## **STUDENT HOUSING**

### **RESIDENCE HALLS**

The university can accommodate 1,258 students in the residence halls on campus. Three types of rooms are available: single, double, and suite. A suite consists of three regular double rooms plus a living-study room and private bath. Rooms are attractively furnished and provide pleasant study and living facilities. The halls also have special lounge areas, recreation rooms, study rooms, and laundry facilities. Food service is provided by the university cafeteria. A choice of board plans is available, allowing the resident to choose the one which meets his needs and budget. The hall governments sponsor an extremely active and varied program of activities. In addition to the conveniences of location and services offered by the residence halls, the group living situation affords a unique opportunity for students to make new friends and to become involved in university and hall activities.

Residents must agree to live in the halls for the academic year. For information on residence hall costs, see *Fees and Expenses*. Further information and applications for reservations may be obtained by writing to the Housing Office. Application forms are available after April 1. Students who are applying for accommodations in the halls must also file an application for admission to CSUF unless already enrolled.

### **OFF-CAMPUS HOUSING**

Students are advised to make arrangements for housing as early as possible before registration. The Housing Office maintains a file of available off-campus living accommodations. A large number of apartments are available in the area adjacent to the campus. Accommodations are also provided by private homes in the area, with a limited number offering room and board.

Some information on apartment rentals may be sent through the mail. Most listings and information available in the Housing Office are kept in loose-leaf binders because of rapid turnover; students must visit the office in person to consult these files. Students are also advised to inspect the premises in person before signing a lease. The university does not inspect or supervise any off-campus housing.

### **HOUSING FOR MARRIED STUDENTS**

The university does not maintain housing facilities for married students and their families. The Housing Office does maintain a file of privately owned rentals, some of which are near the campus. These private rentals range from \$85 to \$300 per month depending on size, furnishings, and location.

## **PLACEMENT SERVICE**

The university maintains a centralized placement service which is closely integrated with the total educational process and operates in cooperation with the various schools, divisions, and departments of the university. Its services include educational, business, industrial, governmental, and student placement.

The placement service seeks more efficient utilization of university manpower by assisting students and alumni in obtaining positions which will best use their education, training, experience, and abilities and by aiding them in their progress toward positions of greater responsibility and personal satisfaction. It not only serves the needs of the university and its students but is vitally concerned with and directs its service toward the needs of the community, business, industry, government, the public school system, and the State generally.

The specific functions of the office are to collect and make available to prospective employers personal data and confidential letters of reference of candidates, to maintain a current record of employment opportunities, to recommend candidates for positions at the
