

8:00 PM.

Patricia:

Three messages from your mother — urgent!

① Connie is having severe stomach pains again & needs some more of the "little green pills." The prescription should be filled in the morning & the medicine sent "air mail special delivery". Phone me early tomorrow if I can get the prescription & get the pills in the mail.

② Connie will be coming home with her ranger friend Late (midnight or thereabouts) on Friday September 10. So your mom is planning a midnite party and we'd better be there & have the tape recorder hooked up.

③ Your mother says phone her tonight but not for another hour as she'll be too busy with the

little ones to talk with you before
then. But she wants you
definitely to phone her tonight
after she gets the family to bed.

Carl
