La importancia. The litigation through the years, the Mexican American people have always been ones to how much criticism has been placed on them in the eyes of others. Our nationality is one of wildness and violence. We are also classified as lazy, shiftless and without ambition. Through a different means of action, we have put a dark impression on society.

00:48:52:28 - 00:49:18:09

Speaker 3

This dark oppression has led to different kinds of discrimination, if not because of how we look or dress. Then it's because of this image we portray. It becomes very difficult to advance ourselves in society this way. Time and time again, we have taken much more than our share of criticism. It is up to our generation to and others know how intelligent we really are, and also to lift this dark image.

00:49:18:12 - 00:49:21:26

All it needs is a little nourishment of love and care. But a child that was abused can be scarred for life. They can have behavioral and psychological problems as well as a low self-esteem. Sometimes all of these things combined result in suicide. It has been estimated that approximately 2 million children are abused in this country alone every year, but only a very small percentage of these cases are ever reported.

00:52:20:17 - 00:52:26:11

Speaker 3

So as a result, so many abusers continue this behavior.

00:52:26:13 - 00:52:33:02

Unknown

Sometimes the children don't understand why this is happening to them, and they go so far as to feel that they.

00:52:33:05 - 00:52:57:17

Are somehow responsible for what has happened to them. This is why, ladies and gentlemen, it is so important to educate your children on sexual abuse as well as physical abuse. Educate your children on incest. Don't be afraid to talk to them and above all, listen to them when they come to you with a complaint that makes them feel uncomfortable.

00:52:57:19 - 00:53:03:20

Speaker 3

It's also very important to become involved when you know of or suspect a child abuse case.

00:53:03:23 - 00:53:12:17

01:00:31:26 - 01:00:59:16

Speaker 3

Hispanics. The problem I'm speaking of is the high percentage of young Hispanic students dropping out of high school in 1984, in Spanish Falls County alone, that figure was 28%. This means that out of every 100 Hispanic students between the ages of 16 and 19, only 72 finished high school.

01:00:59:19 - 01:01:03:23

Unknown

And added those 72. They finished high school.

01:01:03:25 - 01:01:34:16

Speaker 3

Only one went on to college. Ask yourselves, why are Hispanic students dropping out of high school and those that do graduate? Why aren't they pursuing a college education? I believe that the answers to these questions are embedded in the long history of the school system. Neglecting to educate and motivate the young Hispanic students to continue his or her studies and pursue a rewarding professional career.

01:01:34:19 - 01:01:42:17

Unknown

I got into a typical high school when they find that the classes most populated with Hispanic students are the electives.

01:01:42:20 - 01:01:57:04

Speaker 3

Such as shop, art, homemaking, etc. this is not to say that there aren't any Hispanics in academic classes, but the numbers are so few that they're insignificant. One reason for this is that.

01:01:57:07 - 01:02:02:27

Unknown

Is that counselors prefer to put Hispanic students in classes that almost guarantee.

01:02:02:27 - 01:02:24:00

Speaker 3

They have a passing rate. Enrolling them in academic classes might result in them not passing the class. Counselors, instead of taking the easy way out, should encourage students to take the challenge and enroll in these classes. If they are not doing well, they should be tutored or offered extra help. Instead of risking that they become frustrated.

01:02:24:05 - 01:02:27:29

Unknown

And drop out of the class. Counselors should also educate.

01:02:27:29 - 01:02:29:23

Speaker 3

Students on the importance of a college.

01:02:29:23 - 01:02:33:16

Speaker 5

Education and prepare them for it.

01:02:33:18 - 01:02:53:28

Speaker 3

But we must put all the blame on the school system. We are also to blame. Our younger brothers and sisters tend to follow in our footsteps. If we carve out a house and that leads to a college education, they're bound to follow parents and also encourage their children. They should realize.

01:02:53:28 - 01:03:01:23

Unknown

That sending their children to work to help out the family only creates a pattern that will be followed by their children.

01:03:01:25 - 01:03:31:13

Speaker 3

And those to come. In conclusion, I'd like to leave you with the words of one Mr. President of Mentor at CSU's Stanislaus. The river has creeks which trickle down to fields where many Hispanics end up making a living. These creeks eventually find out into welfare lines. Let's not become part of this river, but rather cross in the future of Hispanics.

01:03:31:13 - 01:03:48:01

Unknown

Rest in the hands of the younger generation. So let's educate them so that we may succeed. Thank you.

01:03:48:03 - 01:03:50:05

Unknown

Everybody, for.

01:03:50:07 - 01:03:52:27

Speaker 5

Contestant number six, Heidi Moreno.

01:03:52:29 - 01:04:03:28

Unknown

Romero, I'm Mr. Heidi Romano.

01:04:04:00 - 01:04:28:22

Unknown

You call us, but it's not. Good evening, ladies and gentlemen of the Gang Forum. Distinguished guests and judges. This evening, I am proud and honored to stand before you representing the Stockton chapter. I sincerely thank the staff and chapter for allowing me this wonderful experience. Tonight, I would like to address the issue that has truly shocked.

01:04:28:24 - 01:04:31:07

Speaker 3

The nation during the past few weeks.

01:04:31:09 - 01:04:43:23

Unknown

The use of cocaine among young Americans. My goal is to become a teacher, and I hope that one day I can help these young Americans turn to a different direction.

01:04:43:26 - 01:04:49:02

Speaker 3

Do you know that cocaine is no longer the exclusive habit of the adult.

01:04:49:04 - 01:05:17:04

Unknown

Or the rich? Nor is it the lesser of two evils? Has demonstrated by the tragic deaths of men, by and large and an analysis of the current cocaine market has recently revealed that cocaine can now be produced in a cheaper and more popcorn than in previous years. It is for this reason that most high school and college students can afford and obtain this drug.

01:05:17:06 - 01:05:45:04

Unknown

In 1976, 30% of the high school students polled had been exposed to or had used cocaine. At one time. An even more astonishing fact is that in nine years and that figure has doubled. Why? I think it is because many young Americans mistakenly believe that cocaine is a chicken cheapest and the cleanest of the drugs available to you.

01:05:45:04 - 01:06:22:02

Unknown

Then, just last month, a 17 year old boy was quoted as saying, I've never known anyone whose life was truly messed up by cocaine, as we really recently experienced cocaine. It's not messing up people's lives, it's ending. Why do so many Americans still turn cocaine? I believe that it is that individual that cannot fully cope with the pressures of a changing society, intense competition or peer pressure that seeks cocaine as an escape mechanism.

01:06:22:05 - 01:06:48:19

Unknown

As a teenager, I hope that one day I can help these young men and women. I'd like to. I'd like to close by saying that we can no longer afford to sweep this issue under the carpet. It is costing us values that we just gracias. Thank you.

01:06:48:21 - 01:06:51:20

Speaker 5

Our seven contestants representing Oceanside.

01:06:51:22 - 01:07:07:00

Unknown

Veronica, Jennifer.

01:07:07:03 - 01:07:09:25

Unknown

Would you believe how hard this is on your feet.

01:07:09:27 - 01:07:18:04

Speaker 3

Well, greetings, ladies, gentlemen and honorable judges. I'm sorry that I can't speak to you in Spanish like so many of the other girls have done.

01:07:18:06 - 01:07:35:20

Unknown

But at the time, I never really took an interest in learning it. But then I was a child. Now, as a teenager, I realize how essential it is to be able to communicate. If you know, I find myself in high school learning half of my native tongue. It's not easy learning a.

01:07:35:20 - 01:08:01:14

Speaker 3

New language from scratch, but I understand that I have to do it in order to communicate communication with people have a need to communicate, or we need it on a national and personal level nationally because we are not alone in this world and personally because we don't want to be alone in this world. So therefore we must communicate on the national level.

01:08:01:21 - 01:08:19:20

Speaker 3

We must communicate with other nations. Even though we may not believe in their governmental policies, we must still be able to make peace with them. For example, the Soviet Union. We do not believe as they do, but yet we must live with them peacefully.

01:08:19:22 - 01:08:31:27

Unknown

Because if we don't, someday we can destroy our world by attacking each other. And so we must communicate. But also we must do it diplomatically.

01:08:32:00 - 01:08:43:17

Speaker 3

We must do this because we must trust and believe in those to whom we communicate with communication, sound so easy, doesn't it? And fortunately, it's not.

01:08:43:19 - 01:08:47:27

Unknown

How many times if you talk to somebody only to realize.

01:08:48:00 - 01:08:49:10

Speaker 3

That they misunderstood.

01:08:49:10 - 01:09:02:04

Unknown

What you said. This reminds me of a game I used to play as a little girl. We call the telephone. Do you remember it? I do, my friend said I would sit on the floor in a circle.

01:09:02:06 - 01:09:19:20

Speaker 3

And I would whisper something to my friends ear, and it would go around and it would be with each person thought that they heard and finally came back to me. And then what was your message? It was always different, never the same communication.

01:09:19:22 - 01:09:23:29

Unknown

So essential to living a peaceful and happy life.

01:09:24:01 - 01:09:43:11

Speaker 3

Communication is the basis for every single civilization. Wouldn't it be nice if we could communicate?
Thank you.

01:09:43:13 - 01:09:46:07

Unknown

If you can find your way there, help.

01:09:46:09 - 01:10:02:01

Speaker 5

The judges win on. I want to say a few words. It's been a really sincere pleasure working with the girls.
And to me, they're definitely all winners. They've got a very positive attitude, and they're here on stage.

01:10:02:03 - 01:10:24:19

Speaker 3

And despite the blow of the checkered past, we made it. I met some beautiful girls and it seems they get prettier every year. Well, needless to say, we continue in place. Tomorrow we gain state crown and return home for three weeks. A bit of rest and relaxation, then off to San Antonio in a very beautiful room. It was my first time out of California and my first time on an airplane.

01:10:24:23 - 01:10:53:13

Speaker 3

What an experience in San Antonio. I had the honor of meeting Mr. Hector Garcia, the original founder of the Forum in Texas. I learned the true meaning of team spirit. I had the back up from my local chapter seven and Gina and of course the support. I never went straight California. Altogether. We placed second in the National. I received many things from the American Indian, foreign scholarship dollars, many new friends, and most importantly, confidence in myself.

01:10:53:15 - 01:11:13:11

Speaker 3

One of my teachers recently told me if the actress doesn't believe the audience will be leaving. Well, in my opinion, life in general is one big stage. And if you don't believe in yourself, what can you believe in? I believe in me. And for the performance, the beautiful seven young ladies. Do they believe in themselves? Do we have our parents, family, friends?

01:11:13:14 - 01:11:36:29

Speaker 3

And of course, I think I'd also like to take time to thank some of the very important people. First and most important, my mother, Connie Romans, for all the love and support. My relatives, Venus and Amelia and my four sisters, Chris, my wife, my parents, and Hyrum and Esther for my beautiful California fashion. Thanks to everyone for the lifelong memories that I will cherish in my heart.

01:11:36:29 - 01:12:00:16

Speaker 3

Oh my. Well, that's about all I can. I spent radio at the youth. The girls are also beautiful and actually winners girls. I'm very proud to get my father my new good luck and God bless.

01:12:00:18 - 01:12:13:20

Unknown

My.

01:12:13:22 - 01:12:17:12

Unknown

The county judge. If you never vote and we get on final decision.

01:12:17:12 - 01:12:24:10

Speaker 5

Here, I have a special presentation that the girls would like to send to the audience. Not there. We've got to get.

01:12:24:12 - 01:12:29:28

Unknown

Susie acting and just really welcome the girl.

01:12:30:00 - 01:12:54:24

Speaker 5

There's an old Tom. She's not old. The song is kind of outdated. You're probably familiar with We Are the World and Handsome Across America. And you probably think if we hear those songs one more time. so we thought we'd try a different approach. The song that I'm talking about is Reach Out and Touch. Somebody can. It has a lot of meaning.

01:12:54:24 - 01:13:24:22

Speaker 5

If you stop and think about it, the girls will be taking their places. We've got the four heroes divide in here on this side that will be coming down station. They'll be. We're sending special flowers to you. Can we have at this moment? The presidents chapter presidents. And as we just kind of take a look of your girls that just kind of divided.

01:13:24:25 - 01:13:34:16

Speaker 5

Four on this side and four on this side and just happened down this very.

01:13:34:19 - 01:13:42:18

Speaker 5

Music. Maestro, are we ready? And if we need audience participation, that always kind of gets it going.

01:13:42:21 - 01:13:54:26

Unknown

Kind of warm. Let's go on to sing a few stand for to be talking. It's right along with girls.

01:16:26:19 - 01:16:29:06

Unknown

01:16:29:08 - 01:16:39:12

01:17:25:06 - 01:17:26:16

Unknown

I thank you, girl.

01:17:26:18 - 01:17:35:09

Speaker 5

Really from the bottom of my heart, I just want to say it's been a terrific opportunity for me.

01:17:35:11 - 01:17:41:07

Unknown

It's been very challenging, very rewarding. It's been sacrifices.

01:17:41:07 - 01:18:06:25

Speaker 5

It's been made along the way. And I've enjoyed every minute of it because I know there's young lady stuff there sitting in the audience, especially to my daughter, because these are the girls that are definitely winners in life, in the world for being a Hispanic. And this is what it takes. It gives me goosebumps just to think, you know, we keep with this type of a positive attitude and go on in our future.

01:18:06:25 - 01:18:09:11

Speaker 5

We will someday have a president.

01:18:09:14 - 01:18:27:15
