

ALAN CRANSTON
CALIFORNIA

United States Senate

WASHINGTON, D.C. 20510

February 28, 1991

Dear Jane and Dan,

It was so thoughtful of you to send me your message of concern and support. It was wonderful to hear from you at this particular time in my life.

I'm delighted to report that after treatment at Stanford Medical Center, the cancer has been completely cured and I'm feeling fine and optimistic. I plan to resume my work in the Senate on March 5th and I'm looking forward to accomplishing much in the next two years.

Warmest regards,

Ever,

A handwritten signature in dark ink, appearing to read "Alan", with a stylized, cursive script.

Alan Cranston
