important to me because I have a lot of books lying around a third bedroom waiting to be put up so I can, find, and read, treasure. And, I heard that your campaign this year was on literacy or perhaps more illiteracy. And I have to congratulate you on that campaign, because I have to say that there's probably nothing that has given me more freedom than the ability to read and therefore the ability to be educated, and therefore the ability to make my own decisions and to decide for myself what I can do in my life and how to be successful and how to contribute to my community.

00:03:31:27 - 00:03:50:09

Unknown

And I think it started off a long time ago, when my mother took her children to the library and said, sit. And we listened to the librarian for an hour, and then we went and we picked out four of us, picked up four books apiece, and we all took them home. And at the end of the week, we'd all exchange those books and we went back again.

00:03:50:12 - 00:04:07:09

Unknown

And that's how we read, and we read and we read and we read so much. I remember Saturday mornings when mom said, it's time to clean. She had the hide, the books. I thought we'd help out first, and then she'd give them back to her with a great sacrifice. But, we both compromised, so I have to support you in any way.

Good evening, ladies and gentlemen. In order to follow the theme of this year's convention advancing intelligently into the 90s, I wish to review history for an example of education, dedication, and family unity. Born on July 2nd, 1931 was Anna, born in Guadalajara, Mexico. Nonetheless, her parents are small market near their home in which her mother would run while her father would work at a telephone company.

00:19:31:07 - 00:19:45:05

Unknown

As the rising cost of living grew so did their household. Soon there would be 11 children to clothe and feed, so at a very young age they would all begin to work to help support themselves.

00:19:45:07 - 00:20:10:08

Unknown

To help support themselves. In 1947, Anna's father decided to take a job working in the United States as a brothel. He would diligently send money home to the families that he had left behind. That wasn't until he decided to create a new life for himself a life without poverty, a life without fear, a life without hunger. Unfortunately, this all meant a life also without his family.

00:20:10:11 - 00:20:32:10

Unknown

At the age of 17, Anna began working illegally in the United States. Her jobs were not glamorous, nor were they high paid. She would earn \$3 a day that would go to help support her family. While Anna would be away at work, she would lose four of her brothers and sisters. Death was another obstacle or family. Think not just poverty alone.

00:20:32:12 - 00:20:57:25

Unknown

In 1949, Anna would meet a hardworking young truck driver named Manuel. Two years later, they would marry together. They would travel wherever worked, carry them. In 1958, they had finally saved enough of their own money to buy a truck. This had always been manual strain, and on December 12th, 1956, something very special had happened for Anna. She had finally become a United States citizen.

00:20:57:27 - 00:21:25:08

Unknown

This was her dream and now it has become a reality. In 1971, they had their 10th child, all ten of which would graduate from high school and four of which would even begin college. Stability began to form for Manuel and Anna, today being June 30th, 1990. Manual and Anna are still married and now they own their own trucking company and are trying to put their 10th daughter through college.

00:21:25:10 - 00:21:56:05

Unknown

Since the day Anna was born, she faced many obstacles and many adversities. But never did she quit. Never did she give up hope and never stopped dreaming. The reason that I'm able to give this speech here tonight and say it with such persistence and conviction, and know that it is true, is because that young, hard working girl named Anna is my mother.

00:21:56:07 - 00:22:18:06

Unknown

My mama the most was to be the hands of sacrificial punishment. Family on the father's new yacht or this other set of messed up soon, for one who cannot stand up, collect your. Good evening, ladies and gentlemen, distinguished judges and reigning queen. A commercial we've all seen on television says, how do you see relate today? All teenagers family differently. Some so it d r u d f drive. Others may sell it feet all over the e the. Tonight I am here to give you my version of how teenagers should family responsibility start taking responsibility for your success or your failure.

00:24:58:18 - 00:25:27:29

Unknown

Don't bring your parents, your teachers, or even your environment for your failure. Others may guide you or encourage you, but the bottom line is, in order to succeed, you alone are responsible. E is for I says yes and says you have to find a belief in yourself. Ephesians is a quality that attracts other people. Being fantastic about school, your job, anyone here personally for enthusiasm can produce an amazing result.

00:25:28:01 - 00:25:54:23

Unknown

L is for leadership. Be a leader, not a follower. Today there are 5% leader and 95% follower. A leader, a change. Great things in life. Taking drugs or joining a gang is being a follower. A leader believes in himself. A follower defends himself. A leader finds a way to succeed. A follower finds a way to fail. A leader admits when he is wrong.

00:25:54:26 - 00:26:20:04

Unknown

A follower blames others. I is more invested. The best investment we can make is to feed our own mind. Learn to program yourself for success. When you take drugs or alcohol, you are not investing in your life, only your death. Make a positive step each day to encourage yourself. Maintain a good. Imagine. Your future will be secure a score.

00:26:20:04 - 00:26:42:24

Unknown

Education stands for today's wealth. Our lives are filled with people who have dropped out of school, a job at a fast food restaurant, or washing dishes can never afford to quit jobs. You'll be able to pay with an education in mind. Public knowledge can open many doors to success for you when you ask it for fun. Half I'm being a teenager.

00:26:42:26 - 00:27:17:12

Unknown

Come on out. Enjoy life. Look around. You don't need drugs or alcohol to have a good time. Watch a sunset. Watch a baseball game. Go dancing. The world is a beautiful place, so enjoy it and have fun.

Relate to me. Responsibility and Suzy Anthem leadership, investment, education and fun muchisimas. Gracias. Because you're closer than we get.

I know what I want, but the question is where do I start? What our society needs are idiosyncratic role models. Set a good example to follow. We need to see more Hispanics in politics, LA and in the school system. Today we are faced with so many problems such as drug, the homeless, Aids, poverty and gang violence. We need to educate our youth, make them aware of the problem and of their consequences.

We are a familia and are all equal. We need to work toward the goal of uniting and creating a better community with community involvement, showing how capable and serious we are as Mexicano. The idea is not only to work for the people, but with them as well. My dream is to successfully serve my community as an idealistic role model, following a dream and making it reality.

00:34:09:15 - 00:34:32:08

What success means to me, even if I'm unable to attend the college of my choice. I know that I've had a decent education and would be proud to share my knowledge with the less fortunate. I've been blessed with parents that provide me with an unconditional love. Religious morals and a good education. For the past two years, my community involvement has included serving as Director of New South America.

00:34:32:09 - 00:34:53:04

Unknown

Such beliefs will advance teaching both children and adults. By doing this, I have gained not only appreciation and pride, but a better understanding of my culture. But it's not only our community we need to work on unifying. It's our family all around us. I wanted to become a role model and return to where my ancestors were, and help them fulfill their dream.

00:34:53:06 - 00:35:17:00

Unknown

I want to give a part of myself by the year 2000. Our state population will be well over 65% minority. Therefore, we need to take a step forward toward creating a more united and nonviolent society and a human within the city, just like we are too young for this and Mexican-American. Yet I saw a father who wanted me here and look at me.

00:35:17:03 - 00:35:40:28

Unknown

That's going to go with betterment. In fact, I think I have a lot going forward about. But it's not Aoki Mathews that we think I look at the map. Yes, Amanda. Yesterday we went to fashion.

00:35:41:00 - 00:35:56:18

Unknown

And now I present to you, ladies and gentlemen, the 1990 California G.I. forum Queen state contestant.

00:35:56:21 - 00:36:25:00

Unknown

From the South and Southwest Virginia campus.

00:36:25:02 - 00:36:37:00

Unknown

From Oceanside. Lisa Marie. Good. I need you.

00:36:37:03 - 00:36:52:28

Unknown

I'm.

00:36:53:00 - 00:37:07:01

Unknown

From San Bernardino. Veronica Marie. Aaron.

00:37:26:13 - 00:38:00:05

Unknown

From Santa Monica. Rene Gomez.

00:38:00:08 - 00:38:13:04

Unknown

Our 1990 California pageant contestants. Weren't they wonderful? They're all in their 50s over here.

00:38:13:06 - 00:38:17:20

Unknown

Thank you. Thank.

00:38:17:23 - 00:38:46:28

Unknown

And while the judges are telling. Of course, I'd like to take this opportunity to thank a very special individuals who worked very hard on putting this pageant together. The pageant committee headed by Carmen Costa Yano, Armando Graziano, who arranged for all the flowers and especially manual, a mascot who worked on every aspect of the program. Please give them a big hand.

00:38:47:00 - 00:38:54:19

Unknown

Out here in the bag. The mike back and Isabel. Thank you. Good evening.

00:38:54:21 - 00:39:24:15

Unknown

I don't know about you folks, but I don't envy the judge's job this evening. These are wonderful role models for the future. Articulate, intelligent and beautiful work in the soul. I have no worry about putting my future in their hands. So good luck, judges. Meanwhile, another young woman who also has a brilliant future ahead of her. And I'm going to present her to you for the last time, and she will bid farewell and take her final walk.

00:39:24:18 - 00:39:41:11

Unknown

As reigning California State Queen, Queen Loren.

00:39:41:13 - 00:40:04:09

Unknown

Last February, I had the opportunity to go Las Vegas, Nevada, at the mid-year National Media Conference and at the conference, an opportunity to review the Queen role. And I found something hidden within those roles a little bit too well hidden. I thought that something I thought that should been brought up. It says that each queen contestant must have plastic interest, and to me, that's something that I think should be emphasized.

00:40:04:12 - 00:40:26:03

Unknown

Scholastic interest. In today's society, less than one out of every 200 Hispanic females will graduate from college. So I think these four girls up here should be committed on their commitment to higher education classes.

00:40:26:05 - 00:40:47:25

Unknown

This is considered a beauty contest, and I think it is because to me, beauty is more than a pretty face. Beauty is in mind. The quest for knowledge and the ambition to do and be everything that you can be. And I think that all four of these ladies possess true beauty.

00:40:47:27 - 00:41:12:16

Unknown

If I can leave you with one thing leaving California, I ask this of you in the American GI form. Go back to your local chapter, like your state or national campaign, and question her scholastic interests for academic interests. Ask her what he wants to do or what he wants to become. Nothing is more important to the young ladies understanding than ladies and encouragement of others.

00:41:12:18 - 00:41:25:04

Unknown

And I think that this is the most important thing. As we all know, the American GI form because education is our freedom.

00:41:25:07 - 00:41:45:14

Unknown

I'm sorry people, to thank my for my hollering throughout this year and I hope I remember everybody. But if you know, I'm 10:00, thank you. And I did it. It's in my heart. I have a hard time slipping my mind. I like to start with my corporate sponsors for my year at least, who sponsored me at a local, state, national level and who provided the financial support that we have had in retail.

00:41:45:14 - 00:41:51:11

Unknown

And that's Anheuser-Busch.

00:41:51:14 - 00:42:15:01

Unknown

And I'd like to thank them. People throughout the state starting, of course, the most important person in the California farm, the state chairman. Thank you guys. That day, I was proud. He gave me the support I needed. As we might remember, I was a little bit shaken up when I was canvas cowboy uniform last year, and he was there to hold me up, and he kind of kept that role throughout the year, just providing support for me emotionally or mentally, however I needed it.

00:42:15:01 - 00:42:22:09

Unknown

And I thank you, Victor. I don't know where you are, so I can't think about.

00:42:22:11 - 00:42:37:00

Unknown

It not the people up and down the state would like to thank, and I hope I remember everybody now who can go through you really fast. I can get this. I know they're all nervous, but I want to get it over for them. I'd like to thank the team from San Bernardino, Esther Diaz from the Queen pageant last year.

00:42:37:00 - 00:43:03:27

Unknown

She's been a tremendous support this year as well. From staff in, Doctor Sam and his wife, Mrs. Ramada at nationals. They were always there to give me an encouraging word and telling me to sell a dirty shirt. But we'll forget about that. I'd also like to thank and Santa Maria, Mr. Galvan, who have always been there, and Galvan, who's been my role model ever since I found out about her furthering predication and this part of her life.

00:43:03:27 - 00:43:25:25

Unknown

I think that's really important. Also, in the San Jose chapter, I'd like to thank, Mr. Smith compost, who is always willing to open up their homes to me. I never had a chance to use that opportunity, but they were all in there. Of course, I'd like to thank Daniel and Rosa for helping put this on. And finally, from my home chapter seven side chapter.

00:43:25:25 - 00:43:44:28

Unknown

I'd like to thank Mr. and Mrs. Magana, who obviously, if it wasn't for them, I could have never came to the state pageant. They have just been there all the time and they have been such support and love, and they're just a new family to me. And I thank you.

00:43:45:01 - 00:44:03:12

Unknown

And finally, I'd like to thank my family. My mom's here and Angela, and you guys know me. I'm sure you know my mother. She's always by my side. And me, she's not only the most beautiful person in my life, but to me, the most beautiful woman in the world. My brother who's also here, and his girlfriend, who's been my support throughout the years as well.

00:44:03:15 - 00:44:20:08

Unknown

I like to thank them, remembering because I forgot now that Sam has a Captain America for me, my home away from home. This past year, being at Stanford, I had another home G.I form chapter up here and I got to attend a lot of events, which was really exciting for me because Sam has it and I kind of thank you for that.

00:44:20:10 - 00:44:43:27

Unknown

And finally, for girls up here, I commend you for your beauty, for your courage, for your dedication. And I wish each of you could experience what I've experienced. But of course, only one girl can become Miss California Jacqueline. And to her I just ask this. I ask that you gain. Is life an experience that I have? There are so many opportunities for you through the GI form and I hope that you take advantage of it.

00:44:43:27 - 00:45:01:24

Unknown

If I also hope that you stayed dedicated and found a community and to the magazine you guys form. And best of all, I hope that you beat Texas.

00:45:01:26 - 00:45:40:09

Unknown

Thank you all for coming to see me, Mrs. McCracken. God bless each and every one of you. Camera can even let off the.

00:45:40:11 - 00:45:45:20

Unknown

00:45:45:22 - 00:46:06:27

Unknown

Well, I, want to congratulate, Lorena, because I think she's a double major in politics, political science communications. And she's going to be great influence. I can tell she's already knows how to, sweet talk.

And she also knows how to, ad lib. And I like both of those qualities. So she's going to be a winner in both of career.

00:46:07:00 - 00:46:28:27

Unknown

And now we are going to have, just a short amount of entertainment. she's certainly filled a lot of time, but our judges also have to take that extra time because we have four fabulous contestants up here. And it took a long time making those finals decisions. Are tally judges furrowed brow over there, adding up till her last, numbers.

00:46:28:29 - 00:46:36:00

Unknown

And while she does that, we'll have a little more music from.

00:46:56:17 - 00:47:22:11

Unknown

And.

00:47:31:20 - 00:48:02:21
