FROM THE PRESIDENT

As President of California State University, Fullerton, I am pleased to welcome you to our 48th annual commencement. Commencement is a very special time for degree candidates, families, friends and other members of the campus community. It is a time when we celebrate the successful conclusion of degree programs designed to foster the development of humane leaders prepared to meet the opportunities and challenges of a changing, diverse world.

Today the University honors some 9,676 undergraduate and graduate students who completed degree requirements in January or who are scheduled to do so in June or August. It is fitting that recognition of your accomplishments should be in the presence of your professors, relatives and friends who have participated in a variety of ways in helping you attain your academic goals. As candidates for graduation, you are the proud products of our academic enterprise.

We hope that you forever will be life-long learners dedicated to the pursuit of excellence and the importance of life issues.

On behalf of the faculty, staff and students of California State University, Fullerton, I extend heartiest congratulations to the Class of 2007 upon reaching this educational milestone. I wish each and every one of you the happiness of a productive life, the respect of your fellow human beings, and the love of your family. The future is yours!

A handwritten signature in dark ink, reading "Milton A. Gordon". The signature is written in a cursive style with a large, stylized "M" and "G".

Milton A. Gordon

President, California State University, Fullerton

As President of the Cal State Fullerton Alumni Association, it is my pleasure to offer each of you my heartfelt congratulations on a job well done. You should feel very proud for setting your mind to the task and achieving your degree.

As you reflect back on your time here at Cal State Fullerton, keep in mind that you are now part of the over 175,000+ successful graduates that comprise the Titan Family. Among our graduates are Academy Award-winning actors and screenwriters, television news reporters, Pulitzer-Prize winning journalists, successful novelists, doctors, lawyers, teachers, professional athletes, entrepreneurs, astronauts, legislators, scientists and business leaders of some of the country's most successful companies. Count yourself as one of these proud alumni. You are among the best and brightest.

Today's ceremonies do not mark the end of your connection with Cal State Fullerton; rather, they are a time for you to celebrate your accomplishments in joining this impressive network of Titan alumni. Be sure you take the time to stay connected to your university by joining the Alumni Association. As a member, you will have many opportunities to stay connected with the university, continue your professional development, maintain the friendships you have developed and take advantage of the resources that the Cal State University system has to offer.

Each of you know that your accomplishments here today are due in part to the support of your family and friends. Similarly, the Alumni Association exists in part to help graduates succeed and support them through their future after Cal State Fullerton. Take advantage of this network of successful alumni and the many programs the Alumni Association has to offer. I look forward to meeting and working with you in the future.

Best wishes in all your future endeavors,

Kristin S. Crellin

ABOUT THE PROGRAM

LIST OF CANDIDATES: Students eligible to participate in the 2007 commencement ceremonies are January 2007, June 2007 and August 2007 candidates who filed for graduation prior to the announced deadlines.

GRADUATION WITH HONORS: Honors at graduation are awarded to undergraduate students in three classifications and take into account all courses taken at Cal State Fullerton and other institutions of higher learning. The minimum grade point averages follow: cum laude, 3.5 to 3.74; magna cum laude, 3.75 to 3.89; summa cum laude, 3.9 to 4.0. Students who have earned honors at graduation have been awarded ribbons with medallions that bear the seal of the university: white ribbons denote cum laude; orange ribbons denote magna cum laude; and blue ribbons denote summa cum laude. Program notations indicating achievement of these awards are based on the students' records at the end of the fall 2006 semester. Official award of appropriate diplomas and recognition of honors achieved (which are indicated on the diplomas as appropriate) are contingent upon the candidates having met all university requirements and related criteria.

PRESIDENT'S SCHOLARS: Students who are President's Scholars are noted in the list of candidates. This program to recognize academic and extracurricular excellence is sponsored by the President's Associates.

FACULTY MARSHALS: The faculty marshal leading the procession in each commencement ceremony has been honored as the Distinguished Faculty Member of that particular college. This distinction is bestowed by the president upon the nomination of fellow faculty members.

UNIVERSITY HONORS: Students graduating with University Honors have earned 24 units of Honors coursework, achieved a minimum grade point average of 3.5, and completed a Senior Honors Project. These students have been awarded medallions for their achievement. Program notations are based on the students' records at the end of the fall 2006 semester. Official award of University Honors (which is indicated on the diploma) is contingent upon the candidate having met all university requirements and related criteria.

PHI KAPPA PHI: Among those participating in commencement ceremonies are students wearing a white ribbon with a zigzag design. These students have been elected to membership in the Honor Society of Phi Kappa Phi, a national organization founded in 1897. Students are selected for membership from all of the recognized academic disciplines based on records of outstanding scholarly achievement.

PHOTOGRAPHY AND DVDS: The CSUF Alumni Association has arranged for a commercial studio to photograph each graduate at the moment he or she crosses the platform. Proofs and information on ordering prints will be mailed, with no cost or obligation, to participants. The university will also offer for sale, videos of each of the university ceremonies and also of the College of Business & Economics ceremony, and the ceremony for the Departments of Child & Adolescent Studies, Kinesiology, Human Services and Health Science. All of these ceremonies are located on the same venue on the lawn north of the gymnasium. If you are interested in purchasing a video of any of these ceremonies, please view the webpage: www.fullerton.edu/commencement.

The history of academic dress goes back to the medieval European universities of the 14th century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. United States universities have standardized the academic dress so that its features are generally uniform throughout the country.

THE GOWN: The gown is ordinarily black for academic degrees. The pattern varies with the degree held: pointed sleeves for the bachelor's degree; short sleeves for the master's degree; and round, full sleeves for the doctorate. The bachelor's and master's gowns have no trimmings. The doctoral gown is faced down the front with black velvet and trimmed with three bars of the same material across the sleeves—or the color of this velvet may be that of the subject in which the degree is granted.

THE HOOD: Hoods are not usually worn for the bachelor's degree. The master's hood is shorter and lacks the panels of the doctoral hood. Hoods are lined with the color of the school, two colors being shown by putting chevrons of one color on the other color. The binding or edging of the hood is velvet of the color pertaining to the subject of the degree.

THE CAP: The standard cap is the mortarboard, usually the color of the gown. The standard tassel is black, but at Cal State Fullerton many students wear tassels reflecting their disciplines. Doctoral caps have gold tassels.

TRIMMINGS: Color trimmings on doctoral gowns and hoods indicate the following: light blue, Doctor of Education; dark blue, Philosophy; white, Letters; brown, Fine Arts; golden yellow, Science; purple,

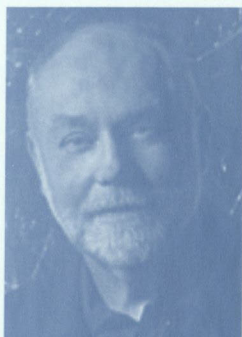

Laws; pink, Music; green, Medicine; scarlet, Divinity; crimson, Humane Letters; and light coffee (drab), Business Education.

THE MACE: The mace is a ceremonial symbol of authority carried in academic processions at commencements and convocations. Originating in the Middle Ages, it once was a formidable weapon, held ready to protect the person of dignity. The University Mace, first used in 1975, and the mace holder, first used in 1979, were designed especially for Cal State Fullerton by John L. Berg, who earned his Bachelor of Arts in Communications in 1973, and Master of Arts in Art in 1976. The design of the mace reflects the university's architecture, colors (blue and white) and location—the site of the first commercially grown valencia orange grove. The stem is of cocobolo, a wood orange in color, while the university's colors are represented through the use of ivory and niello. At the top of the mace is the university seal.

GRADUATION WITH TITAN PRIDE: Cal State Fullerton is proud of the graduating class of 2007. Out of respect for each graduate, we expect graduates and guests to remain in their seats until the conclusion of each ceremony. We also ask that cell phones be turned off during the commencement events. Smoking and alcoholic beverages are not allowed at any of the commencement events.

EMERGENCIES: First aid stations are located in the parking lot of the Student Health and Counseling Center on the east side of the Titan Gymnasium, and on West Campus Drive west of the Stadium. If you need assistance, call 278-3333 or inform an usher or anyone at an information table.

SATURDAY, MAY 19, 2007

Robert David Hall plays quirky coroner, Dr. Albert Robbins, on the Emmy nominated CSI: Crime Scene Investigation which is now in its 7 th season. In his 20-year career, Mr. Hall has amassed numerous credits in film and television. In addition to acting, Robert Hall's voice can be heard on hundreds of commercials, animated series and narrations. He has a keen interest in music, plays the guitar and performs with his band. For more than four years, he was the daytime voice and music director of KNX FM, a CBS alternative music station in Los Angeles.

A devoted community activist, Mr. Hall proudly serves on the Board of Directors of the National Organization on Disability. He just completed his term as a National Board Member of the Screen Actors Guild (SAG) and is National Chairman of the Performers with Disabilities Caucus for SAG, AFTRA and EQUITY. He sits on the boards of the Mark Taper Forum's "Other Voices Project," and The Media Access Office. He is a member of the Mutual Amputee Foundation and often visits recent amputees and speaks to young adults with disabilities transitioning into the workplace. Mr. Hall graduated from UCLA. He received the 2006 Ivy Bethune Diversity Trailblazers Award from SAG and the 1998 Harold Russell Award from the Media Access Office which is presented to actors who serve as role models for other disabled actors.

SUNDAY, MAY 20, 2007

Dr. Lucy Jones is the Scientist- in-charge for USGS earthquake activities in Southern California, the Coordinator of USGS-funded earthquake research in southern California, the Supervisor of the Pasadena Office of the USGS and the Co-director of Tri-Net. She serves on the National Earthquake Program Council. She has authored and co-authored over 50 papers on seismology, primarily in earthquake statistics and hazard assessment. She received a B.A. in Chinese Language and Literature from Brown University and a Ph.D. in geophysics from MIT.

HONORARY DOCTORATE

SUNDAY, MAY 20, 2007

Dan Black graduated from Cal State Fullerton with a degree in Physics. An entrepreneur, he has successfully introduced new companies into the market and then sold them at a profit. Currently, Mr. Black has successfully launched a nutritional supplement company, ProThera and has completed construction of a new facility located in Reno, Nevada.

Mr. Black is a great supporter of Cal State Fullerton programs. Since 1998, he has funded the Dan Black Scholars and the Dan Black Program in Physics and Business. This unique program for undergraduates is for students who want to earn a degree in Physics and pursue an entrepreneurial career path, rather than teach or work in a lab. In 2000, Dan was honored with the Distinguished Alumnus Award at Vision & Visionaries.

In addition to his own financial support for the university, Mr. Black works actively with the Dean of the College of Natural Sciences and Mathematics, as a member of the Dean's Advisory Council, to increase visibility, awareness and most importantly, support for the college's programs, faculty and students. He also serves as a member of the Cal State Fullerton Philanthropic Foundation Board.

In a dedication ceremony on September 15, 2006, the Science Laboratory Center on the Fullerton campus was renamed Dan Black Hall in recognition of Mr. Black's significant \$4.2 million gift to the College of Natural Sciences and Mathematics.

OUTSTANDING PROFESSOR

Chandrasekhar Putcha, professor of civil and environmental engineering, joined the Cal State Fullerton faculty in August 1981.

Putcha, who has served twice as the chair of the Department of Civil and Environmental Engineering in the College of Engineering and Computer Science, came here from West Virginia University in Morgantown.

He has held positions at Central Building Research Institute in Roorkee, India; G.B. Pant University of Agriculture and Technology in Pantnagar, India; University of Sherbrooke in Sherbrooke, Quebec, Canada; and Banaras Hindu University in Banaras, India.

His visiting professor and associate professor appointments include University of Alabama in Huntsville; Stevens Institute of Technology in

Hoboken, New Jersey; West Virginia University in Morgantown; Polytechnic Institute of New York in Brooklyn; Carleton University in Ottawa, Canada; and University of Waterloo in Waterloo, Canada.

He has also been an employee of or a consultant for Northrop Grumman Corporation, Boeing, Rockwell International, TRW Defense Systems Group and National Technical Systems.

In a statement of his philosophy, Putcha said, "I strongly believe that teaching and research go hand-in-hand. This is true especially for graduate courses ... in all these courses, I tell [students] the importance of probabilistic analysis ..."

In keeping with that, Putcha's primary research is in reliability and risk analysis, which has resulted in more than 100 refereed research papers. Research funding has come from several sources, including the U.S. Army, Navy, Air Force and the Marshall Space Flight Center. His research includes analyses of physical and medical factors, traffic flow, various stresses on wharves, bridges and buildings, and the Space Shuttle fuel tank attachments.

Since 1992, Putcha has garnered recognition 27 times for his research, service and achievements, including nine from the U.S. Navy, two from the U.S. Army, one from the U.S. Air Force, two from NASA, four from the president of Cal State Fullerton and four from the College of Engineering and Computer Science.

❖ PRESIDENT'S SCHOLAR

◆ UNIVERSITY HONORS

ACKNOWLEDGEMENTS

The university's commencement ceremonies require the combined resources of many campus departments as well as the talents and expertise of faculty, staff and administrators. Those contributing to this year's ceremonies are:

OFFICE OF THE PRESIDENT

Milton A. Gordon, *president*
Vennita Jackson
Norma Morris
Cassandra Newby

ACADEMIC AFFAIRS

Ephraim P. Smith, *vice president*
Mary Jo Medyn, *commencement coordinator*
Judi Anderson
Lissa Camacho
Lee Bentley- Gonsalves
Ashton Felder
Davida Hopkins-Parham
Mark Garrabrant
Lisa Kopecky
Vincent Hernandez
Leanna Ishibashi
Deepali Mehta
Maria Mezhinski
Michael Reeder
Eraj Shadaram

ADMINISTRATION & FINANCE

Willie J. Hagan, *vice president/
chief financial officer*
Bill Barrett, *associate vice president
for administration*
Armando Alvarado
Kim Apel
Donna Baber
John Beisner

A COMMITMENT TO CIVILITY AT CSUF: As members of the University community, we are committed to ensuring an environment where learning and the creation and dissemination of knowledge are foundational goals and where freedom of speech and expression is viewed as an essential characteristic of a community of scholars. To reach these goals it is imperative that we foster a climate where civility is valued, appreciated, and expected and where all members of the community are treated with dignity, respect, and care.

"Civility" comes from the Latin noun *civitas* which has several meanings - namely "citizenship," "the body of citizens," "the city-state," "friendliness," "affability," and "geniality," - and, thus, may be equaled with courtesy--a style and manner that elevates human interaction and discourse. Civility is apparent when we are aware of the impact that our communications, practices, and behaviors have on others and when we acknowledge each person's worth, cultural perspective and unique contributions to the community.

Establishing a civil climate is a shared responsibility of all community members - students, faculty, staff, and administrators. Civility is the expression of respect for others and for the tasks we share. It is best modeled through a willingness to listen to alternative views, respecting diversity and encouraging ideas. It is our belief that differences of opinion should reside within a framework of respectful discourse and lead to mutual understanding.

Therefore, we believe that civility is a cornerstone of our university mission and values, and we reaffirm our commitment to civility on the campus--both inside and outside the classroom. We will both individually and collectively strive to treat each other with dignity, respect, and care in all of our interactions.

Approved Academic Senate, 4/6/06

Territories and Countries Represented

STUDENT COUNTRY/STATE RECOGNITION

California State University, Fullerton values its mission as a comprehensive regional university with a global outlook and wishes to recognize the states and countries our students call home:

COUNTRIES REPRESENTED

Afghanistan	France	Mali
Argentina	Germany	Mexico
Armenia	Ghana	Mongolia

Learning is preeminent at California State University, Fullerton. We aspire to combine the best qualities of teaching and research universities where actively engaged students, faculty and staff work in close collaboration to expand knowledge.

Our affordable undergraduate and graduate programs provide students the best of current practice, theory and research and integrate professional studies with preparation in the arts and sciences. Through experiences in and out of the classroom, students develop the habit of intellectual inquiry, prepare for challenging professions, strengthen relationships to their communities and contribute productively to society.

We are a comprehensive, regional university with a global outlook, located in Orange County, a technologically rich and culturally vibrant area of metropolitan Los Angeles. Our expertise and diversity serve as a distinctive resource and catalyst for partnerships with public and private organizations. We strive to be a center of activity essential to the intellectual, cultural and economical development of our region.
