived their lives to the fullest and feel proud and satisfied. They have made each day worthwhile. In closing, I would like to quote Mr. Granville Kleiser, for I feel he that some people, young and old, can live, live and learn by. There are many fine things which you mean to do something and what you think will be more favorable circumstances, but the only time that is surely yours is the present.

00:53:09:24 - 00:53:34:22

Speaker 2

Today is the day in which to express you those qualities of mind, heart to the one, one of the things you have long postponed, and to use your God given abilities for the enrichment of some less fortunate fellow travelers. Today, you can make your life significant and worthwhile. The present is yours to do with it as you will.

21 years old, she graduated from Western High School in 1983 and attended the University of Texas in downtown new. She has also completed vocational courses in business, and she was a president of the National Honor Society, graduating with top honors in her class. She was a member of student council and two years was a recipient of the Scholarship Friendship Award.

Among American high school students, her hobbies include reading, free designing, public speaking, swimming, jazz, dancing, and aerobics. She plans to complete her degree in business administration, approaching the second degree in political fun so that she may fulfill her long term goal, which is to own her very own business.

00:54:55:15 - 00:55:07:16

Speaker 2

Ladies and gentlemen, Miss Michigan.

00:55:07:19 - 00:55:36:09

Speaker 2

Good evening, ladies and gentlemen, honorable judges, members of the American. Good for endurance. My name is 27 and 21 years of age. There can't be a time to be able to speak freely, you know? And even toys are still in the hands of the people. Our nation is one of the few, if not the only, nation that can truly TikTok a democracy.

00:55:36:11 - 00:56:11:00

Speaker 2

See, America is an island and and it's surrounded by voting, surrounded by people who are constantly trying to challenge, integrate, and since the beginning of this nation, Americans have had to stand strong and fight for what they believe in a fight that has not yet ended. For example, recently moments that we tried to really feel, this nation, this invisible line of death once again, Americans had to prove their strength and their superiority.

00:56:11:02 - 00:56:42:19

Speaker 2

Is unfortunate. they're in the process of defending our freedom. We have to lose so many American soldiers. Men who died for their country. That's all I did. Then go. Some come home, others I take taking prisoners of war again. That's where the world is trying for this nation. We still have known P.O.W. in Vietnam. Then war ended in 1972.

00:56:42:22 - 00:57:08:06

Speaker 2

What is their justification for keeping our men so long? Don't they realize mothers are shedding tears? How can a wife sleep at night knowing if her husband is dead or alive, if he's been tortured endlessly, or if he even remembers her? how can that woman start a new life when the remains of her own life might someday walk through that door?

00:57:08:09 - 00:57:39:07

Speaker 2

Then what for? To live a man and die hero is a tremendous honor. But we can't shoot at war. If you last for these many years, it's nothing but pain. Especially to the families of men. Ironically, it is the pain in the anguish these families, the feeling that keeps the rest of this nation free. They remind us of the ugliness and the hardships of the rest of this world and make us not want to be a part of.

00:57:39:12 - 00:59:12:13

Speaker 2

And when it. Branches that everyone has to suffer in order to keep America free, we don't have to sit back and let other countries dictate our future either. You, as Americans, peacefully exercise your right to speak and your attitude and let yourself be heard. And maybe they don't. So any potential future Vietnam can be avoided. Thank you.

00:59:12:15 - 00:59:20:26

Speaker 2

Thank you. Ladies.

00:59:20:29 - 00:59:24:07

At this point, program.

00:59:24:10 - 00:59:33:25

Speaker 2

My name. My day is supposed to come back, and I'm supposed to join him on that side. We're supposed to have a little fun. I think I bought my,

00:59:33:27 - 00:59:58:22

Speaker 1

You said. All right, go ahead, judge, if you have one. heck of a mess here. I've been sitting over here, back here and making notes as well. And, you know, I'll tell you, I think you ought to go back. You all right? Maybe, let me continue on as the judges are, are counting their, votes here to see who is going to get it.

00:59:58:24 - 01:00:23:08

Speaker 1

I'd like to reintroduce to you your aren't going away, Danielle Marie Cortez. But before she comes up and and gives her, Or actually gives you her farewell speech, I like to tell you a little bit about her. She's 18 years old, 1985, graduate of Norio Catholic Central, and she's currently attending Michigan University, where she studied political science and pre-law.

01:00:23:10 - 01:00:42:08

Speaker 1

I'm amazed by all this. I tell you why in a minute. She was a member of the National Honor Society, a 12 year dance student of an her dark dance company, and when she was in college. She is also representative of Bailey's Hall Student Government, and she is the president of the minority caucus for the Michigan State University.

01:00:42:08 - 01:01:19:28

Speaker 1

Now, where does she find the time for all this God, as well as attending college? certainly more. She is, with the House of Representatives while at home this summer. Again very busy. She worked in the bilingual migrant program as a teacher's aide and worked with students from three years of age to the ninth grade. Ladies and gentlemen, your outgoing queen, Danielle Marie Cortez.

01:01:20:00 - 01:01:48:17

Speaker 2

Thank you very much. I get to hear him. Good evening, ladies and gentlemen, distinguished judges, members of the American G.I. forum. Family, friends, and, of course, the lovely Queen contestant. I would like to personally welcome you all to tonight's Queen coronation. I hope you all have enjoyed it thus far. Tonight is a sad yet happy night for me.

01:01:48:20 - 01:02:11:20

Speaker 2

I am sorry that my reign as National Queen of the American Jazz Forum must come to an end. Yet I am glad that one of these beautiful and talented young ladies will be able to experience the same love, support and encouragement that I have from the many people in the American GI forum.

01:02:11:23 - 01:02:35:00

Speaker 2

I would like to address the Queens for a moment because this is your night. I remember sitting at your place last year and I must say, I'm glad it was last year. And now this year. It was very exciting, but also very, very frightening. I'd like to take this opportunity to congratulate each and every one of you for making it this far.

01:02:35:02 - 01:03:03:08

Speaker 2

I know what it's like to sit up here and have to remain smiling and to appear. It's probably the hardest thing in the world for you right now. It's true that only one of you will be crowned the National Queen from 1986. But I must say, whether you are the one to go on this national coin, or if you will go home and remain state Queen, you are all winners.

01:03:03:10 - 01:03:36:23

Speaker 2
