

Miss Flood phoned. Said Mr. Willicombe thought you might take up with the Stringer Storage Co. the matter of a reduction of their storage bill, as much has moved out of their warehouses recently.

I told her you never had made any arrangements with them regarding rental -(when she looked up the older bills she saw that the bill used to be \$750 whereas it was \$145 now, etc.) She said she would find out who was taking care of the rate, etc.
