CALIFORNIA STATE UNIVERSITY HAYWARD • JUNE 11, 1988 TWENTY-EIGHTH COMMENCEMENT

PRESIDENT'S MESSAGE

It is always a pleasure to welcome the families and friends of our graduates to commencement. Those who are receiving degrees are a special group of individuals and your support has been crucial to their accomplishments.

Cal State graduates are particularly well prepared to take important roles in our society because their experiences as students have been so varied.

As students, they have taken classes from faculty who combine commitment to teaching with research and service in local, national and international arenas. Outside of class, they have found themselves welcome in their instructors' offices to share questions, ideas and concerns.

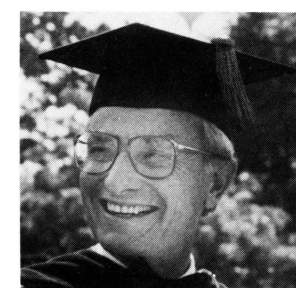

Our graduates have been educated in a setting where the podium used one day by a visiting leader in business may well be occupied the next day by a poet and the next day by a scientist.

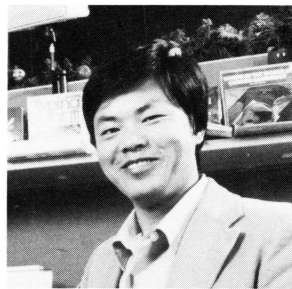

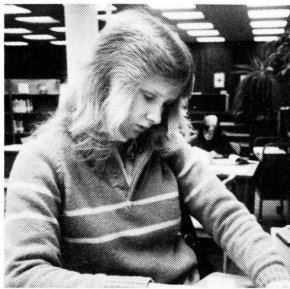

In addition, our students have contributed to the enrichment of their education by their own efforts through service in professional, cultural and athletic organizations and by organizing and participating in campus and community projects.

And, because most of them have shouldered all or part of the financial responsibility of pursuing their education, they are experienced in managing their time and financial resources and in setting priorities.

I salute these trained and tested graduates. I salute you who have helped and encouraged them. Welcome and congratulations to you all.

COMMENCEMENT NOTES

Due to the many inquiries by guests and friends of the University, the following general information is being provided:

1. Restroom facilities and water fountains are conveniently located next to the Amphitheater in Robinson Hall, the Music and Business Building, and the Arts and Education Building. Vending machines are also available in those buildings for your convenience.

2. The Disabled Student Services office will provide assistance to guests and graduates. Wheelchairs are available from our booth to assist mobility restricted individuals. Special seating is available for the deaf and hearing impaired where the Commencement Exercises will be interpreted by a sign language interpreter. For emergency purposes a doctor and nurse are on duty at the Student Health Services Center on campus. If the need arises or if there are questions, do not hesitate to contact a public safety officer or properly identifiable University staff persons.

3. Photography: A photography area is set up in front of the stage area for those guests who wish to photograph the graduates. Please do not linger in the photography area since there are many guests waiting to take pictures and a limited space is allotted for photography purposes. A photographer also will be photographing all graduates individually as they are presented certificates of participation and are congratulated by the President. These photographs may be ordered at a nominal fee. Details are available at the photography information tables.

4. Videotape: A personalized videotape (VHS) of Commencement will be available for purchase. This professionally edited video with musical background is only \$50. To place an order, call the Office of University Relations at (415) 881-3724.

5. Bookstore: The Bookstore is open today from 7:45 a.m. to 4 p.m. for handling last minute problems on caps and gowns. Film is also available for purchase.

HONORS' NOTATIONS

• *cum laude*, signifies "with praise" and goes to undergraduate students with grade point averages of 3.60 to 3.74.

† *magna cum laude*, means "with great praise" and goes to undergraduate students with grade point averages of 3.75 to 3.89.

★ *summa cum laude*, means "with highest praise" and goes to undergraduate students with grade point averages of 3.90 to 4.00.

Honors notations for Winter, Spring and Summer Quarter graduates are based upon student records as of the end of the Winter Quarter. Official designations are dependent upon the complete student record.

ACADEMIC REGALIA

Questions are often asked about the significance of the academic dress worn by the faculty and graduates.

The academic regalia worn at Commencement continues a tradition which began with the earliest Western Universities in the Twelfth Century when robes and hoods were standard garments of the day. This tradition was revised in America in the Seventeenth Century by students who felt that the robes not only added dignity to the commencement ceremony but that they also provided a single democratic and formal dress for rich and poor graduates alike.

All candidates for degrees wear plain black gowns and black "mortarboards." The type of gown and color of the hood worn by members of the faculty designate the field in which the individual received his highest degree and the institution which granted the degree. Bachelors' and Masters' gowns have pointed sleeves. Doctors' gowns have rounded open sleeves. There are no trimmings on the gown for the Bachelor's or Master's Degree, but gowns worn by holders of Doctors' Degrees are faced down the front with black velvet with three velvet bars across the sleeves. In some cases, the gown is trimmed in a color designating the field of study rather than in black.

Hoods are worn around the neck and over the gown. The inside of the Cal State hood is lined in red, white and black, Hayward's colors; the outside of the hood is trimmed in a color representing the discipline in which the graduate earned his Degree. The Doctors' hood is no longer than the Master's hood and it too is lined with the official colors of the institution which granted the Degree and the outside trim represents the field of Doctoral study. In addition, the Doctors' cap is worn with a gold tassel. Some examples of red or other colors of gowns and exceptions to the Oxford or "mortarboard" cap may be present.

RECEPTIONS

The University, Alumni Association and School Faculties cordially invite graduates, their families and friends to informal receptions to be held immediately following Commencement.
