Speaker 2

President elect Anderson, myself, my former governor and ladies and gentlemen, and.

00:35:09:01 - 00:35:17:29

Speaker 3

Most importantly of all, to the graduates. One of the things that Dr. Goodfellow neglected to.

00:35:17:29 - 00:35:19:04

Speaker 2

Mention.

00:35:19:07 - 00:35:20:13

Speaker 3

Was that I started.

00:35:20:13 - 00:35:34:15

Speaker 2

My college education at what was then called the Compton Junior College, now called Family Compton College. I've been where you are today, so relaxed like that. And I came from.

00:35:34:15 - 00:35:39:07

Speaker 3

A program that I am the only thing standing between you and getting your degree.

00:35:39:07 - 00:35:54:22

Speaker 2

So I will. I will make it. I will make it three. And I get on to the point where my career.

00:35:54:24 - 00:36:09:27

Speaker 3

I decided to title this brief and talk to you today. Vision, values and the coalition. I Have a Dream.

00:36:09:29 - 00:36:14:18

Speaker 2

The powerful vision of Dr. Martin Luther King.

00:36:14:20 - 00:36:20:26

Speaker 3

We will send a man to the moon and return him safely by the end of the decade.

00:36:20:28 - 00:36:23:14

Speaker 2

The vision of John Fitzgerald Kennedy.

00:36:23:16 - 00:37:08:14

Speaker 3

And we will bring India of British rule, the vision of Gandhi. The land must be given to the peasants and there must be democracy in Mexico. The vision of Emiliano Zapata and Francisco, the reparations must be made to the 120,000 citizens of Japanese descent who were unjustly imprisoned in concentration camps during World War Two. The phrase the vision of Fred Korematsu is what distinguished the leader is that they realize the importance of vision.

00:37:08:17 - 00:37:12:23

Unknown

Values and all mission.

00:37:12:25 - 00:37:45:26

Speaker 3

It is said in Proverbs chapter 25, verse 18, where there is no vision, people perish. And additionally, the lives of these leaders exemplify the values of ethics and equality. The theme that has prevailed over your graduating year. Most important of all, they taught us the importance of volition. Volition is a fancy word for action. They taught us that results are visible and communicate.

00:37:45:29 - 00:38:03:26

Speaker 3

And so as you celebrate your graduation from San Jose City College, I was with me for a few moments to consider your academic theme of ethics and equality in the context of your work, your values, and what volitional.

00:38:03:26 - 00:38:07:06

Speaker 2

Choices you will make in the days ahead.

00:38:07:08 - 00:38:12:12

Speaker 3

Vision asks the question Why am I here?

00:38:12:14 - 00:38:16:15

Unknown

What will my life stand for when it's run its course?

00:38:16:18 - 00:38:47:17

Speaker 3

Each of you should have a personal life vision. It should be articulated, communicated and activated. My personal life vision is to lead a life which exemplifies my belief that America will never live up to its high standards of liberty and justice for all until all Americans, irrespective of race, gender or national origin, have equal opportunity to participate and the blessings of liberty and liberty.

00:38:47:19 - 00:38:50:24

Speaker 3

The greatest gift handed down to our generation.

00:38:50:24 - 00:38:52:15

Speaker 2

Is our liberty.

00:38:52:17 - 00:39:05:09

Speaker 3

From the time of Patrick Henry, from the pen of Thomas Jefferson, from the Sword of George Washington, from the judgment of John Marshall for the laws of England and the Magna Carta, the.

00:39:05:09 - 00:39:07:09

Speaker 2

Constitution of the United States.

00:39:07:12 - 00:39:12:22

Speaker 3

Through the throes of the Civil War, from the Emancipation Proclamation.

00:39:12:24 - 00:39:16:04

Speaker 2

From the blood of Mars, and the visions of property.

00:39:16:07 - 00:39:47:11

Speaker 3

From all of the different 10,000 living streams flowing together to float a ship of state, a ship of state whose cargo is the most cherished of our human rights floating past battlefields turned into graveyards, floating past mounds of buried shackles and rotting auction blocks and past the perishing institutions of racism and sexism like a boundless ocean of our American liberty, The composite of all.

00:39:47:11 - 00:39:52:08

Unknown

Of our dreams stands with grace. Yet in the middle.

00:39:52:08 - 00:40:27:10

Speaker 3

Of this vast, wealthy womb of technology we call the Silicon Valley and elsewhere in this country, people are starving, children are neglected. The old and the mentally infirm must make their beds on the creek, banks and park benches. The the concept of equality is not a reality for countless men and women. And yet, meanwhile, at this very moment, Congress and the President are locked in a debate and a negotiation on yet another civil rights bill.

00:40:27:12 - 00:40:58:20

Speaker 3

Why do these officials find it so difficult to understand that people of color and women and the disadvantaged are sick and tired of having reluctantly part allowed to have those rights and privileges which others receive upon birth? America. If we don't need a special civil rights bill to enforce justice for some, we don't need one to enforce justice for the rest of us.

00:40:58:20 - 00:41:08:17

Speaker 3

What we need are leaders who are willing to enforce the United States Constitution, which guarantees equal ity and justice for all.

00:41:08:19 - 00:41:12:26

Unknown

No bill, no revolution. No.

00:41:12:28 - 00:41:39:20

Speaker 3

No. We don't even equal. Here's what we need for them is to step aside and let those of us who know nothing of prejudice step aside and let those of us who know the burden of discrimination step aside and let those of us who know the wonderful benefit of equal opportunity, who know what it is to work through years in order to obtain a degree, step aside and let us take charge.

00:41:39:23 - 00:41:43:13

Speaker 3

My question for you, graduate students, are you ready.

00:41:43:17 - 00:41:45:25

Speaker 2

To take charge?

00:41:45:28 - 00:41:52:07

Unknown

I said, are you ready? Yes.

00:41:52:09 - 00:42:13:07

Speaker 3

Do you have a passion for justice? If you do, there's a world out there that needs you. But you have to ask yourself, What is your vision? Why are you here? I'll tell you a secret. If you have a vision and you're a bold and articulate about it, the world will step aside and make a place for you.

00:42:13:08 - 00:42:44:16

Speaker 3

I grew up in Alabama. Governor George Wallace had a vision. He stood in the door of the University of Alabama and vowed never to allow equal educational opportunity for black people. When he said Segregation now, segregation tomorrow, segregation forever. People stepped aside and let him leave for a while. We were in desperate need of leaders then, and we are in desperate of leaders today who will say boldly and courageously.

00:42:44:18 - 00:42:53:08

Speaker 3

Ethics and equality now. Ethics and equality tomorrow. Ethics and equality for ever. Perhaps.

00:42:53:10 - 00:42:55:15

Speaker 2

Perhaps some of you.

00:42:55:17 - 00:43:00:05

Unknown

Will become such leaders.

00:43:00:07 - 00:43:11:08

Speaker 2

Now it's my experience that people go unconscious, and it's usually about this point in the talk where you're ready to just call me out.

00:43:11:08 - 00:43:26:25

Speaker 3

No, stay with me there. There actually, there are actually four stages of consciousness. There is when you're unconscious and you're handcuffed. Take, for example, tiger shoes. There was a time when you were incompetent. A tiger is you don't know how to do it. You don't even know. You don't.

00:43:26:25 - 00:43:27:24

Speaker 2

Go on. You don't even know.

00:43:27:24 - 00:43:49:11

Speaker 3

You have feet. You're incompetent in your unconscious. The second stage is where you're conscious, but you're still incompetent, okay? You know, you don't know what you have until you shoot at the other people doing it. You still know how to tie your arms there. There comes a stage. The third stage where you're conscious and you're confident. You tie your shoes, you see yourself.

00:43:49:11 - 00:43:54:26

Unknown

Tiny shoes, you know how to do it, and you do it over and over again until you have it right.

00:43:54:28 - 00:44:13:29

Speaker 3

And then there comes this stage, the final stage, the stage where most of us operate, where you're confident, but you're unconscious. You tie your shoes. Then someone asks which string you've put over first. You wouldn't be able to tell them because it's just become an unconscious thing. You just go on automatic pilot. Now wake up. Stay with me for a minute.

00:44:14:01 - 00:44:23:04

Speaker 3

There's an old saying that if you drop a frog in boiling water, it will jump out so fast that it will live. But if you put it in cold water.

00:44:23:06 - 00:44:24:15

Speaker 2

And slowly.

00:44:24:15 - 00:44:51:08

Speaker 3

Turn up the heat and it will boil to death. Many of us go through life like the proverbial frog unconscious of the heat of injustice around us. We're on this earth for such a short period of time. So far as we know, human beings are the only creatures capable of understanding that some day we all must die. Are we just taking up space, or shall our lives count for something?

00:44:51:09 - 00:45:17:06

Speaker 3

Recall the word in the Jack London. I would rather be ashes than dust. I would rather that my spark burned out in one brilliant blaze. That it should be stopped, snuffed out like dry rot. I would rather be a superb meteor, every atom of me, and a magnificent glow than a sleepy and permanent planet. The proper function of a human being is to live, not to exist.

00:45:17:08 - 00:45:36:21

Speaker 3

I shall not waste my days in trying to prolong them. I shall use my life. Graduate from San Jose City College. Do you have a vision for how you will use your time on this earth? See your place in the struggle to improve the welfare of all people.

00:45:36:24 - 00:45:40:24

Speaker 2

Vision, values and election values.

00:45:40:27 - 00:45:55:25

Speaker 3

Values. Teach us to understand that we're all equally important. Rich and poor men and women, black and white, are all caught up in an inescapable network of mutuality, tied in a single garment of destiny. Whatever affects one directly.

00:45:55:27 - 00:45:58:06

Speaker 2

Affects all indirectly.

00:45:58:08 - 00:46:24:23

Speaker 3

The theme for this year Ethics and equality will be meaningless until the time comes when not only can we list Thomas Edison as a great inventor, but a great black man named Louis Howard Latimer, who holds the past as the inventor of the light bulb, which was mass produced by the Edison Company. Ethics and equality will be mere words until the names of the great Founding Fathers, which were taught to recite as if they were God.

00:46:24:24 - 00:46:49:04

Speaker 3

Washington, Jefferson, Hamilton, Madison. And the list goes on. But the list must go on and include other great contributors who are people of color. Ralph Bunche. Diplomat. Cesar Chavez. Chavez The first person in the history of the United States to organize a successful union for farm workers. Henry Ramirez, Educator. And without taking a breath. Without taking a breath.

00:46:49:05 - 00:47:03:29

Speaker 3

Ethics and equality. We'll be hypocritical until we're educated to add to these great men the names of great women whose contributions have been no less important than the laws work, who organized right along Mexico.

00:47:04:00 - 00:47:05:14

Speaker 2

Cesar Chavez.

00:47:05:17 - 00:47:49:05

Speaker 3

Margaret Mead, Anthropologist. Dale Anderson, the first woman president of San Jose City College. According to a United Nations report, women constitute half the world's population perform nearly two thirds of the world's work hours, but receive 1/10 of the world income and own less than 100th of the world's property. Alicia Alicia means action. It was William James who said, I will act as if I make a difference.

00:47:49:08 - 00:48:07:18

Speaker 3

My heroes are people of action. Judge me by what I do. So I walk and talk. Someone once said There is no use in going anywhere to preach. If our going is not our preaching. Will you accept my challenge, graduates? Will you lead a life of vision?

00:48:07:21 - 00:48:09:27

Speaker 2

Values and religion?

00:48:10:00 - 00:48:35:12

Speaker 3

Will you spend each day of your life as uncompromising enemies of the examples which divide us? I know. I'm asking a lot, but it was Theodore Roosevelt who reminded us far better. It is. But they are mighty things to win glorious triumphs, even though checkered by failure, than to take rank with those timid souls who neither try much or suffer much and know neither victory nor defeat.

00:48:35:14 - 00:48:58:02

Speaker 3

I challenge you, graduates, to be strong, to use your privilege as educated people, to hold your heads high, to be like Shirley-Anne Williams's great grandmother and her Paul II ship a chain. Distant land of women obtain a white man's hand, a sack, a stove, a corn husk, bed cooked. Then great grandma.

00:48:58:04 - 00:49:04:25

Speaker 2

Back, never laundry. Grandma? Yes. I have a dream.

00:49:04:28 - 00:49:26:23

Speaker 3

My dream is that in the not too distant future, the President of the United States will rise to deliver the State of the Union address before the joint session of Congress. And as the camera focuses in on her flowing Navy blue gown and chestnut brown.

00:49:26:23 - 00:49:28:01

Speaker 2

Complexion.

00:49:28:04 - 00:49:40:27

Speaker 3

She will look across to the Supreme Court that has gathered, which will consist of nine women.

00:49:40:29 - 00:50:08:00

Speaker 3

If you can imagine that future, if you can conceive of a well managed country that includes people of color, women, the disadvantaged, then ethics and equality are meaningless phrases for you as well. This nation, with all of its greatness, is not finished. It was John Gardner, the founder.

00:50:08:00 - 00:50:10:15

Speaker 2

Of Common Cause, which observed that.

00:50:10:18 - 00:50:33:11

Speaker 3

You don't build a nation that is expanding like the pharaohs in the pyramids. It has to be built and rebuilt. It has to be recreated in each generation by believing caring men and women. And it's now our turn. If you don't believe in work for equity and equality.

00:50:33:14 - 00:50:37:01

Speaker 2

For all, nothing can save our nation.

00:50:37:03 - 00:50:44:04

Speaker 3

But if we have the vision to believe in equality and justice and the coalition to act on those beliefs.

00:50:44:07 - 00:50:51:08

Speaker 2

Nothing, nothing can stop us. As I close, and yet they.

00:50:51:11 - 00:50:52:16

Speaker 3

Show me that my.

00:50:52:16 - 00:50:56:18

Speaker 2

Time and my message was not wasted on you.

00:50:56:21 - 00:51:24:16

Speaker 3

Each one of you write me a letter or write someone else that you know about. Tell them your vision for your life. What values you hold highest, and what volitional action you will take. And then ask for our help. And do yourself and the world a favor. And live a life of vision, values.

00:51:24:19 - 00:52:05:02

Speaker 2

And volition.

00:52:05:05 - 00:52:32:22
