

Bachelor of Science Degree Requirements

Agricultural Business Major *Units*

Major requirements 60-61

Agricultural Foundation (9)

(Select three lower-division courses from the below areas. No more than 3 units are allowed in the Ag Business area. No more than 6 units may be taken in any one of the remaining areas. Courses listed are approved introductory level courses. General Education courses cannot be double-counted for credit herein.)

Ag Business: AGBS 5

Animal Sci: ASCI 1, 21, 31, 35, 41, 51, 61, 71, 81, 91

Food Sci/Nutr: FSC 1, 41;

NUTR 54; CULG 50, 55

Mech Ag: MEAG 3, MEAG 20

Plant Sci: CRSC 1; HORT 1; OH 1

Soil/Water: SW 2

Vit/Enol: VIT 1; ENOL 15, 45

Business Management

Base.....(18-19)

AGBS 2 or ECON 50

AGBS 28 or BA 18

AGBS 31 or ACCT 4A

AGBS 32 or ACCT 4B

AGBS 71 or DS 73

or MATH 11

AGBS 76 or IS 52, 52L

Agricultural Business

Core (24)

AGBS 100, 110, 120, 130, 140, 150, 160, 170S

Career Specialty (9)

A required concentration of upper-division units in agricultural economics is selected to match the student's career goal in consultation with the student's assigned faculty adviser. (See major program of study advising check sheet for elective course listings in various subfields.)

Additional requirements 0-1

Agricultural Business majors must take the following courses, which also satisfy General Education requirements:

FOUNDATION

Area B4: DS 71 or MATH 75

BREADTH

Area D3: AGBS 1

General Education requirements..... 51

Electives and remaining

degree requirements 6-9

Upper-division writing skills by exam or writing course.

Courses supplementary to the major are strongly recommended.

Total units..... 120

Grade requirements. Students majoring in agricultural business must earn a grade of C or better in each of the lower-division AGBS courses used to satisfy the *Business Management Base* and the *Additional Requirements* in the major.

Advising Notes

1. New students should request the *Advising Information* brochure that includes a program-of-study check sheet and explanatory notes about requirements for the major.
2. All students are assigned a faculty adviser. Consult the department bulletin board for the current listing. Make an appointment each semester to review your academic record and to schedule remaining courses in order to graduate in a timely manner.
3. Prospective transfer students should consult with a community college academic adviser about their program of study to determine which California State University, Fresno AGBS courses are articulated as equivalent for lower-division credit. Transfer students may also consult *ASSIST*, the statewide articulations database, www.assist.org.
4. Credits earned for articulated community college courses do not count toward upper-division units in the major.
5. Students intending to pursue graduate study in agricultural economics or agribusiness should include approved courses in intermediate macroeconomic theory, differential and integral calculus, inferential statistics, and linear regression in their bachelor's degree program.
6. A double major of agricultural business with animal sciences, food and nutritional sciences, or plant science must have 36 mutually exclusive units (including a minimum of 18 upper division). A double major requires the

approval of the department chairs administering these programs of study. General Education and elective units may be applied (i.e., double counted) toward a second major or a minor. (See *Double Major* or *Minor* in this catalog and consult with the appropriate department adviser.)

7. Unit limits for courses included in the major exist for AGBS 80/180 (4 units combined maximum allowed) and AGBS 194 (3 units maximum allowed).
8. General Education courses cannot be double-counted for credit in the 60-unit major. G.E. courses may be used to satisfy additional requirements to the major.

Agricultural Business Minor

This minor field of study is principally designed for agricultural science and business majors. Those students majoring in animal, plant, and food sciences as well as agricultural education may seek to complement their technical knowledge with competencies in agricultural business for professional advancement. Students majoring in one of the business degree options may anticipate staying in the San Joaquin Valley where they will most likely become involved with and require an understanding of the agricultural sector as employees, clients, or customers of agribusiness firms. The minor also provides a foundation for graduate study in agricultural business or agricultural economics.

You should consult with your faculty adviser in the Agricultural Business Department to plan your program. The adviser and the department chair must approve the minor program of study before it can be filed with the Office of Evaluations, and recorded on your transcript.

The minor consists of 24 units, of which equivalent courses are acceptable for a maximum of 12 units.

Units

Core Requirements

Intro Microeconomics: AGBS 1 **3**
