I have offered my home for the meeting, as it is on your way in to Santa Barbara, and would shorten the driving time for you.

I am on the beach, at the Santa Claus exit.

At a recent regional Smith meeting in Newport Beach, the three speakers from Northampton, Gertrude Stella, executive secretary, the president of the Alumnae Association, and the chairman of the fund raising all stressed the interest which the achievements of Smith Alumnae hold for the alumnae, the community, and prospective students in this our centennial year.

We should appreciate having our illustrious neighbor tell us something of the life of an Acting Mayor.

Sincerely yours,

1/19/74
