When that's not just another lesson in yours, you can notice Nimbus. Nimbus, the American jet form. My name is Nancy Pion. I am 20 years old, an engineering major in a little space at Cal State San Diego, achieving a degree in liberal studies. Setting goals in one's life is very important for individuals, but what people fail to realize is that the road to attaining their ideal is the system that they receive during the process. Along the way. Of course, the road to fulfillment will be difficult and courage in that time. However, there is much one can learn from the obstacles we can encounter.

00:32:41:02 - 00:33:10:07

Speaker 1

I believe that people never truly fulfill their ideal. We become weak and impatient and our aspirations increase. Coming also, we feel as though our dreams are beyond our reach. However, we should continue to strive for the dreams that we have set. No matter what circumstance arises for us, that we can succeed as long as we have the will, the desire and the determination.

Americanism is to celebrating the 200th anniversary of its Constitution. Gala events crowned with ribbons of red, white and blue are held in honor of Founding Fathers who brought their genius minds together. One Hot springs in 1787. While the Constitution has been in practice for over two centuries, the Spanish influence has been by far greater than any other. In spite of this, he found divided by numerous occasions, but our most basic right breaking point says that Chavez, who like a long and frustrating forsake for the rights of hundreds of field workers, which is why now more than ever, it is of utmost importance to fulfill our responsibilities as citizens.

00:37:15:04 - 00:37:40:16

Speaker 1

Percentage of nonvoters will decrease. Well, who will make the party increase? There once was a great Greek philosopher named Plato. He believed that while the citizen has a right to participate in government, he also has a right not to. But if we choose not to, then our voices expression will become suppressed by simply exercising basic right. Nothing else has gained the sky of freedom.

00:37:40:19 - 00:38:03:29

Speaker 1

What's more, we enjoy certain bilingual services such as Bell. So let's not make excuses because there's nothing to hold us back. We, when?
