Mr. William Randolph Hearst
c/o Los Angeles Examiner
Los Angeles, California

Dear Mr. Hearst:

Will you allow me to bring up here, for a time, the photograph albums from the Hill library, covering your stone and marble architectural elements.

We can then draw a number of the more important treasures to scale and have them to try out on the various newly treated facades.

We will bring back safely.

As always,

Yours truly,

JM:F
