Mrs. Jane Tolmach  
Oxnard, California

Dear Jane:

My delighted congratulations on winning the first female victory on the Oxnard Board of Trustees. I too am surprised that no woman has ever been elected before, because school boards are usually the one thing the voters have no qualms about electing women to!

I am secretary to the Vice President in charge of the Educational Facilities Division of our firm, and work closely with Bruce Dunsmore, the project architect on the Moorpark campus of the Ventura County Junior College District, and Harry Clausen, the project architect for the Simi Valley Unified School District (where we're building lots of schools). In the course of my job I read the Press-Courier and the Star Free Press daily. So finding someone I've been acquainted with in Democratic politics for years running, I've been following your campaign with great interest. From the papers it looked like a good campaign, and had that aura of success about it.

Again congratulations, and I know you'll do a great job.

Sincerely,

*Dorothy*
