TUBERCULOSIS SURVEY

Richard DeLaRocha, Luis Ybarra and Rosa Rivas, working through the Mayor's Youth Council, were employed by the American Lung Association to conduct a tuberculosis survey in San Jose's Spanish-speaking community. Results of the survey will aid in developing a more effective TB control program.

Three Spanish speaking students from the Mayor's Youth Council were hired and trained by the American Lung Association of Santa Clara - San Benito Counties to conduct an extensive tuberculosis (TB) survey on the east side of San Jose. Rosa Rivas, Luis Ybarra, and Richard DeLaRocha proved invaluable in helping the Lung Association determine what the community knows about TB and how to prevent it. The survey also attempted to discover whether barriers such as language, transportation, or alienation existed to discourage the community residents from seeking TB skin tests at the County Health Dept.'s Clinic.

Tuberculosis, once an epidemic disease throughout the United States, is now held in check in most of Santa Clara County. However, according to the County Health Dept., the TB case rate in some Spanish speaking and low income areas is as much as 15 times the rate of the county as a whole.

Sponsored by Christmas Seals, the Lung Association is trying to inform the community about some TB misconceptions such as: 1) TB is caused by drinking or smoking. This is false. TB is caused by bacteria. However, drinking and smoking may increase susceptibility to TB by lowering resistance. 2) The TB cure requires years of hospitalization and isolation. This is false. Most TB patients can be treated by taking inexpensive medications at home without hospitalization and can return to work within a few weeks.

When the results of the survey have been

analyzed, the Lung Association will work with the East Side San Jose community in planning an appropriate and effective TB skin testing program.

RUBOR CULTURAL

La persona de origen indigena que vive al Norte del Rio Bravo, ya sea Mexicano, Chicano o Mestizo, siempre ha guardado un sentimiento digno de respecto a las Fiestas Patrias. Por lo menos cada celebracion nacional que se lleva ecabo por medio de desfiles o programcion artistica tipifican al ORGULLO MEXICANO.

Pero desgraciadamente, hay veces que la gente que patocina las Festas Patrias Mexicanas en vez de quedar bien pisotean nuestro orgullo, o mejor dicho, no saben lo que estan haciendo porque inconscientemente se burlan de lo patriotico por medio de sus acciones. Si, estimado lector, el desfile del 16 de Septiembre que se celebros en San Jose fue una burla para nuestro orgullo cultural.

Para que mejor entiendan lo que les estoy diciendo, piensen en lo siguiente: Como creen (uno de Mexicano) que nos sentimos al ver que la raza, la cual siempre nos ha tenido oprimidos (1848-1973), haya participado en *nuestro propio desfile*, el cual representa NUESTRA LIBERACION de un mal gobierno, que tenia a nuestros antepasados cruelmente oprimidos.

Para ser mas concreto en lo contenido, les voy a decir lo siguiente, durante el desfile, el espectaculo que más cerca llevo a lo que realmente festejamos cada año fue lo realistico de la lucha campesino (1965-1973) contemporanea, junto con los Chicanos que llevaban un ataúd negro, el cual simboliza un asesinator a sangre fria de un Chicanito en Texas por la chota.

Que viva la lucha de la gente oprimida! Que muera la esclavitud! Abajo con el mal gobierno, y; abajo con el Imperialismo!

Unildemente

"LOCKJAW" (Tetanus) — THE

INEXCUSABLE DEATH

Tetanus toxoid has been called "the perfect immunization." Its effectiveness was proved during World War II when only four cases of tetanus occurred among nearly 2,800,000 wounded soldiers who had received the complete toxoid series plus a booster at the time of injury.

Yet many people have not taken advantage of this simple protection against this disease, one of the most deadly. Over 60 per cent of those contracting tetanus will die.

WHERE DOES TETANUS COME FROM? From penetrating wounds: a scratch while working in your garden—a minor cut at work — injury in an automobile accident — prick of a rose thorn — a rusty nail — a tin can. The germs are present in dust, in the earth, and particularly in garden soil fertilized with manure. Even a wound so small it can hardly be seen makes it possible for the infection to develop.

WHAT SHOULD YOU DO? Active immunization is accomplished with tetanus toxoid. A series of three injections, the first two given a month apart and the third within six months to a year, protects against tetanus for several years. Booster injections, not oftener than every five years, provide continued protection. When a tetanus-prone injury occurs, a toxoid booster is all that is needed to insure immunity.

Tetanus is easy to prevent; it is difficult and expensive (and often impossible) to cure.

BRINDIS A MIS HIJOS

Guarda en tus labios una sonrisa
y cuando el dolor te hiera, dásela.

Guarda en tu pecho una oracion
y cuando te sientas solo, musítala.

Guarda en tus labios una poesia
y cuando el amor se muera, díselo.

Guarda tambien una cancion
y cuando te sientas triste, cántala.

Y guarda un poco de amor,
para cuando el corazon, por haber sufrido
tanto, no quiera ya amar.

Y una frase de perdon,
si el rencor ya no te deja perdonar.

Y un poquito de alegria,
GUARDALA !porque se va!

Generoso despíllaslas tu juventud
y los biemes de tu misma juventud.

Yo fui un dia joven tambien
y ame y soñe, como tu!

Pero no ahorre la sonrisa,
la poesia, la cancion, el amor y la alegria.

Y en mi alma solo hay tristeza,
en mis labios, la oracion

y en mi corazon cansado
solo hay un triste pasado

y una frase de perdon.

HOME OF ALL AMIGOS

**TODAY IS THE FIRST DAY OF THE
LAST DAY OF THE REST OF YOUR
LIFE: WITH THIS IN MIND AND
SOMEONE TO CARE THE ALCO-
HOLIC IS ON HIS WAY TO
RECOVERY.**

HOME OF ALL AMIGOS

195 Gramercy Place

Phone 926-1859

The disease of alcoholism impairs the lives of many individuals. Many are left homeless without a job or family ties and their spirit becomes depleted. They eventually drift into a world of anomie, having no one to care for and having no one to care for them. Instead of an asset to society, they become a liability.

In Santa Clara County, as in many other communities, the heart-breaking problems of the alcoholic have in the past received very little attention. In general, the attitude has been to "sweep the problem under the carpet". As of late it has been recognized that more aggressive efforts must be made to deal realistically with this social problem.

The problem of alcoholism is particularly acute within the Mexican American. Proportionately there is a higher alcoholic incidence rate within this population than with other ethnic groups. In addition, it has been found that the rehabilitative process by traditional institutions do not have a significant affect on the Mexican American. There appears to be a lower success rate in comparison to other ethnic group.

While the success differential can be argued, it is abundantly clear that different approaches need to be tried. HOME OF ALL AMIGOS contends that cultural traits are a significant influential factor in the rehabilitative process, and therefore should be considered. Most Alcoholic programs are not attractive to the Mexican American and it is known that they are not frequented by

them. The main reason, it is surmised, is that the "ambiente" (atmosphere) of these programs is alien to the life style of the Mexican American. Cultural considerations such as personalismo, family ties, language, food, music, time orientations, etc., lacking in traditional programs, do much to turn off the prospective client.

HOME OF AMIGOS through individual efforts of its members over the past 18 years have gained valuable experience in rehabilitation of the Mexican American Alcoholic. Being Mexican American and former alcoholics themselves, they have developed unique approaches in helping countless individuals (it is conservatively estimated that at least 7,000 individuals have been positively influenced by the tireless volunteer efforts of these members over the past 18 years). All of these volunteers associated with A.A.A. have an alcoholic history and through efforts of the A.A.A. program, friendly agencies and self-help, have been able to resolve their problem. The key to success of these individuals in helping others to cope with the disease, has been largely due to an emphasis on coordination with other agencies.

In addition to the approach of dealing with the alcoholic in their own language, HOME OF ALL AMIGOS takes into consideration the cultural traits of the resident. Being Mexican American themselves, they are able to identify more readily and identify and use the most appropriate approaches to rehabilitation.

Present HOME OF ALL AMIGOS operational policies and procedures are as follows:

Admissions — Residents admitted should be alcoholics, without homes, jobs or families. They must be in need of facilities to help them reorient themselves toward a more productive life. Enrollment is voluntary.

Medical — Residents should be willing to allow a medical examination or care when necessary or needed.

Records — Will be kept on all residents and treated in confidential manner.

A new Job, on the Road to a New Career in Engineering for Phil Vasquez

It's not only a new job, with a lot more challenge and opportunity. It also means that he is that much closer to the career that he's wanted for many many years.

For more than eight years Phil has worked for General Electric on South 1st St. His last job being Quality Assurance in Mechanical.

But a few weeks ago, a job opened at General Electric 10th Street office. Phil was the successful candidate among more than a dozen, most of them with college degrees. Now he's Specialist Requirement Schedules in Design Engineering.

How? Why? His two years of college acquired by evening study at San Jose State helped, so did his enthusiasm, plus his understanding of basic fuel engineering acquired through many conversations with engineers while on his former job. Still to come in his plans for the future

are at least two more years of study at San Jose State.

I'll make it he says, I have come this far. Phil is married to Phyllis daughter of Photographer Mac Hernandez.

GONE BUT NOT FORGOTTEN

Club San Felipe expresses its condolence to the Vasquez family in the death of their beloved one, Lt. Ernie Vasquez. May he rest in peace.

Hiram "Red" Alvarez is due in town from San Antonio, Texas, and don't let it surprise you if wedding bells ring for him and his lovely girlfriend from Mt. View, whose first name is Alice.

Gama Guevara might be sent to Germany by the Corp of Engineers and I can't help but wonder what is he going to do about his friends. I wonder if that means more than one

NIXON'S PSALM

Nixon is my shepherd, I shall not want.
He leadeth me beside the still factories.
He restoreth my doubts in the Republican Party.

He guided me to the path of unemployment for the party's sake.

I do not fear evil for thou art against me.
Thou annointeth my wages with freezes so that

My expense runneth over my income.
Surely poverty and hard living shall follow the Republican Party...

And I shall live in a rented house forever.
Five thousand years ago Moses said, "Pack your Camel, pick up your shovel,
Mount your ass and I shall lead you to

the promised land."

Five thousand years later, F.D. Roosevelt said, "Lay down your shovel, sit on your ass, light up a Camel, this is the promised land."

Today Nixon will tax your shovel, sell your Camel, kick your ass,

And tell you there is no promised land.

I am glad I am an American.

I am glad I am free.

But I wish I were a doggie

And Nixon were a tree.

Health and Welfare Report

Preschool Polio Immunization Needed

by Earl Brian
California Secretary of Health and Welfare

Now that the school season is again upon us, it is time to make sure that our school-age youngsters are adequately protected from dangerous communicable diseases—particularly polio. Fifteen years ago, fear of that disease was very much a part of back-to-school preparation, as the threat of a major polio epidemic loomed across the Nation.

In 1952, over 2,500 polio cases and 201 deaths from the dread disease struck California. Ten years later, following discovery of the Salk vaccine, 76 cases and 5 deaths were reported in the State. Last year only 2 cases came to light—and no deaths.

Unfortunately, our efforts to defeat polio seems to have backfired somewhat—our estimates show that nearly 27 percent of all California preschool children—some 221,000 youngsters—have not received protection against polio this year. A whole generation of parents has grown up thinking of polio as a thing of the past. Medicine has done such a good job that memory of the terrible disease has simply faded. Parents have lost the stimulation to immunize their children by visiting their doctors or local health department clinics.

Students entering school in California for the first time must have immunization against polio as well as other diseases—unless

religious convictions stand in the way. And to prevent a major polio outbreak, at least 80 percent of all preschoolers should have that protection.

While the situation is not cause for panic, polio outbreaks such as those we had in the 1950's could happen again, especially in areas with large numbers of young children without adequate protection.

The entire process is painless—a few drops of vaccine are taken in a sugar cube or applied directly to the tongue. Three trips to the doctor or clinic for vaccine gives your child permanent protection against the most common forms of polio. Your county or community public health office will usually provide polio vaccine free of charge.

If you have a child headed to school for the first time this September, take time to build protection for him and his classmates—make sure he has polio immunization. It makes good sense.

ELEGANTE BODA NORMA YOLANDA NAVARRO DE BLADO

El sábado ocho de Septiembre se efectuó la boda de la señorita Church de Santa Clara, Ca.

La Iglesia lució un hermoso arreglo floral y la guapisima novia llevo un vestido de encaje bordado a mano bellísimo.

Después de la ceremonia religiosa todos los invitados se dirigieron al elegante restaurant Villa Felice; se brindó con exquisita champagne por la felicidad y prosperidad de la joven pareja, se sirvió una espléndida comida y después de los postres se cortó el pastel nupcial.

La orquesta dejó oír las notas de los vals tradicionales y el padre de la encantadora novia, Sr. Ing. Don Raul Navarro inició el baile que duró hasta las cuatro de la tarde, disfrutando todos los invitados de esas horas inolvidables.

Los novios se despidieron de sus invitados para dirigirse a tomar el avión que los llevo a pasar su luna de miel en las encantadoras playas de Hawaii arrulladas por las olas del Océano Pacífico.

RALPH RAMBO

Un joven de ochenta años de edad. (los va a cumplir próximamente) puedo decir joven por que conserva el dinamismo de la juventud, su constante actividad le da energía, su cordialidad le hace ganar amigos y con la serie de cuadernos y libros que ha publicado nos hace pasar ratos muy amenos.

Nació en la Ciudad de Santa Clara, Ca., y en ella ha encontrado material para toda su obra de escritor, dibujante e historiador. La Historia del Valle de Santa Clara ha sido brillante y amablemente relatada por Ralph; su mano ha dibujado personajes, mapas y lugares de gran interés para los que se interesan en las cosas del pasado del Valle de Santa Clara.

La fidelidad de su memoria es prodigiosa, sus relatos de lugares y sucesos del principio del siglo, nos hacen vivir una era de paz y tranquilidad, con sus medios tonos de tragicomedia pueblerina y pretensiones de gran ciudad.

El señor Rambo ha publicado varios libros y un mapa, todos en Inglés y con la letra dibujada a mano. Los títulos de sus obras son: **ALMOST FORGOTTEN**, historia y humorismos nostálgicos del viejo Valle de Santa Clara.

REMEMBER WHEN, jocosos episodios locales y las aventuras de un chamaco en el Viejo Valle.

ME AND CY, mas aventuras del chamaco (el autor) en compañía de su amigo el viejo Cy Attika y sus viajes a la colonia de Alviso, con sus inolvidables personajes del basurero.

Lady of Mistery, historia íntima de la misteriosa Sara Winchester y su mundialmente famosa mansión.

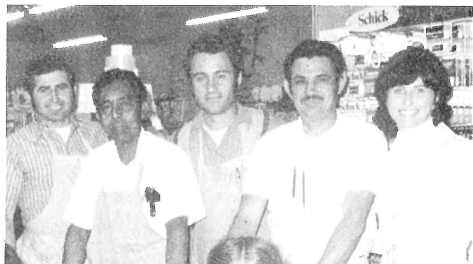

LO, THE POOR INDIAN, la primera colección disponible de material de investigación, dedicada exclusivamente al indio del Valle de Santa Clara, nuestra raza perdida.

TIBURCIO VASQUEZ, biografía histórica de un bandido de California, con una carrera de crímenes, rivalizando con Murieta.

GRAN FABRICA DE BICICLETAS SE ESTABLECERA EN SAN JOSE

Lambert of England, la Camara de Comercio y las Autoridades de la Ciudad de San Jose, informaron a la prensa local de el establecimiento de una nueva gran industria.

Lambert of England ha empezado a equipar la nueva planta que adquirio en San Jose Orchard Business Park. La compañía producirá su línea de bicicletas de peso ligero. La planta fabricara el noventa por ciento del total de los componentes, se cree que es la fábrica de bicicletas más grande de los Estados Unidos.

La produccion abastecerá el mercado nacional y tambien el internacional. Lambert of England informo a la prensa; Para la Navidad de 1973 estará ya produciendo partes y para abril de 1974 ya producirá las bicicletas terminadas; estas tendran un peso de 21 libras, se fabricaran en el tipo de carreras, el de transporte y para niños. El atractivo de estas bicicletas será su poco peso, su fuerte construccion, sus metales de alta calidad y su precio moderado.

La planta que construye Lincoln Properties esta localizada entre el Nimitz Freeway y el Norte de la Calle Primera, entre Brokaw Road y O'Toole Ave. Se calcula que esta planta ocupara más de mil personas de las cuales el setenta y cinco por ciento no necesitan ser trabajadores especializados, diez por ciento de los trabajadores tienen que ser obreros especializados.

DETOXIFICATION PROGRAM

The County's first heroin detoxification program will soon be opened. One component of the program will be a residential facility which will accommodate 50 to 75 heroin addicts each month, according to Robert Garner, the County Drug Abuse Coordinator.

To use the Center, people must be referred from halfway houses, private physicians, or other drug treatment agencies, he explained. This is because a contract for the treatment is necessary.

The stay in the "detox-center" hopefully will help to end the person's physical dependence on heroin. By substituting small amounts of methadone for heroin for a limited time, the pain and sickness of the withdrawal experience will be significantly reduced.

The program differs from methadone maintenance programs in a number of ways. First the patients will be given small amounts of methadone, in decreasing amounts. Also they will be given methadone only until they are detoxified from heroin, and not in danger of becoming ill. This way, they will not become dependent on methadone.

Finally, by receiving rehabilitation counseling, the patients will overcome their psychological dependence to any drugs at all, Garner explained.

After the 5-21 day stay at the "detox-center," patients may return to halfway houses, or have outpatient care, which may include rehabilitation.

Probably five percent of the patients who come in will need hospital services for such things as malnutrition and hepatitis, Garner estimated.

This program was approved by the Board of Supervisors chiefly because there is a serious lack of any public facilities for detoxification. The establishment of such a detoxification program has been one of three top priority objectives of the County Drug Abuse Coordination Commission for 1973. The present number of beds available is far from adequate, Garner feels.

Because the center will cost \$233,537 to operate, revenue sharing will make the financing possible. The whole medical treatment program, which may involve only tranquilizers for some patients, will be approved by the State, hopefully by the end of October, Garner said.

Por más raro que parezca, muchas personas mueren de risa. La muerte llega para ellas debida a hemorragias internas causadas por la ruptura de arterias endurecidas y quebradizas. Los chinos antiguos castigaban a los condenados, haciéndoles cosquillas en las plantas de los pies. Algunos morían de la risa.

Entonces, la risa no significa necesariamente que la gente está contenta; puede significar lo contrario. Muchas veces las clases oprimidas desarrollan una especie de humor especial para cubrir su tristeza. El payaso de la fiesta posiblemente lleve en su pecho un problema muy grave.

La risa, sobre todo si es exagerada o si se inicia demasiado fácil, puede indicar que la persona quiere disimular o representar un carácter o un ánimo falso. Y mientras cubre el problema, no encuentra la solución. Sigue riéndose, pero puede morir. ¿No sería mejor confesar la situación con algo de tristeza? Sólo así se puede resolver.

BIKE TRAIL

Kevin Cox, 12, pedals along the new Coyote River bike trail in Santa Clara County's Hellyer Park, a unit of the Coyote River Park Chain. The first three miles of trail will be opened Sunday, Aug. 26, at 10 a.m. New sections will be opened as the park chain is developed until there will be a 17-mile route from San Jose to Anderson Dam at Morgan Hill.

ERNEST VASQUEZ COLLAPSES AND DIES DURING BASKETBALL GAME

Ernest Vasquez, a popular officer of San Jose Police Department, collapsed and died Tuesday, Sept. 25, after playing in a strenuous game of basketball at the YMCA.

First aid was attempted by attendants at the "Y" and firemen applied resuscitation while awaiting an ambulance but they could not revive Lt. Ernest Vasquez.

He was pronounced dead a short time later at O'Connor Hospital. He was 49.

A sports enthusiast, Vasquez frequently worked out at the gymnasium during his free time away from the job.

A member of the San Jose Police Department for 22 years and deeply involved in community affairs, he was one of the most popular men in the department.

Funeral services were held Saturday for Lt. Ernest F. Vasquez, who suffered an apparent heart attack after playing a game of basketball at the YMCA.

At the time of his death he was heading up the police department's newly-organized Crime Prevention Unit and had recently helped author a minority recruitment grant schedule to start up next month.

Lt. Vasquez was involved in Mexican-American civic organizations and was a founder of the Mexican-American Police Command Officers Association, a group formed earlier this year to encourage young Mexican-Americans towards law enforcement careers and assist the advancement of those already in police service.

He was a native of Fowler and was a graduate of Fresno State University. He was working on a master's degree at San Jose State University. Lt. Vasquez was a veteran of World War II.

Survivors include his wife, Lupe H. Vasquez; his children, Christopher E. Marcos,

Gregory and Anna Marie Vasquez, all of San Jose; sisters and brothers, Mrs. Aurelia Patton of Nevada, Edward Vasquez of Antioch, Peter Vasquez of Santa Clara, Samuel Vasquez of Visalia, Ismael Vasquez of San Jose and Julian Vasquez of Mexico.
