May Is The Month For Shows

Carolyn Cohen and Ed Weinberg

Miriam Hasen and Robert Freedman

Photos by Novick

Variety Guild - Guys & Dolls

By Ethel Goldfarb

Variety Guild, true to its name, runs the gamut from royalty and grandeur in the "King and I" last year, to the present earthy big show Guys and Dolls, running May 3rd through the 7th.

There is great entertainment, familiar melodies, comedy, lowly gambling Guys, cute Dolls dancing, a Mission with Band and preaching, desperately trying to save the gambler's souls, a scene in Havana. It adds up to a spirited performance. The romantic leads, Miriam Hasen (Sarah), Bob Freedman (Sky Master-

son and Carolyn Cohen (Miss Adelaide) with Ed Weinberg (Nathan Detroit) experience interludes of comedy, duets and touching moments.

With Joan Johnson's expertise as director and Jackie Solway's as producer, they work diligently on Guys and Dolls, a sure winner. The cast is coming through with flying colors. From scenic set and art design, artists, construction crew and many others behind the scene, we will have a breathless setting for a fabulous show.

Guys and Dolls is a sure bet and seeing it will have you come out the winner.

Village Painters Exhibit

By Marion Jayne

The Village Painters annual Spring Art Show will be on May 7 in the MPR from 11:00 a.m. to 5:00 p.m. Latest paintings of our club members will be shown and our usual beautiful greeting cards will be on sale. This year the total proceeds will go to the New Piano Fund. All villagers and guests are invited to attend.

Our regular first of the month meeting is on May 3 in the MPR at 1:00 p.m. This is a very important meeting as the future of the club and its activities are to be discussed. All members are urged to attend.

Floral Arts Show Grandma's Attic

By Madelyn McKean

A beautiful afternoon awaits you on May 18 at the Floral Arts Show. There will be over 50 original floral arrangements, including a display of miniatures and some table settings, all made by members of the Garden Club.

To carry out the theme "Grandma's Attic," the AR will be decorated with quilts, bonnets and other memorabilia. The feature of the decor will be Grandma and Grandpa sitting in a bright red pony wagon owned originally by Adolfo Camarillo and built in 1880. His great great grandson, Michael Parker, completely restored it this past year and is gracious-

New Decals To Be Issued For LV Vehicles

By Bob Atz

One of the "Rites of Spring" here in LV is the application of new decals to vehicles belonging to residents. These decals will be issued by LV Security officers according to the following schedule:

Monday, May 8, 9 a.m. to 1 p.m. and 2 p.m. to 5 p.m.

Tuesday, May 9, same times as Monday.

Wednesday, May 10, same times as Monday.

Thursday, May 11, 11 a.m. to 3 p.m. and 4 p.m. to 7 p.m.

Friday, May 12, 9 a.m. to 1 p.m. and 2 p.m. to 5 p.m.

Decals for recreational vehicles will be issued on Saturday, May 13, at the

Reminder - Facilities Will Be Closed

ALL Rec facilities will be closed from 6:00 a.m. until 12:00 noon on June 28. This is being done so

that all residents may attend the Annual Meeting for the Election of the LV Board of Directors.

INSIDE LEISURE VILLAGE

• O P I N I O N •

EDITORIAL

There were thirty-six bodies present at the April Board of Directors Meeting. Considering that there are some 3,000 residents in Leisure Village, isn't it fair to ask, "How Come?"

In his Channel 12 article this month, Jack Whalen wonders if all the other homeowners were watching on Ch 12. This valuable adjacent to our village supplies a great need, especially for those who are unable to get out of their homes. It was never meant, however, to substitute for more direct communication, and of course we are sure that some of those who were not at the meeting were probably watching Ch 12. Some were in legitimate pursuits, like traveling or keeping needed appointments. Could the question be answered by "Who cares?"

Fortunately there are residents who do care and care enough to give their time, expertise and effort for the welfare of all of us, and some of them are also thoughtful enough to voice these concerns by way of ILV. We on the staff appreciate this. We are, therefore, including several letters on our Opinion page in the hope that you will read them carefully, and whether you agree with them or not, to think about our concerns. While you are thinking about these letters, take time, too, to think about those others who have dedicated two years of their lives to work for us. Show your appreciation by attending Board meetings if you possibly can, and if you can't, let them know you are listening to them on Ch 12.

In Appreciation

ILV is very appreciative of the artistic help received from Joe Selden. Joe has just replaced our old sign in the Rec Ctr where non-subscribers to the Daily News pick up their copies. It's beautiful. Again, thanks, Joe.

Compliments

The Racquet Club and the Village Swingers are to be commended for the splendid "affairs" they organized the weekend of Apr 15 and 16. The Racquet Club invited people from Mission Viejo for a paddle tennis tournament, picnic, and dinner-dance, and the Swingers' Spring Fling gave an opportunity to invite square and round dancers from nearby communities to our hall.

Both clubs were happy to reciprocate for hospitality shown them elsewhere, and the visitors had a complimentary view of the Village.

Our thanks to the Board of Directors for recognizing the pleasure it gives to show off our home and offer entertainment to special groups within our secured gates.

ABOUT NEXT MONTH

Coordinator for next month will be Betty Murray. PLEASE FOLLOW GUIDELINES AND BE BRIEF AS YOU CAN! Deadline for May 26 issue will be May 8. To arrange for a photographer call coordinator at least 3 days in advance.

Letters

Communication What Happened?

Every potential BOARD Candidate has always emphasized the need for continuous communication with resident owners. How soon one forgets campaign promises.

The Board is currently considering a proposition for the June ballot. What will the proposition address? Does it have a viable format for adoption?

Apparently there will be a proposal to consider moving money from the "one month's deposit fund" into a capital assets fund so as to provide funding for essential projects. The one month's deposit fund is currently over \$200,000 and represents monies not needed for the purpose for which it was originally designated. Leaving some money, approximately \$30,000, in this fund is more than adequate to cover any and all possible default payments of assessment fees. This is based on our experience for over 15 years.

The excess money in this fund can only be transferred by a vote of the residents. Furthermore, we can all ensure that our assessment will not be increased next year to cover many of these necessary improvements by having the funds transferred now. This will affect approximately a 4% savings in each and every owner's monthly assessment next year.

Hopefully the board will address what their thinking is regarding utilization of these funds so that residents may intelligently review the issues.

Jack C. Rogers, V. 20

Trust For Security Personnel

At the last Board of Directors meeting on Apr 4 the Board gave a first reading of a proposed wholly new rule that would levy a fine of \$7.50 when Security is called upon to open a door for a resident who unintentionally has been locked out of his or her home. The reasoning behind this, as explained by the Board, is that Security people no longer have a pass key that would allow entry to homes in the Village and would have to spend time going to our main guard house to pick up a key, go to the home and open the door, then return the key to the guard house. The restriction on Security people to no longer have a key came about as a result of one of our former Security men gaining access to homes by use of this pass key when residents were not at home in order to steal whatever valuables he could find. He was caught through the diligent work of our Security Chief and the local Police. Some of the stolen articles were recovered and the culprit is now serving time in jail.

The question at this point is...do we stigmatize all of our Security people with a blanket distrust because one went over the line? Does this one out of hundreds who has worked as Security people during the many years of the existence of LV justify an about face in our trust of this most important employee group? Do we have so little faith in our management people

What Has Happened To Us?

Thirteen years ago an organization was formed in LV called YNCG — short for YOUR NEIGHBORS CARE GROUP. This name was chosen because neighbors really did care for their neighbors and volunteered to help them in need. The "Group" was setup just to facilitate and help solve the need. The neighbors-volunteers do the actual work.

As we grew, a Blood Pressure Clinic was started, a monthly lecture on health needs and information and a yearly Flu Clinic and Health Fair was added. A supply of hospital items was donated or purchased — wheelchairs, walkers, crutches, etc. to lend to all villagers as needed — free of charge. We had volunteers who would, in emergencies, drive neighbors to doctors or hospital, run errands, shop, cook a meal and even visit the lonely.

We at YNCG still perform all the above, but the last items with difficulty. WHAT HAS HAPPENED? It's hard to get neighbors to drive neighbors in an emergency. It's hard to get volunteers to visit or even watch your neighbors for unusual happenings or things that don't usually happen. Did you know that one of your neighbors sat dead in a chair for five days before he was found? Another laid on his floor for three days after having a stroke before he got help. There are more of these stories that can be told.

In the last month's "Voice," there were three different articles stressing the fact that residents are defiantly violating the rules and regulations of the Village. WHAT HAS HAPPENED?

We live in a very fragile environment. Today you

KARLIN From Pg 2

as to be unable to feel confident that they will choose and employ the right people after proper background investigation in the areas that would qualify them as fit to work as LV Security personnel?

I'm sure that I am not alone in the feeling that one of the greatest assets we have as LV residents is the comfort in knowing that there is help at the touch of our fingertips within minutes of our needs. Our Security officers are trained and compassionate. In emergencies many of our fellow residents have entrusted them with their lives. Additionally, there are few places I know of, and probably you would have difficulty as well in naming them, where you can walk on the streets at any hour of the day or night and never have to look over your shoulder in fear. In Leisure Village "Security" is more than a word.

I strongly urge my friends on the Board to reaffirm our trust and faith in our staff of people who are daily called upon to watch over us, to protect us and perhaps save our lives with the quick action and skill they are trained in. And, additionally, I urge that we not penalize those among us in the "ripe-old-age-and-forgetful" bracket to whom "Leisure Village Security" means everything the words imply.

If we can trust Security personnel to patrol our Village in order to maintain the safety of our streets through traffic enforcement, to keep unwelcome intruders out, and trust them to be on call when a life threatening emergency occurs, and have confidence in their knowing what to do and when to do it when seconds mean life or death, surely we can trust them with a small thing like a key to be used when an emergency happens and

they need to reach us at a moment of helplessness, when all that we may have left is the need of a helping hand and a prayer.

Let's all reaffirm our trust and our understanding. Aren't we all in this together?

Robby Karlin V 38.

Regarding The Woodshop Problem

In the discussions about the woodshop problem, people seem to have forgotten that several years ago I chaired a committee which investigated the recreation facilities, their uses and their needs. The members of this committee spent many hours, measuring rooms and interviewing the people who used them. We concluded that a new shop building should be built and even drafted rough plans. This new shop building included woodshop, ceramic, and lapidary shops, thus

freeing those present shop spaces for other uses. It also included a photographic dark room, a sewing room and appropriate plumbing. The present sewing room was earmarked to become dressing/storage rooms for stage productions, and the wood shop was to become Ch 12 studios. Our estimated cost for this, including converting the sewing room and wood shop, was \$250,000. Someone, without consulting the committee, added another \$250,000 for converting all the existing vacated rooms. We thought this was excessive, and we thought that we knew more about the problem than anyone else, but the damage was done and our plans were effectively killed. This is a good time for someone to review our new shop building plans.

When it was certain that the new shop building was a lost cause, I drew the plans from which were

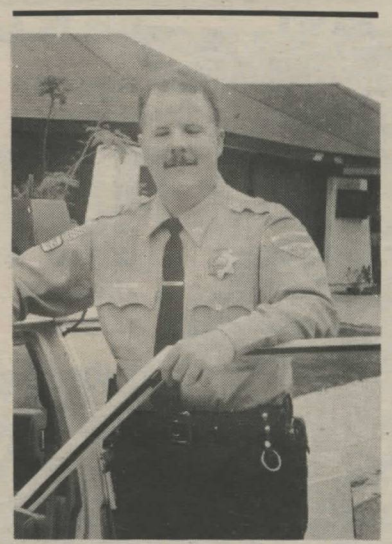

Photo by Stabler

ILV congratulates our security person who is now Lt. Jim Moore.

built the storage sheds that are between the garden plots and the bocce court/picnic area. These provided the photographic dark room and more storage space, but did not release any shop space, which is still a problem.

I would like to propose

that another long-need project be addressed, that is, dressing rooms for the stage. The new shop building project provided these but in lieu of that, I suggest that a dressing room structure be added

at the east end of the RC in back of the stage. There is room for a 20 x 24 foot building and a 6-foot passage, without losing anything more than some landscaping. It

might be possible to incorporate rear stage doors so that large stage pieces can be carried in and out more easily than can be done now. These should have plumbing if possible; if not, then the roof at the east door should be extended to the AR door, so that players can go from the stage to the rest rooms without going out in the rain.

Don Holmes, V.6

OKUM..... From Pg 2

are vibrant. This is a retirement community, a place for good times. You play tennis, dance, feel real young and don't want to hear about the illnesses, troubles and deaths in LV. Residents here are not allowed to get sick or die in LV, BUT the TRUTH is that at our age, tomorrow could be heart attack day, cancer day, stroke day, etc. YOU may be the next to need help.

Shouldn't you watch what's going on or not going on and report it to our Security Dept. to investigate? Our Security Dept. would rather investigate fifty false alarms rather than miss one real life saving call. We don't need an "organized" Neighbors Watch as they do in the city. Every neighbor here should watch out for his neighbors. WHY AREN'T WE? What has happened? We used to do this.

When we moved into LV we know that we were getting into a "condo" environment, with rules and regulations for the benefit of all of us — not against us. If you don't like the rule, try to get it changed, not by violating it or fighting, but by legitimate methods. Watch out for your neighbors. Return LV back to the BEST PLACE to live. Let us not have to ask again — "What has Happened to Us?"

Sandy Okum V. 7

LETTERS

I thank all our dear friends, and the many organizations for their expressions of sympathy when my husband, Sam, passed away.

It is a warm feeling to know so many care about what happens to others in time of grief.

Matty Fradis and Family,
V 42

I wish to extend my deepest appreciation for all the beautiful cards and gifts given to me and our two daughters on the loss of their beloved father and my devoted husband, George.

It was a comfort knowing that our wonderful friends and neighbors really cared.

Mrs. Fay Waller, V 31

My sincere thanks to the party who found my sweater and turned it in to Lost and Found.

Jean La Presle, V 28

We want to thank our many caring friends and neighbors for their expressions of sympathy and thoughtfulness at the

time of our dear father's passing.

The many comforting cards, and the contributions to worthy causes, donated in his memory, are sincerely appreciated.

Sylvia Lebby, V 35 and
Betty Israel, V 29

Both Sylvia and I would like to take this opportunity to thank our many friends and neighbors who were kind enough to send me all those cards, flowers and gifts and also make all those phone calls to wish me a speedy recovery from my recent surgery. I will always be deeply grateful.

Ralph Schwartz, V 39

Gayle and Danny Deutch want to thank all of our dear friends and neighbors in Leisure Village for their lovely get well and tribute cards, phone calls, good wishes and their prayers for Danny's speedy recovery from surgery.

Danny is progressing

Spiritual Growth Group

LEISURE VILLAGE

Profile: Walt & Nancy Whitaker

By Jack Whalen

The Walt Whitakers were the 65th buyers of a home in Leisure Village — and that was a long time ago, July 2, 1974 to be exact.

And what were things like back in those early days?

"Why," says Nancy, "we played golf on our 9-hole course, square danced, played bingo, saw movies in the AR on Friday nights, went to the Saturday night dances, gleaned tomatoes and peppers in the area where now stand Villages 14, 16, 17, 19 and 23, attended picnics and luaus, took classes in conversational Spanish, lapidary and sewing, played bridge and served on several committees."

Can there be more? Yes, there is, as we meet Walt and Nancy Whitaker whose Village 6 home is on the south side of our 9th hole fairway.

Walt, a California native, was born in the general L.A. area and when he was 24 moved a few blocks behind Manual Arts High School.

Well before that, though, at age 12 he recalls during summer vacation occasionally getting behind the wheel and driving his dad's City of Los Angeles truck.

"Anything to be a big-shot," he recalls with a smile.

"I even tried a big cigar a few times. After all, these were the 'roaring 20's.'"

In the mid-1930's Walt worked for the White King Soap Company; had a marriage that was later dissolved, then worked as an electrician for the Yellow Street Car Co. of L.A. and in 1941 became a Pacific Telephone Company lineman and splicer and stayed with them until retirement in 1973.

Nancy, born and raised

Photo by Stabler

Walt and Nancy at home

in Bradford, Pa., traveled to California via a 10-year stay in Texas. Her 14-year-old daughter, Kathy, accompanied her and Nancy found employment with a cash register company, also retiring in 1973. She met Walt at a church bowling league and they were married in August 1963.

The Whitakers played a major role in welcoming new residents to LV in the early days, served on the Election Board almost every year, used to ride the run-down LV bus to church on Sundays and occasionally walked over to the nearby shuffleboard courts for a game.

Walt is well remembered not only for his role in running regulation golf tournaments outside the Village, but also for his serving of hamburgers and tri-tips during picnics. Along with Nick DeSimone, this duo has worked the barbecue charcoal fires as long as there has been a Leisure Village.

Says Nancy Moyer of Village 6: "Moving next to the Whitakers in 1977 had to be one of the luckiest days of my life. They are caring, considerate, good friends and great neighbors. Walt was truly a welcoming ambassador in the early days and Nancy

is a warm, sincere, understanding lady who is always ready to lend assistance and comfort."

Don and June Dance of Village 20 are also high in their praise of the Whitaker lifestyle. They comment: "What impresses us most is their open, friendly approach to people. In everything they do, be it meeting new people or trying new things, the emphasis is on the positive. We marvel at their enthusiasm for life."

Harvey and Vi Shirk of Village 9 echo much the same comments: "Their joy in helping people...their active participation in church activities...we called Walt the 'unofficial Mayor' of Leisure Village."

Together, the Whitakers have four children and nine grandchildren and how proud they were, at their 25th Anniversary party in New Jersey last August, when eleven of their family attended the celebration.

How do they view life in Leisure Village?

They echo: "We have loved every minute of our 15 plus years doing all the things we really never had time to do. Hopefully, our excellent health will continue so that we might continue to enjoy the Leisure Village environment."

New Hospital Supplies Procedure Outlined

By Sandy Okum

Due to a very unpleasant experience our Security Dept. had with an LV resident recently over getting access to our hospital supply room, I will attempt to outline what YNCG and its hospital supplies are all about. (Also see my article "What Has Happened to Us?" elsewhere in this edition.)

YNCG is strictly a volunteer organization started 13 years ago so neighbor could help neighbor. Our Board's function is to find a neighbor willing to help another neighbor in an emergency. We also collect or buy hospital supplies to loan to villagers, have educational lectures, blood pressure clinics, flu shots and a health fair each year.

YNCG is not an officially chartered club with the LV Assn as other clubs are. Therefore, the Association has no responsibility to us in any way and is not obligated. The hospital items do not belong to the Association; they belong to YNCG. Because of our charitable and neighborly helpful ways, the Board has been gracious enough to allow us to store our supplies conveniently and to help in dispensing them.

When in need of a hospital item; cane, crutch, wheelchair, walker, etc., the procedure to obtain them is as follows:

1. During the hours our Recreation office is open, simply ask the office attendant to open the door to our storage room. Get your item, sign the log which is on a shelf on the right as you enter — watch your head — low ceiling. Enter name, address, date. When you return item, enter date returned.

2. Whenever the Recreation office is closed, do as follows:

Call Main Gate and re-

quest a patrol officer to meet you in the Rec foyer — within a designated time frame convenient for the patrol. Remember, he is doing you a favor. He is volunteering, just like every neighbor should. If he is on a call, you will have to wait until he is able to help you, and thank him for it.

Never ask Security Patrol to deliver or return the hospital item. That is your responsibility.

Sign or log in and out as requested above.

3. Our equipment is primarily available for emergency use only. If you need items permanently, you have to buy them elsewhere. Get a prescription from your doctor; Medicare will pay for many hospital items.

4. Your helpful neighbor is allowed to pick up for

you and sign as above.

Above all, remember the LV Assn has no responsibility or obligation with this project in any way. We, the YNCG, thank the Board for its courtesies to us so we can help you more.

If you have any complaints, call us.

Wanted An Angel

By Don Holmes

The Orchestra is looking for an "Angel" — a benefactor who will loan them a string bass. The bass they now use has been borrowed from the high school for several years and they now want it back. We have a firm "not to exceed" price for a new one of \$1200; the instrument would remain the property of the benefactor and just loaned to the Orchestra. For more details please call Don Holmes at 482-4979.

Library Volunteers Committee Report

By Jeanne Carlson

The whole purpose of the Library Volunteers Committee is to make the LV Library more useful and available. Members volunteer hours each week to keep the books and magazines in order and it must be done daily.

The committee is proud to announce the recent acquisition of five new large print books in paperback. This purchase was made with funds brought in by our former rental library. Titles are: "Silk Vendetta," Holt; "Trail of Crazy Man" LaMour; "The Shell Seekers" by Philchard; "Man of the House" and "Murder in the C.I.A.; Truman. These books are in the glass-front cases in the reading room. Please read and enjoy. These books are quite expensive because of the extra amounts of paper, etc. They are also fragile. If these books work out, the committee hopes to make more purchases.

Readers are also asked to check around the house — if you have some library books to be returned, please bring them in. Returns go on the inside of the left stack. It is marked. Another shelf is marked "donations." Your help is needed.

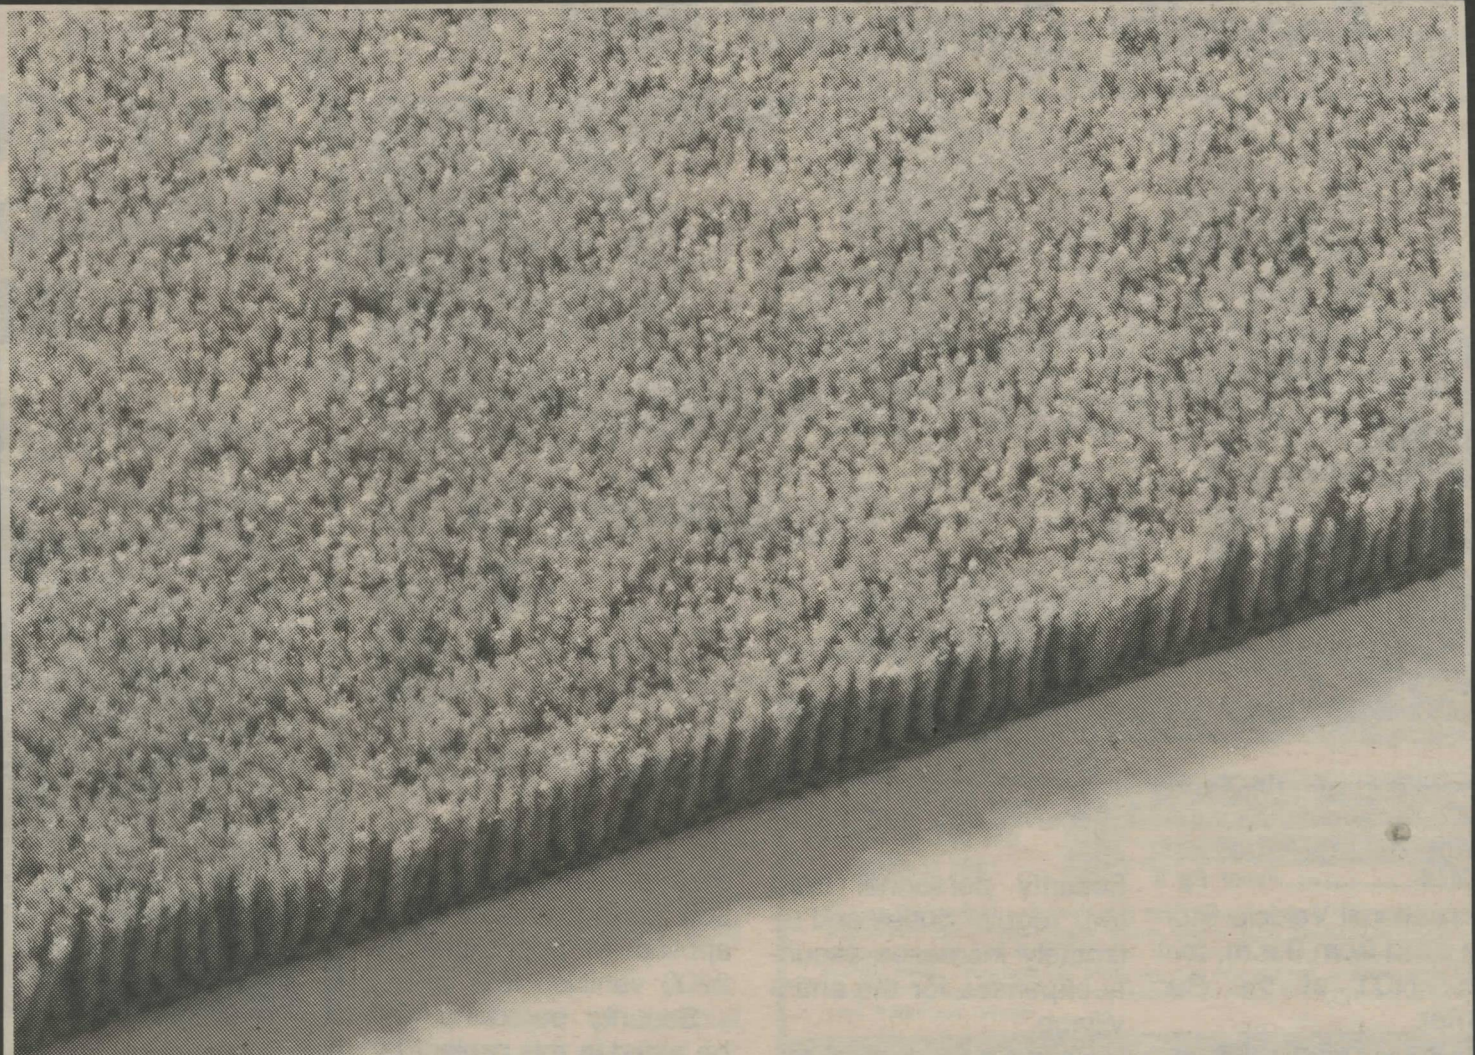

Frozen Keogh Plan Alert

By Martin Ettinger

There is a stiff tax liability if a frozen Keogh is not rolled over to an IRA or other qualified retirement plan by May 31, 1989.

Keoghs become frozen at the point that owners stop making contributions.

Check with your accountant. This has not been well publicized.

High in fiber. Naturally low in price.

Carpeteria's the store that's good for your home and your budget! With a tasteful selection of name brand carpets in thousands of colors and styles, all served with a smile at unbeatable prices! That's just part of the formula that's made Carpeteria the leader in quality flooring for over 30 years.

You'll also find a tremendous variety of beautiful hardwoods, ceramics and vinyl flooring. In fact, Carpeteria can satisfy every taste . . . without taking a big bite from your budget! So for the best selection, best service and lowest prices in town, it's Carpeteria. Naturally.

Convenient Hours Everyday:
Mon. Fri. 9 a.m. to 9 p.m.
Sat. 9 a.m. to 6 p.m.
Sun. 10 a.m. to 6 p.m.

Security Co., and Post

DECALS..... From Pg 1
Recreational Vehicle Storage Yard from 9 a.m. to 1 p.m., NOT at the Rec Center.

The following rules apply to the issuance of decals:

1. Only two decals will be issued for each residence.

2. Owners who do not live in the Village will not be issued a decal.

3. Children and grandchildren living with residents will not be issued a decal.

4. Be prepared to display your California Vehicle Registration slip.

Residents may remove their old decal before arriving at the decal installation station. If you have a plastic coated windshield, be sure to inform the Security Officer before he attempts to remove the old decal or to install a new one.

For those who cannot get decals during this period it will be necessary for them to report to the East Gate between the hours of 8 a.m. and 10:30 a.m. and 11:30 a.m. to 6 p.m. during the period of May 17 through May 19. Chief Max Moses requests that the number of latecomers for decals be kept to a minimum as the special handling required diverts

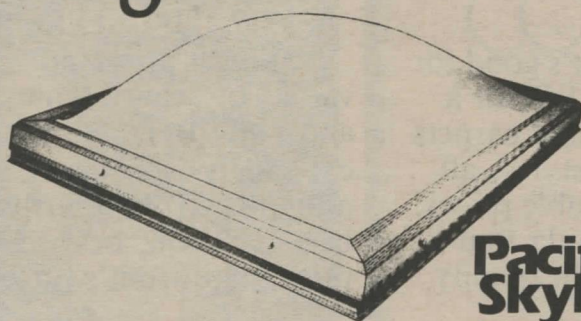

Security personnel from their regular duties and ultimately increases security expenses for the entire Village.

Based on historical experience, residents can reduce their time in line for decals by avoiding the mornings on the first three

days of the decal application period. Decals were applied to approximately 2200 vehicles last year.

Security personnel will be aided in this project by a team of volunteers headed by Nick Dahl of the Security and Safety Committee.

Removing Cable Traps

By Ed Salzer

It is possible that some homes may still have traps in the TV cable entering the residences. Traps were installed in 1982-83, and all but a few were removed in 1985. During the last few years many of the remaining traps were taken out.

Here is how you tell if you still have a trap in your system: If you have a cable-ready set, and most sets sold during the past 6 or 7 years have been cable-ready. Check your manual and be sure the switch in your set is set on cable, if you have a cable ready set.

With a cable-ready set you should be able to receive our cable stations 18, 19, 20, 21, 22 and 23. If you receive only cable stations 22 and/or 23, a trap may still be located in the cable entering your home. A trap looks like a

Earthquake Awareness Observed

By Bob Atz

While Californians generally observed April as Earthquake Awareness Month by being exposed to television and other media, LV residents were provided additional information by Ch 12, ILV articles and urging residents to use the Disaster Survival Guide.

Events world-wide have heightened our awareness of the need to be prepared and of steps we can take to soften the impact of emergencies upon our daily lives. The Emer-

gency Services Organization has provided considerable guidance to villagers on ways to help ourselves and our neighbors in time of need by accumulating supplies and making our homes reasonably safe.

The effectiveness of these Village-directed programs may never have to be tested, but it is comforting to know that we have done much to be ready. Lest complacency overtakes us, take another look at your Disaster Survival Guide.

Notice

New schedule for vacuuming the swimming pool. Each week on Tuesday, the swimming pool will be vacuumed between 2:00 p.m. and 5:00 p.m. There will be limited use of the pool during this time.

3-inch long cylinder. If this is your situation, contact the Association office, and they will arrange to have someone check and determine if you have a trap. If so, it will be removed at no cost to you.

A/C Problems

By Jack Whalen

As the owner of a home with a heat pump, one that has performed very well for over 8 years, I recently learned that a simple fuse was the culprit that caused a problem that I should not have ignored.

To start at the beginning: during our long period of cold weather during January, it seemed the only time we were getting really warm air was when the emergency light was on. This, I realized, was costing extra money but I reasoned that the rather intense cold outside dictated this condition.

However, early this month, during 95-100° temperatures here, I found that our heat pump was not supplying cold air. Air from the fan was coming into the house but the temperature was not lowering.

Learning that a refrigeration and air conditioning company from Oak View (near Ojai) makes frequent visits to LV and that people are well pleased with the service, I called and was told that the owner was in the Village at that moment. I made contact and Mr. Duncan was at my home soon after.

A simple test told him that one of my two 30-amp fuses had broken meaning that the heat pump was not performing at all. The only heat supplied was on emergency when the element in the attic was actuated. Further, no cool air could come out of the heat pump — only moving air from the fan.

He determined that our freon level was a little low; two pounds (\$5.00) were added, and the new fuse was but \$1.85 and the service charge was only \$28.00.

You may be certain that I quickly purchased a spare fuse and should now be well prepared for any "unusual" weather.

Our 9-Month CD Centennial Deposit Will Interest You!

Celebrate The Santa Paula Savings Difference

Be a part of our 100-year pre-celebration with a 9-month Centennial Deposit CD at Santa Paula Savings and Loan.

Enjoy security, peace of mind, and many happy returns as we get ready for our Centennial Celebration. Open your Centennial Deposit CD now at Santa Paula Savings with as little as \$500!

With our Centennial Deposit...

- ☐ Interest is compounded daily for higher earnings
- ☐ Tiered interest rates give you higher returns for a higher opening deposit
- ☐ Earnings are paid monthly, or elect to defer earnings until

- Your interest rate is guaranteed for 18 months!
- You can make additional deposits — in any amount, at any time — throughout the term of your CD. Earn the same high opening interest rate without extending your term.
- Convert to a longer term at any time with no early withdrawal penalty.
- Upon maturity, renew at the original or then current interest rate, whichever is higher.*
- Plus, if you bring your funds from another financial institution or open a checking account along with your CD, you'll earn interest rate bonuses that will increase your earnings.

Traffic Rules Will Be Strictly Enforced

By Lois Atz

At the April open meeting of the Leisure Village Association Board of Directors, several measures were discussed which affect all drivers in the Village - residents, tradespeople, visitors.

There was the first reading of an addition to Article IV, 4.07a which reads "LVA has adopted the California Vehicle Code as the rules of the road for LV..." This addition is meant to clarify traffic regulations within the Village. After its adoption at the May 1 Board meeting, there can be no doubt about the rules governing Village traffic.

Some drivers challenge our Security patrolmen who stop them for observed violations. A few offenders protest that LV Security has no jurisdiction over their driving. This addition to our rules should clarify that Security people DO have the right to stop drivers and charge them with road violations.

The verbal abuse our patrolmen get from Village drivers is astounding. If drivers berate Camarillo police or CHP officers in this manner outside the Village, they make themselves liable for additional charges. Some errant drivers refuse to show ID or licenses when stopped in the Village. Such a belligerent attitude soon causes the situation to escalate and the Camarillo police are called in.

One recent incident in the Village will serve to illustrate. The talk at a Village social gathering was about a woman visitor who ended up being arrested by the Camarillo Police and taken off in handcuffs. The women hearing about this were aghast at the treatment she received. Then the questions started. What

was her offense? She drove into the loading drive in front of the Recreation Center from the wrong direction and parked, dashing into the Rec office "for a moment." Imagine the situation if another driver came in the right way and was confronted with a wrong way car.

When this driver was apprehended, she challenged Security's authority over her actions. She refused to show any ID or license. She intended to leave. A call for the Camarillo Police was next and she was equally belligerent to that officer. Had

this incident happen the same way OUTSIDE the Village the result would have been the same - her arrest.

The negative behavior was the crucial point. This case went through the appeal process here in the Village and a fine was levied on the homeowner.

Tradespeople and visitors are also regulated by our traffic rules. One UPS driver was barred from the Village after repeated speeding violations and warnings. Visitors' offenses fall on the host residents and in extreme cases the visitors also can be denied entrance to the Village.

By Jack Whalen

For perhaps the first time in LV regulation golf history, three men broke the magic number 80 in tournament play. Early in March the men played Mountain View in Santa Paula and a number of them played superb golf. Harvey Shirk carded a 79, Charlie Bellante a 78 and Jack Whalen took low gross with a 76. In Flight B, Barney Simon and Ernie Mueller tied for low gross while Vern Tyler took C Flight honors.

In low net that day, Don Dance won Flight A, Walt Smuske Flight B and Max Polley Flight C.

Late in March male golfers traveled to Ojai to play the popular Soule Park course. This is far from being an easy layout and Alan Bruce fired a very respectable 81 to win low gross. Dave Teasdale won Flight B low while

Larry Kelley took C honors.

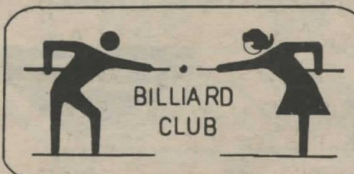

There were ties galore in low net that day. In Flight A it was a three-way between Frank Stubbs, George Fritz and Walt Zukerman. Dick Maitland was alone for Flight B low gross but in Flight C it was again a three-way between David Sohr, Chuck Spurlock and Floyd Case.

In next month's issue we will be able to tell you the new officers for fiscal year 1989-90.

The annual Super Seniors Tournament was held in early April and Don Dance danced all the way to the bank with the top prize, firing a nifty net 49. Tied for second spot in Flight A were Ben Alexander and Earl Goldberg.

Walt Whittaker took top honors in Flight B while Chuck Spurlock and Tom Addison tied for second honors.

Flight C found Jack Beardsley winning and Niels Herbranson coming in second.

By Morley Goldberg

After 3 months of competition, the Billiard Club Tournament is over. Thanks go to Al Sullivan, Bill Ross and Ben Garman for their efforts in making this tournament successful.

Our annual luncheon will be held at Mercury Savings on Wed, May 17, at 11:30 a.m. At this luncheon, winners of each group in the Billiard tournament will be announced and awards presented. As we are limited to 65, it is important that you get your tickets as soon as possible. The price is \$3.50 per person and is open to members, their spouses and friends. This will be the last general notice of the luncheon. Mark your calendar.

Discussion is still going on about what event to sponsor. If no decision has been reached at our meeting, procrastination may result in no special summer trip.

After too long an absence, Sylvia Rottersman, Betty Rybolt and Rolland Barbeau were welcomed back at our last meeting.

Winners of the lottery tickets were Anita Trindl, Lewis Drucker, Bill Obenchain, Sylvia Rottersman, Reginald Topping and George Laufer. Winners of the extra wine and champagne prizes were Mitzi Brockman and Anne Laufer.

If anyone hears of illnesses, deaths or happy events concerning Billiard Club members, please report them to Anita Elrick so that she can send an appropriate card. Anita's phone is 987-6515.

By Dorothy Konecko

May we meet you at the next meeting of the LV Racquet Club on Mon, May 8 at 7:30 p.m. in the AR. At that time, you'll want to hear about the day that we hosted guests from far away (Mission Viejo).

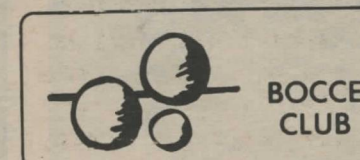

Paddle: The March winners are unknown at this time. Tennis: A Handicapped Double Tournament: March winning teams were: Al August and Al Zelman; Joe Morrison and Joe Strassberg; Sy Levine and Al Rosner.

By Cy Maller

Next meeting of the LV Shuffleboard Club will be on Tues, May 2, at 7:30 p.m. in the MPR. Pres Nate Brod will announce some of the club's coming events. The agenda will include mini-tourneys, picnic-BBQ and the annual Bob's Big Bash.

With the good weather settling in, our organized play is once again getting fine turnouts. Play is held M-T-W at 9:30 a.m.; Thurs at 7:00 p.m. and Sat and Sun at 2:30 p.m.

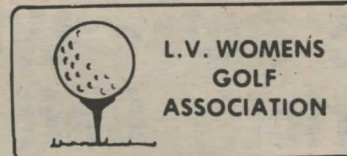

By Luella Kelwin

Bocce Club members and guests were very impressed with the beautiful slide presentation given by Ben and Rhoda Smithkin of their recent trip to Yugoslavia. Ben's narration was excellent.

The next Board meeting will be May 9 in the Lanai Room at 7:30 p.m.

The general meetings are held on the last Thursday of a month in the A.R. at 7:30 p.m.

By Betty Bruce

The LVWGA is congratulating Geri Nolte who had a hole in one on #12 on Mar 8 and Edna McCormick who had low net of the month with a nice 48.

Regulation golf at Westlake on Mar 16 was interesting. The "water holes" bothered some a bit, but anyway it was fun. We played a different game — even holes minus 1/2 your handicap. Flight A winner was Aggie Saltus. Flight B winner was Tess Kueffer. Least putts-Alda Kroll and Hattie Stern.

It is time to elect new officers and committee chairmen. It is really enjoyable to serve, even though it does take some extra time and effort. We appreciate all the mem-

By Vee Flowers

As the bowling season draws to a close, the results of the 3rd and last tournament have been recorded.

In the Class A division, Al Defusco, who has been on a tear lately, beat out Morey Gold with a whopping 709 series to Morey's 556.

The Class B winner was June Teres, 647 over Mary Whalen 578, and in the Class C pitting Connie Santangelo against Ann Bellante, with identical handicaps, Connie was victorious with a 616 to Ann's 580. Congratulations to all winners and runners-up.

This tournament was especially interesting as both men and women were competitors and pairings were according to averages plus handicap, no matter what the gender.

bers who have taken on these duties to make our golf association so successful.

Heartbreak time! Meriam Laird teed off on #7 on Wed, Mar 29. We thought it might be out of bounds so she hit a provisional. Her 2nd shot went up so pretty and rolled right into the cup. As it turned out her first ball was in bounds or she could have had a nice 3, at least. She took it very well-maybe next time she will do it with the first shot. Congratulations are in order, anyway.

It is time to pay your \$6 membership now. If later than May 30, your name will not be in the handbook. Evelyn Lacy, Mem Chm.

The 2nd round of the Club Championship tournament will be on May 3. Lots of luck and good golfing to all. Don't forget Camarillo Springs on May 25. Nice having a course close to home.

The new synthetic lanes that were installed last year caused frustration for most of the bowlers. As a whole, averages fell for many of our experienced players. Struggling to adjust to the lanes was commonplace, so we must compliment everyone who persevered and conquered!

In the past month several bowlers really came to life with some great scores, among them were, Larry Kelly, new to our league this year, with a 132 average rolling a big 222 game and a 525 series. Aforementioned Al Defusco, 246, 565 series and the next week 223, 577. Barney Simon 234, 589; and Al Podewils who has really been having problems, finally coming through with a 205. Knew you could do it, Al!

Ellen Moore a big 202, 482; always steady Lorraine Kaplan 192; Lois Killeen 177 and Shirley Goldstien 174.

The Ceramic
Mold
Decorating
Club

By Ruth O'Neill

The recent exhibit of the Ceramic Mold Decorators was most warmly received and we want to thank all who helped make it such a success: the club members who generously permitted their treasured pieces to be shown; those who gave their assistance and artistic advice in setting up the display; and those who came so faithfully and so promptly to dismantle it on a record-breaking, sizzling hot day. We hope the exhibit not only brought pleasure to Vil-

By Don Holmes

The LV Orchestra recently gained two additional violinists. As with many of the musicians I talk with both said, "I haven't played for 20 years" — or 30, or 50, or 100, whatever. One of those two even had to have his violin glued together, due to an accident in moving, but with a few rehearsals both are doing very well. So you rusty violinists, come join our retreats. You'll have sore fingers for a couple of weeks, but the pleasure you will have in making music again will compensate for them. Your instrument will like to sing again, too. Jack Simmons has been holding down the Second Violin desk

April meeting had a guest speaker with a very topical subject; off-shore drilling and oil spills. That subject, so much in the news today, was of interest to all of us.

Not too early to mark your calendar for our annual pancake breakfast, June 17, Sat, 8:00 a.m. in the AR.

lage atrium strollers but also may have inspired some of them to try ceramic mold decorating as a hobby. Visit our workshop any Wednesday afternoon in the Ceramics Room.

In the absence of Pres Velma Cade, V.P. Marjorie Rice conducted the April meeting, with Isobell Kelly providing the refreshments. A club field trip to the Santa Paula Ceramics Boutique and Antique Shop is again being planned. Velma will be back from her trip for the next meeting, to be held on May 10. We hope to see all members there as there is much important business to discuss.

alone since Saul Ballonoff's passing, and he is happy to have a partner again. There were rumors that we might also acquire a trombonist and possibly a cornetist, but so far they are still rumors.

We recently played a short concert for the Variety Guild. They are all performing artists and possibly our most discerning critics. For the pianists, we played orchestrations of some Chopin waltzes. Our next LV concert will be for the LVA General Meeting on Wed, June 28. Be sure to note that on that day all facilities will be closed from 6:00 a.m. to noon.

In the meantime, the Orchestra rehearses every Thurs at 7:00 p.m. in the MPR and on 2nd, 4th and 5th Tuesdays in the CR as it is available. Join us.

SWING
DISCO
JAZZ

By

Marguerite Abdelnour

Swing Disco Jazz Dance Group invites you to an evening of dancing, Sat, May 20. Country Western dance tunes will be the highlight of the evening. Paul and Luella Kelwin will emcee events.

Refreshments and ice provided; admission 50¢.

EASY
SQUARES
CLUB

By Maury Ogens

The E-Z Squares Club is excitedly into the new year with a splendid caller, Paul Diffenderfer, who also handles Rounds with John Quackenbush.

The Club has recently hosted a neighboring club, the Camarillo Springers who also have Diffenderfer as their caller.

On Apr 8 six new members were installed and welcomed with a specially decorated cake. They are: Hyman and Rosalie Udelph, Dorothy Kon-ecko, Marilyn Goodman, Della Buzin and Rea Williams.

The Club has made a "Landmark Decision" to admit women who can dance the male or female part. Goodman dances the man's part with partner Della Buzin. This arrangement allows more squares on the floor and eliminates women sitting waiting for a partner.

We are therefore extending an invitation to all dancers, couples and singles to drop in to talk to us. We understand there are women already attending beginners classes and nearing graduation. Welcome to them as well as others of Jerry Somerton's classes.

We dance on first Sundays of the month, 4:00 to 6:30 p.m. and on other Sundays 7:00 to 9:30 p.m.

SATURDAY
NIGHT
BALLROOM
DANCE

By Anne Janoff

The Saturday Night Ballroom Dance will be in full sway on Sat, May 13, with Henry Carfagna and Elfriede Kupka and Joe and Ceil Priore hosting. Lots of good tunes by top dance bands recorded on tap. Swing, fox-trot, cha-cha, rumba, waltz and others from which to choose.

Only fifty-cents per person and the usual coffee, tea, punch and ice available; 8:00 to 11:00 p.m. in the AR.

Put a smile on your face, dancing shoes on your feet, and share an enjoyable evening with other villagers at our Saturday Night Ballroom dances.

On May 27, Staley and Betty Carpenter and Don and Ginny Womack will be hosts. The next Saturday Night Ballroom Dance will be on June 10.

By Florence Friedman

The success of our Folk Dance Club is due to villagers who love to dance and attend faithfully. We welcome beginners.

Judging from the large attendance on Monday afternoons, residents are learning to dance without previous dancing knowledge.

Our instructors bring us up to date on international dances. Their patience and help have made learning simple and enjoyable.

Dance times are Mondays 1:00-3:00 p.m., teaching and dancing. Wednesdays 9:00-10:30 a.m., review and new dances. Fridays 9:00-10:30 a.m., continuous dancing.

Membership meeting the first Wednesday of the month in the AR at 10 a.m.

HAPPY
HOOFERS

By Vi Cohen

Spring is here and the Happy Hoofers are blooming. Try to catch us rehearsing for a show, or just practicing our routines, and you will see what we mean. Tap-dancing is just what the doctor ordered for a good exercise program, and this dance form has never been more popular, as witness the movie "Tap" and a current Broadway show about tap dancers.

So, if you would like to try your feet at tap-dancing, or you would like to brush up on what you learned years ago, contact our dance director, Helen Gold, 987-2494.

VILLAGE
SWINGERS
SQUARE
DANCE CLUB

By Cy Boynton

By the time this article appears, our "Spring Fling" scheduled for Apr 16 will be history. But as this is being written, preparations for this big annual event are going along nicely, with greeting, refreshments, door prizes and refreshment committees functioning effectively. Tickets are almost all sold, so a full house and successful dance is anticipated.

Guest caller for the last regular dance in March was Skip Stanley, with Bill Burrier cuing the rounds. Skip proved to be a super caller who will surely be asked to call again.

Themes for the next regular Tuesday night dances will be "Hard Times" (we remember those don't we?) on Apr 18, and "Guest Night" (guest caller Rick Hampton) on Apr 25.

The monthly board of directors meeting was held at the home of Ruth and Vernon Brown.

VILLAGE
PLAYERS

By Irwin Steinhart

After a hiatus in April, the next meeting of the Village Players will be on Thurs, May 18, in the AR at 7:30 p.m.

Our active Village night life will be augmented by the Program Highlight, a hilarious segment excerpted from the Neil Simon Broadway Comedy hit *The Good Doctor*, directed with verve and aplomb by Edythe Fahringer and starring Hilda Freedman, Irving Leeds and Allan Kaplan. No doubt, refreshments will be served and this will give us the energy for the long trek back to our respective domiciles.

All villagers are invited to attend our meetings and also to participate in our activities by formally joining the Village Players.

INDOOR
OUTDOOR
GARDEN
CLUB

By Madelyn McKean

Garden Club members and guests were privileged to hear Allen Anderson, an international authority, on "Succulents and Cacti" at the regular meeting April 13.

Barbara Campbell will speak at the May 11 Garden Club meeting on her specialty "The Design and Care of Bonzai." She has been working with bonzai for 25 years and both she and her lovely plants are well known throughout the Southland. She will demonstrate how to design an azalea bonzai and give instructions as to their care. All villagers are welcome. Refreshments at 9:30 and meeting at 10:00 a.m. in the MPR.

The big events of the year will be the Floral Arts Show on May 18, and the special slide show, "Flowers Across America", on June 2. See the article in this issue.

By Margaret Hines

The Rhythmettes have completed another active month of practice and entertaining. We did our bit for the Solo Club Apr 14. It is always a receptive group. We enjoy the group as an audience.

On Apr 21, the Rhythmettes and spouses or friends joined in a social together. The catered food was delicious, the entertainment enjoyable, and the company as stimulating as ever.

Our next scheduled appearance will be entertaining the patients at Camarillo Convalescent Hospital, May 23. After that, it will be patriotic music time again for the July 4 picnic in LV.

THE
CERAMIC PLUS
CLUB

By Don Holmes

The Ceramics Plus Club is planning a trip to the Santa Barbara Museum on Thurs, May 11. We will have lunch at the Santa Barbara College, then go to the Museum. Travel will be by car-pool/caravan, and the sign-up sheet is in the Ceramic Shop.

As we reported before, Mike Ziekel demonstrated his method of sculpting heads in clay. Mike starts with a solid chunk of clay, and shapes it to head size and shape. Then the bumpy parts, noses, ears, eyebrows and such are smaller chunks of clay stuck on and shaped to suit. Mike makes it a fun project, and the beauty of it is that, as we have said before, with clay, if you don't like what you have done, you just mash it down and start over.

Don't forget to sign up for the caravan for Santa Barbara. The next regular meeting will be on Thurs, May 25 at 10:30 a.m. Watch Ch 12 for the latest news about the Club.

DOES MOM REALLY NEED A NURSING HOME?

"There are so many alternatives for Mom, but where can Mom live as independently as possible and still get a little extra help starting the day?"

At Hillcrest Inn we have thought of the special needs of our residents and now offer our **Catered Living Service**.

In our full sized apartments we offer assistance with the day to day tasks of dressing, bathing, monitoring of medication and other activities.

Three meals per day including special dietary requirements are served in an attractive private dining room. Room Service is also available should the need arise. In addition, housekeeping is done on a daily basis along with the task of making the bed.

A certified nursing attendant is on duty around the clock to meet the needs of our residents on a personal basis.

So if you or someone you know would like to stay as active and independent as possible, please give us a call or drop by and see how we at Hillcrest Inn can assist with our new **Catered Living Service**.

For information or a personal appointment, please call
(805) 373-0606.

VARIETY
GUILD

By Ethel Goldfarb

The Variety Guild meeting on Apr 19 was thoroughly enjoyed as the Village Orchestra with Don Holmes presented a variety of melodies. As always, goodies and visiting completed a delightful musical evening.

VISION LIMITED

By Florence Block

Guest speaker Gloria Valenzuela coordinator for Arthritis Foundation in Ventury County gave a most informative and wealth-of-material lecture at the April meeting. She stressed the importance of education concerning "arthritis" and its treatment: exercise, rest, relaxation, learning to cope and medication. There are 100 different types of arthritis (inflammation of the joints). Thirty-seven million suffer from arthritis in the U.S.A.

Gloria discussed rheumatoid arthritis and osteo arthritis. Osteo affects old-age cartilage, hands, fingers, spine, knees, hip. Rheumatoid can affect the whole body. Predisposition to arthritis can be inherited. Medication is used in the treatment. All of the new medications used are anti-inflammatory and are prescribed by an M.D. for each person. Surgery is the last resort. Osteo can be diagnosed by X-ray; rheumatoid by blood test. Nutrition is not responsible for arthritis.

On May 6, "Arthritis Month," there will be a whole day of research at the Community Hospital in Ventura. For information concerning arthritis contact Arthritis Foundation Ventura County Branch, 961 E. Main St., Ventura, CA 93001, tel. 648-3184.

By Bernie Goldman

At the April meeting of the Sawdusters Club we heard a scholarly presentation by Marty Ettinger on the subject of "Wood Sun Dials." Various types of sun dials were demonstrated with a detailed explanation of the way they work. At the Show & Tell portion of our program we were shown the progress that has been made by our new woodcarvers. Woodcarving sessions will continue weekly. Carl Sparks demonstrated a toy "gymnast" explaining how it was made, and kits for this item were made available to the members at cost.

Our next meeting will be held on Thurs, May 4 at 2:00 p.m. in the MPR. The program will consist of a detailed step-by-step demonstration by Steve

SOLO
CLUB

By Monica Alves

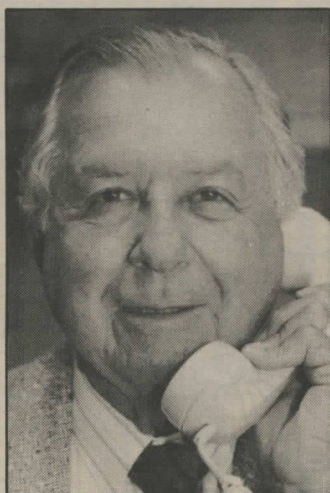

Solo Club will be going out for dinner on Thurs, May 18, to Charley Brown's in Thousand Oaks. The price will be \$12.25, which includes tax and tip, beverage and dessert. There are three choices of entree: chicken marsala, prime rib, or fish. Carpool in the east parking lot at 4:30 p.m.; dinner at 5:00 p.m. Call Lucille Neff at 388-4932 for reservations.

Deadline is May 15. Please pay in advance for the dinner.

Our next regular meeting will be on Fri, May 19, at 12:30 in the GR. Bring a sack lunch. All singles are welcome.

Bellanger on "How to Make a Picture Frame." All villagers are invited to attend.

ED WILLIAMS REALTOR

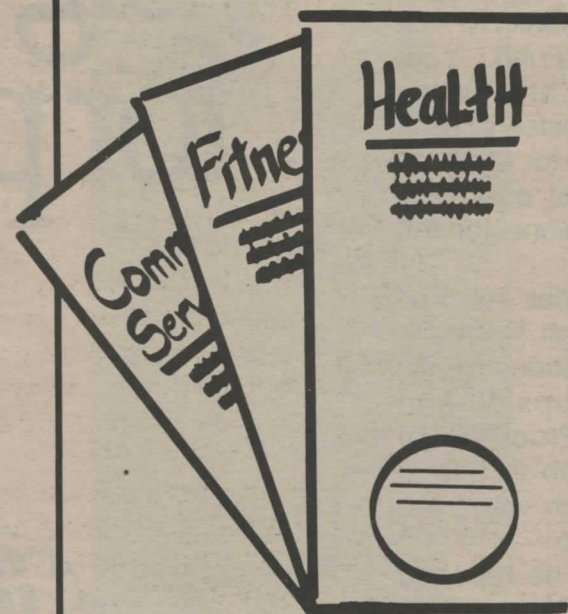

As a member of Camarillo Multiple Listing Service, any and all homes listed for sale in Leisure Village, can be shown and sold by me.

THE
ESPLANADE

A GOLD COAST TRADITION

30th Year
Leisure
Technology

By Lois Atz

The LV Organ Club gratefully acknowledges recent donations to the New Piano Fund. Your Neighbors Care Group and the Liedeleers each gave a check for \$100 toward the goal of a new baby grand piano for the AR.

The Fund has reached \$4445, through fund raisers, and donations by Village groups and individuals. Proceeds of the Organ Club's Cabaret Night in March went into the Fund also.

Details will be reported at the brief business meeting of the club on Fri, Apr 28 in the AR at 1:30 p.m. Annual club dues of \$2 are now payable. All Village keyboard players are invited to attend and to join, as well as interested listeners.

After election of new officers, club members will entertain the audience with organ or piano selections on the instruments in the AR.

9	28	38	49	74							
11	23	41	50	71							

By Cy Maller

The LV Bingo Games held on Wednesday evenings continue to draw a large number of players. Although winner records are not kept, Marion Tavano, head of the Bingo Comm cannot recall anyone ever equalling Sam Lorber's feat on the April 5 session. Sam called BINGO 6 times! Sam is a steady bingo player along with his wife Rose and usually calls Bingo once or twice an evening, but the session of 4/5 will long be remembered.

Ms. Tavano urges all players when they have bingo to call it out loud and clear

Join us in the AR from 7:00 p.m on Wednesdays.

Big detached homes for people attached to their stuff.

'Til now, getting ready to move meant retiring a lot of your favorite possessions. Reminders of the kids growing up. Souvenirs, all those doodads on their way to becoming antiques. Introducing Private Villa Homes at Leisure Village Ocean Hills. Great big. And inspired by the Aegean. Minutes from the blue Pacific.

Inside, open flowing spaces. An outside design for privacy. And for fun, The Ocean Hills Country Club. With golf. Tennis. Clubs, classes and crafts. Are you going to be glad you held on to tap shoes, your oil paints, all that wonderful old sheet music!

So come out today. And, as you drive through our 24-hour attended entry gate, imagine how secure you'll feel living here. As you tour our five home designs, still at pre-view prices from \$304,990, notice which one you're getting attached to.

Now that we've made our homes bigger, it's time to pack up all your stuff and move.

LEISURE VILLAGE
Ocean Hills®

Presentation: Flowers Across America

By Madelyn McKean

Tickets are now on sale for an inspiring evening on June 2 in the AR. Dr. Robert Haller, Chairman of the Botany Dept., UCSB, will present his "Flowers Across America," an unusually interesting slide show of our national flowers. This state-of-the-art production will be shown by 3 projectors on 3 screens simultaneously and accompanied by a sound track of soothing background music. Professional quality scenes of the West feature the broad scope of California native flowers. The scenes of the East accent seasonal changes, especially the fall colors.

The photos taken by Dr. Haller and his students are an assemblage of years of work and are a celebration of the collage of nature. Buy your tickets for \$1.50 from members of the Garden Club including Claire Sortomme (482-9325) and Eileen King (482-9954). It will make your spirit soar.

**TO OUR
CONTRIBUTORS:**
We love them,
but...

We love your letters. In the beginning of ILV one of the reasons the editors believed that Villagers needed a newspaper, was to have a place where they could communicate with each other. This has been realized in that you are contributing ideas, appreciations and criticisms. But lately, some of these have become embarrassingly long, so long, that due to our space limitations we may have to begin cutting them. We do not wish to do this, so will you please help by editing and reducing your own letter to the absolute minimum before you submit it?

— The Editors

LV EXERCISE GROUP

By Shiprah Maller

LV Exercise Group has been growing bigger than ever. Perhaps it is the weather, but we like to think it is the great feeling we all get by doing the many beneficial exercises under the guidance of Lou Tamkin.

We wish to thank all our new members who we know will be continuing our classes from Mon-Fri at poolside from 8:30 a.m. to 9:00 a.m.

We are planning a picnic sometime in June or July and would welcome any suggestions or help. Our bi-annual breakfasts have been so successful that we are sure the picnic will be even more so.

Come join our group and find out how great stretching can make you feel.

LOOKING AT CHANNEL 12

By Jack Whalen

There were but 38 spectators at the April Board of Director's monthly meeting. Could most of the rest of us be watching the meeting live on Ch 12?

It's nice to think and hope that many were tuned to our station but our Board members would certainly like to see a larger group in the AR for this once-a-month event.

The May meeting occurs just three days from now, Mon, May 1 at 10:00 a.m. Ch 12 will carry the entire meeting live and repeat it on Sat, May 6 at 10:00 a.m.

A number of special showings are planned for May viewing and an occasional look at the "pages" will keep you posted.

A nice smile begins with a dentist you can trust, one who understands.

You see, we believe that a healthy smile is one of the most important social assets you have. And if a problem starts, we want to attend to it quickly & gently.

We have devoted a major portion of our practice to understanding & treating the special problems of senior patients. Our goal is to deliver high quality, gentle dental care at a reasonable fee.

Ojai Valley Tennis Tournament

The 90th Ojai Valley Tennis Tournament commenced Thurs, Apr 27 and will run through Sun, Apr 30.

Ojai hosts the oldest and largest U.S. amateur tennis tournament held continuously at one location and is considered to be one of the few locations outside of Wimble-

don where tennis is played exactly as it was before the turn of the century. More than 25 Wimbledon winners have played at Ojai which draws 1500 participants in 30 divisions yearly.

Tickets are \$5 Thurs and Fri; \$9 Sat and Sun. For further information call Gerry Roe 646-3611.

Fairfax High School Reunion

By Shiprah Maller

Fairfax High School, classes of winter and summer 1940, is planning a 50th reunion in May 1990. Preparations are being made now so if you are in touch with anyone from the Class of '40 please send names, addresses and phone numbers to Lloyd S. Berkett Agency, 5700 Wilshire Blvd., Suite 512, Los Angeles, CA 90036 or Call Lloyd at (213) 937-2150, 931-9049.

Ticket Sales

Attention all LV clubs and groups who sell tickets at the Travel window. Effective April 3; tickets will be sold in the Lobby area of the Rec Center. The Travel Office is no longer adequate for clubs and groups to share the limited space. This is due to the increased volume of business conducted by the Travel Committee.

Meet Your Neighbor

By Mary Erbsen

Please join Meet Your Neighbor Comm on the last Friday of each month at 2:00 p.m. in the GR.

Alfred Bennett, member of Bldg & Grds Comm, is the speaker scheduled for April 28. All villagers, both new and long-time residents, are invited for a stimulating meeting of good conversation, coffee and cookies. Meet old friends and make new ones.

Award

Rube Davis has received a letter of appreciation from Las Colinas School in reference to the recent Las Colinas Science Fair 1988/89. The following villagers contributed their time and efforts as judges:

Jack B. Bennett, Don Holmes, Fritz Betts, Miles Perlis, Charles Lich, Ethan Sahl, Don Moore, Jack Starr, Ron Neiss and Paul Kelwin.

GEM AND MINERAL CLUB

By Don Holmes

The Gem and Mineral Club held a members only dinner at Carrows in Oxnard recently, which took the place of the regular May meeting, and several people thought they'd rather do that every month.

The next meeting will be Wed, June 28 at 7:30 in the MPR, when two things will happen: The list of officers for next year will be discussed, and Ben Smithkin will show his slides of Hawaii. While you are marking your calendar, make a note that June 28 is also the day of the LV General Meeting and that all facilities will be closed from 6 a.m. to noon. The Club meeting is in the evening, so is not affected by the closure.

The Club has a Show-and-Sell every year during the LV Anniversary Celebration, when we sell gems and jewelry made by the members. In the past the proceeds have been used to buy things for the lapidary shop that are not normally in the budget. This year the Club voted to donate \$500 to the Food Share Program, specifically designated to be used for the LV Food Share. We felt this was a good way to show our appreciation for the support that the Villagers have given the Club over the past years. We'll be in the Lapidary Shop again this year, so watch Ch 12 for the announcement and come visit us.

Be A Good Neighbor

Be a good neighbor. If you see people whom you believe do not belong in L.V., or an activity that is questionable, call our Security. They would rather investigate 20 questionable calls than have one real problem.

Traffic Regulations

By Lois Atz

Important points relating to LV traffic regulations were covered at the April Board meeting. Second reading, vote and adoption were completed to clarify two existing rules. Now residents gathering six points on their Village driving record in ANY six month period are required to appear before the Chief of Security for a discussion of their record. A resident who receives 12 points within ANY 12 month period must appear before the Board for possible action and fine.

Older drivers who wish to protect their driving privileges - and it is a privilege, not a right - can take the AARP class "55 Alive," given at the Community Center and sometimes in the Village. "55 Alive" can be presented in the Village more often if volunteer coordinators can be found to act as registrars. Volunteers should call Sandy Okum, YNCG, or Sy Fisher, Ed & Rec Committee.

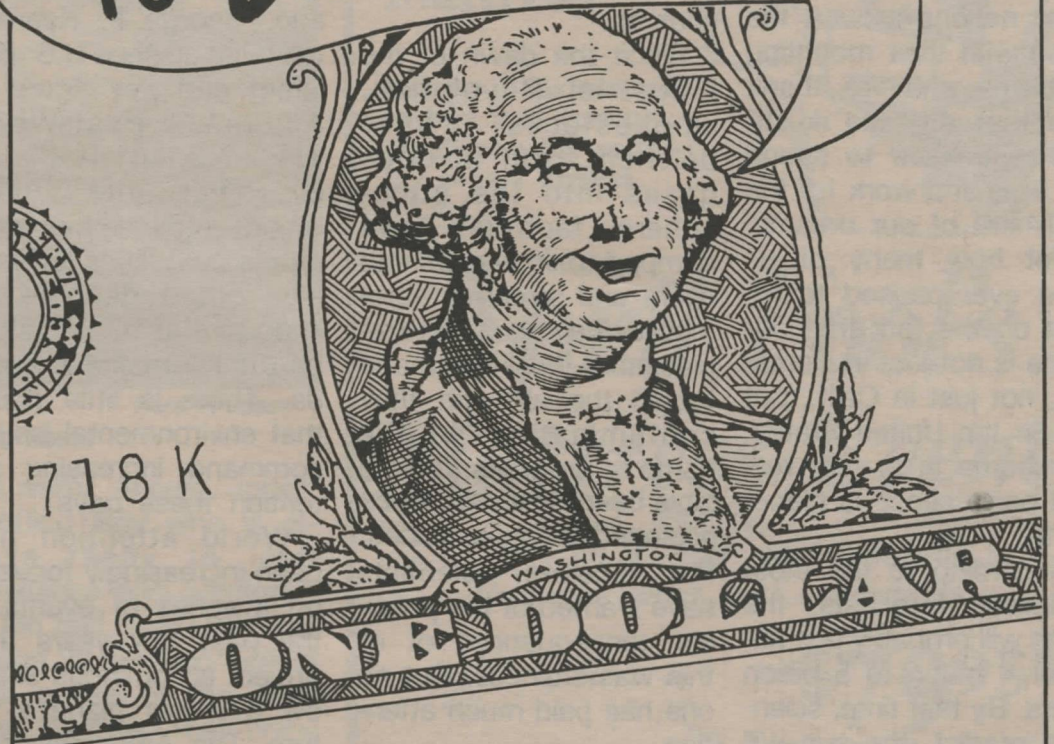

Bus service comes through the Village to provide transportation for those who can no longer drive. LVA pays a hefty subsidy to provide this bus service free to Villagers.

State vehicle rules are for our mutual safety and apply to everyone; all drivers are required to have a working knowledge of these laws. The cooperation of all residents is needed and expected. LV Security patrolmen DO have jurisdiction over Village traffic, with the full backing of the California Vehicle Code. There is no question about that now.

What Is Wrong With Us?

By Sol Robin

We Americans have always boasted with justifiable pride that we would rather live in the United States than anywhere else on earth. We look at other nations around the globe with their mounting problems and we thank God that America is still the best place to spend our lives and work for the fulfillment of our dreams.

Yet how many of us have ever paused to reflect on the fact that our home is not just in Camarillo, not just in Calif., not just in the United States. Our home in a very real and basic sense is planet Earth.

According to the most optimistic forecasts, the earth will probably last another 4 billion to 5 billion years. By that time, scientists predict, the sun will have burned up so much of its own hydrogen fuel that it will expand and incinerate the surrounding planets, including the earth. A nuclear holocaust, on the other hand, could destroy the earth tomorrow.

How long the earth endures and the quality of life it can support do not depend alone on the unchanging laws of physics, for man has reached a point in his evolution where he has the power to affect, for better or worse, the present and future state of our planet.

By the year 1800, after about 2 million years or so of existence, there were about 1 billion human beings on our planet. If current birthrates are maintained, the world's present population of 5.1 billion will double again in 40 more years. The frightening irony in all these figures is that, at our present rate of growth, our planet Earth may be doomed to destruction in a few hundred years.

The reason is not so much the sheer numbers of people inhabiting our

planet, though 40,000 babies die of starvation each day in the Third World countries, but the reckless way in which humanity has treated our precious planetary resources.

Since the dawn of the Industrial Revolution, smokestacks have belched forth noxious gases into the atmosphere, factories have dumped toxic wastes into rivers and streams, automobiles have guzzled irreplaceable fossil fuels and fouled the air with their contamination. In the name of progress, forests have been denuded, lakes poisoned with pesticides.

For decades, scientists have warned of the possible consequences of all this wastefulness. But no one has paid much attention.

Just a few weeks ago, the 987-foot Exxon Valdez, laden with 52 million

gallons of crude oil, was steaming out of Alaskan waters when the long-predicted disaster struck. An environmental accident of this magnitude is just another example of how man's greed is slowly destroying our planet.

More than a decade ago, George F. Kennan, the distinguished U.S. diplomat and key figure in America's post-World War II "containment" policy toward the Soviet Union, predicted that environmental issues eventually would become as important as arms control on the international agenda. There is little doubt that environmental issues command increasing attention these days.

World attention has been increasingly focused on a series of events in the past few years that project an ominous shadow over our planet's future. The American grain belt has been scorched by a record drought. There is disturbing new evidence

that man-made chemicals have inflicted even greater damage than first thought to the ozone shield that protects life on earth from harmful ultraviolet solar rays. Beaches on both U.S. coasts and across the Atlantic have been fouled by medical wastes.

Even more threatening, average global temperature appears to be rising — a phenomenon consistent with predictions based on a speeding up of the "greenhouse effect."

The future of our planet Earth is very gloomy. All the present indications point to the inevitability of a world-wide environmental crisis which will affect all nations, including the United States. Despite the momentous economic and political problems confronting us in the years ahead, the chief question each of us must ask ourself is whether this is the kind of future we want to leave our grandchildren.

GUIDE LINES

1. Use 8½x11 white typing paper. If you have none we will be glad to furnish some.

2. DOUBLE SPACE. Do not triple space between paragraphs.

3. Use conventional upper and lower case where applicable.

4. Upper left hand corner: Name, telephone number and group, if any.

5. MARGINS: 2" top; 1" sides and lower edge.

6. INDENT for paragraphs.

7. BE SURE to include the NAME OF YOUR ORGANIZATION IN THE FIRST SENTENCE of your article. "We" and "our" are not appropriate.

8. Check latest issue for deadline, page 2.

9. Keep a duplicate. We cannot return manuscripts.

10. Place your material in the box labeled ILV which is at the end of the hall of the Rec. Center by the sewing room door.

A Hug For All Reasons

Author unknown:
Submitted by
Roland Barbeau

Hugs are not only nice, they're needed. Hugs can help relieve pain and depression, make the healthy healthier, the happy happier and the most secure among us even more so. Hugging feels good, overcomes fears, eases tension, provides stretching exercise if you are short, stooping exercise if you are tall.

Hugging also does not upset the environment, saves heat, is portable, requires no special equipment, makes happy days happier and makes impossible days possible.

**BOOK
REVIEW
GROUP**

We had a wonderful group in April and the reviewer certainly appreciates the attendance of all who came. The help of Ch 12 is also to be noted. George Huddleston and Bob Vanderhaven did the camera work.

The April book was "If I Knew Then What I Know Now — So What" by Estelle Getty. It will soon be donated to the LV Library. Estelle is well worth getting acquainted with. Outrageous but so smart!

Plans for May are one of two — either "The Joy Luck Club" by Amy Tam (already a best-seller) or "Long Road Home" by Ronald B. Taylor which is a sort of up-to-date "Grapes of Wrath." Whichever one is first available will be the May choice.

Next Book Review will be Mon, May 8, at 10:00 a.m., in the GR.

Mother Dear

By Lillian Wallace

Mother Dear,
I don't have to tell you
That, it's 'Mothers Day' once more-
Or, that my love for you
Is even greater than before.

If you read the card I sent,
Each word I wrote is true-
As mothers go, there never was
Another quite like you.

I tried to look back through the years,
The memories I saved-
But, emotions overwhelmed me
When, I think of how you slaved

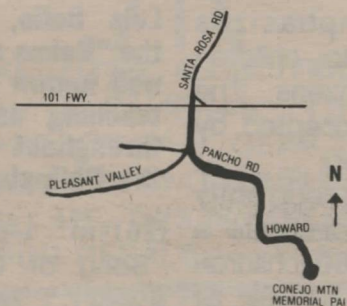

And sacrificed to give me
A childhood I can't forget-
So much of all you did for me,
Lingers with me yet.

And, so plain and simple,
Not comparing you to any other-
I'll say, 'no greater love hath child, than I
For you, dearest 'MOTHER'

The Leisure Village Women's Club

By Jeanne Carlson

In spite of the record heat, Women's Club had a memorable April meeting.

President Carol Heyerick presided and led a discussion of new business — all of it good news.

She presented a tentative working budget for the year which includes plans for donations to LV and the Camarillo community. Women's Club always emphasizes contributions to children and senior citizens. The budget was accepted by the membership.

The club is currently planning to redecorate a room for the 80 children who are patients at C.S.H. Holiday baskets of candy eggs had been presented earlier to the children.

Betty Walker, Membership Chm, reported a total membership of 413. Five new members had joined that very day. Betty plans to have the 1989 Roster ready to present at the May meeting.

Program Chm Betty Murray announced the Fashion Show, "Around the Clock at Leisure Village" for the May meeting. Renee Greene will coordinate the show and do the style commentary. Boston Store is graciously furnishing the fashions. Come early for best viewing.

Trading Post reported a great sale day. Workers were: Bea O'Brien, Irene Helmstead, Doris La Prell, Maxine Himstreet, Helen Thompson, Kay LaPrell and Betty Keeler, plus untiring Gertie Dorward.

The program for the day was a mini-concert by the Belles of Harmony, directed by Lois Bello, and accompanied by Esther Kuebler. It was excellent.

The Belles presented eight beautiful songs. They were: "In That Great

Photo by Stabler

Lois Bello, conductor of the "Belles of Harmony" is well known for her choral teaching and conducting throughout California and the Phiippine Islands

Gettin' Up Mornin'; "Song of Galilee;" "Fly Away;" "Song of the Islands;" "What the World Needs Now;" "Whispering;" "When You're Smiling;" and "Top of the World."

At the end, Program Chm Betty Murray had each singer introduce herself. Members are: Miriam Hasen, Carolyn Cohen, Piff DeSimone, Miriam Dubowsky, Betty Hendricks, Joanne Hexenbaugh, LaVerne Royce, Elaine Shainhouse, Millie Silberman, Lucille Matson, Ailsa Muldoon, Marguerite Abdelnour, Ethel Belanger, Rawza Kramer, Trudi Orsan, Billie Pachter and Eleanor Quartuccio. Please sing for us again soon, ladies.

Time would not permit the planned raffle for a beautiful large Kewpie Doll, hand-crafted by doll-master, Dorothy Kelly, and a handsome peach afghan made by Grace Lane.

The refreshment table was decorated by Dorothy Kelly. Marie Chase and Nancy Gallagher served pastries and coffee.

Don't forget and come early for the May Fashion Show!

Letter

Lillian Ballonoff and I both feel that when you enter LV, the appearance lacks color and has a depressing look.

We are certain that this feeling is shared by a great many residents in the Village.

When one enters the main gate, the Village says "Good-bye" instead of "Hello."

For ten years, every effort has been made by both of us to keep our homes cheerful and colorful with the addition of colorful plants and decor.

We're trying to take the bull by the horn and have the entrance planted with many beautiful plants properly landscaped.

In order to reach this goal if each household in the Village, made a one time contribution of \$10.00 the total would be \$21,360.00. Any amount in excess would be greatly appreciated. To get the show on the road, Lil and I are contributing \$1,500.00. Please send your contribution to: "Leisure Village Beautification," 31301 V 31.

Your interest and cooperation is most sincerely appreciated!

Ed Williams, V 31

LETTER

We, the members of the LV Racquet Club, were trully amazed, if not somewhat disgusted with a letter appearing in last month's issue of ILV. It is unbelievable that anyone could write an article containing a web of irrelevancies, half truths, untruths, ignorance of facts and a supreme impudence in suggesting that if tennis players do not like the condition of the courts, they should perhaps consider another sport.

Where was the author of that letter when they cleared those large areas of land to create the lovely fairways and unshadowed greens of our beautiful golf course? But wait - don't tell me that the author plays golf? If she does, she must go around the course in tears realizing what this must have done to California's environment and what it has done to the Greenhouse Agenda she so glibly talks about. And what has all this to do with the problem of playing conditions on our courts? These are emotional irrelevancies that appeal to everyone - including tennis players - but have nothing to do with the issue at hand.

Does she worry about the truth? Oh no, that would help destroy her rhetoric as she writes about the shadows not lasting beyon 10 a.m. (try 11:30 if you're interested in the truth). And what about those ludicrous remarks that you don't hear Golfers, Bocce Players, Horse Shoe Tossers, etc. complain about shadows. If she knew anything about sports, she would admit that any shadows they might have are not critical to their enjoyment as it is to Tennis players, who have to contend with a fast moving ball coming toward them as it flits from shadow to light, not once but several times, before the ball reaches them.

But wait - the author has a solution to that

problem too. She says "why not go over to Court 2 in the morning and wait your turn and play there. "Or", she goes on in her queer logic "go up to the hill where the good players go." That's the kind of logic that is based on pure ignorance of the facts or a studied refusal to face the facts. Players go up the hill not because they are the better players, but because the two courts we have are inadequate for the number of players we have. If they stayed in the Village and waited to play 3 sets, as most of them want, they would be on the courts until mid-afternoon even if they were able to start at 8:00 a.m. because players have to give up the courts after one set and then wait their turn all over again. Up on the Hill they can play 3 sets in a row. The Hill is actually getting crowded, so that some players come back down to the Village in the hope of getting a game. But the

author has still another solution - she suggests that if the tennis players don't like the conditions - give up tennis and take up another sport. That is uncalled for impertinence.

Another fact. Public courts around the world - and many of our players have played around the world - DO NOT HAVE TREES AROUND THEM BECAUSE SHADOWS DO ADVERSELY AFFECT PLAYING CONDITIONS. The shadows in stadiums that the author talks about are there because promoters build the stadiums high in order to accomodate paying customers and the pros do not object because it affects the money they would get. However, the stadium shadows are solid shadows and not as bad as the flickering shadows that are screened through trees that make conditons impossible even if you have good eyes—which most of us do not have.

The author's tennis bashing continues with her remarks about the groans when a shot is missed and the shouts of glee when a great shot is make. The Racquet Club suggested building up the sound barrier where none exists presently because we are considerate of the two condos close to the courts.

Does the Racquet Club suggest removing trees from anyone's yard - or eliminate shade from any home. No - there are only two trees in this category perhaps, but the suggestion to eliminate them was in order to plant a real sound barrier in their place, since the foliage on these trees is above the tennis screens and the two tree trunks 12 or 14 feet apart do not represent any kind of barrier. The Racquet Club has amended its request limiting it only to 6 trees on the east side of Court 1, which will not effect any condo. These trees can

be trimmed back or removed - it makes no difference provided the shadows are gone. It puzzles us why people who do not play tennis need to intrude their unrealistic solutions to problems they do not understand or do not want to understand. The Racquet Club members came to live in Leisure Village for the same reasons everyone else did. We love the trees, the green belts, the many recreational facilities which, incidentally, we believe should be the best they can be, whether we participate in them or not. We all deserve the very best we can get, especaly at this stage of our lives. Doesn't the author believe in that?
