### MASTER OF SCIENCE DEGREE REQUIREMENTS

The master of science degree is offered for students who wish to specialize in one particular area of study at the graduate level. The degree is based on individual programs developed in the student's special area of interest and it is awarded upon satisfactory completion of a 30-unit program of study. Students are required to have taken the appropriate background courses or to remove any deficiencies as outlined above in the section describing the master of business administration degree. Application for approval of individual programs must be made through the Director, Graduate Business Program, School of Business and Administrative Sciences.

The MS degree requires a minimum of 30 units, including Bus 221, 223, and 299. Interested students should consult the Director, Business Graduate Programs, for program approval.
