## Leisure Village To Celebrate Its Anniversary And Women's Club Fiesta Bazaar

### Women's Club Bazaar

By Jeanne Carlson  
**HOPE TO SEE YOU AT  
THE BAZAAR!**

Where do you expect to be, Sat, Oct 21? Women's Club hopes you will be in the AR for the LV Fiesta — one of our rare all-community affairs! Bring your grandchildren and come out for a fun day.

Of course, everyone knows that the Bazaar is Women's Club's biggest fund-raiser and that these funds, in turn, go to Village betterment, community service and local charity — particularly for children and needy seniors.

Come down early; doors open at 9:00 a.m. Have a second breakfast to keep your strength up — coffee and doughnuts available. Meet friends. You'll even see the neighbor you never get a chance to talk to — except at the mailbox.

What's for sale? All kinds of handmade items are featured. Here's the baked goods table, covered with homemade cakes, cookies, pies, rolls.

Look at the toy booth! There you'll find all kinds of safe toys — no glass eyes or sharp wires. You'll see clowns, dolls, animals, games, all handmade and just waiting for small owners.

Be sure and spend some time at the big needlecraft table. Here you'll find hand-knit and hand-crocheted items —  
See BAZAAR.....Page 24

**Evelyn Simonimi  
Bazaar Chairman**

### Jack C. Rogers Candidate For Camrosa Water Election

Jack C. Rogers, V 20, is running for election to the Board of Directors of Camrosa County Water District. Jack is already serving, having replaced Dick Van Horn as Director of Division 1. Rogers is well qualified. He has served the Village as a Director of our Association and is currently serving his second term as Chairman of the LV Finance Comm. Election will take place in November.

**Especially short items such as thank-you letters should follow guidelines.**

**Please leave the upper right hand corner of your papers free for office notations.**

**No matter what your communication — your name, address, and telephone number in the upper left hand corner is essential.**

### Trading Post

By Jeanne Carlson

Everybody knows that Trading Post is an important part of the Bazaar — Oct 21. It's fun! You never know what you'll find! It also helps Women's Club to give financial aid to direct local charities. And then it gives you a chance to clean house before the holidays — gives you space and clean closets.

This year's Bazaar will feature a day-long rummage sale — can't miss it. While the rumor that ZsaZsa Gabor buys her jewelry at Trading Post is not true, many Village notables may be seen shopping there. It is an excellent source for kitchen ware, luggage, appliances and many "conversation pieces."

If you have items to contribute, just call Gertie Dorward, 484-5509, for someone to come by. And, in any case, please come by (and come buy) yourself. You'll see your neighbors!

All the Post workers send love and thanks for your help. After the Bazaar, you'll get all the details.

### Notice

In continuing our concern over water conservation, please see Sol Robin's article on "Water, Our Most Abundant Resource.." page 27, as well as reading about the astronomical number of sprinklers we have, courtesy of Jack Whalan's article, page 4.

### Honoring Bill Esty

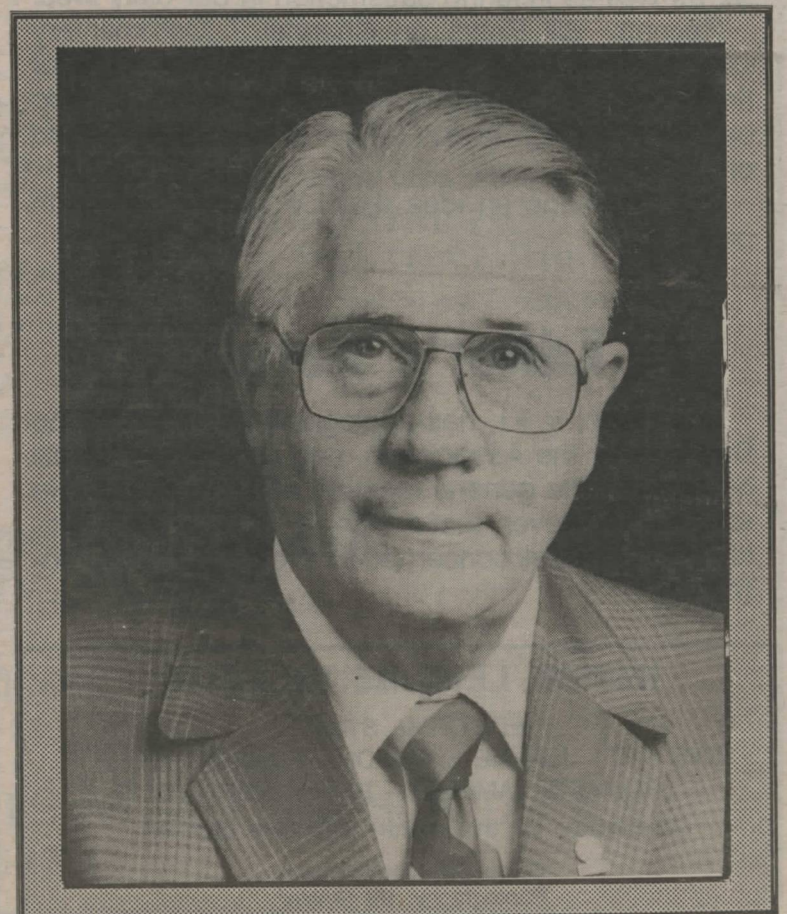

Leisure Village's own distinguished citizen, Bill Esty, is also a distinguished Camarillan. Now he has received another deserved honor — having a Building named after him!

The Bill Esty Community Center Monument located at 3701 Las Posas Road will be dedicated on Oct 22. The new center was the former Elmer Aurey Masonic Temple. It was recently purchased from Valley Federal Savings & Loan by the Theater Group, a Camarillo-based partnership.

The Building now houses a fitness center, a church, catering service and a school.

Bill served on the first Board of Directors of our Association and then was elected to another term. More recently, he had two terms on Camarillo City Council and also served as Mayor.

The Pleasant Valley Historical Society discloses a recent contribution by Bill which enables the society to go ahead with landscaping behind the Museum. The peaceful retreat which will feature native California plants, will honor the memory of Helen Esty, Bill's wife. Helen has always had a special place in the hearts of villagers for her enduring contributions to Village life.

## • OPINION •

### EDITORIAL

## Are Our Rules Becoming Burdensome?

Recently it has become obvious to those who consistently follow commentators, letters to the editor, etc., in all forms of communication that the plethora of rules and regulations everywhere are becoming onerous.

In this respect, Leisure Village has become very fashionable. Under the guise of protecting us, new rules are introduced every month. Some of them become official and are incorporated into the CC&R's, and some seem to develop as the whim of the moment. Some are valid and are necessary. Most of us villagers have no complaints for these and are willing to follow them. Others are the result of emotional panic caused by perhaps one incident and/or one complaint for an alleged infringement of rights, or simply a disregard for polite rules of conduct. Such rules have often deprived all villagers of rights which most have been able to use wisely. This is a little like the teacher who made every kid stay after school because she could not identify a culprit.

Some rules may be foolish. People are reluctant to follow regulations which they feel to be "nit-picking." This can put undue pressure upon security, committee people, club presidents, our recreation manager and general manager as well as the board of directors. Any confrontation can easily cause divisiveness in a community.

In the past, LV has capitalized upon the reputation of being an idyllic place to live. We must guard this reputation with care. It is real money in the bank for us, as well as insuring satisfaction in our daily lives.

Recently Bill Press on Channel 7 Commentary said in effect, "Congress seems to spend a lot of time making new laws when they could probably do better spending every other year cancelling old ones."

This might be an idea that LV could follow with profit.

## Editor's Note

Lou Okun, V 41, has apologized in writing to the Directors of the Association, and to villagers for his outburst at the general meeting of Tues, Sep 5. He still feels, however, that Article 11.15 must be explicitly clarified for all concerned to avoid future confrontations.

## KDB-FM 93.7

By Harry Becker

Now that the L.A. radio station, KFAC, has changed its format from classical music to rock-and-roll, we are left with only KUSC, broadcasting classical music from the University of Southern California.

Instead of mourning the change at KFAC, whose direction we cannot control, we should take this opportunity to bring the Santa Barbara commercial classical station, KDB-FM, into our reception area.

At the present time we hear KDB as we ride in our cars on Highway 101. The signal is not received clearly in the Santa Rosa Valley. What is needed is to attach a new antenna to our TV/Radio tower on the hill overlooking LV.

I am told that the cost would be approximately \$200. But we cannot proceed until we settle the future of our tower.

Word is that our Board of Directors is toying with the idea of giving up our broadcast rights by making some kind of a deal with Camrosa, which covets our property for the purpose of placing a new 4.5 million gallon reservoir near the existing water tank.

Several years ago LV was granted an easement in perpetuity to the TV tower and approaches thereto. This important property right would be lost, if we ceased using the TV tower.

According to the CC&Rs, Article 7.2(d), a vote of 75 percent of the owners is necessary before we give up this property. I, for one, will oppose doing so, espe-

## Antenna Site

By Mike Sherman

Former Member of LV Board of Directors

In 1983, after lengthy negotiations, the Board of Directors of Leisure Village Association obtained from the Marlborough Development Corporation a grant deed of... "an easement in perpetuity to use the Easement Parcel for the erection and maintenance of a television, radio, satellite cable or electronic antenna site, or a related use (the 'Antenna Easement'); and... a non-exclusive easement for ingress and egress by foot and/or vehicle, for the benefit of the Easement Parcel along the access road..."

The grant of the easements is conditioned upon its continued use for the purposes described above, and shall automatically terminate and expire if it is not so used for a continuous period of twelve (12) months.

Our possession of this easement and the television and radio antenna makes LV independent of the cable companies that supply television to most of this area, and gives us access to FM radio reception, which otherwise is a serious problem in this area.

When Harry Becker spoke at the last meeting

cially because we will lose our independent control of TV and radio reception, becoming clients of some cable company, subject to the inevitable rate increases.

In any event, this is a matter that deserves discussion at an open Town Meeting, followed by a vote of the residents.

of the Board of Directors about the proposal of the Camrosa Water District to use our antenna site for a water tank, in return for which LV would relinquish its "perpetual" easement, he was told, rather condescendingly, "not to spread rumors." Nevertheless, we have in our possession the voluminous report of Perliter & Ingalsbe, Camrosa's consulting engineers, clearly stating that the proposed tank would interfere with the access road to the antenna site, the communications cable, electrical services, and the antenna guy lines and anchors.

This is not a rumor; it is a fact. It is also a fact that a member of the Camrosa Water District Board of Directors is urging the LV Board of Directors to give up the Antenna Site in return for a television reception system which would be out of our control.

Camrosa's consultants state that it is feasible to relocate the antenna guy wires and anchors in order to accommodate a water tank, at some expense to Camrosa.

We believe that giving up our free access to the outside world, which we now own in perpetuity, would be one of the most horrible mistakes in the history of LV. We also believe that we are entitled to full disclosure of what negotiations, if any, are now, or have been, taking place between our Board and the Camrosa Board.

### REGARDING LETTERS TO ILV

ILV will publish all signed letters, unless there are too many about one topic. In that case, one letter and the names of people who have expressed similar opinions will be printed.

### ABOUT NEXT MONTH

Coordinator for next month will be Frances Gold. PLEASE FOLLOW GUIDELINE AND BE AS BRIEF AS YOU CAN! Deadline for Oct 27 issue will be Oct 9. To arrange for a photographer call coordinator at least 3 days in advance.

## Letters

A situation recently occurred that is tantamount to a cataclysmic event; total destruction. Destruction of the human spirit, destruction of the eight or nine years of a villager's effort for the betterment of Village life. Too often, it's the unsung heroes, the force behind us all, who get swept away, like yesterday's crumbs. I'm talking about men like Irving Weiss and Bernie Solway, who have given their all, day after day, year after year to make our Village life joyful. What was their crime? Designing and building sets for the Variety Guild and Village Players' shows, working lights, sewing a torn curtain, picking up a broom and sweeping the stage, fixing, hammering, cleaning up, turning out lights, putting things away, cleaning up, working spots and stage lights for all the other clubs when asked,

cleaning up, putting away, etc.

A man like Irving Weiss, retired, found his niche on our stage, and joyfully, quietly, in his laid-back way, did the work of several men. All this, mind you, according to the rules. Never did either one of them go ahead without the sanction of the Rec Dept.

Now, with a New Board in power, it's as if they didn't know their way around the stage! Could we learn from them, including the Board! They must send in a requisition that has to make the rounds of the Committees, when they meet;

precious time is wasted, in order to do one thing on the stage, that they've been doing all along, with perfect results. To add insult to injury, they've been locked out of the lighting booth!

The Players do not have a stage crew for their November play, as of this writing, and the Variety Guild is all set to go ahead with its new show, but cannot, because there's no one to do the sets. This is destruction, to my way of thinking. Why do we allow these things to happen? Who will accept responsibility?

Miriam Hasen, V 15

## Comment On New Decor In AR

By Betty Murray

Quite a number of residents have grumbled about the colors in the Assembly Room. "Too dark and gloomy" are heard frequently. Choice of the colors was governed by the time factor: the contract called for completion of the redecorating job during the month of August, and readily available fire resistant materials were limited to about two colors. The interior designer that the Board consulted has decorated several theaters in the area and assured the management that the green and tan (solicitously called 'honey beige') would be attractive.

The curtain material will harmonize with the green of the lower wall and the carpet in the foyer. The curtains are already being made, and will replace the original tan curtains furnished by Leisure Technology.

nished by Leisure Technology.

Much scolding and criticism has passed between the various entertaining groups and the Board. The thing is now done — we have spent our money, and we will live with it for awhile.

Perhaps we should convince ourselves that our new AR is restful. We can get accustomed to it. Then in the future, we can learn to communicate better and consolidate the wishes of all the dancers, actors, musicians, speakers, diners and clubs who use the room. Or, we could build a new auditorium.

### Submissions to ILV

Some submissions to the paper may be subject to postponement due to space limitations, or rejected altogether as unsuitable.

### Club Reporters Valued

No newspaper can exist without reporters. ILV depends upon the 30 to 40 people, our Club reporters, who write about the activities of each organiza-

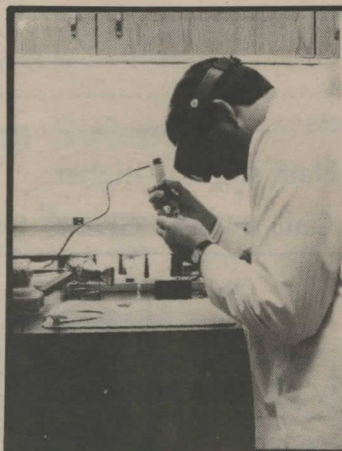

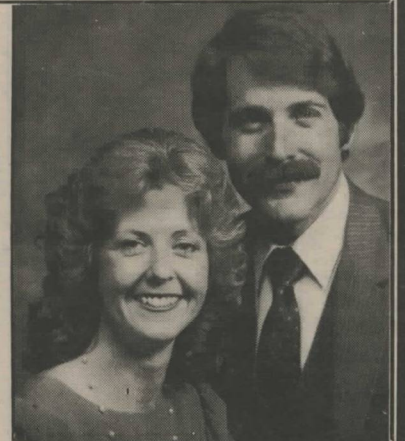

tion. Their reports become a contemporary history of our community.

Thanks, reporters, and harken to what you record.

## 60,000 Sprinklers For Greening The Village

By Jack Whalen

"Within the LV area of 2,136 homes on 450 acres is the largest single turf bed in all of Ventura County," says maintenance superintendent Terry Craig.

Breaking this down, he explains, are 25 acres of planter beds, 29 acres in the golf course and 168 of turf for a total of 222 acres that must be watered. Water is the key, he continues, and we have more than 60,000 sprinkler heads to meet this need.

Luis Ortega is the lead irrigation man who constantly monitors the many and varied types of sprinklers.

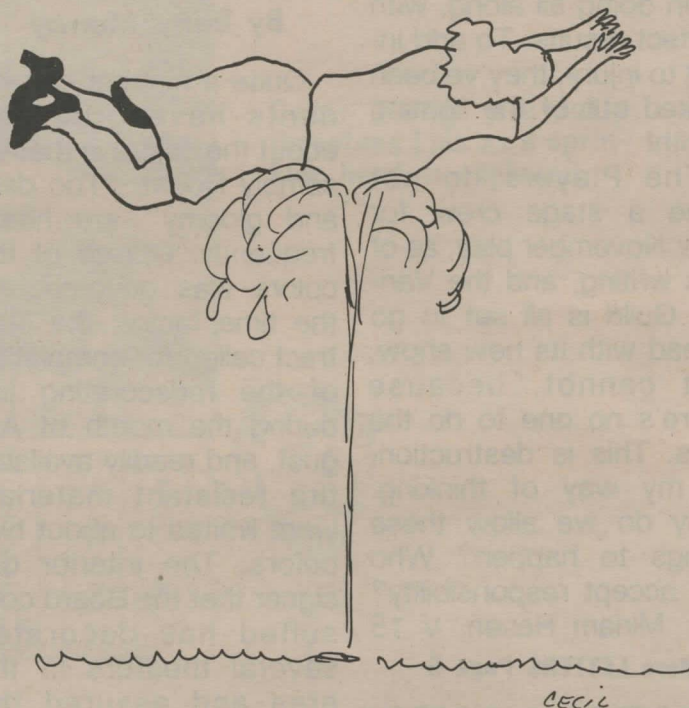

LV has three different systems but as many as eight different brands. There are the pop-ups that usually come on late at night or very early in the morning; the stream rotors and the gear-driven stream rotors.

Why are there some eight different brands? "Quite simply," replies Terry, "over the many years of construction of our Village, newer and better types of sprinklers were made and we are gradually replacing the older types."

Some folks complain that occasionally their sprinklers either don't work or send out wild streams of water. What can homeowners do?

"Of course there are going to be problems with anything in the magnitude of 60,000," he states. "We do wish people would have a little understanding when a sprinkler malfunctions and/or is damaged. It is important that we be informed via the use of a green sheet (available at the rec center) but it is almost impossible for us to provide villagers with what might be called 'customized service.'" While the sprinkler

head cost might be in the \$6 to \$7 range, some can run as high as \$15 and other costs must be factored in. There's the time spent going to and from the damaged sprinkler

plus the 10 minutes or so needed for repair. Thus, may I say again, we make every attempt to respond as quickly as we can."

Some people have commented that there

have been excessive water run-offs near the sidewalks.

"True," he responds, "we have had to replace some of the old sprinklers due to construction of the

new sidewalks and a good number of our maintenance people have been involved in this."

Terry also stated that

he has 35 "hands-on" people for taking care of our entire Village. Their chores include, to mention some of them, weeding and pruning, spraying, mowing, irrigation, golf course greens maintenance and landscape services.

Much credit must go to Terry Craig and his entire staff for keeping, what many term, a very pleasing to the eye vista of green grass, trees and shrubs.

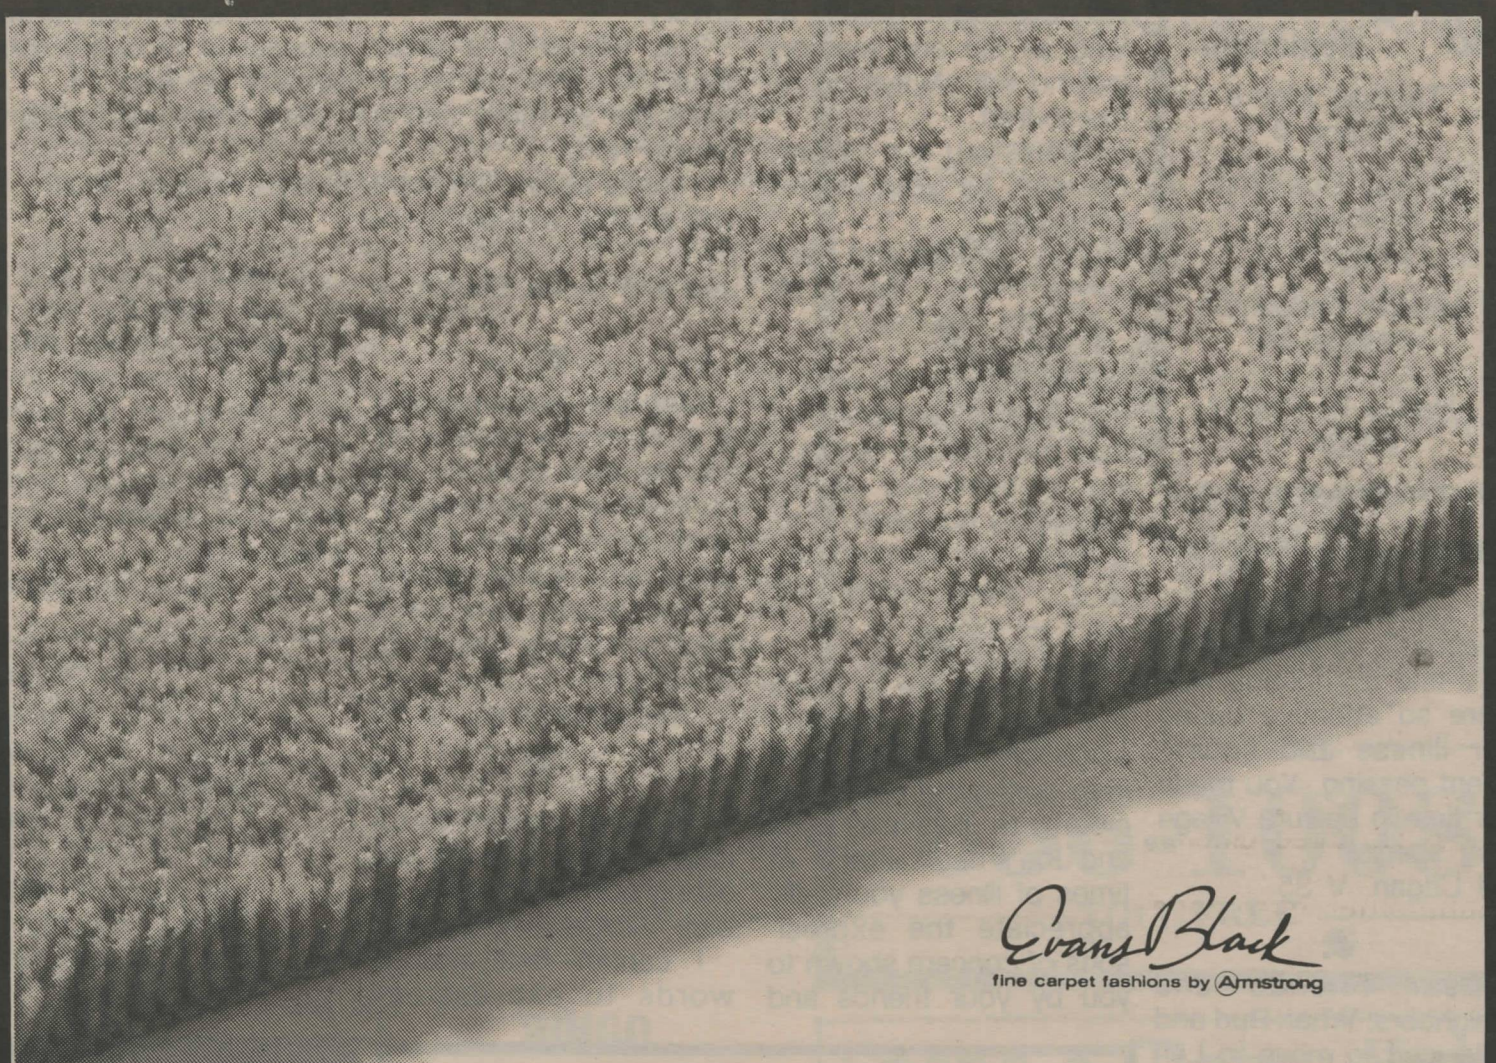

**By Jack Whalen**

An informal poll showed that there were hundreds upon hundreds of villagers who watched the day-after Labor Day Board Meeting on Ch 12. Yes, it was a long one, extending beyond noon. Ch 12 is delighted to learn about the viewing audience but Board Members would like to see more villagers "live" at the monthly meetings.

You'll have a chance next Mon, Oct 2, when the meeting will start at 10:00 a.m. We will carry it live as well as having a replay the following Sat, Oct 7, at 10:00 a.m.

#### To Our Contributors:

As ILV grew there sometimes has not been enough space to print everything we receive. In order to conserve space, we decided to use common abbreviations when dates are involved, since most of our entries involve clubs. It is helpful then, to use the common abbreviations for months of the year. For example: Sept 14. When using the month otherwise, it should be spelled out, as "in the September meeting..." If and when space permits, we will publish the(se) latest approved abbreviations.

## LETTERS ..... From Pg 3

I sincerely thank the Racquet Club and all Rhoda's and my friends who were so attentive during her illness and subsequent passing. You made her time in Leisure Village very special.

Bill Cagan, V 35

Dear Friends and Neighbors: When Bud and I decided to move to Leisure Village, it was the best thing we ever did. We knew we were fortunate but didn't realize how kind and supportive you all are. To say thanks for all the love, contributions and kind acts I received when Bud passed away, hardly seems enough. But from the bottom of our hearts we want you to know that we deeply appreciate your kindness and consideration, which was so needed when Bud left us. Much love to each and everyone of you.

Evelyn, Ricarda and Terri Bennett, V 4

My very special heartfelt gratitude to all our friends for the love and support given us during Norm's illness and recent passing.

Your warm thoughts and gifts of kindness were so much appreciated.

Norm lost his bout to cancer but he was always

a winner on the tennis court with his good sportsmanship and pleasant disposition.

To know Norm was to "love him." His kind ways will never be forgotten; as long as life and memory last he will always be remembered.

Thank you our "Village Friends" for your sincere kindness.

Murray Grafton and Family, V 16.

I wish to thank all our friends and neighbors for their tremendous outpouring of sympathy at the loss of my husband, Tom. It was most comforting.

Betty Moore, V6.

We would like to thank our many friends and neighbors for their concern during the recent accident to Sylvia's eyes and Joe's heart attack. At times of illness you really appreciate the expressions of concern shown to you by your friends and

neighbors. The well wishes by card or call are an emotional help. The shopping and the delicious food are a physical help; together, they speed recovery.

The Village is a great place to live because there are so many caring people here.

Thanks again. We hope you all stay well and happy.

Joe and Sylvia Selden, V 17

Mail time in the hospital is a welcome break. My friends were good to me during my lengthy stay. Their happy cards, phone calls, and some smiling faces made the days brighter. Many thanks to all of you.

Margaret Hines, V 15

We are indeed fortunate to live in a loving and caring community like Leisure Village of Camarillo.

I cannot find enough words to express my

thanks for the beautiful flowers, plants, cards, notes, phone calls, delicious food, prayers and concern recently given to me. You are all playing a very important part in my successful recovery from surgery on Aug 14.

God bless you, one and all.

Evelyn Boehm, V 22

A grateful thank you to all who made the loss of my darling Maxine much easier to bear with your kind messages of condolence. We had 55 happy years together and these memories made the loss much easier.

Ernie Bridgeman

## Out Of The Mouths Of Babes

Dear Villagers,

While I was visiting my grandparents, Dorothy and Bill Stabler of V 26, I noticed that many of the humming bird feeders have red food coloring in

the nectar. I read in a science book at school that the coloring is harmful to the humming birds' liver. The coloring is not needed to attract the bird to the feeder. Please do not harm the birds with the coloring.

Dana Hartung, 11-1/2 yrs. old

## In Your Keeping

By Esther Robbins

I return to my world of the living  
When I leave your vale of the dead,  
I go there to visit with you, my Love,  
And to place a flower at your head.  
I sit there in tears and in longing,  
Then I rise, dry my eyes, and depart,  
But I go with only a part of me, Love,  
For I leave, in your keeping, my heart...

# Our O'Briens Celebrate An Anniversary

By Romaine Lambert

Tom and Bea O'Brien who moved to V 7 from Omaha, Nebraska, fifteen years ago, were about to celebrate an early Fiftieth Wedding Anniversary with their family of six children and their spouses, their eleven grandchildren ranging in age from three years to twenty-five (five in college). What to do with that many arriving from seven states? They rented two homes at Pajaro Dunes on beautiful Monterey Bay located between Monterey and Santa Cruz, Calif. where they spent a whole week. Pajaro Dunes has a mile-and-a-half of perfect sand beach, 19 tennis courts, bicycling and an on-going carnival on the beach at nearby Santa Cruz, and the Wharf at Monterey, so there were plenty of things to do.

One house was a "Castle" with five bedrooms

Tom and Bea O'Brien

Photo by Stabler

on three levels. The second house, a short distance by boardwalk, also on three levels had four bedrooms. Both houses were completely furnished. The top floors overlook the ocean and have kitchen and dining areas. Each family was assigned a day to be responsible for cooking the evening meal which was held each night at the

Castle. The other meals were at the other house. Each day ended differently as each host family planned the event.

Since the family is so scattered, one daughter and husband, planning far in advance, even to finding a shop to come up with appropriate holiday accessories, set up a full Christmas tree, complete with lights, ornaments and

trimmings. This proved such a gorgeous sight from the beach (for a full week) that the locals no doubt wondered just what was going on. The dinner that night, of course, included two turkeys and the whole holiday feast. Each family member had a present under the tree — a white T-shirt imprinted with a huge Shamrock with "O'Brien Family Reunion — August, 1989 — in appropriate sizes from extra small to extra large.

There was a Birthday Night celebrated with appropriate streamers and balloons. Another night was a Fiesta theme complete with a Pinata for the small children whose excitement and hitting ability suggested possible futures as ball players. The five grandchildren over the age of twenty took over on their night to cook, when everyone appeared in his new T-shirt

and had group pictures taken.

But Saturday it was Bea and Tom's turn to cook, and returning from their grocery shopping, they found gold balloons streaming from the top level of Castle windows, and inside all decorated for the Happy 50th Anniversary celebration that night, complete with the Anniversary cake appropriately decorated.

This couple will have many lasting memories of this Special Week, no doubt, and the memories will be rekindled with pictures and video tapes. Among the mementos is a Photo Book which was made by a granddaughter who worked a full year gathering pictures of old and current events from members of the family.

Now on Sep 30, the O'Briens can look forward to the next fifty!

## NEW APPROACH TO MENTAL PROBLEM

By Sandy Okum

The State of California and the Ventura County Health Dept. have developed a new direction to treatment of mental illnesses; senility, Alzheimers, etc.

On Oct 2, at 7:30 p.m., in our AR, Dr. Richard Reinhart, the head of the Ventura County Mental Health Dept., will lecture and show a video on "Mental Illness — New Directions."

Many of our villagers have gotten and are getting to the point of not being able to manage their affairs or home because of minor mental illnesses; forgetfulness, senility, etc., that can be treated. There is a lot of help available if one knows about it. Listen to Dr. Reinhart for answers.

The program is sponsored by YNCG.

## Y.N.C.G. Bulletin

By Sandy Okum

Our annual FLU Clinic will be held Oct 30 from 9:00 a.m. to 12 noon. The fee is still \$2.00.

The clinic is sponsored by YNCG and performed by the Ventura County Health Dept. Last year they dispensed over 800 shots. Our clinic is the third largest in Ventura County.

## YNCG CALENDAR

Oct 2, 7:30 p.m., AR; Lecture — Dr. Reinhart  
Oct 16, 7:00 p.m., AR; Blood Pressure Clinic

Oct 30, 9:00 a.m.-12 noon, Annual Flu Clinic, \$2.00 fee

Coming in November  
Annual Health Fair — Free Exam, "From Head to Toe" — except for complete Blood Panel.

## Emergency Services Changes Name

By Bernice Ennis

The Emergency Services Committee is changing its name from Emergency Services Organization to LVES, Leisure Village Emergency Services. This change lines up their name with state and county emergency services and clarifies their identity within the total Emergency Services System.

Founded as ESO in 1983 by Elmer Eymann, LVES is now a standing committee of LVA (LV

Assn). Ch Paul Kelwin will be on a two-month vacation, and Eymann takes over as Acting Ch until Oct 30.

Paul wants to voice his appreciation of each committee person's efforts to make LVES the success it has been this past year. In addition, our last DPX (Disaster Preparation Exercise) was made a success by over two hundred people in the Emergency Services organization, which consists of about three hundred people.

## Be Careful Walking In The Streets

By Bob Atz

Since the California State Vehicle Code applies to LV too, residents are reminded that those who walk in the streets should do so facing traffic whereas those on bicycles should ride with the traffic flow.

When all sidewalks are completed, walking in the streets will be prohibited. We should start using the available sidewalks now to develop the habit. Coordination with the watering schedules is being developed to prevent giving walkers a second "morning shower."

## Stop Smoking Clinic

By Jerry Singer

The Stop Smoking Clinic has been canceled by the Board, Cancer Society, etc., because of an error in the scheduling of our meetings. However, the Clinic will be held as soon as we can schedule, in the not too distant future. Though the Cancer Society will not conduct the group forum, it will begin under the auspices of

either the American Heart Assoc, or the American Lung Assoc. When arrangements are made, the persons concerned will be notified.

Please be patient, there is going to be a "Fresh Start" (No Smoking) series of meetings! Jerry Singer will be your coordinator and facilitator for the group. The coordinating club will also represent us. Should you wish any further information, contact Jerry Singer at 484-0832.

## A Big Danger

By Bernice Ennis

The Emergency Services Committee wants you to know where and how to turn off your electricity. There is a main switch in your outside circuit box. In case of a power outage, open the box cover and move the largest switch to the "off" position. All the smaller switches should then be

moved to their "off" position.

Now, here is how to turn it back on. At your outside circuit box, when power has been restored to the Village, first turn on your main circuit. Then, turn on each circuit one at a time. If any of these circuits do not stay on, you have a fire hazard. A Big Danger. Call Resident Services for help.

THE LEISURE  
VILLAGE  
WOMEN'S CLUB

By Jeanne Carlson

The September meeting of Women's Club brought out a good crowd to see the newly redecorated AR and to enjoy the fall fashion show.

President Carol Heyerick presided and made a number of announcements. Bazaar arrangements are proceeding nicely. Members are requested to sign up for work that day and many people are needed. Workshop still wants yardage and yarn. At the last Women's Club Board meeting, consideration was given to dividing the 2nd VP office into two people — one with the Workshop and one with Bazaar Day — Both big jobs.

Membership Chm Betty Walker announced that members now total 505. Betty, of course, is now aiming for 605.

The drawing for the handsome mauve mohair sweater donated by Helen Gelb was won by, guess who, Carol Heyerick.

The program was the fashion show. "Traveling in Style" was a real hit with the audience. Garments were furnished by "Fashions by Carlota" in the Santa Rosa Mall. Carlota has made annual shows possible for the club for the last eight or nine years and her things are always high style and beautiful.

Commentary was delivered by Bernice Knebel in her own enthusiastic style. Bernice also modeled a dress made of a striking red poppy print on a black background — very handsome and dramatic.

The nine models (all Women's Club members) were: Grace Back, Blanche Follen, Maxine Himstreet, Luella Kelwin, Gerri Kikendall, Betty Murray, Beatrice O'Brien,

Charlotte Romero and Dorothy Stabler. Each had three outfits to display.

The set from Variety Guild's "Guys and Dolls" by Jack Beardsley and music by Harold Wickham who played a variety of songs from many nations, plus travel posters loaned by Thunderbird Travel Agency made a great background of sight and sound.

It was clear that blues, purples and greens are the fashion colors for fall. Many shades were represented from periwinkle, teal, cobalt, berry and pine. Black and peach were also used effectively. Blanche Follen was outstanding in a peach sports set. Bea O'Brien showed she could wear any color beautifully. Dottie Stabler displayed a cleverly cut navy pantsuit. Everyone looked beautiful.

Backstage assistants were Eileen King, Gertie Dorward, and Ruth Tomales. Lights were by Paul Kelwin and Kay Murray. Others who assisted were Art Kaufman, Bob Freedman, Erma Hopkins and Irv Weiss. Ch 12 coverage was handled by George Huddleston and Bob Vanderhaven. Mort Linick did photography.

Looking ahead to the Oct program — this will be a revue, "Spoonful of Spoofs." The script is by Dorothy Karlin and Lorraine Friedman. Appearing on the stage will be Joan and Woodie Woodenschek, Hilda Freedman, Eleanor Quartuccio, Jules and Margarete Nayfack. Dance choreographers Helen Gold and Sophie Lebetkin, Piff deSimone and Roie Beck. This is guaranteed to be a fun show!

Refreshments for the fashion show were served by Nancy Gallagher, Marie Chase and Jean Ramer. Dorothy Kelly did the table.

In the meantime, THINK BAZAAR!!!

# INDOOR OUTDOOR GARDEN CLUB

By Madelyn McKean

At the regular meeting, Sep 14, Dwayne DeFreitas of Super-Sod Co. explained his interesting dry product for germinating seed. The mat is made of jute and hemp in which grass seed is imbedded, and when watered, produces a beautiful green lawn. He expects by spring to use this same product for starting vegetables and flowers. In addition, Mar-le from "The Flower Affair" demonstrated arrangements of both fresh and artificial flowers in special heirloom and artifact containers.

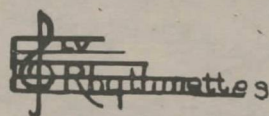

The Oct 12 regular meeting will feature Ceren Kawamoto of the Village Oaks Florist shop in Santa Rosa Plaza demonstrating "Holiday Decorations." All villagers are welcome at 9:30 a.m. for refreshments, followed by the meeting in the MPR. Come learn about the newest embellishments for not only tables but entries, mantel and all the rooms of your holiday home.

The next Day Trip, for members only, will be Thurs, Oct 26, to the Arboretum in Arcadia. Details at the meeting or call Doris Neal 987-9882.

## Do You Use The Camarillo Library?

Hours of availability at the Camarillo Library have recently been changed. The library is now open on Mondays and Tuesdays, 12 noon to 9:00 p.m., Wednesday through Saturday, 10:00 a.m. to 5:00 p.m. and closed Sundays.

When you telephone the library, 482-1952, the reference desk personnel answer and offer a wonderful service. If you need information about agriculture in Nepal, they can tell you. They will even call back if they have to look in several places.

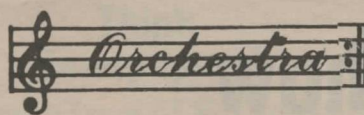

By Margaret Hines

The Rhythmettes are making music again. The picnic on Aug 29 brought everyone together as an opener for the fall season. Claire Endelman and her committee did a great job

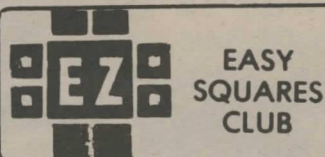

The "piece de resistance," of course, was the expert production by Nick De Simone and Bruno Torchia of delicious, juicy hamburgers.

Practice began Sep 5, and will continue as usual, every Tues at 12:30 p.m., with board and business meetings the second Tues each month. Piff De Simone, music director, has been looking ahead toward holiday music, with all the members doing their thing with rhythm instruments, kazoos and ding-a-lings, accompanied by Selma Simon at the piano.

By Don Holmes

The LV Orchestra started off the fall season by playing a short concert just before the first meeting of our new Board of Directors, and "tried-out" our newly-refurbished AR, on the morning of Sept 5. We wanted to try out the new acoustics, for ourselves and for other performing groups, and were pleasantly surprised. The sound is different, but our "spies" in the audience told us that it worked very

By Maury Ogens

The month of August turned out really nice for the Easy Squares. Most everyone must have returned from their vacations as we enjoyed good

well.

The Orchestra will be playing its annual free concert in the CR on Sat, Oct 21, during the LV Anniversary/W.C. Bazaar. The program and list of players will be posted on the bulletin boards. We are also working on holiday-type music, as we expect to do a couple of mini-concerts both inside and outside of LV. These will be helped by our new members — we now have a cornetist, which we have been lacking for a long time, and we have the promise of a viola player later in the year.

attendance each Sunday. Our dances were sparked up by our good caller Paul Diffenderfer. The rounds were handled by John Quackenbush.

Refreshments brought by our hosts always make an enjoyable break time.

We are now looking forward to another fine month of dancing and fun.

# HAPPY HOOFERS

By Vi Cohen

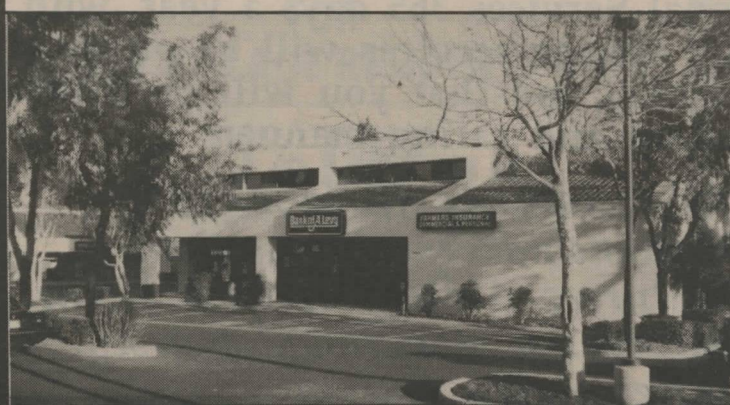

The Happy Hoofers were not idle during the dog days of August and September. Practicing and rehearsing for future engagements keeps us on our toes, (literally speaking, of course).

But there were fun times, too. Sylvia Lefton hosted a potluck luncheon for all the August birthday girls (Sylvia being one of the celebrants). Her husband, Norm, prepared all the poached salmon, which were caught by him. And to add to the festivities, Sylvia showed the tape of our 1984 Happy Hoofers show. There were moans and groans and lots of laughter. Wow, that was 5-1/2 years ago.

# Longs Drugs

## ADVANTAGES OF HAVING YOUR PRESCRIPTIONS FILLED AT LONGS DRUGS

### ● Low Prescription Prices

We offer low prescription prices every day. Not just "special discounts" or promotions. Compare our prices with those you are now paying. You'll be pleasantly surprised. Call today for a price comparison.

### ● Fast, Courteous Service

Our pharmacists and specially trained staff are prepared to give you quick, courteous service. Ask your physician to call us and call in your refill prescriptions in advance and we'll have your prescriptions ready and waiting when you come in.

### ● Open 7 Days A Week

Our pharmacies are open 7 days a week and evenings. Our pharmacies are the very "heart" of our operation, not just a side-line.

### ● Easy Prescription Transfer

Just bring in your prescription bottle or phone us and we'll take care of the rest to transfer your prescription to Longs.

### ● Computer System

THE LONGS PHARMACY COMPUTER SYSTEM...

- Creation and maintenance of patient profiles
- New and refill prescriptions processing by patient name or prescription number
- Faster, more efficient prescription service
- Duplicate receipts available for personal prescription billings
- Easy tax reports

### ● Prescription Insurance

We honor all major insurance plans. We'll be happy to complete your prescription insurance forms from your union or insurance company.

Sun 10 - 7 PM

By Sam Weinstein

Now that summer is behind us, Camera Club's pace of activity is quickening. We are back on our two meetings per month schedule (1st and 3rd Wednesdays) and our programs promise to be interesting and fulfilling.

We have agreed to participate in the Village Painters sponsored Winter Arts and Crafts Show which will be held in the AR on Nov 5. Our members will exhibit their work and we expect to include some of our winning prints from the recent Ventura County Fair. Speaking of the Ventura County Fair Awards, we're very proud to report that Dorothy Levy has taken First Prize in the newly created "Seasoned Eye" Division. Her beautiful photograph of a Cholla Cactus blooming in the desert was awarded the Blue Ribbon and a large plaque in the color print category. Sam Weinstein was awarded eleven ribbons for his slides and color prints in four different categories. Since Dorothy has earned the first plaque ever awarded to one of our members by the Ventura County Fair, we are all extremely proud and happy for her. Great work, Dorothy!

We are now reaching out and starting to work with other camera clubs in Ventura County, inaugurating an inter-club Color Slide Study Program with the Camarillo Photography Club. Our PSA coordinator, Marion Sevren, will chair our effort, but more about this program after we get started.

Our Field Trip Chairperson, Sam Brown, has announced plans for a photo trip to the Santa Barbara Zoo in the near future. He's working out final de-

tails with Don Moore and will report to the membership at our next meeting. We will announce details on Ch 12 so all interested villagers can participate.

Our Sep 6 meeting was another great "give and take" affair as our guest, Ventura College Photography Instructor Tom Roe not only provided expert judging for our competition (our theme was Flowers/Shrubs) but explained the rationale for each score be awarded, every slide shown, in the critique he delivered while the slide was projected on the screen. This provided us with a great learning opportunity as we saw our work through the eyes of an experienced professional photographer, educator and lecturer. Tom's love of photography came through to us loud and clear as he discussed a broad variety of subjects and answered all questions from the floor with patience, wit and expertise. Those of us lucky enough to have met Tom will long remember this meeting as one of our best.

In the Flowers/Shrubs competition, Imogene Gregory tied for first place with Sam Weinstein, and it is her gorgeous close-up of purple orchids which was chosen to be the October picture of the month. A print of Imogene's winning slide will be displayed in the hall of the Rec Center during the month of October for all to see and enjoy. Our competition theme for October is Fairs, and will provide members the opportunity to show their Ventura County (and other) Fair pictures as we compete for the November picture of the month honors.

As always, we welcome all villagers to our meetings. Membership in the Camera Club is not required to join us and participate in the fun. And of course, refreshments are served.

By Irwin Steinhart

As an accommodation to the Keyboard Club, our September meeting was moved from the AR to the MPR. In these confined quarters John Fahringer presented a recreation of

the Orson Wells Radio Drama *The War of the Worlds*, with a dozen or so of our talented members participating in this major workshop event.

Our next meeting will be held on Thurs, Oct 19, at 7:30 p.m. back in the AR. A delightful excerpt from the Broadway comedy classic *Two for the See-Saw* will highlight the meeting. It will star two of

our members Grace Back and Herb Schwartz and will be directed by Ruth Zupa. It should be a fun-filled presentation and all villagers are invited to attend.

Rehearsals for our fall show *Social Security*, directed by Edythe Fahringer, are now in full swing. Be prepared for a very special evening of splendid theatre.

By Cy Boynton

Our first Tuesday night square dance for the month of September (after a month long layoff due to the renovation of the AR) again proved that we do not quickly forget dance patterns we have pains-takingly learned over a period of several months. We have never danced better!

Our popular regular call-

er Bill Kramer, introduced us to a square dancer's version of the long-time favorite folk dance called "Cotton Eyed Joe" which most of us caught on to quite readily and enjoyed immensely.

The brief and friendly Grand Left and Right Circle good night ceremony recently adopted by the club appears to be a fitting conclusion to an enjoyable evening of dancing, with everybody leaving in good spirits.

We are looking forward

to our Luau picnic dance Sep 17, and on Sep 26, to a dance called by the ever popular guest caller Debra Parnell, with rounds called by Bill Burrier. An interesting array of theme dances is scheduled for the month of October, such as Craft and Hobbies night on Oct 17, and a Halloween Sadie Hawkins Dance and Box Social on Oct 31, to name a few. Bring a square dancing friend.

Watch Ch 12 for the latest square dance schedules.

**BOOK  
REVIEW  
GROUP**

By Jeanne Carlson

Book Review will not meet in October because of the press of the holidays. We will resume in November.

The September program was a "Salute to Brooklyn." Two fine books, "The Great Bridge" and "Brooklyn, and How It Got That Way," both by David McCullough were displayed. The actual review book was "To Brooklyn with Love" by Gerald Green. This book is not new but was irresistibly nostalgic about growing up in the great depression. Its theme is that losers and misfits can win in spite of the painful lessons of adolescence.

The Book Review lady always welcomes new and old listeners, and thanks everyone who attends. She also thanks Ch 12 and its crew who make the program possible. Gerry Sills, George Huddleston and Bob Vanderhaven have helped in countless ways.

**SWING  
DISCO  
JAZZ**

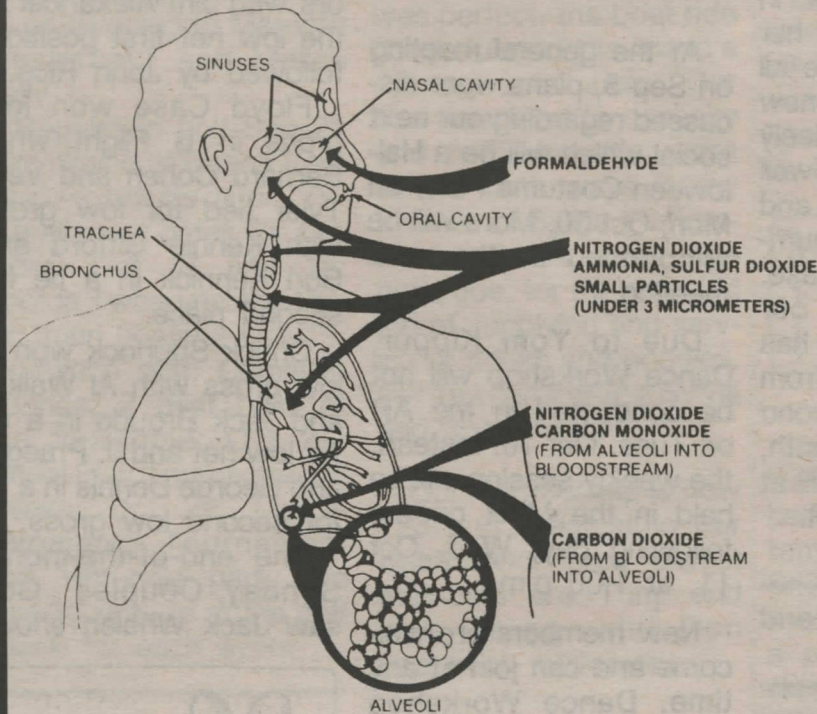

By Marguerite Abdelnour

Swing Disco Jazz Dance Sat, Oct 7, will be a tribute to the Glenn Miller Orchestra, which 50 years ago on Oct 6, took its band to Carnegie Hall. Now five decades later we still enjoy the Glenn Miller sound as heard in its three hit records that still retain their universal popularity; Moonlight Serenade, Little Brown Jug and In The Mood.

Join us for a swinging good dance in the newly renovated AR. The Emcee for the evening will be Dave and Ruby Teasdale. Free ice, punch and coffee. Admission 50¢.

# "AS WE LIVE AND BREATHE!!" HOW HAZARDOUS IS THE AIR YOU BREATHE?

## HOW INDOOR AIR POLLUTANTS AFFECT THE BODY

Sulfur dioxide, ammonia, acrolein (in tobacco smoke), formaldehyde	Sensory irritants
Sulfur dioxide, ammonia and allergens	Bronchial constrictors
Nitrogen dioxide and small particles	Pulmonary irritants
Carbon monoxide	Asphyxiant
Carbon dioxide	Discomfort indicator

AMERICAN LUNG ASSOCIATION

Funding for this material provided by Honeywell Inc.

Air Pollutants are found in every home. A situation made worse when homes are tightly sealed to provide better efficiency for heating and air conditioning.

This situation allows the same stale air to constantly recirculate viruses, bacteria, pollen, dust, smoke, pet dander and other microscopic pollutants throughout your home.

These floating particles can cause itchy, watering eyes, sneezing and aggravate allergies as well as stain furnishings, walls and draperies.

Since an electronic air cleaner removes up to **95%** of dirty air particles before they can get to the indoor air coils and ducts, a **10 to 15% REDUCTION** in operating costs can be realized over the life of the heating and air conditioning system.

Now, **United Service Company** can provide to the Residents of **LEISURE VILLAGE**, Camarillo clean healthful air inside their homes. We offer you a choice of electronic or electrostatic air cleaners for **AS LITTLE AS \$225.00** installed.

**By Ruth O'Neill**

Plans for the annual picnic of the Ceramic Mold Decorators Club were finalized at the September meeting. We will gather in the picnic area at 12:30 p.m. on Oct 11 and after lunch we'll go back to the CR for our regular Wednesday workshop. This should be a fun occasion, so we hope all club members will be present. Just bring your own sandwich; the Hospitality Committee will supply the rest.

Arrangements were also made for two coming events. This month we

plan to go to the Anaheim Convention Center for the annual Ceramics Show, and on Nov 5 we expect to participate in the Art Show which the Village Painters will hold in LV's recently-redecorated AR.

It was great to have popular Past President, Evelyn Boehm, back in the workshop after her surgery, and we were all happy to welcome new members Florence Neely and Polly Spayde as well as returnees Flo Koca and Phyllis Sweet. Our numbers continue to increase.

Please note that our regular meeting day has now been changed from the first to the second Wednesday of the month, starting on Oct 11, still at 12:30 p.m. in the CR.

**By Bob Atz**

The LV Stamp and Coin Club will be organizing its fall program at its next meeting, to be held Oct 3 at 7:30 p.m. in the CR. President Charlie Kaub invites collectors, both past

and present, to attend and join in the fun.

Projects presently underway include preparing exhibits to be displayed during the LV Festival on Oct 21 and preparation of stamp packets to be distributed to school children by Harp Smith during his presentations under the auspices of the LV School Speakers Bureau.

**By Don Holmes**

In place of the usual September meeting, the Ceramics Plus Club went to Santa Barbara for lunch and to view the ceramic displays at the Museum. The club is also working on two projects — the ceramic sale to be held in the Ceramic Shop on Sat, Oct 21 during the Anniversary/Bazaar, and the Arts and Crafts Show to be held in the AR on Sun, Nov 5. The sale on Oct 21 will feature all hand-made work by club members. The Arts and Crafts Show will also be all hand-made work but will be for display only, with no selling. Watch Ch 12 for more information

on both projects. The club will also visit the Moorpark College ceramic sale in November, and later will visit the Carol Lee Krueger Studios.

At the August meeting, Bernice Wells showed how she makes dough roses using white bread, white glue, food coloring, and some imagination. Ralph Farhi talked on ceramic glazed ware and the different glazes used. He noted that the club uses only glazes with no lead content, so our pieces can be used for any purpose. His talk reminded this writer of the early days in the Ceramic Shop when some of us formulated our own glaze mixtures, until someone stole the balance that we used to weigh out the different ingredients.

## DANCE WORKSHOP

**By Evelyn McKay**

Dance Workshop held its first dance of the fall season in the newly renovated AR. Most were pleased with the new look of the AR.

At the general meeting on Sep 5, plans were discussed regarding our next social which will be a Halloween Costume Party on Mon, Oct 30. More will be announced at the next meeting.

Due to Yom Kippur, Dance Workshop will not be conducted in the AR on Tues, Oct 10. Instead, the weekly session will be held in the MPR on the following day, Wed, Oct 11, at 1:00 p.m.

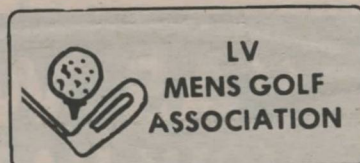

New members are welcome and can join at any time. Dance Workshop meets every Tues at 3:00 p.m. — we dance for joy and good health.

**By Lois Atz**

The Keyboard Club thanks the Village Players for relinquishing the AR to the John Lee piano concert on Sep 21. Juggling rooms and dates were made necessary due to the August renovation of the AR.

Keyboard members heard a wrap-up report on the program at the September meeting on Sep 22 in the AR. Proceeds from the concert will go into the Piano Fund, sponsored by the club. Musical theme was "Latin Tunes." The October meeting will have "Old Favorites" as the musical theme. All Village keyboard players are invited to attend on Oct 27 in the AR at 1:30 p.m. Listeners also are welcome.

**By Jack Whalen**

Regulation tournament golf for August at Mt. View found Harvey Shirk taking top low gross honors with Jim Alexander in the low net first position, followed by John Rice.

Floyd Case won low gross in B Flight while Bernard Cohen and Vern Tyler tied for low gross with Kennie Gifford and Bud Kennick in a tie for second place.

Chuck Spurlock won C low gross with Al Walker and Jack Broude in a tie for low net and J. Praeger and George Dennis in a tie for second low gross.

The end-of-the-month Sunday Couples' Golf saw Jack Whalen shoot-

ing a 55 for low gross win. Wayne Wisehart and Bernard Cohen tied for low net with Paul Eberle and Ben Alexander in a tie for second place.

Ted Rose won Flight B low gross with Gene Bookwalter taking low net and Ed Fitzer in second place.

Flight C saw a tie in low gross between Chet Di Lallo and Al Walker. Abe Israel took first low net with Bill Merrill just one shot behind.

Tickets are going fast for the Oct 17-18 Scotch Twosome Tournament. Only \$5 for golf on either Tuesday or Wednesday morning followed by lunch on Wednesday. Lunch only is just \$4. Watch Ch 12 for information on where to get tickets and what date is the deadline for purchase.

**By Dorothy Konecko**

The LV Racquet Club will meet on Wed, Oct 11, 7:30 p.m. in the MPR.

Tennis lessons are on Fri at noon and paddle lessons on Wed at noon. Enhance your life with exercise and zest for fun.

Response to the Annual Bash on Nov 9 has been

tremendous. Everyone is looking forward to an exciting evening.

The August Paddle Winners are: Wanda Saari, Marty Rose, Gary Lipton, Bob Kumler, Sol Miller, Woolf Phillips.

The August Tennis Winners are: Bob Novick, Bill Morgan, Les Soloman and Kay Bell-tie, Al Zelman and Sy Levine-tie, and a 3-way tie: John Russo, June Niles and Sid Dubin.

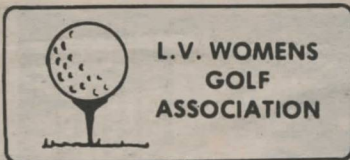

**By Joe Poliak**

At the September meeting of the Sawdusters Club we were treated to a very interesting display by Rob Karlin of several things he has made from plastics — lamps, napkin holders, coasters, etc. He also gave us a demonstration of heating and forming the plastic into the desired shapes. Rob spoke of the similarities (and differences) of working with wood and plastics — the sawing, sanding, polishing or fin-

ishing and the cementing or gluing together of the component pieces. The demonstration was followed by a lively question and answer period. The whole presentation was enjoyed by the approximately 35 members and guests who attended the meeting. For the "Show and Tell" portion of the meeting, Morris Lefkowitz showed us a small "go cart" complete with wheels that he had made from a kit.

At our next meeting, on Oct 15, there will be a video tape showing on "Table Saws — Use and Versatility," plus the usual "Show and Tell."

### By Jeddy Fornes

The LV Women's Golf Assoc. (LVWGA) hosted the Aug 15-16 Mixed Couples Golf and Picnic Tournament. Thanks to all who worked making it fun to play golf and enjoy a delicious barbecue. There was a tie for 1st place golf winners — Billie Mueller and Don Moore with Wanda Saari and Mike Mulery.

Regulation golf at Elkins Ranch Aug 17 — game played "Blind Partners" — was won by Shirley Green and Ellen Moore. Second place: Donna Duke and Marty Gregory. Third place: Marge Kelly and Marty Gregory. Fourth place:

Marcia Meyers and Bea O'Brien. Donna Duke had an eagle on #8.

The last Sunday of the month golf and 19-hole party Aug 27 was enjoyed by the many who attended.

The low gross of 56 for August was won by Donna Duke with the low net tie of 49 going to Marcella Westerhout and Marge Kelly.

Regulation golf Sep 21 was played at Buena Ventura — results later.

Important dates for October: Oct 17 and 18: Scotch Twosome and Picnic, men hosting; Oct 19: regulation golf, Camarillo Springs, 2 best balls of the foursome; Oct 25: Medal Play Tournament, 2 weeks; Oct 29: Men's/Women's Tournament and 19th-hole party. Be sure to sign up at the golf shack for each event.

### By Florence Friedman

If you enjoy dancing and would like to learn, join us on Mondays from 1:00-3:00 p.m. in the AR. Success of our folk dance club is due to villagers who love to dance and attend faithfully.

We welcome new villagers and encourage you to join us.

Dances from all areas of the world are taught with every attempt to

keep current with the latest dances. Partners are not necessary.

Our instructors are our own villagers. Their patience and help have made learning simple and enjoyable.

Dance time Mondays 1:00-3:00 p.m., teaching and dancing. Wednesdays 9:00-10:30 a.m., review and new dances. Fridays 9:00-10:00 a.m., continuous dancing.

Membership meeting the first Wednesday of the month in the AR at 10:00 a.m.

### By Ben Drasin

The Saturday Night Ballroom Dance had an unpublicized, impromptu, no charge dance in August. Even though the AR was unavailable, this occurred on Sat, Aug 19. The news was spread by word of mouth and as a result, about 70 dancers enjoyed an evening of dancing in the MPR.

There was a change in hosts for our regularly scheduled dances in September. Max and Lil Schwartz and Warren and Wally Eastham did the honors on Sep 9, followed by Ned and Rosalie Volan and Al and Georgette Slater on Sep 23.

Don't forget, our Saturday Night Ballroom dances always occur on the second and fourth Saturdays of each month in the AR, 8:00 to 11:00 p.m. Everyone is welcome to come and enjoy.

### By Morley Goldberg

What a day for the Billiard Club's Catalina Island outing! The weather was perfect, the boat ride delightful and the island's scenery spectacular. Our bus was filled to capacity and refreshments were served both ways. Many thanks to Sylvia Rottersman, with help from husband Joe, for the splendid job of supplying and serving of drinks and goodies. We just can't praise Sylvia and Joe enough!

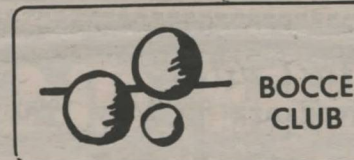

Our membership is now 123 and greatest in our history. Our three newest members are Tony and Kay Gregg, and Don Pearlman. Welcome.

Remember our FOOD SHARE COLLECTION which will be held during our meeting on Nov 28. Contributions of non-perishable foods or cash, or both, may be made. All proceeds go to needy residents of LV.

Bill Ross and his committee are working on annual dinner arrangements, and a report will be made at our meeting in October. This will be our third and promises to be better than ever. Be sure to attend and sign up.

Thanks to Aleta Elrick, Anita Trindl, Isabel Torchia and Anne Laufer for acting as hostesses at our last meeting's social hour.

Winners of lottery tickets during Aug meeting were Bill Ross, Al Sullivan, Sylvia Rottersman, Chuck Elrick, Paul Kelwin and Dave Robbins. Beatrice Loew won a \$5 gift certificate and Ralph Greene won 2 lunches at Soup Tureen. Again, we admonish you — if you don't attend meetings, you can't win!

### By Luella Kelwin

Bocce Club members enjoyed a luncheon at Mercury Savings in this month of September.

Be sure to mark your calendar for Oct 16. This will be the date of the Anniversary Dinner Dance. Special entertainment will be Poker Bill Jasios, the

accordianist. Tickets will be for sale at the Sep 28 meeting.

Please note the new time for Bocce lessons is Thursday afternoon at 1:30 p.m. at the Bocce courts. Everyone welcome!

The general meeting will be Sep 28, 7:30 p.m. in the AR. Entertainment and refreshments.

The next Board meeting is Oct 9 at 7:30 p.m. in the LR.

### By Cy Maller

In the absence of Pres Nate Brod, VP Louise Colbert conducted the September meeting of the Shuffleboard Club. The membership voted to hold a potluck dinner for the meeting on Oct 3 at 6:00 p.m. in the MPR. As in the past, members are asked to bring enough for six and also their own cutlery.

Sam Weinstein reported that arrangements have been completed to hold our annual Holiday Dinner at the Basque Cafe. The date will be Dec 5 at 7:00 p.m. The menu will be "the works," from

appetizer to dessert, served family style. The price, including gratuities, taxes, etc., will be \$11 per person. Connie Mayer will be taking reservations. Since we are limited to 50, Connie urges all to get their reservations in early.

We bid farewell and good wishes to Mickey and John Woodford, members for 11 years who are moving out of the Village.

Louise Colbert and Eleanor Kramer, our representatives in the Senior Olympic Shuffle Board Tournament, have been sharpening up their game and are raring to go. It will be held at the Ventura Senior Center, located at 400 Santa Clara Ave on Sep 25.

### By Vee Flowers

The LV Bowling League started its '89 season with 22 enthusiastic teams and a large number of substitutes waiting in the wings.

The season will run until the first part of May with the usual tournaments to be scheduled soon.

A split season schedule will be used again this year, which seems to work the best for everyone.

The need for substitutes is always a certainty, so we can't stress strongly enough that those wishing to participate, to please stay eligi-

ble by keeping up with practice sessions or pacing.

Pacers are always welcome when there are openings, but Captains, please do *not* add a 5th member to your team. The game is slowed down drastically when more than 4 players are assigned to the lane.

It has been noted that too few bowlers know how to use the computerized score panel. Please get help from the desk when needed.

High scores the 1st week were bowled by President Ernie Slabotsky, 221/563; Al Kaplan 209, 201/593; Dick Maitland 209; and Abe Shanman 203.

## Village Painters

By Mildred G. Oberg

The Village Painters are having their monthly meeting on Wed, Oct 4 at 1:00 p.m. in the MPR. A critique of members' paintings will be given by Marion Jayne, artist and teacher. Plans will be discussed for our Fall Art Show on Sun, Nov 5 in the AR.

Our September meeting was very successful, with Marie Young, newly moved into the Village, who gave a fascinating demonstration of Chinese brush painting and its history.

Do come and enjoy our meeting with friends and guests. For information, please phone 484-5112.

**Driving Tip** — When you buckle down to drive, don't forget to buckle up. Schedules for the East Camarillo Bus Service are available in the Rec Center Office.

## The Sound of Music

Music by Richard Rodgers

Lyrics by Oscar Hammerstein II

Book by Howard Lindsay & Russel Crouse

Rodgers and Hammerstein's heart-warming story of the romance between a brusque Austrian aristocrat and the young novice who teaches his children the joys of music. Winner of four Tony awards, the magnificent score sparkles with well-loved songs like "Climb Every Mountain," "Do-Re-Mi," and "My Favorite Things."

**LOBERO THEATRE,  
SANTA BARBARA**

**BOX OFFICE: 963-0761**

VARIETY  
GUILD

**By Ethel Goldfarb**

The Variety Guild meeting on Sep 4 was a musical transition of old to present officers: Bob Freedman, Pres; Miriam Hasen, Exec VP; Lillian Leeds, 1st VP, Prog Ch; Lorraine Kaplan, 2nd VP, Publicity; Jack Silver, treas; Anne Wolfson, rec secy; Freddi Popkin, corr secy. Outgoing officers hosted the Musical Installation. The Musical Parodies written by Lorraine Friedman and Dorothy Karlin with Doris Siegel as delightful M.C. made for a very lively evening. Outgoing officers Herb Schmidt, Erma Hopkins, Jackie Solway and Ethel Goldfarb hosted the evening. We in turn, thank them for jobs well done.

On Oct 12, the Woodschicks and Friends

will present a musical farewell in the AR. Donation of \$2 will go towards the piano fund. Tickets on sale in Rec Center, Mon, Wed, Fri.

Excitement in the air! The May 1990 Variety Guild Production will be CAN-CAN, directed by Eddie Saeta and experienced assists.

Audition forms in this issue of ILV. Additional forms in the Rec Lobby next to box marked VARIETY GUILD AUDITIONS.

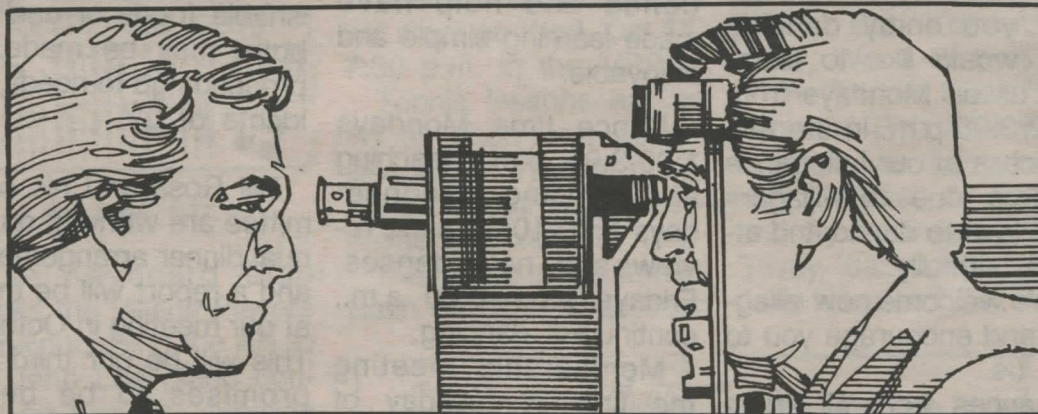

### YOM KIPPUR DANCE

**By Henny Sills**

The Yom Kippur Dance will be held on Tues, Oct 10 in the AR at 7:30 p.m.

Enjoy dancing to the music of The Rhythm Kings Orchestra. Refreshments will be served.

Please arrange your own table (10 to 12 at each table) or we will seat you as best we can. All villagers welcome. Donation is \$4.

## IS YOUR VISION PROBLEM CAUSED BY CATARACTS?

Only an eye physician can tell you if cataracts are the cause of poor vision. Your doctor, using special examination instruments, can determine if the natural lenses in your eyes are clear. If the lenses are beginning to turn cloudy, usually due to aging, they are called cataracts. While cataracts are the most common cause of poor vision among adults over age 60, they are not the only cause of poor vision. Retinal disease or glaucoma are also causes of poor vision among adults. Therefore, regular eye examinations for adults are recommended.

## GEM AND MINERAL CLUB

By Don Holmes

The Gem and Mineral Club did not enter any work in the Ventura County Fair this year, but President Jack Bennett did pick up the "Best of Show" trophy that the club won last year. More on that below.

The club is working on jewelry to sell at the Sat, Oct 21, LV Anniversary/Bazaar "Show and Sell," which we do each year. Garnette Holmes has organized the production, from buying materials to getting it all assembled ready to sell. Be at the Lapidary Shop early to get the pick of the gems. Eunice Donahue and Bill Brown have donated prizes for the drawing, and we will have at least two more. Watch Ch 12 and the bulletin boards for

later information.

The September program, arranged for by Vice President Bill Huffman, was a talk illustrated with slides of gems and jewelry, by Bob Lynn, jeweler of Ventura.

About our trophy: Last year the Gem and Mineral Club entered a competition at the Fair and won "Best of Show." For various reasons the award was not picked up then and it was kept for us by one of the other clubs. On visiting the Gem and Mineral Show at the Fair this year, President Jack Bennett asked about the prize and brought it home. It is a beautiful gold trophy about two feet high. We now have the problem of finding a place in which to display it.

## SOLO CLUB

By Monica Alves

Forty-five Solo Club members and guests enjoyed a delicious lunch at Mercury Savings last month. The drawings for 25 door prizes added to the fun.

There will be a potluck dinner in the AR on Fri, Oct 13, at 6:00 p.m. A-G bring salad; H-O a meat dish or other entrees; and P-Z dessert. Don't forget to bring your own table service and a donation for the food distribution program here in the Village. A group from the Round Dancers will entertain.

The next regular meeting will be on Fri, Oct. 20 at 12:30 p.m. in the GR.

### Estate Home Furnishings By Page Abell

Established in 1984 by Jon Ross, ESTATE HOME FURNISHINGS is the Tri-Counties' largest home consignment center. "We have over three complete estates arriving weekly," states Mr. Ross, "and when I say complete, I mean everything from the silverware to estate jewelry, including bedroom sets, armoires, and complete dining room sets."

The concept is unique, providing an outlet for estate liquidation totally consigned by the heirs, trust departments, or individuals. Among the services provided by ESTATE HOME FURNISHINGS are: appraisals by experts, transportation arrangements, merchandising, furniture refurbishing, computerized inventory and sales data processing...all housed in a 10,000 square foot showroom/warehouse complete with fire sprinkler system, security alarm, air conditioning, and a private parking lot. All contents are fully insured against fire or theft.

"After 18 years of experience in estate liquidation and appraisals, we can offer the most effective and reliable programs available for settling estates," comments Mr. Ross.

ESTATE HOME FURNISHINGS specializes in everything for the home...from antique to contemporary estate items...is located at 2264 Goodyear Avenue, Ventura. For information, call (805) 642-1222.

## YOUR EYE CARE

Brian Strange, M.D.  
Eye Physician and Surgeon

## WHY DO MY EYES GET TIRED?

Have you noticed that it gets more difficult to read at night the older you get? This problem is common to all of us- there are several causes and solutions to this problem.

The causative factors are: reduced focusing power after age 45 (presbyopia), increased yellowing of the eye's lens (nuclear sclerosis), less resistance to end-of-the-day eye fatigue, and the possibility of eye disease.

You can overcome these problems (1) by getting stronger reading glasses - But then you'll have to hold your reading material closer, (2) by using brighter light for reading, sewing, etc, (this is very important), (3) getting more sleep, and (4) seeing your ophthalmologist to make sure you don't have eye-fatiguing problems like glaucoma, cataracts, retinal degeneration or eye-muscle imbalance.

By Mary Kovach

Remember the oldies — In the Mood — St. Louis Blues — I Don't Know Why — Gonna Sit Right Down and Write Myself a Letter? These are some of the round dances that we do every Sunday in the AR from 9:00 a.m. to 1:00 p.m. (both classes included) with the cueing done by Larry and Vivian Warner of Santa Maria.

What a feeling of nostalgia upon hearing these tunes again, and also such a feeling of accomplishment at the end of the dance if we've done it perfectly. I have heard it said that our faces are so somber while round dancing that it looks like we are not enjoying ourselves — not true! It's just that we are trying to get our brains (the listening part) and our feet to cooperate — sometimes one or the other is lagging! This is a wonderful way to exercise both your mental and physical faculties simultaneously.

Now since we have the two classes, the first more advanced, the couples who missed quite a few lessons due to illness, vacations, etc., can simply drop out of "A" class and join "B" class, instead of dropping out completely.

Our new Beginners Round Dance class started on Sep 17 in the AR from 1:00 to 3:00 p.m. \$2 per person, with lady partners accepted. This will accommodate many single women in the Village who love to dance, but lack a male partner. We have tried it in the earlier class and the ladies are doing a magnificent job. Come see for yourselves! Visitors welcome!

"Contributors: Please name your group in your first sentence."

## Important Notice CB Communicators Needed

According to Ellis King, ESO Communications Coordinator, the gradual erosion of our roster of CB Communicators has resulted in a less than desirable backlog.

We lose Communicators, he states, as residents move away, give up "RVing," or become less active physically. The number of available CB operators has decreased to the point where we could experience difficulty in staffing the eleven sub-bases over any extended

emergency.

Any resident having CB equipment (handheld, base, or in any vehicle) who is not now involved in ESO activities is urged to call either Kenneth Wilson at 482-6821 or Ellis King at 484-9034 for more information.

Absent any emergency, the only commitment required is that of attending an occasional meeting and participating in brief exercises — not more than one or two hours a month.

Have the satisfaction of knowing that you are doing something worthwhile for your fellow residents!

## For Your Information

According to Dora Cronyn, V 15

There is an alternative to putting your newspapers out for the garbage man to haul away. The

Camarillo Recycling Center will take your newspapers, glass, plastic and metal. They will not pay for newspapers.

The center is at 409 Calle San Pablo, #112, Camarillo.

## Collecting Cans For Concert Expense

One of the Classified Ads in this month's ILV contains a story. There is a request for aluminum cans to be deposited at 11232 V. 11 to finance a trip to Carnegie Hall.

Piff DeSimone is a member of the Channel Aires Chorus of Sweet Adelines, Inc., a group of extraordinary women singers who performed at the International Competition of Sweet Adelines in Houston, Texas, last year. As a result of their winning eleventh place overall, the group was invited to perform at Carnegie Hall, New York City, on May 8, 1990.

Chorus members pay their own way, so the salvage of aluminum cans is a group effort to earn part of their expenses. Their only remuneration will be the privilege of singing in Carnegie Hall.

There are 81 women from the greater Ventura

See CANS.....Pg 29

## Think Newspapers!

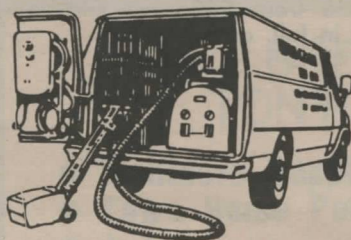

Pegge Lane of V 5 says: Think Newspapers..Day-old

Think of method of disposal...no more Boys Club pickup. Think of another raise in LV from rubbish firm because of additional bulk. At present Alpha Beta Market is the only firm to offer a large newspaper buster. Appeal to managers of the other large markets where you shop to offer the same service, when they bring up the groceries which you purchase...their trucks go back empty. Prevail upon the managers to contact their district managers to include this service in their re-cycling program. The newspapers can be sold and disposed of in the L.A. area. This plan has worked in other areas of California.

Any other additional constructive thoughts on this subject, please come forth with your ideas.

## Ready To Switch To A Mechanic You Can Trust? Ask Yourself:

Is your mechanic accessible or, when you have a problem, do you have to talk to the service writer?

Does your automotive service have the skilled personnel and equipment to deal with today's technologically advanced cars?

Is your mechanic ASE certified?

Is he a true professional?

**If you answered "NO" to any of these questions, Give Tom a call!**

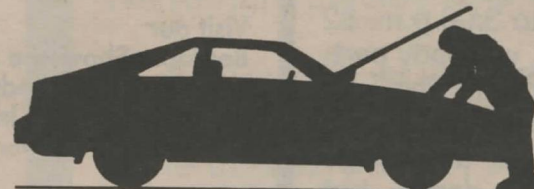

"I stand behind my work. I've been working on cars for over 25 years, and have found that the greatest need of a client is to be confident that the problem will be fixed properly the first time. (No one wants to spend good money having the wrong thing fixed!) Also, I guarantee I will not ask you to buy anything you don't need. I want you as my customer for the long term! Give me a call."

—Tom Bergin

## CURRENT ISSUES FORUM CALENDAR

By Sol Robin

The next meeting of the Current Issues Forum will be held on Fri, Oct 27, in the AR at 7:30 p.m. The subject will be "Is Dese-crating the Flag an Exer-cise of Free Speech?" The speakers will be Ed Tabash, a Los Angeles Attorney vs. Richard Nedry, a retired Navy flier with 21 years of Naval service. Mr. Nedry served two tours of duty in Viet Nam and retired as a Lt. Commander, U.S. Navy. Admission is free.

## Kudos

By Bernice Ennis

LVES thanks Bob Atz for his extraordinary service as Secretarial and In-formational Service Unit head. Few people realize that this unit involves in-stant communication of disaster status to the Camarillo Emergency Ser-vice, as well as to the State and media.

## To Our "Inside Leisure Village" Staff

By Lillian Wallace

As we sit back in comfort  
Reading "Inside Leisure Village," do we think  
of all that it entails  
Before going to "printers ink?"  
The reading and the sorting,  
Eliminating contributions by the score-  
Of course the hassle you get  
From people who deplore,  
The omission of an article  
That means so much to them-  
Do they know it's been considered  
Again and once again?  
Don't they realize it's not that easy  
To be working day by day-  
Reading and rereading,  
Sorting contributions along the way.  
Have you ever heard, "we thank you"  
Loud enough for all to hear-  
As you give us so much pleasure  
Through your dedication, year after year.  
So, on behalf of all your readers,  
For the GREAT work that you do-  
To give "Inside Leisure Village"  
A GREAT BIG THANKS TO EACH OF YOU.

## BE SELECTIVE!

Leisure Village Residents Only

## BAZAAR ..... From Pg 1

sweaters, slippers, socks, baby clothes. A variety of well-made aprons make fine gifts (hard to find in stores). Then you'll see a flock of potholders, quilts, caps and afghans that you couldn't buy anywhere else.

The holiday decorations booth has such attractive and delicate objects that it will be difficult to resist (so don't)! Boutique has many pretty gift items — tissue boxes, hand-crocheted lace collars, jewelry bags. Keep some gifts on hand.

The Sawdusters always help Women's Club, too. Sparked by Carl and Dorothy Sparks, their tables will be crammed with beautifully-finished wooden items — games, toys, recipe-holders, bookends and more.

Getting a little hungry by now? Bea O'Brien and her staunch crew will have hot dogs, coffee and squares of Dorothy Fencel's Ohio chocolate cake to serve you. Soft drinks will also be available. Tables will be set up for social lunches or snacking.

Don't forget to inspect the Trading Post! Their motto is "Bargains Are Us" and it's true. You'll find books, jewelry, leather goods, dishes, lamps, radios, clocks and a million other items. If you need a horse-collar, check with the Post!

From time to time there will be announcements and organ music and in the rooms along the atrium, you will find special sales. The Gem and Mineral Club welcomes you to their lab and sales room. They have wonderful gem stones set in copper, silver or leather. Their handmade belt buckles are wonderful for gifts.

The Ceramics Club is also conducting a sale. You will find vases, cups, plates, pins, earrings, etc., all handmade.

Stamp Club will offer

displays and exhibits of their work

The LV Orchestra will offer mini-concerts in the Club Room.

At 3:30 p.m., it's time for the traditional drawing. As a matter of fact, there are three drawings this year. The first is for a red satin holiday banner hand-made by Workshop Chmn. Evelyn Simonimi. The second is a hand-made doll — charming. Then the biggie. Instead of appliances and such items, the Women's Club Board decided on 4 cash prizes! Fourth prize is \$50; third is \$100; second, \$200 and first, \$400! You need not be present to win. Women's Club members are already selling tickets — \$1; or \$10 for a book.

Women's Club depends on your support and knows that our customers are the key to the whole thing. Please come, have fun and know that you're helping!

## Look But Don't Touch

Some of the prettiest shrubs (or trees) in the Village are the long-blooming oleanders. Their clusters of blossoms ranging from white, to pink, rose and red are spots of color along the streets.

Oleander is an ever-green (Nerium oleander) of the dogbane family; its leaves contain a poisonous glycoside which is extremely potent.

Enjoy looking at them, but refrain from touching. If trimming is needed, protective gloves and clothing should be worn. Smoke from burning oleander can be poisonous to inhale.

Keep pets and children away from even casual contact with them.

## Yom Kippur

By Lillian Wallace

They're opening the Ark,  
And my heart skips an extra beat-  
As I watch them take the Torah out  
And I'll rise to my feet,  
Put my fingers to my lips,  
Touch the Holy Scrolls and then-  
Whisper "Thank You God"  
Again and once again.  
The music of Kol Nidre  
In all its beauty fills the air-  
And seems to envelop me  
Its sound is everywhere.  
My prayer book now lies open,  
And as I read each prayer I nod-  
In recognition of its meaning,  
Each thought entwined with God.  
For this is the holiest of holidays,  
When I'll confess to wrong things done-  
And beg Him for forgiveness,  
For He is God, He is One.  
I'll wait for the Shofar,  
As it sounds for all to hear-  
God's blessings for good health and joy  
To all, throughout the year.

## HIGH TWELVE CLUB

By Gabriel Barkley

The October meeting of the High Twelve Club will be held on Oct 16 at 10:00 a.m. in the AR. Our guest speaker will be Joseph Hitch, a manufacturer of airplane parts in Santa Paula. He is going to talk to us and show a film on the making of an airplane called "Skyfox."

Mr. Hitch's visitation is through the courtesy of Jack Bennett, past president, and who having once heard Mr. Hitch speak, states that his talk is highly interesting. Come at 9:30 to enjoy coffee and donuts and happy talk with your friends and neighbors.

## YNCG Request

PLEASE RETURN BORROWED WHEELCHAIRS AND WALKERS. We are in need of them. If you have any of these you wish to donate to Y.N.C.G., call Sandy Okum 482-8125.

# Marty Ettinger and his sun dials

By Jack Whalen

The next time you and your golfing partners are playing the back 9, after you leave the 11th green and head for the 12th tee, you'll encounter a freshly laid sidewalk. At that point, look to the patio on your right to view several works of art.

On the rear patio fence are several attractive bonsai plants but a closer inspection reveals three distinctly different sun dials.

Whose hobby is this and when did it start? Marty Ettinger of Village 17, a retired dentist from New York City who moved here just a few years ago, read about this fascinating subject in a book and simply started making them.

Says Marty: "I was fascinated by the many designs that could be made, and being interested in wood carving, I became involved. Once the basics are adhered to, they can be simple or complex, large or small, have no movable parts (other than the sun and the earth), no batteries, they are noiseless, non-polluting and are guaranteed for life."

The three sun dials on Marty's patio fence are all pointed in a true north-south alignment. Each dial has an object called a gnomon which casts a shadow upon a surface of the dial that has been marked with the hours of the day.

As we know, the sun rises in the east, makes an arc in the sky (staying somewhat south of us here) and descends in the west.

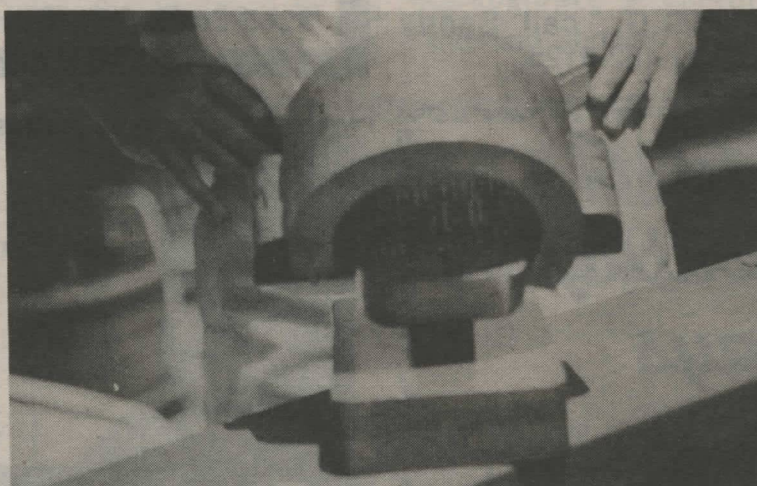

Sun dials appear to give only an approximate time since the earth, in revolving around the sun, goes in an ellipse rather than a circle.

Thus, the speed of the earth, in relation to the sun, appears to vary, sometimes faster, some-

Marty stands behind three sundials, all different in telling time via sun's rays

Photos by Stabler

Visitors are amazed to learn that this sundial reports the time as a computer printout.

times slower. Astronomers have accurately measured the speed for each day of the year and the readings show that at four days per year there is no variance while 16 minutes is the greatest. Marty has a graph mounted on his dials which shows the plus or minus amounts.

Since the sun makes a complete circle of 360° around the earth every 24 hours, the movement is 15° per hour and hour marks on the sun dial will be so spaced to measure the shadow cast by the gnomon.

In the northern hemisphere, the sun, at noon, is directly south. Pacific Standard Time is set at noon when the sun is directly south on longitude 120°. The longitude of Camarillo is 119° and since it takes 4 minutes for the sun to travel 1°, our sun will be directly south at 4 minutes before noon.

This fascinating gnomon, while running north and south, must also be set at an angle equal to the latitude of its placement. The latitude of

# Water - Most Abundant Substance On Earth

By Sol Robin

When you turn on a faucet in your home, you expect pure, clean water to flow out. You also expect your city to have plenty of water for its factories, for fighting fires and cleaning streets. The task of providing a modern community with water is a tremendous job. First of all there must be adequate sources of water to fulfill the demands of a modern city. Then the water must be purified. Next it must be piped into every home, office building, factory, eating place and hotel in the city. Finally the used water must be piped away.

Yet millions of homes in Asia, Africa and South America have no running water. The people must haul water up by hand from the village well, or carry it in jars from pools and rivers far from their homes.

The United States has more homes with kitchen faucets and flush toilets than any other country. Every American uses an average of about 70 gallons of water a day in his home. It takes about 3 gallons of water to flush a toilet. It takes about 30 gallons to take a bath and each minute under a shower takes at least 5 gallons. It takes up to 10 gallons to wash the dishes and up to 30 gallons to run an automatic washing machine.

Water is the most common substance on earth. It covers more than 70 percent of the earth's surface. It fills the oceans, rivers, lakes and is in the ground and in the air we breathe. Water is everywhere.

Without water there can be no life. Every living thing — plants, animals and people — must have water to live. In fact, every living thing consists mostly of water. Your body is about two-thirds water. A

chicken is about three-fourths water. And a pineapple is about four-fifths water.

Throughout history water has been people's slave — and their master. Great civilizations have risen where water supplies were plentiful. They have fallen when their water supplies have failed. People have killed one another for a muddy water hole. They have worshipped rain-gods and prayed for life-giving rain. Often, when rains have failed to come, crops have withered and starvation has spread across the land. Sometimes the rains have fallen too suddenly and too heavily. Then rivers have overflowed their banks, drowning everything and everyone in their paths.

The demand for water is increasing faster in the United States than in any other country. More and more Americans want air-conditioners, garbage disposals, automatic washers and an extra bathroom. Industry also demands more water as production rises.

Americans waste water sinfully as if there were no tomorrow. Even here in LV we often see unrestrained wastefulness.

U.S. industries discharge 3 to 4 times as many pollutants into wastewater as do all the country's sewage systems. These wastewaters contain many toxic chemicals, metals and oil spills. In addition, the burning of coal, oil and other fuels by power plants, factories and automobiles produces poisonous oxides. These pollutants cause acid rain which falls to earth and enters streams and lakes. Water pollution has aggravated the water shortage and can eventually threaten life itself by destroying our food sources on the land and in the sea.

Hopefully, the American people are beginning to realize how precious water is and how urgent it is to attack this problem boldly. The federal government together with individual state governments have begun to establish vigorous anti-pollution programs. In addition, Washington and private companies are working to improve techniques for desalting sea water.

Just as the nation has begun to recognize the severity of the drug problem, the present crisis generated by the increasing water shortage must be acknowledged and addressed promptly if we hope to preserve our American way of life with all its advantages. Without sounding too melodramatic, the ultimate survival of the human race will be decided by the speed with which we find a solution to this desperate situation.

## BINGO

By Cy Maller

On Sep 6 Bingo was resumed after a 4-week "holiday" due to the renovation of the AR. The result was one of the largest turnouts in recent years. Old friends, new residents, and visitors streamed in, hungry for the action. They were rewarded with additional Jackpot games, larger cash prizes and a greater variety of games.

Marion Tavano, head of the Bingo Committee, wants to remind all players that 95% of every dollar taken in goes back to the players in cash prizes, the remaining 5% is used for supplies.

Our games are always enjoyable and a great camaraderie exists among the players. Remember Wednesday evening, games begin at 7:00 p.m. and are usually finished around 9:00 p.m., in the AR.

FOR LEASE: Delmar 2 + 2. Desirable location between main gate and Rec. Ctr. No pets. \$900 per mo. Call 482-8414.

SUNDIAL ..... From Pg 26  
Camarillo is 34°.

While all this might sound somewhat complex to some villagers, you may be certain that the next time you pass the back patio fence of Marty Ettinger's, if he's around, he'll be delighted to show you his works of art.

One of his sun dials on the patio reads almost like a computer print-out. Ask him to show you his #4 sun dial mounted on the west side of his home. It's a visit worthwhile!

Photographer, Jerry O'Brien

### The O'Brien Clan

Son Jerry second from right, front row, of Vienna, Virginia, had to make fast moves to get himself in this picture.

## Join The Interface /Volunteer Team

Volunteers are needed to assist in providing: Information and Referral, Outreach Crisis Counseling Intervention to runaway and troubled youth, and their families, battered women and their children. Volunteers are also needed to work with abused children, on the Suicide Prevention Hotline, as office assistants, etc.

Make a difference in your community. Be an INTERFACE volunteer. Call Janet Notaro for more information, 485-6114.

### CANS .....From Pg 22

County area, including two for L.V., in the chorus. Their cost will be about \$1000 per person.

The Channel Aires had also been invited to sing at the Bicentennial celebration in France, but the cost forced them to decline that honor.

The Channel Aires will sing in L.V. in March, sponsored by the Rhythmettes. For musical excellence, stage presence, costuming, and entertainment value, the women deserve praise and support.

## SAVE THOSE CANS

### Women Swimmers

Please, Women Swimmers, who use the shower room, do not place wet swim suits or damp towels on the bench. The bench is for sitting. Be aware, too, that many women using the shower room ordinarily wear glasses outside the shower room - so be careful to put shoes under the bench (if you prefer not to use the locker) to prevent someone from stumbling.

# Big detached homes for people attached to entertaining.

Move to Leisure Village Ocean Hills and wake up to a wonderful new life. In an Aegean Village, minutes from the blue Pacific in Oceanside.

You'll live in a Private Villa Home.™ Big. With exciting new possibilities for entertaining all your old friends. And when you are ready to meet new ones, there's The Ocean Hills Country Club.® Where you'll slide right into fun. Playing golf. Tennis. Bocce, billiards and bridge.

Joining clubs and classes. Learning crafts. Going to concerts, shows and dances.

You'll feel secure, thanks to a 24-hour attended entry gate. Entertained as you sit back and watch someone else cut the grass.

So project yourself into the picture. Drive over today and tour our five gorgeous models.

At Leisure Village Ocean Hills, you won't be staying home to watch Entertainment Tonight. You'll be living it.

**LEISURE VILLAGE Ocean Hills®**

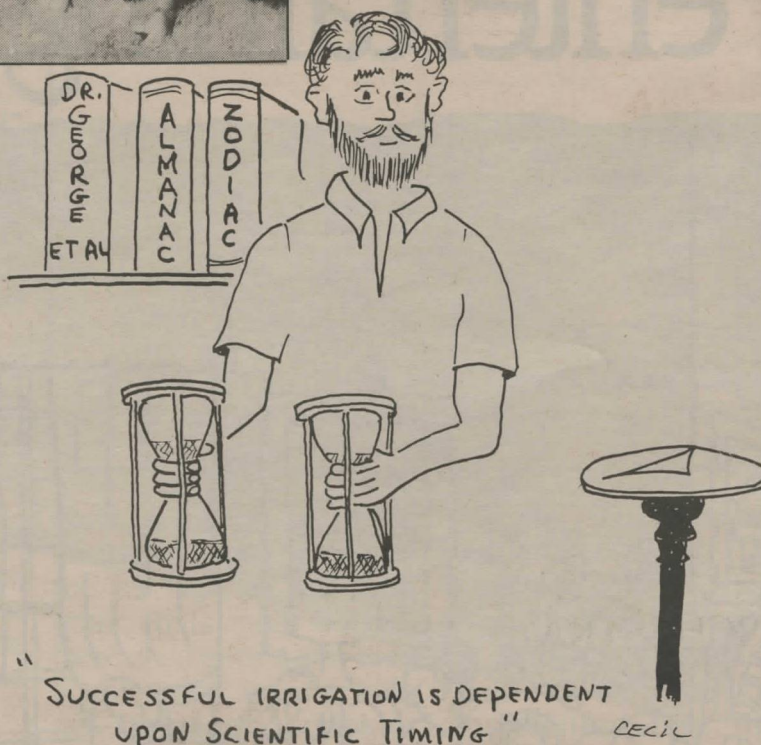

Cecil Nunn playfully threatens Luis as a sprinkler head is replaced.

## Who Is That Man?

Isn't Leisure Village fortunate in having someone as talented as Cecil Nunn in our midst? Inside Leisure Village is indeed grateful for having the opportunity to share with you his clever and humorous art work.

It's great to be able to laugh at ourselves. Thank you, Cecil.

## Garden Club Wins At County Fair

"Centerville, U.S.A."

By Madelyn McKean  
Congratulations to the Garden Club's talented creators of "Centerville, U.S.A.," a 4'x8' miniature town complete with houses, railroad and its station, farms with fences, church, shops, sidewalks, townspeople and operating electric street lights. Originally made for the Floral Arts Show in May, it was enlarged a bit, entered in the Ventura County Fair and took First Prize in the class "Senior Models and Hobbies!" Well done Erna Hesson, Millie Worth, Marion Sanders, Lida Geddes, June Goodyear, Eleanor Johnson, Ivy Lindner, Marietta Plum, Mary Ralph and Ethel Weining.

### HERE WE GO AGAIN

Did you write for ILV this month or last? Are you planning to write in the future? Many of you are not following our guidelines, even those of you who have been writing for many months. Our requirements are so simple, so standard ...

Plain, white paper, 8½ by 11"; name in upper left hand corner with telephone number; double space, typed; indent for paragraphs.

Driving Tip — Lamp posts can't defend themselves.

# FRIDAY THE 13TH COULD BE YOUR LUCKY DAY

**N**ewAmerica Savings, Camarillo's only home grown savings institution, is celebrating 6 years of stability and steadfast service to its customers. We're having a big birthday bash on Friday afternoon, the 13th of October at our Arneill Road office. And you're invited.

## IT'S OUR PARTY, BUT THE GIFTS ARE YOURS.

The Phantom  
of the Opera

Come in any time between now and October 13th and sign up for a drawing to be held that afternoon. If your name is chosen, you'll win a Night on the Town for two in Los Angeles on December 16th. Included is a room at the lovely Sheraton Grande, dinner at their 3 star award-winning Ravel restaurant and limousine service to the Ahmanson Theatre to see the spectacular "Phantom of the Opera." PLUS \$100 in spending money.

All you have to do is fill out an entry card at our office and you could win the wonderful Night on the Town.

## HERE'S A BIG BIRTHDAY BONUS FOR YOU.

A 6 month CD—for as little as \$600, with an interest rate of 8.6%, 9% yield. That's about what others are paying on their Jumbo CD's. PLUS, you get an interest bearing

checking account FREE of all service charges for as long as you keep your CD.

Don't forget. Come in now and sign up for the big prize. And open your high interest CD while you're here. That will really make it your lucky day.

6 MONTH CD

**9%**  
YIELD

# NNS NewAmerica Savings

430 Arneill Road, Camarillo • 987-8731

6 month CD offer ends November 3, 1989 • One drawing entry per customer, please.
