

September 4, 1924.

Mr. William Randolph Hearst,
San Simeon, California.

Dear Mr. Hearst:

At Mr. Clark's request I am sending you
a copy of the Board of Fire Underwriters' re-
port you asked us to have made last year.

We have followed their layout as far as
we have gone, but we have not put any hose reels
in the buildings and have not laid the line
around the esplanade--but have it planned.

Yours very truly,
