WHAT DO SECURITY GUARDS DO WITH THEIR TIME?

By Romaine Lambert

If you have ever wondered what our Security personnel do with their time when not opening and closing gates, you may be interested in Phil La Porte's report at the recent annual meeting. As liaison between the Board and the Security Committee, he offered some revealing statistics.

During the past year there were 210 EMERGENCY CALLS (rescue-paramedics). In addition, guards responded to 395 lockouts and issued 115 citations for speeding and 105 for not observing stop signs.

Oh yes, they answered 100 assistance calls, including, but not limited to, helping sick persons back into bed, resetting electrical circuit boxes and capturing a cricket in a living room. They did NOT do windows, La Porte affirmed.

A service that has been restored is the checking of homes while villagers are away, a practice that was discontinued by the former chief.

Wonder what they do in their spare time!

BEST OF BROADWAY

By Jeanne Carlson

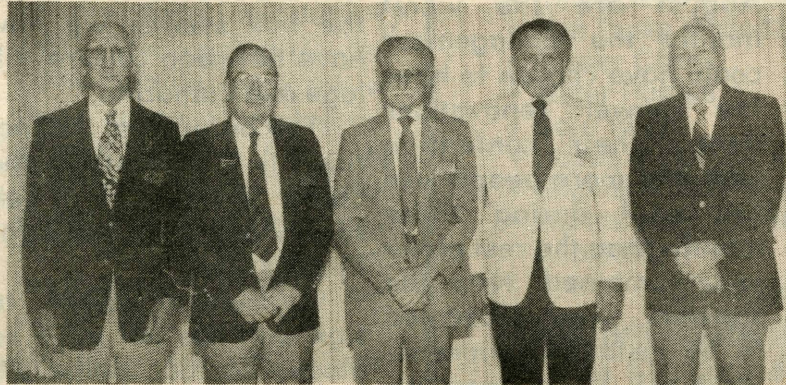

Variety Guild did it again, (July 12-15) with a fast-paced light musical full of fun, wonderful dancing, lovely voices, and hit songs.

From the beginning "Best" had two aces in the hole. One was the professional quality of the show with Pepper Heimowitz as executive producer who brought it all together. The second big asset was the "big band" of two people: Betsy Goodspeed, musical director and well-known entertainer and musician, playing the piano, harp, and synthesizer (Sometimes two at the same time) and Jerry Robbins who played drums. The sound was terrific.

THE GLORIOUS FOURTH

By Millicent Hofmann

As usual, the weatherman was kind to the Leisure Villagers and gave them a superb day for their Fourth of July celebration.

Proceedings were high-lighted by blues chanteuse Ruth Hart's stirring rendition of "Shout! I am an American!!" with the picnickers chiming in proudly.

The blue-shirted Rhythmettes, who are always on tap for such occasions, made an impressive entrance, playing on their improvised musical instruments - kazoos, horns, etc. They were accompanied by ever-faithful pianist, Earl Cunningham, and lead by their president, Jean Silverstein.

Hats off to the culinary prowess of everfaithful picnic cooks, Walt Whitaker and Nick De Simone.

SHOW PERSONALITY TO PERFORM

By Betty Murray

A perfect summer entertainment, reminiscent of the famous resorts in the Catskills where he performed for nearly 25 years, will be presented in L.V. on Sunday, August 12, by Henry Tobias, author, composer, commentator. Tobias, one of five brothers in show business, offers an evening at the piano of comedy and musical nostalgia, sponsored by the L.V. Organ Club.

Songs that Tobias wrote in collaboration with his brothers Harry and Charles, and other outstanding songwriters, include "Miss You", "Sweet and Lovely", "Sail Along, Silv'ry Moon", "Don't Sit Under the Apple Tree", "Katinka", "I Remember Mama", and hundreds more.

With Joey Adams, Tobias is co-author of the popular book "The Borscht

Belt". Additional career titles have included Publisher, Pianist, Entertainer, Producer, Writer, Director. Some of the stars he has worked with are Eddie Cantor, Milton Berle, Sophie Tucker, Groucho Marx, Jackie Gleason, Fannie Brice, and Rudy Vallee.

Henry now resides in West Hollywood, but brother Milton who lives in Village 41, was instrumental in making the arrangements for him to visit L.V.

Tickets are \$2.00, watch Channel 12 for further details.

Y.N.C.G. MEDICARE SUPPLEMENT INSURANCE PLAN CHANGES

By Sandy Okum

The Group Medicare Supplement Plan sponsored by YNCG and underwritten by Mass. Indemnity and Life Insurance Co. is being discontinued by the Company. The Company has completely retired from this line of coverage.

Termination of coverage for each participant will depend on when their next premium due date comes up. For example, if your next premium is due on September 15, 1984, then your coverage with Mass. Indemnity will re-

main in force until that date. All claims up to that date should be forwarded to Mass. Indemnity.

Mass. Indemnity wrote the Plan effective August 1, 1980 and has provided us with excellent service and we are sorry that their decision to retire from the coverage had to be made.

THE GOOD NEWS is that THE HARTFORD, one of the nation's leading insurance groups has agreed to provide us with a Plan of coverage effective as of August 1, 1984 and will pick up all those

KIDCARE

Are you a concerned grandparent?

Do your grandchildren sometimes visit without their parents? If so, when the need arises, you should be prepared to authorize medical treatment.

According to Dean F. Miller, author of SAFETY: AN INTRODUCTION, "accidents in the home result in 22,000 fatalities annually," with a majority of home accidents befalling children of preschool age and senior citizens.

Each year, about four million injuries occur in the home, and over 50,000 persons die in automobile accidents. Accidents are the leading cause of death of school-age children.

So far as we know, there have been no significant numbers of children injured while visiting relatives in Leisure Village, but we are aware of a recent case where the injured grandchild was refused treatment at the local hospital, because the grandparents did not have the authorization to give consent for medical care. The child was treated at a hospital in Panorama City.

It is a fact of life that hospitals will refuse treatment of minors without authorization from parents or guardians. An adult may be a caring and loving grandparent, but that will not be a passkey to needed medical care.

It is important to remember that, if the parents of the injured minor are not present or cannot be reached, the grandparents—or other responsible adults—should have with them an authorization previously signed by the parents, reading substantially as follows:

"We, the undersigned parents, having legal custody of -----, a minor, do hereby authorize the following adults:-----, as agents for consent for medical treatment." (Also, it would be helpful to add a list of medications to which the child may be allergic.)

We believe Leisure Villagers are not only caring neighbors, but caring grandparents, too. Let's keep it that way.

LEST WE FORGET:

10.12 All persons with long hair must wear bathing caps in the pool.

10.13 No food, refreshments or beverages of any kind are permitted in the pool area.

10.16 Those attired in bathing suits shall not enter the Recreation Center.

10.17 Children 5 to 17 years of age may swim between the hours of 12:00 noon to 1:45 p.m. (or as designated by the Association Board of Directors).

(From Article X of LVA Rules and Regulations.)

"A NEW LOOK"

On July 1, the Camarillo Daily News joined other daily newspapers across the country in adopting a new Standard Advertising Unit system. Several weeks prior to that date the News installed a new Atex 5000 computer system. The combination of these two elements resulted in a new look for the News and also for ILV. You will notice that we have five columns instead of the former four.

SHOWER REPAIR TIMING CAUSES DISSENSION

By Will and Anne Janoff

Irate resident swimmers met at poolside to protest the closing of the locker room facility during the month of July. They stated that the mid-summer months of July and August are the worst months the management could have chosen to have the shower renovations done. Their contention was that more people use the pool during these months than the rest of the year combined. New tile showers were scheduled to be installed commencing July 9. The appearance of a sign posted on July 2 indicated that the locker room, toilets, and showers were to be closed for four weeks, and that the recreation hall facilities be used instead.

In an attempt to mollify the unhappy residents LV management appeared at the meeting and posted a letter apologizing for the inconvenience, explaining that it wasn't their intention to close down the toilets and locker rooms. Just the showers. Residents will be able to use the locker rooms and toilets. The question as to how the women were to get undressed while the work-

The following petition is now being circulated:

"This is a request for BUS service between Leisure Village and Thousand Oaks Mall on a regular basis. This would merely mean a bus stop at Leisure Village by the Thousand Oaks Camarillo Ventura Interconnecting Bus Service and would not affect the bus service we now have between Leisure Village and Camarillo."

The purpose of this petition is to indicate to the Board of Directors of Leisure Village the need for this bus stop.

If anyone wishes to sign and has not done so please contact Mollie Silversher, Telephone 482-6853.

Are you wondering: What's going on; what's the latest idea; what's the Renovation committee up to? Well, we've done our job and now it's up to the new board to proceed with our plans which will save money in the long run.

We all know that our huge investment must be kept up and not allowed to become anymore run down than it has become. Our Recreation Center has — let's face it — become very shabby in these past twelve years. Would you let this happen to your own home?

Please, everyone, get behind our project, support us!

HIGHLIGHTS OF COMMITTEE'S ACCOMPLISHMENTS AS REPORTED TO THE ASSOCIATION AT ANNUAL MEETING

ARCH. & LANDSCAPE

Jack Rogers, acting in absence of Bill Obenchain, Ch. The Committee has continued to service residents' needs while maintaining the aesthetic decor of the Village. Basically the committee has minimal problems as all are experts functioning to resolve problems, not to create them. Residents, however, should be aware of the Rules and Regulations (Article VI and Article VII) as they pertain to THEIR responsibilities, and the committee functions. Members are active, dedicated residents who put in their time to maintain the village in a manner acceptable to all residents.

BLDG. & GROUNDS

W.H. Huffman, Ch.: Monitored the progress of the newly formed year-round pruning crew; assisted homeowners when requested on matters relative to R. & R.'s governing red and yellow staking and responsibilities involved; inspected the results of the "Tall Tree" pruning contract in eight villages. (This type of pruning will result in healthier and more wind-resistant trees). Recommendations, etc. resulted in major replacement of riding and walking-type power mowers and other maintenance equipment which permitted the elimination of a full-time mechanic position. The committee participated in developing and implementing a program to replace trees along Leisure Village Drive. L.V. crews planted 117 trees. All members made monthly walking inspections and submitted reports to the landscape maintenance department.

CHANNEL 12

Joe Poliak, Ch. A brief history: first meeting in December, 1982, becoming a standing committee of the Assn. on July 1, 1983. The committee became familiar with the video camera recorder loaned to the Assn. by Western Cable, solicited donations from organizations in the Village, and used about \$3,000 to buy video tape cassettes, an additional recorder, floodlights, color T.V. monitor and miscellaneous cables, adapters and fittings. Many village events have been taped and shown on Channel 12 and the group hopes to purchase additional recording/editing equipment which will improve and expand its operation. Members urge the Board to budget each year for its continued operation and improvement.

COMMUNITY RELATIONS

Bill Himstreet, Ch. The Committee monitored all agendas of the City Council, County Board of Supervisors, City and County Planning Commissions for items which could affect Leisure Village, and members attended several sessions. Programs of interest to Villagers were conducted: Operation Con Game; School Board Candidates Forum, County, State and Federal Candidates Forum; a Volunteer Fair in which 37 organizations participated designed to acquaint Villagers with volunteer service opportunities available in the area; introduction to Bottle Village, a State Historical Landmark in Simi Valley; and participation in Camarillo Academic Olympics. The Speakers' Bureau completed its second year with thirty villag-

The seven hit shows of the program were connected by clever segues designed by the Guild writing team: Lorraine Friedman, Dorothy Karlin, Corky Milman, and Faith Saunders. Sets were only suggested; black-outs and quick curtains kept the action moving.

"Best" opened with "Another Opening, Another Show" from "Kiss Me, Kate" sung by the chorus and augmented with hurried show people getting ready. (Directed by Ginny Cordell) the show simply zipped from there.

"Oklahoma" (directed by Miriam Hasen) was a favorite. Miriam and Bob Hasen sang the lovely "Beautiful Morning" and "People Will Say" so well together. Oscar Kane and Shirley Fishkin added comedy when he proclaimed that "Everything was up to date

in Kansas City" and she sang the saucy "I'm Just a Girl That Can't Say No" charmingly. The chorus delivered a rousing "Oklahoma".

"Sweet Charity" was a smash for Ruth and Woody Hart when "If They Could See Me Now" was performed. The dance hall girls nearly caused a mini-riot with "Hey, Big Spender" (Would you like to have fun, fun, fun?) Helen Gold directed, choreographed, and also danced in this.

"Music Man" was Irv Leeds who directed and played Professor Harold Hill who glittered with larceny but reformed with the love of Marian, by Joan Woodenschek. Irv did a wonderful job on his patter songs and he and Joan blended beautifully in "Goodnight, My Someone". Joan also had a front-of-curtain solo in "My White Knight." Lovely! The

"Annie, Get Your Gun" directed by Allan Heimowitz, show-cased Dorothy Karlin and Woody Woodenschek. Woody was a hit with his singing of "The Girl That I Marry". He and Dorothy (who can do anything) joined in singing "Sun in the Morning" and "Anything You Can Do". She had fun with "Doin' What Comes Natchery". Various cowboys and cowgirls added comedy.

Irv Leeds sang a plaintive "Give My Regards to Broadway" and Daisy Bien sang "Forty-five Minutes to Broadway" followed by clogging newsboys Dorothy Karlin and Helen Gold. men were working on the showers went unanswered. Manager, Skip Roberts and newly elected board member Van Horn indicated that it was all a mistake. They didn't know who was responsible for giving out the misinformation about the closure.

"Why was this month chosen instead of having the work done earlier in the year during the time that the pool and spa were closed down for refurbishing, and if not then why not later during the winter months?" This was the question most frequently asked. Skip Roberts responded by explaining that by having the work

done now he was saving the association approximately one thousand dollars. He also stated that conditions in the shower room had reached an unhealthy state, and that it would be unwise to delay the project.

Queried by one of the female residents whether this renovation would include another shower stall in the ladies' locker room so they would have four showers as do the men, instead of only three, the manager replied, "not at the present time". When pressed further about an additional shower to relieve the overcrowded condition, he implied that it was a possibility at some future date.

Ruth and John Laub will be hosts. Join us for an evening of dancing and socializing and be treated to the beautiful taped music of our "Music Man" Ed Abdelnour.

All Villagers and their guests are invited. Coffee, tea, punch and ice will be provided. Donation 50¢.

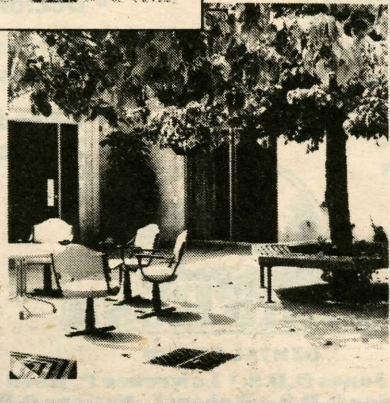

It was noted that among the protestors was Chariman of the Educ. and Recreation Committee, Herb Swartz, who stated that he did not believe the posting of the first notice was an error, and that only after protesting residents took action was the mistake discovered.

participants when their coverage runs out with Mass. Indemnity. THEY WILL WAIVE THE PRE-EXISTING LIMITATIONS PROVISION so that there will be no waiting period for those conditions for participants currently under the Mass. Indemnity Plan.

THE HARTFORD currently writes a similar program for Leisure World at Seal Beach and Leisure World at Laguna Hills so that they have adequate experience with this type of coverage. The benefits under the Plan will be almost identical with that of Mass. Indemnity. Two areas will be reduced (1) the special flat \$150 ambulance benefit will be reduced to Medicare plus the 20% feature of the Plan; and (2) coverage for the first 3 pints of blood may not be covered:

HOWEVER, there will be some limited coverage for travel outside of the country; mental and nervous disorders; broader coverage for extended hospital stays; and coverage may be continued if you leave Leisure Village so long as you remain a member of YNCG. There will be a vigorous enrollment for new participants within the very near future. Remember, that you must be a member of YNCG with dues paid up.

The following are quotes from Lew Weldon of Weldon Insurance Service - who administrates our plan. Please read his 1/2 page ad in this issue of I.L.V.

"For those participants whose coverage ceases with Mass. Indemnity during the month of August, we will have a binder with a description of coverage issued to them until we can get the actual policy in their hands. They will be billed at the time the Binder is issued.

"It may be necessary to do the same with those coming up in September.

"The Binder will act as evidence of coverage until

the policies are issued.

"We will automatically pick up the participants as coverage ceases with Mass. Indemnity.

"We will be issuing policies and the billings from this office so that we will have complete control over it.

"Claims will be handled with the Hartford through their own claims facilities."

CURRENT ISSUES FORUM

By Sol Robin

A panel of 4 speakers discussed the subject of "Local Issues and Concerns" at the Current Issues Forum on June 29. Participating were Camarillo Mayor Bill Esty, Council Member Sandi Bush, State Assemblyman Tom McClintock and Tom Jolicoeur, former Ventura County Community College District Trustee and Candidate for the 36th Assembly District.

Sandi Bush announced the publication of the first issue of The Camarillo Communicator, a newsletter of the City of Camarillo, which is designed to promote better communication with the people of Camarillo and to provide increased citizen understanding and awareness of municipal and community operations and encourage maximum citizen participation in available city services, activities and programs. The next issues are scheduled for the fourth Thursdays of August and October.

She described the water system operated by the City of Camarillo and emphasized the importance of conservation.

Mayor Esty talked about Camarillo's participation in the Ventura County system. Camarillo is unique among California cities in that it finances its general government activities without the use of property tax revenue, and has no responsibility for fire protection and park and recreation services. The City does operate its own water utility, bus system, and waste water disposal system which is a special district governed by the City Council. Law enforcement is provided through contract with the Ventura County Sheriff's Dept.

Mayor Esty stated that the three most important problems facing the City are:

Flood Control - the work on the Conejo Creek is being completed and the

Esty, Bush and McClintock all pointed out the possibility that the Calif. Air National Guard will shift its base of operations from Van Nuys to Point Mugu in the near future threatening the Camarillo area with the certainty of ever-increasing plane noise.

Assemblyman McClintock discussed the work of the State Assembly and its progress in enacting legislation to protect the concept of retirement communities by defining the age requirements.

Tom Jolicoeur spoke on the status of community education in Ventura County and the importance of strengthening our Community College system by eliminating tuition fees as a means of affording full and free access for all who seek quality education.

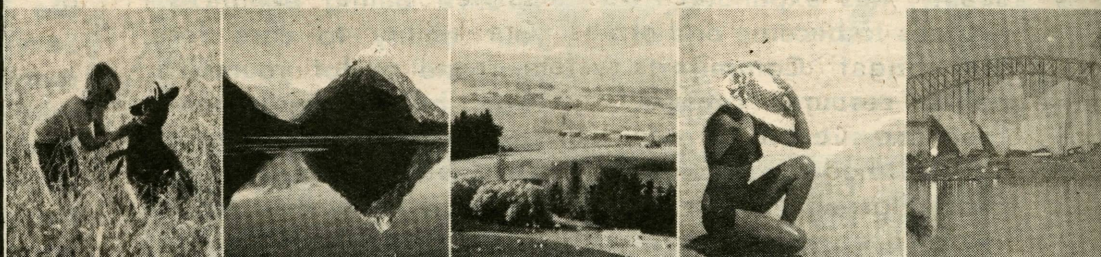

BOOK REVIEW

The next meeting will be Monday, August 13 and the subject will be the work of Judith Viorst who writes widely and successfully in children's books, light verse, serious and humorous essays, and free-lances for Redbook. She is one who might be described as a triple-threat Erma Bombeck.

FLOOD AND STORM DRAIN

John Lauten, Ch. Fortunately no significant storms occurred during the year because the Conejo Creek channel had not been cleaned of growth or silt from prior years' storms. After extensive negotiations, the County Flood Control District completed negotiations with the Federal Emergency Management Administration, resulting in the Flood Control District letting a contract to remove the silt at a cost of \$785,000, the Federal agency paying 75% and the Flood Control 25%, assisted by a payment from Leisure Technology representing its share of responsibility. Work has proceeded rapidly.

The Board of Supervisors secured passage by Congress of a bill authorizing U.S. Corps of Engineers to do a two-year

survey costing about \$800,000 to determine whether a federally funded flood control project was feasible on the Seymour Fisher, Conejo Creek-Conejo Creek system. The study is under way.

Cal Trans is proceeding to advertise for bids for the improvement of the Ventura Freeway from the top of Conejo Grade to Lewis Road, a project involving four new bridges over the creeks designed to pass flood waters of a 100 year storm. The channel of Conejo Creek will be widened on the east side. Pardee will widen and straighten the east bank of Conejo Creek.

Developers downstream of Ventura Freeway and upstream of the CAMSAN water reclamation plant are developing plans for improvement of the Conejo Creek channel in that reach. If carried to completion, the channel opposite L.V. will be able to operate more effectively than in the past.

ED. & REC.

Herb Swartz, Ch. Two

submitted reports which resulted in determined efforts to improve appearances. Many deficiencies were corrected and a specific maintenance program established. The "Other Education" subcommittee under Irene James processed requests from groups for club status and from outsiders regarding classes for fees. Seymour Fisher, Shops subcommittee reviewed all matters affecting shops, billiard room and sewing room.

Recommendations accepted by the Board of Directors include special requests from Billiard and Camera Clubs, appointment of additional persons to Ceramics Comm., Sewing Classes for fees, establishment of a rotation system for garden areas, a

lending library Committee and a Pool Comm. and a Garden Area Comm. Recommendations pending involve priorities/responsibilities of Clubs/Groups; limitation of sale/distribution of tickets for Rec. Dept. special events; clarification of Rule 9.22 pertaining to outside guests invited to use Rec. facilities by L.V. clubs/groups.

SECURITY & SAFETY COMMITTEE

Gene Markley, Ch. Studied and made contacts with the Fire Dept. and City of Camarillo regarding the dangerous intersection at Woodcreek and Santa Rosa Road, made recommendations to the Board resulting in the City's putting out to bid a \$100,000 project estimated to take 10 months to complete. The Committee re-examined the area at the Main Gate and stood firm on the prior year's recommendation of a pedestrian opening at

least 80 feet from the gate house, determined that minor modification of walks would eliminate the pedestrian vehicle conflict, and also recommended that provision be made for a gate to be closed by security personnel during off business hours.

Leisure Village EMERGENCY TELEPHONE NUMBER was publicised. Using 482-6703 (not 911) can save a life. A fire hazard at the R.V. lot was eliminated, more efficient public address equipment and high volume sirens were installed, and the new East Gate was opened and manned on the Committee recommendations.

SECURITY REMINDER

The law says that drivers must yield the right-of-way to emergency vehicles. Pull to the right and stop! Recently a Village driver caused an ambulance to have to go into opposing traffic while answering a call.

PROFILE: Michael and Carol Fellman

By Jack Whalen

And why shouldn't it happen to a Leisure Village couple? She, a former European singing star, and he, a highly successful Los Angeles businessman who also had European "experiences" of his own.

Let's meet Michael and Carol Fellman, each of whom makes for a story worth telling before they met in the San Fernando Valley in 1977.

Buffalo-born Carol, whose love of music and song started at an early age, played drums and sang in the high school orchestra, always dreaming of performing with a big band. A few years later, living in the New York area, possessing good clerical skills, she found employment with the United Nations. In time she decided to travel to France and seek employment with the UN there.

"A girl friend of mine was attending the Sorbonne," says Carol, "and on impulse I purchased a one-way third class ticket on the Queen Mary and arrived in Paris with \$150 to my name."

Alas, employment opportunities were scarce and salaries very low in the 1940's. Still, the \$150 for food and lodging went a long way until she landed a singing assignment. "I literally sang for my meals," recalls Carol, "but somehow I felt an American style would eventually succeed."

Succeed it did. Her interpretations of classic American jazz, together with variations of the great songs of the 40's, soon rocketed her to singing with many name orchestras in France.

After five years of calling Paris her home she moved to Italy and plunged into a variety of

show business activities. In Rome she had a popular weekly radio show called "Carol Danell, L'Americana di Roma." This musical entertainment show was carried throughout the country and Italian newspapers and magazines feature lengthy photos and stories of the new American singing sensation.

With the advent of television in Rome in the early 1950's, Carol and Sophia Loren were among the earliest entertainers. Interestingly, both of them were on the very first TV show to hit the air waves.

With a voice range that can go from that of a young child to an old lady, Carol dubbed voices for many movies. Among her movie credits was a part in the "Battle of the Worlds," starring Claude Rains. She has made more than 25 albums for European record companies and in the

United States has thirteen she has performed would be a who's who listing of many top-rated spots in Europe and South America. Among the stars she has performed with, to name a few: Danny Kaye, William Holden and Gloria Swanson.

Multi-talented Carol has written the lyrics to more than 50 songs, including the European hit, "Kiss Me, Kiss Me." "More than 30 artists have recorded this song," says Carol, "and over 500,000 copies have already been sold." Even today she still receives royalties from this European favorite.

To name the night clubs and theaters in which

Proving she can truly be "international," Carol once sang in three different countries in a single evening. At the time she was performing in Nice, France; in mid-evening

she sped to Monte Carlo in Monaco to appear in a benefit performance and closed the evening singing in Italy's San Remo.

Michael spent his young life in Kovno, the capital of Lithuania, a small Baltic Sea country just south of Latvia and Estonia. His father was from Lithuania and his mother from the Russian city of Odessa. As a youth, Michael showed an interest in textiles and dreamed of someday owning his own thriving business.

Alas, it was not to be for many years. The winds of war were blowing and in 1940 all three Baltic nations were invaded and forcibly incorporated into the Soviet Union as the result of a deal between Stalin and Hitler.

Most Lithuanians were harshly treated during the next four years and for those of the Jewish race, often the most severe pun-

ishment. In June 1941 Michael was placed behind barbed wire and forced to do manual labor under cruel, watchful guards.

"I lost all rights of human dignity," says Michael, "including seeing my mother, father, brothers and sisters leave camp, never to be seen again."

By 1944, having survived another severe winter at Dachau, racked by TB, with his weight down to 89 pounds, he knew the end was near.

Suddenly, on the morning of April 24th, 1945, a strange quiet covered his prison camp. No soldiers

could be seen nor were the tower guards in view. Gunfire erupted from the woods outside the barbed wire. "What," the prisoners wondered, "is going to happen now?"

Minutes later the American 3rd Army came roaring in! It meant instant food, and warm clothes, and candy and cigarettes — and most importantly FREEDOM!

In 1968 Carol returned to the United States and continued her entertainment career in New York City. She was in great demand as a voice-over for movies and television as well as performing on ra-

dio. In the acting field she was on a number of "Hawaii Five-O" segments, some of the daily "soaps" of daytime television and was in the Carroll O'Connor highly acclaimed special "Cry Rape."

"I really enjoy doing commercials," says Carol, eyes brightening, "some of my real favorites are Beautyrest Mattresses, Ultra-Creme Shampoo, Dodge, Ballentines, Air France and Pan Am."

Five years after arriving in New York, she moved to the San Fernando Valley and continued her career at a slower pace. "Being a spokeswoman for the May Company is one of my occasional assignments these days," she states, "and it's always fun and a challenge to compete in show business."

Michael's administrative skills were utilized by the Allies in the post-war rehabilitation program. In Munich he worked for the Central Committee for Lib-

erated Jews and stayed there until 1950.

An opportunity to come to the United States brought him to New York City and then to Duluth, Minnesota with the Jewish Family Service. Then it was off to Nova Scotia for a short assignment before the lure of warm weather and greater employment opportunities lead him to the Los Angeles area.

"Textiles were of great interest to me all those long years," said Michael, Skill, knowledge and determination paid dividends as he rose to be president of a very successful wholesale textile distributor in Los Angeles.

The Fellmans have lived in Leisure Village for about three years and their home reflects the artistry skills of Carol, with some of the paintings going back to her high school days.

VILLAGE CHORALE

by Eva Sugg

The Leisure Village Chorus officers and board members are most happy to announce that as of Sept. 5 we will reconvene as an Oxnard College class under the capable direction of Lois Bello of V.38. Many of us have sung for Lois and know that under her expert guidance we will reach unexpected heights of vocal achievement and expertise. An accomplished pianist has been obtained to assist Mrs. Bello in her endeavors to blend our many voices into one of perfect harmony.

With Joan Woodenshek wielding her gentle gavel once again, we are anticipating a happy and active musical season. Our contributions of song promise to keep us a very busy organization.

Rehearsals will be on Wednesday afternoons in the AR from 1:00 to 4:00. (ASSEMBLY ROOM!) How about that after all these years? Please watch Channel 12 and "Inside Leisure Village" for registration information.

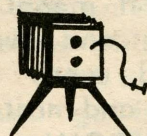

PARTY BRIDGE

By Helen Stevenson

Winners for the month of June were Ken Black (twice), Bernice Engen, Margot Rabe, Caroline Solomon, Ruth Stender, Jack Ansell, Marianne Fizen, Zelda Robinson, Bob Brackenbury, Rose Feiner and Ray Vasquez.

Donation of 50¢ is used for prizes. Please come early to be assured a seat.

CAMERA CLUB

by Dorothy Levy

The meetings of the Camera Club endeavor to help members learn to "make" not to "take" pictures.

This may be by direct instruction or by viewing the work of each other. On July 4, a chance to learn how to make a night picture was offered when we went out to shoot views of the fireworks nearby. Recently one of our meetings was enhanced by the spontaneous exhibit by Stan Baird of V. 44 of some of his pictures which were of such startling beauty that they brought forth many questions about how, where and when. He graciously answered these, so that the experience was a combination of the pleasures of viewing and of learning.

Next month we shall see pictures taken in Ireland. Is it the green of the land or is it the misty light there that makes every view in that country one of beauty? We shall also have a night of competition to judge the slides and prints of each of us. Meetings will be on Aug. 1 and Aug. 15. Watch the Bulletin Board and Channel 12 for announcements. All are welcome.

VARIETY GUILD

By Jeanne Carlson

Variety Guild celebrated the success of "Best of Broadway" with a catered dinner at their traditional after-the-show party. It was "Italian Night" with food and skits in theme. It was a great party.

Fun was combined with business when the slate of nominees for new officers was presented. Those named were: President, Renee Greene; Executive Vice President, Dorothy Karlin; 2nd Vice President (publicity), Amy Puro; Secretary, Sylvia Altes; Treasurer, Max Farber; Corresponding Secretary, Rowena Mettler. Elections will take place at the August 9 meeting.

The July 3 meeting of the club honored retiring and new officers. After a short meeting the members car-pooled to a room at a local restaurant for dessert. There was a nice turn-out for the occasion.

INDOOR OUTDOOR GARDEN CLUB

By Maxine Fritz

"Pots, Patios, Partitions and Picnic!" That is the program for the Garden Club meeting on Thursday, August 9 in the W.C.R. at 9:30 a.m. All Villagers are welcome to attend the meeting, but only members or their guests may partake of the barbecue fare afterwards at the picnic area. Another good reason to join the Garden Club!

Gardening trips and handy facts are always prevalent at meetings and on the many interesting trips outside the Village. For instance, did you know that there is a bougainvillea named for our town? It is called Camarillo Fiesta and is very beautiful! Village residents living along the fence may get permission to plant carissa and bougainvillea next to it at their own expense and it may be ordered through the landscape maintenance department.

The Sugg's garden at 28211 V. 28 and the Dafko's garden across from the Recreation Area at 13201 V.13 are two of the finalists selected for filming on Channel 12. Give yourself a treat and walk or drive past them. Both are spectacular!

**VILLAGE
SWINGERS
SQUARE
DANCE
CLUB**

By Al Siegel

Like a June bride who is entering into a new phase in her life, the Village Swingers Square Dance Club, too, is entering a new phase in its 10 year history of conducting weekly dances in the Village.

Caller, Jon Hed and his wife Betty, began their duties as new club caller on July 3rd. He replaces Wyane Simpson, who has been holding the reins of club caller for the past 8 years. Wyane has seen fit to make a change. It was by Wyane's guidance and dogged perseverance, that the club has attained its level of plus dancing. From past exposure to Jon Hed's calling, as a guest caller, the Swingers are expecting a new dimension to be added in their quality of smooth dancing level.

June also saw the election of a new board of directors under the able hands of David and Isabel Dominguez as President. One of his first orders was to declare July 10 as a "Welcome to Jon Hed Dance" and invite all plus square dancers in L.V. to a free dance on that date. Jon will be calling on every Tuesday, except the 4th and occasional 5th Tuesdays, when the Swingers will do-sa-do to guest callers.

New committees have been appointed, volunteers willing to get involved to keep the well oiled wheels of a successful format rolling progressively ahead: Sunshine and Retention, Frances and Morey Gold; Telephone Tree, Jessica and Herm Reischell; Historian, Edith and Bernie Zweibel; Posters, Mary and Harry Talan; Photographer, Fran and Mort Linick; Decorations, Ann Wolfson and Frances and Abe Tabakman; and Publicity, Al and

Tax-Free Income

A free brochure makes it easy to compare taxable with tax-free returns for various tax brackets. • Shows how little you net after taxes from taxable investments such as certificates of deposits. • Analyzes the relative advantages of a tax-free unit trust vs. individual tax-free bonds. • And tells about a high quality investment that pays a high, fixed return, free of federal income tax. (Depending on where you live, you may have to pay local and state taxes.)

The Leisure Village Women's Club

By Jeanne Carlson

Women's Club celebrated the Fourth of July a day late but, nevertheless, thoroughly with guest speaker, music, and decorated refreshments.

Most of the business dealt with the Bazaar. It's beginning to look a lot like Bazaar time (September 29). The theme will be a Hawaiian Market Place. Time will be 9a.m. to 5p.m. (One day only). Entertainment and the Raffle will be 4 to 5 p.m. Women's Club guarantees a wide assortment of hand-made high quality merchandise (no grass skirts). Refreshments and take-home baked items will be available all day. There will also be a gigantic Trading Post. Ways and Means Chairman Kate Marks is planning sale booths for knitted and crocheted work, holiday decorations, decoupage, boutique fancies, aprons, pot-holders, clothing, and many, many hand-made toys.

Kay La Prel and Irene Helmstead have already turned in \$300 for crocheted caps they made and sold.

The Raffle itself should be the best ever. There are five super-prizes: 1) a Kenmore microwave and a set of Corning Ware; 2) a 13" color Kenmore television; 3) a personal telephone with electronic memory; 4) a large hand-made doll with chestnut curls and a lovely face, in a white eyelet dress trimmed in pink made and donated by Dorothy Kelly; 5) \$100 cash given by Norma Blonder. Tickets will be \$1.00. Rose Siers is in charge of ticket sales and the whole is bound to be a success under her administration.

Two Workshop Winners of the Month were awarded the African Violet and the suitable titles

of "Miss Firecracker". Recipients were Thelma Henley and Helen Gruiss.

A correction should be made to a line in the June I.L.V. to the effect the Women's Club had donated \$1,380 to the City of Camarillo for sound equipment for the Concerts in the Park series. The correct amount was \$1,318.

The program was a dramatic reflection upon the American Revolution as seen by various people who were there. The performer was Dr. Robert Reynolds, drama professor and actor, who specializes in dialects and accents. In this original material, this original material, each witness spoke in a different speech pattern: a Massachusetts farmer, a British soldier, a drummer from the middle colonies, etc. It was unusual and interesting. Margaret Freeman, accompanied by Florence Krueger on the organ, sang "Battle Hymn of the Republic" beautifully.

August 2 will be our next meeting and a very special program is planned, a Fashion Show with clothing furnished by Carlota's Chic and Casual Boutique from Somis. The commentator will be Fran Vasquez from Televents. Models will be members of Women's Club. Everything from jumpsuits to after-fives, plus pants suits, day-time dresses, and sports clothes will be shown. Carlota specializes in maintaining a wide range of sizes and will be showing both fall and summer clothing.

Please plan to attend our August meeting and bring a guest. As usual it will be at 1:30 in the A.R. We would like to have a really large crowd.

The attractive Channel 12 bulletin board located in the club house close to the pay telephone is the best way to keep current on programs scheduled for each Wednesday at 5:00 p.m. and Saturday from 10:00 a.m. till about noon.

As this paper goes to press we will be showing highlights of the spectacular Variety Guild show, "The Best of Broadway." Several current programs prevented our showing "Gardens of Leisure Village" early in July but we will be repeating that show in August.

On August 2 we will tape the Women's Club Fashion Show and will telecast that at least twice during August.

RACKETEERS SEEK RULE CHANGE

By Will and Anne Janoff

A change in the rules and regulations was sought by the LV Racquet Club to allow inviting the Costa Del Sol Paddle Tennis Association of Mission Viejo to a return paddle tennis tournament later this year.

A group from the local paddle tennis club were guests of the Costa Del Sol Club last fall. The members of the club met with the new LV Board at a closed session July 9, 1984. The purpose of the meeting was to suggest that rule 9.22 having to do with use of recreational facilities by outside organizations be amended.

At present the rule prohibits any L.V. organization from inviting an

generous contributions so that we might purchase much needed supplies.

outside group and using LV recreational facilities.

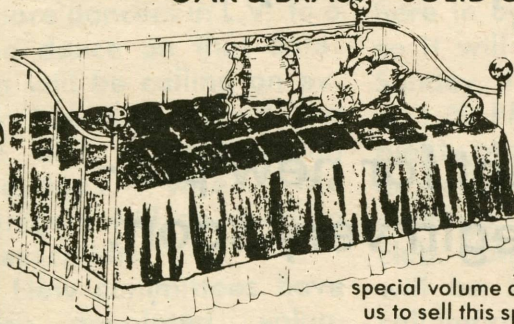

The proposed amendment would add "except when pre-scheduled recreational events have been arranged in which other residents would normally not be participating."

George Lompkin, President of the local Racquet Club, explained that the change could affect all LV organizations. It would permit LV clubs to have outside clubs participate in joint events and yet not deprive other residents of the use of the recreational facilities. The proposed amendment would only be effective when activities such as square dance sessions, bocce tournaments, etc., had been previously reserved on the recreational calendar anyway for use by the club sponsoring the activity. He said, "there are no exclusive clubs in Leisure Village. Any resident can join any club and participate in that club's activities."

HAPPY HOOFERS

By Roie Beck

The Happy Hoofers held their installation of officers at the Peking Inn. Chairman Doris Siegal, as-

sisted by Vi Cohen, musically installed Helen Gold, Pres.; Dorothy Karlin, V.P.; Kay Collier, Secty; Rowena Mettler, Treas.

After a very successful appearance in "Best of Broadway", the Hoofers are now rehearsing a show for the Handicapped of Ventura County.

On the last Monday in June the International Folk Dance Club held its semi-annual Party-Dance, celebrating the end of the Spring Season. It was an afternoon of dance, companionship and great fun. A source of special gratification was to observe the progress made by all the dancers, especially the new members.

Coordinating and supervising all our refreshments was little Mary Wilson. With her quiet efficiency and warm personality, she presided over a very festive and enjoyable get-together. The gay decorations of the Assembly Room, which Mary so recently inherited (from the night before) helped make the occasion even more festive.

She was awarded with an expression of appreciation and affection by the entire club.

The Live Band Dance Group invites you to "Go to Town with a Band of Renown" on August 4, and dance to popular Phil Gionolfi and The Rhythmairs. Eli and Selma Lewis, relatively newcomers to our Village, will be hosts for the evening. They have worked with Phil Gionolfi on numerous occasions, and promise very good dance music.

The L.B.D. Group apologizes to those who did not enjoy the music of Hap Thompson and his band (and there were many). Susan Norris, former Recreation Director, had made a tentative arrangement with this band and we felt that we had to carry it through. "Hap" was told several times prior to that evening that the L.V. Dancers were "swingers" not "dragers" but unfortunately it was not until after the second intermission that he became a "believer" and the tempo changed.

If tickets are still available, the two-to-residents no longer applies. Invite your friends outside the Village. Please put guest's name on the card, together with your own, when buying additional tickets. This is very helpful in assigning tables. Also, if you sell or give away tickets, please call, or ask the new owner of tickets to call 484-5938, and give Dene this information.

Celebrating their 8th anniversary of providing outstanding tape-recorded music for dancing, the Saturday Night Ballroom Dance, on June 23, honored the occasion with a festive evening of enjoyment for villagers and their guests.

During the intermission, greetings were extended by the hosts, Ben and Evelyn Drasin, Marie Whitney, Elmer and Elise

Enjoyed seeing such a wonderful turnout at our 4th of July picnic. The Rhythmettes had a ball, hope you did too! Also felt a little catch in my throat to see so many flags flying in the Village. With its many faults, I still say I'd rather live here in the Village than anywhere else, how about you?

Bee and Will Schreiber, V.20, celebrated their 50th anniversary, which was March 10th, belatedly in June, when their sons and families were able to attend. Barry and family came from Massachusetts, and Roy and his family from Australia where he has just completed a year of researching material for his third book. Will's sister flew here from Florida, by way of Hawaii.

Helene and Al Sanchez, V.6, 48 years, July 15th. Ceil and Henry Levitt, V.4, 43 years, July 3rd. Kay and Earl Collier, V.28, 39 years, July 1st. Many more happy days to you all.

Proud parents, Rosalie and Dave Feyer, V.17, telling everyone their daughter Diana, after raising two children, went back to college to become an optometrist. She has now graduated with the highest grades in her class.

Charles and Mae Sheff, V.6, back from their trip to Sweden for a visit with their son and his family. Their son does research at the University of Uppsala on the Memory of the Ages. They spent three weeks there, then on to Denmark and Copenhagen before flying home.

Rosamond and Norbert Kohen, V.5, home from their three week tour of China.

Lou and Iris Simmonds, V.19, returned from two weeks in Monte Carlo and Rome where they were blessed by the Pope at the Cathedral at high noon on Sunday. Iris said she had

never seen so many people at one time in one place. It was one of the most exciting highlights of their trip.

Florence and Henry Hamrol, V.14, also spent two weeks in Italy, visiting Rome, Sorrento, Florence, Venice and the Isle of Capri.

Helen Gold, V.31, home from Denver, Colorado, and a visit with new grandson, Oliver.

Attended a great Installation dinner for our Chorale last month. Thanks to everyone who made it so enjoyable. Look and listen for future information on our Chorale starting in September.

Busy rehearsing for our Variety Show "Best of Broadway". By the time this column comes out it will be all over. Hope you all enjoyed, we loved doing it.

FINANCE COMMITTEE

Gerri Kikendall, Ch. Sub-committee were appointed for Investment of Association Funds, Invoice payment Audit, Insurance, Inventory of Capital items, Audit of Special Events and Budget compilation. The Committee reviewed only the Expense budget of the Association and stated that it adequately covered L.V. needs for 1984-85. In March the Committee inventoried personal property of the Assn. with the help of many volunteers. Most recommendations which were proposed were acted upon favorably, including the recommendations concerning the Travel Committee due to the growth of the activities of that Committee. The recommendation that separate file for monthly financial statements be placed in the Library has been fulfilled.

TRAVEL COMMITTEE

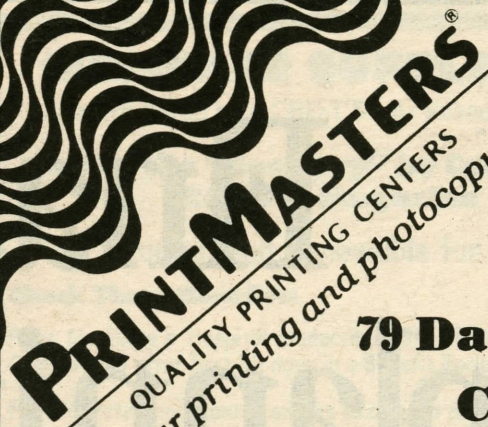

Charles Kent, Ch. The Board of Directors constituted the Travel Committee as a standing committee of the Assn. as of July 1, 1983, giving it the responsibility of arranging foreign and domestic trips involving air and sea transportation. The Chairman states: "The response to the trips ranged from fantastic to disastrous..." Nine one-day, four overnight, and three show trips were cancelled. Three buses were needed for 42nd St. and two each for **Sense of Humor** and **Sugar Babies**. Los Angeles Master Chorale may replace the Roger Wagner Chorale which was a loss, as well as several others. Only one of the long trips proved to be of interest; Arizona-New Mexico, New Orleans World Fair and Central California had to be cancelled.

Total sales amounted to \$150,325. The Commit-

Finally, financial planning that's just as individual as you are.

Smile, You're in Home Federal Country.

You're different. And so is our approach to financial planning.

The combination of your financial goals and priorities, plus such factors as your age, income, obligations — or even your most basic beliefs — all make you very special.

That's why we've developed our own financial planning service — not a one-size-fits-all package, but a highly-personalized blueprint for success.

It's easier to get where you're going when you know exactly where you are.

Depending upon the kind and complexity of your means, assets and goals, Home Federal can offer three levels of expertise — from basic financial analysis and recommendation to ultrasophisticated counseling and consulting.

However, whether you're primarily interested in retirement or estate planning, short- or long-term gains, or minimizing taxes . . . any Home Federal financial plan begins with a detailed outline and assessment of your current financial status.

The result is a much clearer view of opportunities available to you, including some of the most beneficial which are often overlooked.

Your appointments are one-to-one, person-to-person.

You'll meet with complete confidentiality in a private office with a financial planning consultant at one of the Home Federal branches (listed below) offering these services. If you request the more detailed planning service, an appointment can be scheduled at your office. Your first consultation is free with no obligation.

To arrange your appointment, call one of the offices shown in this ad or use our 24-hour, toll-free line, **1-800-862-0539**.

A Villager in V. 18 has just been notified that he has won first prize in a fiction contest promoted by the Senior Times, San Luis Obispo. The Challenge presented was to write a story in less than fifty words. Here is Ben Wallace's prize-winning romance:

Ask a Silly Question by Ben Wallace

"Would you like a piece of fruit, Adam?"

"That'd be nice--what kind have you got?"

"Well, there's water-melon, pears, oranges, and peaches."

"Don't you have any apples, Eve?"

"I thought you'd NEVER ask!"

Meet "NewAmericans" Esther and Marcel Lerner!

Watching Esther and Marcel Lerner strolling the safe and pleasant streets of Leisure Village, one would have trouble visualizing Vienna-born Marcel as a decorated veteran of the U.S. Army, a survivor of the infamous "Battle of the Bulge."

But it's true. "When I came to America in 1939, I was very fortunate," he says. "You see, I was...and am...an actor, and at the time of the German invasion of Austria, my troupe was playing in Switzerland, and later in Paris and London. So I was able to make my way to America, rather than

to my home in Nazi-occupied Austria."

Later, he was drafted into the U.S. Army, earning U.S. citizenship. Because of his acting ability and his knowledge of German, he was assigned as a Field Interrogator with the U.S. 10th Armored Division. It was then he found himself entrapped in what is perhaps the most well-known and grueling

battle involving American forces in World War II, The Battle of The Bulge, at Bastogne, Belgium. Fortunately, he emerged with only minor wounds, a Purple Heart and The Bronze Star.

Wife Esther is a native of Buffalo, New York. In her own way, she is something of a pioneer. Prior to retiring with Marcel, she was a comptometer operator, "which," she says with a smile, "was a computer before the world was full of computers." After leaving the service, Marcel joined Stratton of London, a leading manufacturer of women's purse accessories. He was West Coast Vice President at the time of his retirement in 1979.

Today, Marcel retains his active interest in the theatre, appearing with the Leisure Village players in "You Can't Take it With You," and with the Camarillo Airport Theatre in "NUTS." He is also active in local organizations, as past president of the Pleasant Valley Chapter of the AMC Cancer Society and Vice President of the Camarillo B'nai B'rith. Both Esther and Marcel are delighted to have as neighbors in Camarillo their son, Larry and daughter-in-law, Patty.

Why did they select NewAmerica as their primary banking resource?

"Well," says Esther, "we like doing business with a local firm. They understand what we want and need. They're nice people, and I believe in them. They offer all the services of the chain banks, and are lots more personal and friendly." "And," says Marcel, "I read the financial pages. NewAmerica always seems to pay a little more interest. That," he says with a wink, "I find very interesting."
