We rather refuse orders
than to ship plants that
will not prove satis-
factory.

Give us a trial and be
convinced.

Having the best climate
and the most suitable con-
ditions for raising the
stock we advertise, our
plants compare favorably
with all others.

Mr. W. R. Hearst,

Dear Sir,

Enclosed please find the itemized statement of the plants you ordered. It would be to your interest to order these plants in a special car, for the reason that it will be less expensive. This way indeed, you save all packing charges and the rates are much lower than for boxed plants. Of course, the car would not have the minimum weight and for that reason you could even double your order without having to pay any additional freight charges.

Hoping to hear from you about this matter, we are

Yours Respectfully
