Dear Ms. Tepper:

As you requested, enclosed is a collection of background and campaign material to assist in your coverage of the election.

Hopefully this year will result in a greater percentage of women in office. Our energy and talents are vitally needed to improve the process of government. Since my involvement in public life, I have encouraged and supported women to participate in the mainstream of society and politics. I am very positive about our possibilities!

If I can make a larger contribution to communicate my views and experience through your programming, please drop me a line or give me a call.

Sincerely,

Jane Tolmach

Dear Ms. Tolmach:

We are currently collecting material for our pre-election and election night coverage.

Would you please send us...at your earliest convenience...a photograph of yourself, a biography, and whatever you might have in the way of a press kit and/or position papers.

Thank you...and good luck.....

Best regards,

Nan Tepper
