** 13.09 A.D.A., are South Fork Pupils

To Members of the Class of 1968

We are asking you to help us plan the curriculum for the first years of the State College which is scheduled to open in Bakersfield two years too late for us to be able to help you when you graduate from Bakersfield College in June.

When we offer our first classes the new college will necessarily provide only a limited number of courses. We want to insure that these first offerings will be of maximum service to our prospective students. Since we expect a large proportion of our Upper Division enrollment to be made up of Bakersfield College graduates, we have prepared this questionnaire.

By telling us what you would want to be able to study at the State College if it were going to open next year, you will help us shape our program as closely as possible to the needs of the Bakersfield College graduates coming after you for whom the State College will be available.

Thank you for your cooperation.

PHILIP S. WILDER, JR.
Dean of the College
California State College - Kern County

Name _____ Grade Average _____

Home Residence _____

If the State College in Bakersfield were going to be open next fall and offered the academic program in which I am interested,

I certainly would attend	()	I would probably go to another
I probably would attend	()	college ()
I might attend	()	I would not go to college next
I might take a few courses	()	year ()

If I go away to college next year I plan to major in _____

In order for the State College in Bakersfield to have met my needs it would have been essential for it to offer the following course work _____

In addition to the courses I believe I would need, I would also like to be able to take courses in the following _____
