

United States Senate

WASHINGTON, D. C.

May 3, 1960

Mrs. Jane M. Tolmach

Oxnard, California

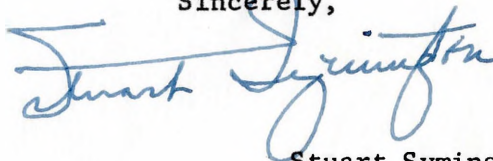

Dear Mrs. Tolmach:

Bill Bray and Bill Gilbert, two of my fine supporters in California, have told me of your very gracious invitation to speak in Ventura Tuesday night, June 2. This I would like to do very much, but in that I have to be back in Washington early the next day, just do not know at this time how it would be possible to work it out. But if it does appear that it can be done later, I will let you know. I want a rain check for that fine invitation.

I would like to report to you that in my travels over the country in recent weeks and months, everywhere there is a greater interest in the issues as we try to present them and, I am sure, that working together we will have a great Democratic victory this fall.

Thanks again for your interest and assistance you have given all my friends there in California, and I do look forward to thanking you in person.

Sincerely,

A handwritten signature in blue ink that reads "Stuart Symington". The signature is fluid and cursive, with the first name "Stuart" and last name "Symington" clearly legible.

Stuart Symington
