

Dear Delegate:

Congratulations on becoming a delegate to the 1976 Democratic Convention. I know you realize that it is a responsibility as well as an honor to be a delegate to this historic convention. I wish you well.

Women bring to politics unique insights and viewpoints which are so necessary in these serious times. These special talents will add greatly to the success of the convention and to the victory of our Democratic nominee for president.

The Office of Women's Activities has maintained brief biographical records of the women delegates to the last few Democratic National Conventions in order to answer inquiries from the news media, to compile statistics, and preserve historical data about women delegates. It would be most helpful if you would fill in the biographical questionnaire enclosed and return it to me as soon as possible.

In order to help assure that the participation of women delegates at the 1976 Convention is both memorable and productive, we shall have a Women's Office at the Convention. Come in to see us there, or if there is anything we can do for you in the meantime, call us in Washington.

I look forward to seeing you in New York City.

Sincerely,

*Harriet Cipriani*
