

OFFICE OF
WILLIAM RANDOLPH HEARST
LA CUESTA ENCANTADA
SAN SIMEON, CALIFORNIA

June 9, 1929.

Dear Miss Morgan:

We put up the damask at both ends of the hall and almost everybody agrees that the galloon down the middle is the best; also that the appearance is greatly improved by the valance.

I think we should proceed on this basis.

Finally, I do not think I would like the fringe at the bottom of the damask.

I do not object particularly to the damask having the appearance of being stretched on the wall.

Sincerely,

W R Hearst
