

Patricia:

Your Mom asked me to tell you to reserve the afternoon of Nov 2 (a Wed. + my birthday) to go to court with her as she has been ordered by the court to appear + testify to George Uyeda's failure to make payments in support of his minor children. - At any rate you can phone her + make whatever arrangements are

necessary.

She seemed to think I might be
of some help also, I'll be glad to
give any testimony I can. I certainly
can testify to the fact that she
devotes herself to the care of her younger
children and to her attitude of keep-
ing the home place (Los Padres) in ex-
cellent condition - garden included.

I thought it best to put this in the
form of a note so I'd be sure not to
overlook it.

Carl
